ATLANTA, August 12, 2021 – First Advantage Corporation (NASDAQ: FA), a leading global provider of technology solutions for screening, verifications, safety, and compliance related to human capital, today announced financial results for the second quarter ended June 30, 2021.

Key Financial Metrics

(Amounts in millions, except per share data and percentages)

	Three months ended June 30,		
	2021	2020	Change
Revenues	\$ 174.8	\$ 105.0	66.5%
Income (loss) from operations	\$ 17.3	\$ (6.2)	NM
Net income (loss)	\$ 3.8	\$ (16.4)	NM
Net income margin	2.2%	(15.6)%	
Diluted earnings (loss) per share	\$ 0.03	\$ (0.13)	NM
Adjusted EBITDA ¹	\$ 56.3	\$ 31.7	77.9%
Adjusted EBITDA Margin ¹	32.2%	30.1%	
Adjusted Net Income ¹	\$ 33.2	\$ 12.2	171.9%
Adjusted Diluted Earnings Per Share ¹	\$ 0.25	\$ 0.09	177.8%

¹ Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income, and Adjusted Diluted Earnings Per Share are non-GAAP measures. Please see the schedules accompanying this earnings release for a reconciliation of these measures to their most directly comparable respective GAAP measure.

“First Advantage delivered exceptional performance during the second quarter of 2021, achieving year-over-year revenue and Adjusted EBITDA growth of 66.5% and 77.9%, respectively,” said Scott Staples, Chief Executive Officer. “With the global economy showing strong recovery and the increasing competition for talent, we continued to help our customers accelerate hiring and manage human capital risk.”

Mr. Staples continued, “Our robust revenue growth was attributable to increasing momentum within our existing customer base, significant new customer growth, and the contribution from our UK screening business acquisition, which closed in March 2021. In addition, continued advancements in robotic process automation, utilization of our proprietary data and intelligent routing technology, further operational efficiencies, and G&A leverage drove Adjusted EBITDA growth and Adjusted EBITDA Margin expansion.”

Balance Sheet and Cash Flow

First Advantage shares commenced trading on the Nasdaq Global Select Market on June 23, 2021 and the Company completed its upsized initial public offering on June 25, 2021 of 29,325,000 shares of common stock, including the full exercise by the underwriters of their option to purchase up to 3,825,000 additional shares of common stock. Of the shares sold in the IPO, 22,856,250 shares were sold by First Advantage and 6,468,750 shares were sold by certain existing stockholders of First Advantage. The offering was upsized 20% from the number of offered shares at launch and priced at the top of the price range indicated at launch. The Company received net proceeds of approximately \$316.5 million from the offering after deducting underwriting discounts and commissions and offering expenses. First Advantage used the net proceeds to prepay \$200.0 million in aggregate principal amount of the outstanding indebtedness under its first lien credit facility and intends to use the balance for general corporate purposes. As a result of the prepayment of its first lien credit facility, the Company has no remaining mandatory quarterly principal payments due under the facility.

Additionally, in connection with the IPO and effective upon closing of the IPO, the Company amended its revolving credit facility to increase borrowing capacity from \$75.0 million to \$100.0 million and extend the maturity date from January 31, 2025 to July 31, 2026. There are no amounts currently outstanding under this facility.

During the second quarter of 2021, the Company generated \$32.4 million of cash flow from operating activities and spent \$6.3 million in purchases of property and equipment and capitalized software development costs. First Advantage ended the second quarter of 2021 with cash and cash equivalents of \$257.1 million.

Full Year 2021 Guidance

The following table summarizes Full Year 2021 guidance metrics, as of August 12, 2021:

	Full Year 2021 Guidance
Revenues	\$640 million – \$650 million
Adjusted EBITDA ²	\$186 million – \$190 million
Adjusted Net Income ²	\$110 million – \$113 million
Capital expenditures (consisting of purchases of property and equipment and capitalized software development costs)	\$25 million – \$26 million

² A reconciliation of the foregoing guidance for the Non-GAAP metrics of Adjusted EBITDA and Adjusted Net Income to GAAP net income (loss) cannot be provided without unreasonable effort because of the inherent difficulty of accurately forecasting the occurrence and financial impact of the various adjusting items necessary for such reconciliation that have not yet occurred, are out of our control, or cannot be reasonably predicted. For the same reasons, the Company is unable to assess the probable significance of the unavailable information, which could have a material impact on its future GAAP financial results.

Actual results may differ materially from First Advantage's Full Year 2021 Guidance as a result of, among other things, the factors described under "Forward-Looking Statements" below.

Conference Call and Webcast Information

Forward-Looking Statements

This press release contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements reflect our current views with respect to, among other things, our operations and financial performance. Forward-looking statements include all statements that are not historical facts. These forward-looking statements relate to matters such as our industry, business strategy, goals, and expectations concerning our market position, future operations, margins, profitability, capital expenditures, liquidity and capital resources, and other financial and operating information. In some cases, you can identify these forward-looking statements by the use of words such as “anticipate,” “assume,” “believe,” “continue,” “could,” “estimate,” “expect,” “intend,” “may,” “plan,” “potential,” “predict,” “project,” “future,” “will,” “seek,” “foreseeable,” “guidance,” the negative version of these words, or similar terms and phrases.

These forward-looking statements are subject to various risks, uncertainties, assumptions, or changes in circumstances that are difficult to predict or quantify. Such risks and uncertainties include, but are not limited to, the following:

- the impact of COVID-19 and related risks on our results of operations, financial position, and/or liquidity;
- our operations in a highly regulated industry and the fact that we are subject to numerous and evolving laws and regulations, including with respect to personal data and data security;
- our reliance on third-party data providers;
- negative changes in external events beyond our control, including our customers’ onboarding volumes, economic drivers which are sensitive to macroeconomic cycles, and the COVID-19 pandemic;
- potential harm to our business, brand, and reputation as a result of security breaches, cyber-attacks, or the mishandling of personal data;
- the continued integration of our platforms and solutions with human resource providers such as applicant tracking systems and human capital management systems as well as our relationships with such human resource providers;
- disruptions, outages, or other errors with our technology and network infrastructure, including our data centers, servers, and third-party cloud and internet providers and our migration to the cloud;
- our ability to obtain, maintain, protect and enforce our intellectual property and other proprietary information;
- our substantial indebtedness could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, and prevent us from meeting our obligations; and
- our Sponsor (Silver Lake Group, L.L.C., together with its affiliates, successors, and assignees) controls us and may have interests that conflict with ours or those of our stockholders.

For additional information on these and other factors that could cause First Advantage’s actual results to differ materially from expected results, please see our prospectus, dated June 22, 2021, filed with the Securities and Exchange Commission (the “SEC”) pursuant to Rule 424(b)(4) of the Securities Act of 1933, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. The forward-looking statements included in this press release are made only as of the date of this press release, and we undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments, or otherwise, except as required by law.

Non-GAAP Financial Information

This press release contains “non-GAAP financial measures” that are financial measures that either exclude or include amounts that are not excluded or included in the most directly comparable measures calculated and presented in accordance with accounting principles generally accepted in the United States (“GAAP”). Specifically, we make use of the non-GAAP financial measures “Adjusted EBITDA,” “Adjusted EBITDA Margin,” “Adjusted Net Income,” and “Adjusted Diluted Earnings Per Share.”

Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income, and Adjusted Diluted Earnings Per Share have been presented in this press release as supplemental measures of financial performance that are not required by or presented in accordance with GAAP because we believe they assist investors and analysts in comparing our operating performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. Management believes these non-GAAP measures are useful to investors in highlighting trends in our operating performance, while other measures can differ significantly depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which we operate, and capital investments. Management uses Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income, and Adjusted Diluted Earnings Per Share to supplement GAAP measures of performance in the evaluation of the effectiveness of our business strategies, to make budgeting decisions, to establish discretionary annual incentive compensation, and to compare our performance against that of other peer companies using similar measures. Management supplements GAAP results with non-GAAP financial measures to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone.

Adjusted EBITDA, Adjusted EBITDA Margin, Adjusted Net Income, and Adjusted Diluted Earnings Per Share are not recognized terms under GAAP and should not be considered as an alternative to net income (loss) as a measure of financial performance or cash provided by (used in) operating activities as a measure of liquidity, or any other performance measure derived in accordance with GAAP. The presentations of these measures have limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. Because not all companies use identical calculations, the presentations of these measures may not be comparable to other similarly titled measures of other companies and can differ significantly from company to company.

We define Adjusted EBITDA as net income before interest, taxes, depreciation, and amortization, and as further adjusted for loss on extinguishment of debt, share-based compensation, transaction and acquisition-related charges, integration and restructuring charges, and other non-cash charges. We define Adjusted EBITDA Margin as Adjusted EBITDA divided by total revenues. We define Adjusted Net Income for a particular period as net income before taxes adjusted for debt-related costs, acquisition-related depreciation and amortization, share-based compensation, transaction and acquisition-related charges, integration and restructuring charges, and other non-cash charges, to which we then apply the related effective tax rate. We define Adjusted Diluted Earnings Per Share as Adjusted Net Income divided by adjusted weighted average number of shares outstanding—diluted. For reconciliations of these non-GAAP financial measures to the most directly comparable GAAP measures, see the reconciliations included at the end of this press release.

- a) Represents the loss on extinguishment of debt and non-cash interest expense related to the amortization of debt issuance costs for the financing for the "Silver Lake Transaction" (On January 31, 2020, a fund managed by Silver Lake acquired substantially all of the Company's equity interests from the Predecessor equity owners, primarily funds managed by Symphony Technology Group).
- b) Represents the depreciation and amortization expense related to intangible assets and developed technology assets recorded due to the application of ASC 805, Business Combinations.
- c) Represents charges incurred related to acquisitions and similar transactions, primarily consisting of change in control-related costs, professional service fees, and other third-party costs. Additionally, the three months ended June 30, 2021 (Successor) includes incremental professional service fees incurred related to the initial public offering.
- d) Represents charges from organizational restructuring and integration activities outside of the ordinary course of business.
- e) Represents non-cash and other charges primarily related to legal exposures inherited from legacy acquisitions, foreign currency (gains) losses, and (gains) losses on the sale of assets. Additionally, the three months ended June 30, 2020 (Successor) includes incremental costs incurred due to COVID-19.
- f) Effective tax rates of 25.7% and 28.0% have been used to compute Adjusted Net Income for the three months ended June 30, 2020 and 2021, respectively. As of December 31, 2020, we had net operating loss carryforwards of approximately \$197.6 million, \$166.2 million, and \$36.0 million for federal, state, and foreign income tax purposes, respectively, available to reduce future income subject to income taxes. As a result, the amount of actual cash taxes we pay for federal, state and foreign income taxes differs significantly from the effective income tax rate computed in accordance with GAAP, and from the normalized rates shown above.
