**Explanation of Responses:**

- This amount represents the \$20.00 secondary public offering price per share of common stock of First Advantage Corporation (the "Issuer"), less the underwriting discount of \$0.70 per share for shares sold pursuant to a registered public offering.
- Represents the vesting of a portion of performance-based stock options in connection with the satisfaction of certain performance-based vesting conditions upon the closing of a registered public offering of common stock.
- Of these options, 861,943 are unvested options which will vest as to 218,141 options on January 31, 2022, and the remainder in equal annual installments on each of January 31, 2023, 2024 and 2025, subject to continued service through such dates. Does not include certain performance-based options for which the performance criteria has not yet been met, which options will be reported when earned upon achievement of such performance criteria.
