To Our Stockholders:

You are cordially invited to attend a special meeting of stockholders of US SEARCH.com Inc. to be held at 5401 Beethoven Street, Los Angeles, California 90066 on May 30, 2003 at 9:00 a.m. local time.

At the special meeting, US SEARCH will ask you to vote to approve a merger agreement among US SEARCH.com Inc., The First American Corporation and First Advantage Corporation, pursuant to which First Advantage, a newly formed holding company, will acquire US SEARCH and six operating subsidiaries of First American that currently comprise its First American Screening Technologies (FAST) division. The FAST division provides motor vehicle reports, tenant screening, employee background screening and occupational health services. In connection with First Advantage's acquisition of US SEARCH, each outstanding share of US SEARCH common stock will be converted into the right to receive 0.04 of a share of First Advantage Class A common stock. First American will receive shares of First Advantage Class B common stock. The series of transactions contemplated by the merger agreement will result in US SEARCH stockholders owning approximately 20% of the shares of capital stock of First Advantage and First American owning the remaining 80%, with First American controlling approximately 98% of the voting power of First Advantage. The market value of the First Advantage Class A common stock to be received by US SEARCH stockholders is not known because there is no existing public market for such stock. In determining the relative ownership split between US SEARCH stockholders on the one hand and First American on the other with respect to the shares of First Advantage common stock to be issued in the mergers, the parties evaluated the relative contributions that each of US SEARCH and the FAST division would make to the combined company, but did not determine specific valuations of the businesses being contributed or project any specific market value for the shares of First Advantage Class A common stock. This proxy statement/prospectus includes unaudited pro forma combined financial statements for First Advantage that reflect an estimated purchase price for US SEARCH of \$60.2 million, which estimate is required to be made for accounting purposes but does not reflect a specific valuation used or agreed to by the parties in negotiating the terms of the proposed combination. First Advantage has applied to list the Class A common shares on the Nasdaq National Market under the symbol "FADV." US SEARCH common stock currently is listed on the Nasdaq National Market under the symbol "SRCH." On _____, 2003, the closing price of one share of US SEARCH common stock was \$ _____.

Our board of directors has approved the merger agreement and the merger of US SEARCH with a subsidiary of First Advantage and believes it is in the best interests of US SEARCH and its stockholders to complete the transactions contemplated by the merger agreement. The board of directors recommends that you vote **FOR** the proposal to approve the merger agreement and the mergers at the special meeting.

The attached notice of special meeting and proxy statement/prospectus explain the proposed mergers and provide specific information concerning the special meeting. Please read these materials carefully. **In particular, you should read and consider carefully the discussion in the section entitled "RISK FACTORS" beginning on page 14 of the proxy statement/prospectus.** The affirmative vote of the holders of a majority of the outstanding shares of US SEARCH common stock is required to approve the merger agreement and the mergers. Pequot Private Equity Fund II, L.P. is the holder of record of approximately 54.1% of US SEARCH common stock as of April 1, 2003, and has agreed to vote all of its shares in favor of the proposal to approve the merger agreement and the mergers. Accordingly, so long as the parties perform their obligations under the voting agreement and the voting agreement remains in effect, approval of the mergers is assured.

Whether or not you plan to attend the special meeting, we urge you to complete, sign and promptly return the enclosed proxy card to assure that your shares will be voted at the special meeting. **Failure to return a properly executed proxy card and/or to vote at the special meeting will have the same effect as a vote against approval of the merger agreement and the mergers.**

Sincerely,

Brent N. Cohen
Chief Executive Officer

You may revoke your proxy in the manner described in the accompanying proxy statement/prospectus at any time before it is voted at the special meeting. If you fail to return a properly executed proxy card or to vote in person at the special meeting, the effect will be a vote against the proposal to approve the merger agreement and the mergers.

QUESTIONS AND ANSWERS ABOUT THE MERGERS

Q: What am I being asked to vote on?

A: You are being asked to vote in favor of US SEARCH participating in the proposed mergers of US SEARCH and the subsidiaries comprising the First American Screening Technology (FAST) division of The First American Corporation into wholly-owned subsidiaries of First Advantage Corporation, a newly-formed holding company.

Q: What will I receive in the mergers?

A: If we complete the mergers, you will receive in exchange for each share of US SEARCH common stock you hold on the date of the mergers the right to receive 0.04 of a share of First Advantage Class A common stock. We will not issue fractional shares in the mergers. In lieu of fractional shares, you will receive cash based on the average closing price of a share of US SEARCH common stock for the ten trading days ending on the trading day that is three trading days before the date of the special meeting. The shares of Class A common stock received by US SEARCH stockholders will represent approximately 20% of the capital stock of First Advantage.

The number of shares of First Advantage Class A common stock to be received by US SEARCH stockholders was based on the estimated relative contributions US SEARCH and the FAST division would make to the combined entity, as well as the cash to be contributed by First American. See “THE MERGERS—Fairness Opinion of Financial Advisor to US SEARCH” on page 36.

Concurrently with the US SEARCH mergers, First American will receive shares of First Advantage Class B common stock representing approximately 80% of the outstanding capital stock of First Advantage.

For a more complete description of what you will receive in the mergers, see the section entitled “THE MERGERS—Consideration to be Received by US SEARCH Stockholders in the Mergers” on page 43.

Q: What is the difference between the Class A common stock and the Class B common stock of First Advantage?

A: The shares of Class A common stock to be received by the former stockholders of US SEARCH in the mergers will be entitled to one vote per share on all matters presented to the stockholders for vote, while the shares of Class B common stock to be received by First American will be entitled to ten votes per share on such matters. As a result, First American will initially control approximately 98% of the voting power of First Advantage. Each share of Class B common stock received by First American will be convertible into one share of Class A common stock at the option of the holder or at such time as the share of Class B common stock is held by someone other than First American (other than in connection with a distribution to First American’s shareholders in a tax-free spinoff of the First Advantage shares). Otherwise the terms of the Class A common stock and the Class B common stock are the same.

For a more complete description of the capital stock of First Advantage, see the section entitled “DESCRIPTION OF FIRST ADVANTAGE CAPITAL STOCK” on page 113.

Q: Will I be taxed on the First Advantage Class A common stock I receive in the mergers?

A: It is expected that your receipt of First Advantage Class A common stock in the mergers generally will be tax-free for U.S. federal income tax purposes (except for taxes resulting from the receipt of cash instead of any fraction of a share of First Advantage Class A common stock). You are urged to carefully read the discussion in the section entitled “THE MERGERS—Material United States Federal Income Tax Consequences” beginning on page 47, and to consult your tax advisor on the consequences of participation in the mergers.

Q: Will I have appraisal rights?

A: No. Under Delaware law, US SEARCH stockholders are not entitled to seek an appraisal of the value of their US SEARCH common shares or to receive cash in lieu of whole First Advantage Class A common shares for their US SEARCH common shares.

Q: Are there risks I should consider in deciding whether to vote for the mergers?

A: Yes. For example, because First Advantage is not yet a publicly traded company, it will be difficult for you to calculate the market value of the shares of Class A common stock of First Advantage that you will receive in exchange for your shares of US SEARCH common stock. In addition, US SEARCH is not permitted to “walk away” from the mergers or resolicit the vote of its stockholders based on changes in the market value of US SEARCH common stock. Thus, even if US SEARCH’s stock price increases, US SEARCH stockholders will only have the right to receive 0.04 of a share of First Advantage Class A common stock for each share of US SEARCH common stock. **We urge you to obtain current market quotations of US SEARCH common stock (Nasdaq: SRCH).** In evaluating the mergers, you should carefully consider these and other factors discussed in the section entitled “RISK FACTORS—Risks Relating to the Mergers” on page 14.

Q: What do I need to do now?

A: We urge you to read this proxy statement/prospectus carefully, including its annexes, and to consider how the mergers affect you as a stockholder. After reading this proxy statement/ prospectus in its entirety, we ask that you vote on the mergers.

Q: How do I vote?

A: Simply indicate on your proxy card how you want to vote, and sign and mail your proxy card in the enclosed return envelope as soon as possible so that your shares may be represented at the special meeting. If you sign and return a proxy card, but do not include instructions on how to vote your proxy, we will vote your shares “FOR” approval and adoption of the merger agreement and the mergers unless your shares are held in a brokerage account. If you fail to return your proxy card or to vote in person, the effect will be a vote against the merger agreement and the mergers. You may also vote via the Internet. For a more complete description of voting at the meeting, see the section entitled “THE SPECIAL MEETING OF STOCKHOLDERS—Voting, Revocation and Solicitation of Proxies” on page 26.

Q: If my shares are held in “street name” by my broker, will my broker vote my shares for me?

A: Your broker will vote your shares only if you provide instructions on how to vote in accordance with the information and procedures provided to you by your broker. If you do not instruct your broker to vote your shares, it will be equivalent to voting against the merger agreement.

For a more complete description of voting shares held in “street name,” see the section entitled “THE SPECIAL MEETING OF STOCKHOLDERS—Voting, Revocation and Solicitation of Proxies” on page 26.

Q: What do I do if I want to change my vote?

A: If you want to change your vote, send the secretary of US SEARCH a later-dated, signed proxy card before the special meeting with enough time for it to be delivered prior to the special meeting or attend the meeting and vote in person. You may also revoke your proxy by sending written notice to the secretary of US SEARCH before the meeting.

For a more complete description of how to change your vote, see the section entitled “THE SPECIAL MEETING OF STOCKHOLDERS—Voting, Revocation and Solicitation of Proxies” on page 26.

[Table of Contents](#)

Q: Should I send in my stock certificates now?

A: No. If the mergers are completed, we will send written instructions for exchanging US SEARCH common stock certificates for First Advantage Class A common stock certificates and the cash portion of the merger consideration paid on account of fractional shares, if any, will be paid by check.

Q: When do you expect to complete the mergers?

A: We are working toward completing the mergers as quickly as possible. We hope to complete the mergers during the second quarter of 2003. For a description of the conditions to completing the mergers, see the section entitled “THE MERGER AGREEMENT—Conditions to Completion of the Mergers” on page 58.

Q: Whom should I call with questions?

A: You should call US SEARCH’s Investor Relations department at (310) 302-6700 with any questions about the mergers.

You may also obtain additional information about US SEARCH, First American and First Advantage from documents filed with the Securities and Exchange Commission, which can be accessed via the internet at www.sec.gov. See “WHERE YOU CAN FIND MORE INFORMATION.”

First American is the current parent of the companies comprising the FAST division. First Advantage does not believe First American will offer services following the mergers that compete in any material respect to those to be offered by First Advantage and its subsidiaries.

First Advantage Corporation

805 Executive Center Drive West
St. Petersburg, Florida 33702
Telephone: (727) 290-1000

First Advantage is a new holding company formed by First American on December 12, 2002. Following the transactions contemplated by the merger agreement discussed in this proxy statement/prospectus, First Advantage will own as wholly-owned subsidiaries US SEARCH and each of the companies that comprise the FAST division.

The Mergers

US SEARCH has agreed to be acquired by First Advantage under the terms of the merger agreement that is described in this proxy statement/prospectus. US SEARCH is soliciting the vote of its stockholders to approve the mergers and the merger agreements. Pursuant to the merger agreement, First American also has agreed to cause the FAST division, comprised of American Driving Records, Inc., First American Registry, Inc., SafeRent, Inc., HireCheck, Inc., Employee Health Programs, Inc. and Substance Abuse Management, Inc. to be acquired by First Advantage immediately before the acquisition of US SEARCH. We have attached the merger agreement as Annex A to this proxy statement/prospectus. We encourage you to read the merger agreement in its entirety.

To accomplish these acquisitions, the following mergers will occur:

- first, six newly-formed, wholly-owned subsidiaries of First Advantage will merge with and into American Driving Records, First American Registry, SafeRent, HireCheck, Employee Health Programs and Substance Abuse Management; and
- second, a newly-formed, wholly-owned subsidiary of First Advantage will merge with and into US SEARCH.

As a result of the mergers, each of American Driving Records, First American Registry, SafeRent, HireCheck, Employee Health Programs, Substance Abuse Management and US SEARCH will become wholly-owned subsidiaries of First Advantage.

Concurrently with the mergers, First American will contribute \$15.0 million in cash to First Advantage, less First American's expenses related to the mergers, the amount of cash remaining in the FAST division companies at closing of the mergers and the amount required to pay in full the amount due by US SEARCH to First American under a \$1.4 million promissory note issued by US SEARCH in connection with signing the merger agreement.

[Table of Contents](#)

The following diagrams depict how the FAST division and US SEARCH are currently structured, how the mergers will occur, and how First Advantage will be structured immediately following the mergers:

Pre-Merger Structure

Merger Transactions

Post-Merger Structure

The number of shares of First Advantage Class B common stock issuable to First American in the mergers is subject to increase if US SEARCH's indebtedness exceeds \$4.4 million (less any cash received from the exercise of outstanding warrants and stock options) at the closing. The number of additional shares will be determined by dividing the amount of US SEARCH indebtedness in excess of \$4.4 million by the average closing price of First Advantage Class A common stock over the first ten trading days following closing, multiplied by four. As an example, the following table shows the number of additional shares of First Advantage Class B common stock that would be issued to First American if US SEARCH has indebtedness of \$4.4 million, \$5.5 million and \$6.6 million at the closing of the mergers, and the percentage equity ownership that US SEARCH stockholders would hold in First Advantage. The table also assumes the average closing price of First Advantage Class A common shares is \$18.00. **The price per share of First Advantage Class A common stock was determined by dividing the closing price of US SEARCH common stock on April 1, 2003 by the exchange ratio of 0.04, and is not indicative of the actual price that such stock may trade at following closing of the mergers.**

Amount of US SEARCH Indebtedness	Number Of Additional Shares of First Advantage Class B Common Stock	Percentage Of First Advantage Common Stock Held By US SEARCH Stockholders
\$4,400,000	None	20.00%
\$5,500,000	244,444	19.36%
\$6,600,000	488,888	19.12%

US SEARCH believes that its indebtedness will not exceed \$4.4 million at closing of the mergers if such closing occurs before July 1, 2003.

The market value of the First Advantage Class A common stock to be received by US SEARCH stockholders is not known because there is no existing public market for such stock. In determining the relative ownership split between US SEARCH stockholders on the one hand and First American on the other with respect to the shares of First Advantage common stock to be issued in the mergers, the parties evaluated the relative contributions that each of US SEARCH and the FAST division would make to the combined company, but did not determine specific valuations of the businesses being contributed or project any specific market value for the shares of First Advantage Class A common stock. This proxy statement/prospectus includes unaudited pro forma combined financial statements for First Advantage that reflect an estimated purchase price for US SEARCH of \$60.2 million, which estimate is required to be made for accounting purposes but does not reflect a specific valuation used or agreed to by the parties in negotiating the terms of the proposed combination.

US SEARCH Reasons for the Mergers

In reaching its decision to approve the mergers, the US SEARCH board of directors considered a number of factors, including the value of the per share merger consideration, the complementary nature of the businesses and other strategic considerations, the long term prospects of US SEARCH, US SEARCH's limited access to capital, the possibility that US SEARCH would be delisted from the Nasdaq National Market System without a strategic transaction or reverse stock split, general economic conditions and the condition of the screening industry as a whole. The US SEARCH board of directors also considered a number of risks, including:

- the risk that US SEARCH and the FAST division will not be able to integrate successfully;
- the risk that US SEARCH stockholders will own a minority interest in a company controlled by a single large stockholder resulting in US SEARCH stockholders having little or no influence over stockholder decisions;
- the risk that if the mergers are not consummated, US SEARCH's management will have devoted substantial time and resources to the combination at the expense of attending to and growing US SEARCH's business;
- the risk that US SEARCH stockholders will be unable to predict the trading price of the First Advantage Class A common stock they will receive in the mergers due to the lack of a public market for First Advantage Class A common stock prior to the mergers;
- the risk that officers and directors of US SEARCH have interests different than those of US SEARCH stockholders, including severance benefits due to Brent Cohen, US SEARCH's Chief Executive Officer, under certain circumstances, options that will become vested upon consummation of the mergers held by certain officers and directors of US SEARCH, and that Mr. Cohen and Lawrence D. Lenihan, Jr., both current directors of US SEARCH, will continue to serve as directors of First Advantage following the mergers;
- risks associated with the fact that First Advantage has no operating history;
- the risk that First Advantage Class A common stock likely will have minimal liquidity due to its small public float; and
- the risk that First American or its affiliates may compete directly with the combined entity in the screening industry.

See "THE MERGERS—US SEARCH Reasons for the Mergers" on page 33.

First American Reasons for the Mergers

First American believes the mergers will:

- enhance the FAST division's competitive position by providing it with additional operating scale, a broader scope of services, expanded geographic reach and increased financial strength;
- facilitate the FAST division's growth efforts by giving it a publicly traded security which it can use to acquire companies; and
- give the FAST division what First American believes is a state-of-the art work flow and sourcing technology.

Recommendation of US SEARCH's Board of Directors

The US SEARCH board of directors believes that the merger agreement and the transactions contemplated by the merger agreement, including the merger of a wholly-owned subsidiary of First Advantage with and into

US SEARCH, are fair to and in the best interests of US SEARCH and its stockholders, and recommends that US SEARCH stockholders vote “**FOR**” approval of the merger agreement and the mergers.

Fairness Opinion of Financial Advisor to US SEARCH’s Board of Directors

On December 13, 2002, Lehman Brothers Inc., financial advisor to US SEARCH’s board of directors, delivered to the US SEARCH board of directors its oral opinion, which was subsequently confirmed by delivery of a written opinion dated December 13, 2002, that, as of that date, and based upon and subject to certain matters stated in its written opinion, the exchange ratio to be received by the holders of shares of US SEARCH common stock pursuant to the merger agreement was fair to these holders from a financial point of view. The full text of Lehman Brothers’ written opinion is attached to this proxy statement/prospectus as Annex B. You may read this opinion in its entirety for a description of the procedures followed, assumptions made, matters considered and limitations on the review undertaken. Lehman Brothers’ opinion is directed to the US SEARCH board of directors and does not constitute a recommendation to any stockholder as to any matters relating to the mergers. A separate team from Lehman Brothers acted as financial advisor to First American in connection with the mergers with US SEARCH. See “THE MERGERS—Fairness Opinion of Financial Advisor to US SEARCH” on page 36.

The Merger Agreement and Other Transaction Agreements

The Merger Agreement

The parties have entered into an Agreement and Plan of Merger, dated as of December 13, 2002, which sets forth the terms and conditions of the mergers. Among other things, the merger agreement restricts the business conduct of the parties before the closing of the mergers, contains representations and warranties of the parties to the agreement, prohibits US SEARCH from soliciting competing offers, and provides for the payment of a termination fee of \$2.8 million if the merger agreement is terminated for certain reasons. You are urged to read the section entitled “THE MERGER AGREEMENT” on page 50 and the copy of the merger agreement attached hereto as Annex A.

The Voting Agreement

Pequot Private Equity Fund II, L.P., an affiliate of Pequot Capital Management, Inc., has entered into a voting agreement with First American, pursuant to which Pequot Private Equity Fund II, L.P. has agreed to vote the shares of US SEARCH common stock held by it in favor of the mergers. As of April 1, 2003, Pequot Private Equity Fund II, L.P. holds of record 54.1% of the issued and outstanding shares of common stock of US SEARCH. Accordingly, approval of the mergers by the stockholders of US SEARCH is assured as long as the voting agreement remains in effect and the parties perform their obligations thereunder. You are urged to read the section entitled “OTHER AGREEMENTS—Voting Agreement” on page 62 and the copy of the voting agreement attached hereto as Annex C.

The Stockholders Agreement

Pequot Private Equity Fund II, L.P. has entered into a stockholders agreement with First American and First Advantage. Under the stockholders agreement, in connection with certain transfers of First Advantage capital stock by First American and its affiliates to third parties after the closing of the mergers, Pequot Private Equity Fund II, L.P. has the right under certain circumstances to sell some or all of its shares of First Advantage capital stock on the same terms that First American or its affiliates proposes to sell shares of First Advantage capital stock. Pequot Private Equity Fund II, L.P. also has the right to designate a person to sit on the board of directors of First Advantage so long as Pequot Private Equity Fund II, L.P. maintains a minimum ownership stake in First

[Table of Contents](#)

Advantage, and has the right under certain circumstances to cause First Advantage to register for resale its shares of Class A common stock. You are urged to read the section entitled “OTHER AGREEMENTS—Stockholders Agreement” on page 63 and the copy of the stockholders agreement attached hereto as Annex D.

The Standstill Agreement

The merger agreement provides that, at the closing of the mergers, First Advantage will enter into a standstill agreement with First American. Under the terms of the standstill agreement, First American will agree not to acquire additional shares of First Advantage capital stock unless such shares are acquired pursuant to a tender offer to all other holders of First Advantage common stock. Such tender offer must be conditioned upon at least two thirds of such shares being tendered, the same consideration being offered to all holders, and on terms approved by a committee consisting solely of disinterested members of the board of directors of First Advantage, after receiving a written opinion from a nationally recognized investment bank to the effect that the tender offer is fair to First Advantage’s stockholders, other than First American and its affiliates. The tender offer also would have to comply with the SEC’s going private rule 13e-3. However, First American may acquire shares of First Advantage capital stock in connection with a capital contribution if approved by a majority of disinterested directors.

The standstill agreement also requires that a committee comprised solely of disinterested directors approve any transaction between First Advantage and First American outside the ordinary course of business. The standstill agreement also restricts First American’s ability to transfer voting securities of First Advantage to certain persons unless such persons agree to assume First American’s obligations under the standstill agreement. You are urged to read the section entitled “OTHER AGREEMENTS—Standstill Agreement” on page 66 and the copy of the standstill agreement attached hereto as Annex E.

The Services Agreement

The merger agreement provides that, at the closing of the mergers, First Advantage will enter into a services agreement with First American. First American will provide certain business services, such as human resources and payroll services, network services and benefits services, and certain overhead services such as legal and tax support, strategic planning, communication and accounting services pursuant to such agreement. The services agreement also provides that First American may loan up to \$1.0 million to First Advantage without obtaining the approval of a committee of disinterested directors of First Advantage. The services agreement does not prevent First American and First Advantage from agreeing to a loan by First American to First Advantage in excess of \$1.0 million so long as it is approved by a committee of disinterested directors of First Advantage. You are urged to read the section entitled “OTHER AGREEMENTS—Services Agreement” on page 68 and the copy of the services agreement attached hereto as Annex F.

The Subordinated Secured Promissory Note

On January 15, 2003, First American loaned US SEARCH \$1.4 million pursuant to a subordinated secured promissory note that matures on June 30, 2003. The subordinated secured promissory note bears interest at the lesser of 10.0% and the prime rate plus 4.75% and is secured by all of the real and personal property of US SEARCH. See “OTHER AGREEMENTS—Subordinated Secured Promissory Note” on page 69.

Listing of First Advantage Class A Common Stock

First Advantage has applied to list its Class A common stock on the Nasdaq National Market under the symbol “FADV.” It is a condition to the completion of the mergers that First Advantage Class A common stock issuable to the US SEARCH stockholders pursuant to the merger agreement be approved for listing on the Nasdaq National Market, subject only to official notice of issuance. Neither US SEARCH nor First American will waive the condition that First Advantage Class A common stock be approved for listing on the Nasdaq National Market.

SUMMARY UNAUDITED PRO FORMA COMBINED FINANCIAL DATA

The table below presents selected financial data from the unaudited pro forma combined financial statements of First Advantage included in this proxy statement/prospectus. The unaudited pro forma combined financial statements give effect to the proposed combination of the FAST division and US SEARCH as if the combination had been completed on January 1, 2002 for income statement purposes and on December 31, 2002 for balance sheet purposes. The unaudited pro forma combined financial data is based on the estimates and assumptions set forth in the notes to such statements, which are preliminary and have been made solely for the purposes of developing such pro forma information. First Advantage, First American and US SEARCH do not claim or represent that the following summary unaudited pro forma financial information is indicative of the results that would have been reported had the transactions actually occurred on the dates indicated above, nor is it indicative of future results. The unaudited pro forma combined financial data should be read in conjunction with the unaudited pro forma combined financial statements and related notes of First Advantage, as well as the audited and unaudited historical financial statements and related notes of the FAST division and US SEARCH attached to this proxy statement/prospectus.

COMPARATIVE HISTORICAL AND PRO FORMA COMBINED PER SHARE DATA

The following table presents the audited basic and diluted earnings per share and book value per share data for US SEARCH on a historical basis and the unaudited basic and diluted earnings per share and book value per share data for First Advantage on a pro forma basis. Historical earnings per share and book value per share data for the FAST division is not presented below because the FAST division is comprised of wholly-owned subsidiaries of First American, which makes per share data not meaningful. The unaudited pro forma combined financial data presented below are not necessarily indicative of the financial position had the transaction occurred on December 31, 2002 or operating results that would have been achieved had the transaction been in effect as of the beginning of the period presented, and such data should not be construed as representative of future financial position or operating results of First Advantage. Neither the FAST division nor US SEARCH declared any cash dividends for the periods presented below. The pro forma combined net loss, pro forma stockholders' equity and the pro forma number of shares of common stock outstanding used in determining the amounts presented below have been derived from unaudited pro forma combined financial statements included in this proxy statement/prospectus. This information is only a summary and should be read in conjunction with the selected historical financial data of the FAST division and US SEARCH, the unaudited pro forma combined financial statements of First Advantage included in this proxy statement/prospectus, and the separate audited and unaudited historical financial statements of the FAST division and US SEARCH and related notes attached to this proxy statement/prospectus.

The pro forma equivalent book value per share is calculated by multiplying the pro forma book value per share for First Advantage by the merger exchange ratio of 1 share of Class A common stock of First Advantage for every 25 shares of stock of US SEARCH.

RISK FACTORS

The mergers, and an investment in First Advantage Class A common stock, involves a number of risks. In addition to the other information we include in this proxy statement/prospectus, you should consider the following risk factors in deciding whether to vote for the mergers.

Risks Relating to the Mergers

There is no current public market for First Advantage Class A common stock, and there will not be a public market for First Advantage Class A common stock until the closing. As a result, you will not be able to predict the trading price of the shares of First Advantage Class A common stock you will receive in exchange for your US SEARCH common stock when you vote on the merger agreement.

As a result of the mergers, US SEARCH stockholders will have the right to receive 0.04 of a share of First Advantage Class A common stock for each share of US SEARCH common stock they own. The board of directors of US SEARCH has determined that the consideration to be received by the US SEARCH stockholders pursuant to the merger agreement is fair and in the best interests of US SEARCH and its stockholders. However, because there is no current public market for shares of First Advantage Class A common stock, you will not be able to predict the market value of the First Advantage Class A common stock you will receive pursuant to the merger agreement. The market price of First Advantage Class A common stock immediately following the closing of the mergers may vary from the value attributed to it by the board of directors of US SEARCH when it determined to enter into the merger agreement. This variation may be caused by a number of factors, including market perception of the value of First Advantage, changes in the businesses, operations or prospects of US SEARCH, the FAST division or First Advantage, the timing of the mergers, regulatory considerations and general market and economic conditions.

The integration of US SEARCH and the FAST division following the transactions will be difficult and may result in a failure to realize some of the anticipated potential benefits.

The business combination of US SEARCH and the FAST division involves the integration of several businesses that previously operated independently. We cannot assure you that First Advantage will be able to integrate operations of US SEARCH and the FAST division without encountering difficulties. Any difficulty in integrating the operations of the businesses successfully could have a material adverse effect on the business, financial condition, results of operations or liquidity of First Advantage, and could lead to a failure to realize the anticipated synergies of the combination. First Advantage's management will be required to dedicate substantial time and effort to the integration of US SEARCH and the FAST division. During the integration process, these efforts could divert management's focus and resources from other strategic opportunities and operational matters.

If the mergers are not completed, US SEARCH's business could be negatively impacted by the diversion of its management's efforts to consummate the mergers.

US SEARCH's business may suffer from the fact that substantial management time and attention has been diverted from attending to US SEARCH's business to focusing on preparing for the integration with the FAST division. US SEARCH expended substantial resources and management time to conduct diligence on the FAST division and negotiate the definitive merger agreement with First American. US SEARCH also is expending unplanned resources on integration efforts designed to ensure a smooth transition if and when the proposed combination is completed. These efforts and a substantial amount of management time and attention will have been wasted if the mergers are not completed.

Table of Contents

US SEARCH may not be able to meet working capital and other capital requirements for the next twelve months and may be required to satisfy certain payment obligations if the mergers are not completed.

US SEARCH may not be able to meet working capital and other capital requirements for the next twelve months without additional financing. Such risk is reflected in US SEARCH's financial statements as of and for the fiscal year ended December 31, 2002, which includes an explanatory paragraph stating that since inception, US SEARCH has incurred net operating losses and negative cash flows, and has a working capital deficit and stockholders' deficit, that raise substantial doubts about US SEARCH's ability to continue as a going concern. At December 31, 2002, US SEARCH had an accumulated deficit of approximately \$98.6 million.

US SEARCH will have to repay \$1.4 million that it has borrowed from First American during the period before closing of the mergers, pursuant to a subordinated secured promissory note due June 30, 2003. Substantial costs related to the mergers, such as legal and accounting fees and expenses and financial advisor expenses, must be paid even if the mergers are not completed. In addition, US SEARCH may be required to pay First American a termination fee of \$2.8 million if US SEARCH does not complete the mergers for certain reasons. There is no assurance that US SEARCH will have sufficient liquidity to satisfy these obligations. As a result, US SEARCH may need to seek additional financing to satisfy such obligations. There is no assurance that such financing will be available on terms favorable to US SEARCH or at all.

US SEARCH's common stock may be negatively impacted if the mergers are not completed.

US SEARCH is subject to delisting from the Nasdaq National Market System because US SEARCH has not been in compliance with Nasdaq's \$1.00 minimum bid requirement. US SEARCH's common stock may be delisted from Nasdaq unless US SEARCH is permitted by Nasdaq to effect a reverse stock split or take other actions sufficient to enable US SEARCH to satisfy Nasdaq's requirements for continued listing. If US SEARCH's common stock is delisted, it could negatively impact the price of US SEARCH common stock. In addition, the current market price of US SEARCH common stock may decline to the extent that it reflects an assumption that the mergers will be completed.

If the mergers are not completed, US SEARCH may be unable to find another party willing to consummate a transaction similar to the proposed combination with the FAST division.

US SEARCH cannot assure you that it will be able to find a party willing to enter into a transaction with consideration that is equal to or better than that which will be paid in the mergers. In addition, while the merger agreement is in effect, subject to limited exceptions, US SEARCH is prohibited from soliciting, initiating, knowingly encouraging or facilitating the submission of proposals or offsets relating to the takeover proposal or endorsing or entering into any agreement with respect to any takeover proposal.

Officers and Directors of US SEARCH may have interests in the mergers that are different from those of US SEARCH's stockholders.

A number of officers and directors of US SEARCH who recommend that you vote in favor of the merger agreement have existing employment or severance agreements or benefit arrangements, or have or are expected to enter into agreements providing additional benefits, that provide them with interests in the mergers that may be different from yours. Brent Cohen, US SEARCH's President and Chief Executive Officer, currently has an employment agreement with US SEARCH which provides cash severance benefits of \$800,000 if Mr. Cohen's employment is terminated other than for "cause," if Mr. Cohen resigns for "good reason" or if Mr. Cohen does not enter into a new employment agreement with First Advantage within seven days of the effectiveness of the mergers. Mr. Cohen's potential severance benefits create a potential conflict of interest because his interests in voting to adopt the merger agreement and to consummate the mergers are different than your interests as a stockholder of US SEARCH. In connection with the mergers, it is expected that Mr. Cohen, H. Jake Mendelsohn and David Wachtel, all executive officers of US SEARCH, will enter into new employment

[Table of Contents](#)

agreements with First Advantage, although the terms of such agreements have not yet been determined. Certain executive officers of US SEARCH are owed bonuses for services performed as employees of US SEARCH in 2002:

- Mr. Cohen—\$400,000;
- Mr. Mendelsohn—\$125,000;
- Mr. Wachtel—\$125,000;
- Richard Heitzmann—\$100,000;
- Robert Schwartz—\$50,000; and
- Jeffrey Watts—\$50,000.

Such bonuses will be paid half in cash and half in shares of US SEARCH common stock within five days after the date on which this proxy statement/prospectus is mailed to US SEARCH stockholders. As a result, Messrs. Cohen, Mendelsohn, Wachtel, Heitzmann, Schwartz and Watts have interests in consummating the mergers that are different from your interests as a stockholder of US SEARCH.

Outstanding stock options to purchase approximately 5,758,265 shares issued to US SEARCH officers and directors that have written agreements will accelerate and be fully vested upon consummating the mergers in accordance with the US SEARCH Amended and Restated 1998 Stock Incentive Plan. Assuming the mergers close on May 31, 2003, the following officers and directors of US SEARCH have stock options that will become vested upon completion of the mergers:

- Brent N. Cohen—2,166,668;
- H. Jake Mendelsohn—508,335;
- David Wachtel—515,835;
- Harry B. Chandler—18,056;
- Richard Heitzmann—937,501;
- Peter Locke—18,056;
- Alan C. Mendelson—18,056;
- Thomas W. Patterson—44,428;
- Karol Pollock—78,201;
- Robert Schwartz—515,629; and
- Jeffrey Watts—937,500.

US SEARCH's non-employee directors that are asked to resign in connection with the mergers also will receive cash payment for their past services as directors of US SEARCH of \$10,000 for each year of past service in 2001 and 2002 (pro-rated for partial years), and \$5,000 for each quarter in 2003, and a three year period in which to exercise their stock options following closing of the mergers. The accelerated vesting of stock options for the above officers and directors, and the cash payments and extension of stock option exercise periods for non-employee directors, creates a potential conflict of interest because such persons will receive a benefit from the consummation of the mergers different than that received by you as a stockholder of US SEARCH. In addition, the continuation of indemnification arrangements for the current directors of US SEARCH following completion of the mergers, as well as the expected continuation of Brent Cohen and Lawrence Lenihan as directors of First Advantage following the mergers, may influence these persons in making their recommendation that you vote in favor of adoption of the merger agreement.

In considering the opinion by Lehman Brothers to the US SEARCH board regarding the fairness of the exchange ratio, stockholders should be aware of potential conflicts of interest affecting Lehman Brothers.

Lehman Brothers was retained by each of US SEARCH and First American to act as its financial advisor for the proposed combination between US SEARCH and the FAST division. US SEARCH stockholders should consider the potential conflict of interest in Lehman Brothers representing both US SEARCH and First American when reviewing Lehman Brothers' opinion to the US SEARCH board regarding the fairness of the exchange ratio. A significant portion of the fees related to the financial advisory services of Lehman Brothers to First American and US SEARCH in connection with the proposed combination is contingent upon the consummation of the proposed combination. The contingent nature of such fee arrangements might be viewed as giving Lehman Brothers a financial interest in the successful completion of the proposed combination. See "Fairness Opinion of Financial Advisor to US SEARCH."

Risks Relating to an Investment in First Advantage

First Advantage will be controlled by First American and as a result other stockholders will have little or no influence over stockholders' decisions.

As a result of the mergers, First American will own 100% of the First Advantage Class B common stock, which shares will have ten votes per share compared to one vote per share of First Advantage Class A common stock. Consequently, First American will have approximately 98% of the total voting power of First Advantage and, therefore, First American will have the right to control the outcome of any matter submitted for the vote or consent of First Advantage's stockholders, unless a separate class vote is required under Delaware law. First American will have the voting power to control the election of the First Advantage board of directors and it will be able to cause the amendment of First Advantage's certificate of incorporation or bylaws. First American also may be able to cause changes in the business without seeking the approval of any other party. These changes may not be beneficial to First Advantage or in the best interest of First Advantage's other stockholders. For example, First American will have the power to prevent, delay or cause a change in control and could take other actions that might be favorable to First American, but not necessarily to other stockholders. Similarly, subject to restrictions contained in the standstill agreement, First American will have the voting power to exercise a controlling influence over First Advantage's business and affairs and will have the ability to make decisions concerning such things as:

- mergers or other business combinations;
- purchases or sales of assets;
- offerings of securities;
- indebtedness that First Advantage may incur; and
- payments of any dividends.

First Advantage cannot assure you that First American's ownership of First Advantage common stock or its relationship with First Advantage will not have a material adverse effect on the overall business strategy of First Advantage or on the market price of First Advantage Class A common stock.

Moreover, under recently proposed Nasdaq corporate governance rules, if a single stockholder holds more than 50% of the voting power of a company, that company is considered a "controlled company." A controlled company is exempt from the Nasdaq rules requiring that a majority of the company's board of directors be independent directors, that independent directors must have regularly scheduled executive sessions and that the compensation and nomination committees must be comprised solely of independent directors. After the consummation of the transactions contemplated by the merger agreement, First American will own more than 50% of the voting power of First Advantage and First Advantage expects to take advantage of such exemptions afforded to controlled companies if the proposed Nasdaq rules are enacted.

First Advantage has no operating history as an independent company.

Due to a lack of operating history as a separate public company, there can be no assurance that First Advantage's business strategy will be successful on a long-term basis. Several members of First Advantage's management team have never operated a stand-alone public company. Following the mergers, First Advantage will have less financial and other resources than First American. First Advantage may not be able to grow its business as planned and may never become a profitable business. First Advantage's ability to satisfy obligations and become profitable will be solely dependent upon the future performance of the lines of business it owns and operates, and it will not be able to rely upon the financial and other resources and cash flows of those business lines remaining with First American. For example, in 2000, 2001 and 2002, First American forgave approximately \$6.1 million, \$35.2 million and \$90.1 million, respectively, in amounts used by the FAST division for working capital and acquisition financing. You should consider the prospects of First Advantage based on the risks, expenses and difficulties frequently encountered in the operation of a new public company in a relatively new and evolving industry.

The financial statements of the FAST division included in this proxy statement/prospectus may not reflect the results of operations, financial condition and cash flows that would have been achieved had the FAST division been operated independently during the periods and as of the dates presented. Furthermore, historical financial statements may not reflect the costs to the FAST division of borrowing funds as a stand-alone entity. Therefore, the historical consolidated financial information of the FAST division included in this proxy statement/prospectus is not necessarily indicative of First Advantage's future results of operations, financial position and cash flows.

In addition, pursuant to the standstill agreement to be entered into between First American and First Advantage, a majority of First Advantage's "disinterested directors" must approve most future transactions between First American and First Advantage. First Advantage may need additional capital in order to finance operations or pursue acquisitions. Accordingly, First Advantage will have to obtain its own financing for operations and perform its own administrative functions. There can be no assurance that First Advantage will be able to develop successfully the financial and managerial resources and structure necessary to operate as an independent public company, or that First Advantage's available financing and anticipated cash flow from operations will be sufficient to meet all of its cash requirements.

Prior to the mergers, First American has performed certain administrative functions for the FAST division. Pursuant to the services agreement, First American will continue to provide certain of these services to First Advantage following the closing of the mergers. If the services agreement is terminated, First Advantage will have to find alternative sources for these services. Such alternative sources may be more expensive or provide a different quality of services, which may adversely affect First Advantage's results of operations.

The FAST division will comprise a substantial portion of First Advantage's assets. The FAST division has historically relied on First American for certain financial, administrative and managerial support, including strategic planning, general management support, legal support, treasury administration, insurance, personal property leasing, communications, corporate income tax administration, human resources, benefits, network services, and accounting and financial management services. The FAST division paid First American approximately \$1.9 million, \$1.4 million and \$1.6 million in 2000, 2001 and 2002, respectively, for these support services. First American will continue to provide certain of these support services to First Advantage under a services agreement. The initial term of the services agreement is for one year and the agreement will renew for successive six-month periods unless either First American or First Advantage gives 30 days notice of the intent to not renew before the end of any six-month period. Until such time as First Advantage can incur the capital expenditures and operating expenses necessary to support the functions covered by the services agreement, First Advantage intends to allow the agreement to renew automatically. However, there can be no assurance that First American will choose to renew the agreement after the initial one-year term. In the event that First American does not renew the agreement, First Advantage would have to arrange alternative sources for these services.

[Table of Contents](#)

Other sources may be more expensive or be of a different quality, which could have a material adverse effect on the business and results of operations of First Advantage.

There is no current public market for First Advantage Class A common stock.

Before the closing of the mergers, there will have been no public market for First Advantage Class A common stock. If First Advantage Class A common stock is approved for quotation on the Nasdaq National Market, there can be no assurance that an active trading market for First Advantage Class A common stock will develop or, if a trading market does develop, that it will continue. In the absence of such a market, you may be unable to readily liquidate your investment in First Advantage Class A common stock.

First Advantage will be dependent on information suppliers. If First Advantage is unable to manage successfully its relationships with a number of these suppliers, the quality and availability of First Advantage's services may be harmed.

First Advantage will obtain some of the data used in its services from third party suppliers and government agencies. If a number of suppliers are no longer able or are unwilling to provide First Advantage with certain data, First Advantage may need to find alternative sources. If First Advantage is unable to identify and contract with suitable alternative data suppliers and integrate these data sources into its service offerings, First Advantage could experience service disruptions, increased costs and reduced quality of its services. Additionally, if one or more of First Advantage's suppliers terminates First Advantage's existing agreements, there is no assurance that First Advantage will obtain new agreements with third party suppliers on terms favorable to First Advantage, if at all. Loss of such access or the availability of data in the future due to increased governmental regulation or otherwise could have a material adverse effect on First Advantage's business, financial condition and results of operations.

First Advantage may be subject to increased regulation regarding the use of personal information.

Certain data and services provided by First Advantage will be subject to regulation by various federal, state and local regulatory authorities. Compliance with existing federal, state and local laws and regulations has not had a material adverse effect on the results of operations or financial condition of the FAST division or US SEARCH to date. Nonetheless, federal, state and local laws and regulations in the United States designed to protect the public from the misuse of personal information in the marketplace and adverse publicity or potential litigation concerning the commercial use of such information may increasingly affect the operations of First Advantage, which could result in substantial regulatory compliance expense, litigation expense and a loss of revenue.

First Advantage will face significant security risks related to its electronic transmission of confidential information.

First Advantage will rely on encryption and other technologies to provide system security to effect secure transmission of confidential or personal information. First Advantage may license these technologies from third parties. There is no assurance that First Advantage's use of applications designed for data security, or that of third-party contractors will effectively counter evolving security risks. A security or privacy breach could:

- expose First Advantage to liability;
- increase First Advantage's expenses relating to resolution of these breaches;
- deter customers from using First Advantage's services; and
- deter suppliers from doing business with First Advantage.

Any inability to protect the security and privacy of First Advantage's electronic transactions could have a material adverse effect on the business, financial condition or results of operations of First Advantage.

First Advantage could face liability based on the nature of its services and the content of the materials provided which may not be covered by insurance.

First Advantage may face potential liability from individuals, government agencies or businesses for defamation, invasion of privacy, negligence, copyright, patent or trademark infringement and other claims based on the nature and content of the materials that appear or are used in its products or services. Insurance may not be available to cover claims of these types or may not be adequate to cover First Advantage for all risks to which it is exposed. Any imposition of liability, particularly liability that is not covered by insurance or is in excess of First Advantage's insurance coverage, could have a material adverse effect on First Advantage's reputation, business and results of operations.

First Advantage may not be able to pursue its acquisition strategy.

A significant part of the historical growth strategies of the FAST division has been identifying and executing on acquisitions. First Advantage intends to continue to grow through acquisitions. First Advantage may not be able to identify suitable acquisition candidates, obtain the capital necessary to pursue its acquisition strategy or complete acquisitions on satisfactory terms. When companies are acquired, First Advantage may not be able to integrate or manage these businesses so as to produce returns that justify the investment.

A number of First Advantage's competitors also have adopted the strategy of expanding and diversifying through acquisitions. First Advantage likely will experience competition in its effort to execute on its acquisition strategy, and First Advantage expects the level of competition to increase. As a result, First Advantage may be unable to continue to make acquisitions or may be forced to pay more for the companies it is able to acquire.

First Advantage may not be able to realize the entire book value of goodwill from acquisitions.

First Advantage will have approximately \$162.9 million of net goodwill, as of December 31, 2002, including pro forma goodwill attributable to the transactions contemplated by the mergers. First Advantage will implement the provisions of Statement of Financial Accounting Standards No. 142 "Goodwill and Other Intangible Assets" which requires that existing goodwill not be amortized, but instead be assessed annually for impairment or sooner if circumstances indicate a possible impairment. First Advantage will monitor for impairment of goodwill from past acquisitions completed by the FAST division and US SEARCH and from future acquisitions. In the event that the book value of net goodwill is impaired, any such impairment would be charged to earnings in the period of impairment. There can be no assurances that future impairment of goodwill under SFAS 142 will not have a material adverse effect on First Advantage's results of operation.

First Advantage currently does not plan to pay dividends.

First Advantage intends to retain future earnings, if any, that may be generated from operations to help finance the growth and development of its business. As a result, First Advantage does not anticipate paying dividends to stockholders for the foreseeable future.

First Advantage's business depends on technology that may become obsolete.

First Advantage intends to use US SEARCH's DARWIN™ technology and other information technology to better serve its clients and reduce costs. These technologies likely will change and may become obsolete as new technologies develop. The future success of First Advantage will depend upon its ability to remain current with the rapid changes in the technologies used in its business, to learn quickly to use new technologies as they emerge and to develop new technology-based solutions as appropriate. If First Advantage is unable to do this, it could be at a competitive disadvantage. First Advantage's competitors may gain exclusive access to improved technology, which also could put First Advantage at a competitive disadvantage. If First Advantage cannot adapt to these changes, its business may be materially adversely affected.

First American could sell its controlling interest in First Advantage and therefore First Advantage could eventually be controlled by an unknown third party.

Subject to certain restrictions, First American could elect to sell all or a substantial or controlling portion of its equity interest in First Advantage to a third party without offering to First Advantage's other stockholders the opportunity to participate in this transaction. If another party acquires First American's interest in First Advantage, that third party may be able to control First Advantage in the same manner that First American is able to control First Advantage. A sale to a third party also may adversely affect the market price of First Advantage's Class A common stock because the change in control may result in a change in management decisions, business policy and First Advantage's attractiveness to future investors.

First Advantage Class A common stock will have minimal liquidity due to its small public float.

Although it is expected that there will be approximately 19,803,743 shares of First Advantage common stock outstanding immediately following the mergers, approximately 80% will be owned by First American and approximately 11% will be held of record by Pequot Private Equity Fund II, L.P. Only approximately 9% of First Advantage's issued and outstanding shares will be freely transferable without restriction under the Securities Act immediately following the closing of the mergers. Accordingly, only a minimal number of shares of First Advantage will actually trade immediately following the closing. As a result, there will likely be less trading volume and therefore less liquidity compared to other companies with similar market capitalization. Consequently, you may have difficulty selling your shares of First Advantage.

In addition, First American is entitled to receive additional shares of First Advantage Class B common stock if US SEARCH's indebtedness exceeds \$4.4 million (less any cash received from the exercise of outstanding warrants and stock options) at the closing. The number of additional shares will be determined by dividing the amount of US SEARCH indebtedness in excess of \$4.4 million by the average closing price of First Advantage Class A common stock over the first ten trading days following closing, multiplied by four. For example, assuming the average closing price of First Advantage Class A common stock during the first ten trading days following closing is \$18.00, an additional 222,222 shares of Class B common shares would be issuable for each \$1.0 million in indebtedness of US SEARCH in excess of \$4.4 million at closing. US SEARCH does not believe that its indebtedness will exceed \$4.4 million at closing of the mergers if such closing occurs prior to July 1, 2003. The price per share of First Advantage Class A common stock was determined by dividing the closing price of US SEARCH common stock on April 1, 2003 by the exchange ratio of 0.04, and is not indicative of the actual price that such stock may trade at following closing of the mergers.

Significant stockholders may sell shares of First Advantage common stock which may cause First Advantage's share price to fall.

Subject to certain restrictions, First American may at any time convert each of its shares of First Advantage Class B common stock into a share of Class A common stock. First American or Pequot Private Equity Fund II, L.P. may transfer shares of First Advantage common stock in a privately-negotiated transaction or to affiliates or shareholders. Any transfers, sales or distributions by First American or Pequot Private Equity Fund II, L.P. of a substantial amount of First Advantage's Class A common stock in the marketplace, or to shareholders, or the market perception that these transfers, sales or distributions could occur, could adversely affect the prevailing market prices for First Advantage Class A common stock.

Conflicts of interest may arise because certain directors and officers of First Advantage will also remain directors and officers of First American.

Certain persons associated with First Advantage will have a continuing relationship with First American. Parker Kennedy, John Lamson and Kenneth DeGiorgio, expected to be Chairman of the Board, Chief Financial Officer and General Counsel, respectively, of First Advantage, also serve as executive officers of First American

[Table of Contents](#)

and its affiliates. Mr. Kennedy also serves as President and a Director of First American. As such they may have great influence on business decisions of First Advantage. These persons, currently associated with First American, were asked to serve as directors and/or officers of First Advantage because of their knowledge of and experience with the business of First Advantage and its operations. All three own stock, and options to acquire stock, of First American.

These affiliations with both First American and First Advantage could create, or appear to create, potential conflicts of interest when these directors and executive officers are faced with decisions that could have different implications for First American and First Advantage. For example, business decisions made by the board of First American regarding its relationship with First Advantage under the services agreement could adversely affect First Advantage.

The stockholders agreement will impact corporate governance.

First Advantage, First American and Pequot Private Equity Fund II, L.P., US SEARCH's majority stockholder, have entered into a stockholders agreement pursuant to which First American has agreed to vote as many of its shares in First Advantage as is necessary to ensure that the board of directors of First Advantage has no more than ten members and that a representative of Pequot that meets certain requirements is elected a director of First Advantage or, at Pequot's request, a board observer of First Advantage. Pequot's right to designate a board member or observer will continue until such time as Pequot's and its affiliates' collective ownership of First Advantage stock is less than 75% of the holdings Pequot receives in the mergers. As a result of this arrangement and First American's dominant ownership position in First Advantage, holders of First Advantage Class A common stock (other than Pequot) will have little or no ability to cause a director selected by such holders to be appointed to the board of directors of First Advantage and, consequently, little or no ability to influence the direction or management of First Advantage.

There may be risks related to the prior use of Arthur Andersen LLP as the auditor of SafeRent, Inc., one of the FAST division companies.

The balance sheets and related statements of operations, owners' equity and cash flows of SafeRent for the years ended December 31, 2000 and 2001, which have been included in the FAST division financial information in this proxy statement/prospectus, were audited by Arthur Andersen LLP. Despite First Advantage's reasonable efforts to obtain Andersen's consent, Andersen has not consented to the inclusion of its report in this proxy statement/prospectus. Under these circumstances, Rule 437a under the Securities Act permits First Advantage to file the registration statement which this proxy statement/prospectus forms a part of without a written consent from Andersen.

Section 11(a) of the Securities Act provides that if any part of a registration statement at the time it becomes effective contains an untrue statement of a material fact, or omits a material fact required to be stated therein or necessary to make the statements therein not misleading, any person acquiring a security pursuant to the registration statement (unless it is proved that at the time of the acquisition the person knew of the untruth or omission) may sue, among others, every accountant who has consented to be named as having prepared or certified any part of the registration statement, or as having prepared or certified any report or valuation which is used in connection with the registration statement, with respect to the statement in the registration statement, report or valuation which purports to have been prepared or certified by the accountant.

As a result of Andersen failing to consent to being named as an expert or to the inclusion of its report in the registration statement of which this proxy statement/prospectus forms a part, you will not be able to recover against Andersen under Section 11(a) of the Securities Act.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement/prospectus contains “forward-looking statements.” These forward-looking statements are based on estimates and assumptions made by management of First American, the FAST division or US SEARCH, as the case may be, and take into account only the information available at the time the forward-looking statements are made. Although we each believe our respective estimates and assumptions are and will be reasonable, forward-looking statements involve risks, uncertainties and other factors that could cause our respective actual results to differ materially from those suggested in the forward-looking statements. Forward-looking statements include the information concerning future financial performance, anticipated benefits of the mergers, business strategy, projected plans and objectives of First Advantage, prospective products, sales and marketing efforts, costs and expenses, liquidity, cost savings and the other forward-looking statements contained in this proxy statement/prospectus:

- estimates of the price per share of First Advantage Class A common stock, including in “SUMMARY—The Mergers” on page 7, “RISK FACTORS—First Advantage Class A Common Stock will have minimum liquidity due to its small public float” on page 21, and the unaudited pro forma combined financial statements of First Advantage beginning on page 106;

- the effect of automation on the quality of services and products and efficiency in “INFORMATION ABOUT US SEARCH—Business” on page 71; and
- strategies for future growth described in “INFORMATION ABOUT THE FAST DIVISION—Business—Strategies for Future Growth” on page 80.

Forward-looking statements are subject to numerous risks and uncertainties. The following are some important factors that could cause First Advantage’s actual results to differ materially from those in forward-looking statements:

- general volatility of the capital markets and the market price of First Advantage Class A common stock;
- First Advantage’s ability to successfully raise capital;
- First Advantage’s ability to identify and complete acquisitions and successfully integrate businesses it acquires (including the FAST division and US SEARCH);
- changes in applicable government regulations;
- the degree and nature of First Advantage’s competition;
- an increase in First Advantage’s expenses;

[Table of Contents](#)

- continued consolidation among First Advantage’s competitors and customers;
- technological changes may be more difficult or expensive than anticipated; and
- other factors described in the section entitled “RISK FACTORS” beginning on page 14.

First Advantage’s actual results, performance or achievement could differ materially from those expressed in, or implied by, forward-looking statements and, accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what impact they will have on the results of operations and financial condition of First Advantage. The forward-looking statements speak only as of the date they are made. None of US SEARCH, First American and First Advantage undertake to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made.

THE SPECIAL MEETING OF STOCKHOLDERS

We are furnishing this proxy statement/prospectus to stockholders of US SEARCH as part of the solicitation of proxies by US SEARCH's board of directors for use at a special meeting of US SEARCH stockholders to vote on the mergers. We are first mailing this proxy statement/prospectus and the accompanying form of proxy to US SEARCH stockholders on or about _____, 2003.

Date, Time and Place

The special meeting of stockholders of US SEARCH will be held on May 30, 2003 at 9:00 a.m. local time at 5401 Beethoven Street, Los Angeles, California 90066.

Purpose of the Special Meeting

At the special meeting, you will be asked to vote upon a proposal to adopt the merger agreement and the merger of US SEARCH with a wholly-owned subsidiary of First Advantage.

Record date; Stock Entitled to Vote

The US SEARCH board of directors has fixed the close of business on May 1, 2003 as the record date for the determination of stockholders entitled to notice of, and to vote at, the special meeting. Only holders of record of US SEARCH common stock at the close of business on the record date are entitled to notice of, and to vote at, the special meeting. As of the record date, US SEARCH had outstanding and entitled to vote [_____] shares of US SEARCH common stock.

Each holder of record of common stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the special meeting.

Quorum and Vote Required

A quorum will be present at the special meeting if a majority of the shares of US SEARCH stock issued and outstanding and entitled to vote at the special meeting are represented in person or by a properly executed proxy. If a quorum is not present at the special meeting, we expect that the special meeting will be adjourned or postponed to solicit additional proxies.

The affirmative vote of the holders of a majority of the outstanding shares of US SEARCH common stock at the special meeting is required to approve the merger agreement and the mergers. Pequot Private Equity Fund II, L.P., held of record approximately 54.1% of US SEARCH common stock as of April 1, 2003, has agreed to vote all of its shares of common stock in favor of the proposal to approve the merger agreement and the mergers. See "OTHER AGREEMENTS—Voting Agreement" on page 62. Accordingly, so long as the parties perform their obligations under the voting agreement and the voting agreement remains in effect, approval of the proposal to approve the merger agreement and the mergers is assured.

Recommendation of the US SEARCH Board of Directors

The US SEARCH board of directors met to consider the mergers and the merger agreement and, by a unanimous vote of those directors present, approved the merger agreement and the mergers and determined that the merger agreement and the mergers are advisable, fair to and in the best interests of US SEARCH and its stockholders. One director was absent from the meeting at which the US SEARCH board of directors approved the mergers and the merger agreement, but that director subsequently confirmed in writing to US SEARCH that he supports the mergers and the merger agreement. The US SEARCH board of directors recommends that you vote "FOR" the proposal to adopt the merger agreement and approve the mergers at the special meeting. See "THE MERGERS—US SEARCH Reasons for the Mergers" on page 33.

Voting, Revocation and Solicitation of Proxies

All shares of US SEARCH's common stock represented by properly executed proxies received in time for the special meeting will be voted at the special meeting in the manner specified by US SEARCH's stockholders giving those proxies. Properly executed proxies that do not contain voting instructions will be voted for the proposal.

If you plan to attend the annual meeting and wish to vote in person, you will be given a ballot at the annual meeting. Please note, however, that if your shares are held in "street name," which means your shares are held of record by a broker, bank or other nominee, and you wish to vote at the annual meeting, you must bring to the annual meeting a proxy from the record holder of the shares authorizing you to vote at the annual meeting.

You may vote your shares via the Internet by visiting <http://www.eproxy.com/srch/> at any time before 12:00 p.m., Pacific Time, on _____, 2003. Electronic voting, including voting via the Internet, is permitted pursuant to Section 212 of the Delaware General Corporation Law so long as it can be determined that the electronic transmission of the proxy was authorized by the stockholder. The Internet voting procedures are designed to authenticate your identity, to confirm your authorization, to allow you to give your voting instructions and to confirm that your instructions have been properly recorded. To vote via the Internet, you will need to enter the three digit company code and seven digit control number printed on your proxy card. If you vote via the Internet, you should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that you must bear.

A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that also offers Internet voting options. If your shares are held in an account with a broker or bank participating in the ADP Investor Communication Services program, you may vote those shares via the Internet at ADP Investor Communication Services' voting website (www.proxyvote.com).

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of US SEARCH at our principal executive office, 5401 Beethoven Street, Los Angeles, CA 90066, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Persons voting via the Internet cannot revoke their votes electronically, but rather must notify US SEARCH as specified in the preceding sentence. Attendance at the US SEARCH stockholder meeting will not, by itself, revoke a proxy or vote cast via the Internet. Revoking a proxy and failing to subsequently vote in person, electronically via the Internet or by a later proxy will result in a non-vote.

US SEARCH will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement/prospectus, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. US SEARCH may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of US SEARCH. No additional compensation will be paid to directors, officers or other regular employees for such services.

Abstentions and Broker Non-Votes

Shares of US SEARCH common stock held by persons attending the special meeting but not voting, and shares of US SEARCH common stock for which US SEARCH has received proxies but with respect to which holders of those shares have abstained from voting, will be counted as present at the special meeting for purposes of determining the presence or absence of a quorum for the transaction of business at the special meeting. Pequot

[Table of Contents](#)

Private Equity Fund II, L.P. holds of record approximately 54.1% of US SEARCH common stock outstanding as of April 1, 2003 and has agreed to vote all of its shares in favor of the proposal to approve the merger agreement and the mergers. Accordingly, so long as the parties perform their obligations under the voting agreement and the voting agreement remains in effect, approval of the proposal to approve the merger agreement and the mergers is assured. Because the affirmative vote of a majority of shares of US SEARCH common stock present or represented by proxy at the special meeting is required, abstentions will have the same effect as votes against the proposal. Abstentions granted via the Internet will be counted towards the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes.

Shares represented by proxies that reflect a broker “non-vote” will be counted for purposes of determining whether a quorum exists. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares. Because the affirmative vote of a majority of shares of US SEARCH common stock present or represented by proxy at the special meeting is required, broker non-votes will have the same effect as votes against the proposal.

Adjournments or Postponements

US SEARCH does not expect that any matter other than the proposals presented in this proxy statement/prospectus will be brought before the special meeting. However, if other matters are properly presented at the special meeting or any adjournment or postponement of the special meeting, shares represented by the proxies will not be voted on matters unrelated to approving the merger agreement and the mergers. Under the laws of the State of Delaware, no business may be raised at the special meeting unless proper notice to the US SEARCH stockholders has been given.

Adjournments may be made for the purpose of reconvening the stockholders meeting to permit a vote to be taken to approve the merger agreement and the mergers, but not for the purpose of soliciting additional proxies. An adjournment may be made from time to time by approval of the holders of shares representing a majority of the votes present in person or by proxy at the special meeting, whether or not a quorum exists, without further notice other than by an announcement made at the special meeting. If the adjournment is for more than 30 days, a notice of the adjourned meeting will be given to each stockholder entitled to vote at the meeting. US SEARCH does not currently intend to seek an adjournment of the special meeting.

THE MERGERS

Background of the Mergers

On June 7, 2002, Brent N. Cohen, the chief executive officer of US SEARCH, received an unsolicited telephone call from John W. Long, President of the FAST division, regarding whether US SEARCH might be interested in combining its business with the FAST division. Mr. Long stated his belief that combining the FAST division and US SEARCH would create a much stronger competitor in the screening services industry that would be profitable from the outset and have greater access to capital and other resources. Mr. Cohen expressed his interest in discussing further the possibility of combining the businesses. This initial discussion was followed by a meeting on June 13, 2002 at US SEARCH's headquarters in Los Angeles, California among Parker Kennedy, President of First American, Mr. Long, Mr. Cohen and Jeffrey R. Watts, Chief Financial Officer of US SEARCH. The meeting participants discussed how a combination could be structured and the possibility of using relative valuations of the FAST division and US SEARCH as the basis for determining how ownership of the combined company would be allocated among First American and US SEARCH stockholders. On June 17, 2002, First American and US SEARCH executed a mutual nondisclosure agreement for the purpose of facilitating the exchange of confidential information.

On June 20, 2002, Mr. Long and other senior executives of First American and the FAST division visited US SEARCH's headquarters. Mr. Cohen, Mr. Watts and other senior officers of US SEARCH made presentations describing US SEARCH's business. This meeting was followed by a telephone call between Mr. Cohen and Mr. Long on July 2, 2002 during which the relative strengths and weaknesses of the two businesses were discussed. On July 12, 2002, Mr. Cohen attended a meeting in St. Petersburg, Florida to hear a presentation from Mr. Long and other representatives of the FAST division describing its businesses, and to begin discussions regarding relative valuations of the FAST division and US SEARCH based on financial data exchanged between the parties. US SEARCH initially proposed that First American would receive 60% of the equity of the combined company for contributing the subsidiaries then comprising the FAST division and that the US SEARCH stockholders would receive 40% for US SEARCH; First American initially proposed 85% for the FAST division and 15% for US SEARCH.

On July 18, 2002, Mr. Cohen and Mr. Watts met with Mr. Long and Mr. Kennedy in Santa Ana, California. Mr. Kennedy and Mr. Long reiterated their interest in combining the First American subsidiaries then comprising the FAST division (which did not include Employee Health Programs or SafeRent at that time) with US SEARCH.

On July 23, 2002, the board of directors of US SEARCH held a special meeting by telephone. During the meeting, Mr. Cohen summarized the discussions and meetings to date with First American regarding a possible business combination. US SEARCH's board of directors formed a subcommittee comprised of Mr. Cohen, Lawrence D. Lenihan, Jr. and Alan C. Mendelson to gather more information regarding the proposed combination, participate in negotiating the terms of such combination, and, if appropriate, make a recommendation to the entire board concerning the transaction. The subcommittee agreed to report to the board of directors on July 29, 2002.

On July 26, 2002, First American delivered to Mr. Cohen a draft letter of intent setting forth the terms previously discussed with Mr. Kennedy and Mr. Long. The draft letter of intent contemplated that: First American would receive 80% of the capital stock of the combined company on a fully diluted and fully converted basis, with the remaining 20% comprising the shares held by US SEARCH stockholders and shares underlying US SEARCH options and warrants; the combined company would assume any indebtedness incurred by First American in acquiring additional screening businesses between the date the letter of intent was executed and the closing of the combination, or, if First American issued any of its stock in such acquisitions, the combined company would issue a promissory note to First American for the value of such stock; First American would ensure that the FAST division held at least \$25,000,000 in cash, less the amount of cash expended by First

American to acquire new screening businesses prior to closing; and Pequot Private Equity Fund II, L.P., US SEARCH's majority stockholder, would be required to enter into a voting agreement to vote its shares of US SEARCH stock in favor of the combination. The draft letter of intent by its terms would have required US SEARCH to agree to exclusive negotiations with First American and not publicly disclose the existence of the draft letter of intent. Mr. Cohen circulated the draft letter of intent to US SEARCH's board of directors.

On July 29, 2002, the board of directors of US SEARCH held a special meeting by telephone. During the meeting, Mr. Cohen summarized First American's draft letter of intent regarding a possible business combination. The board of directors discussed the draft letter of intent and the possibility of pursuing a strategic combination with subsidiaries of First American as an alternative to growing US SEARCH's business independently. The board of directors discussed the benefits and risks of US SEARCH continuing operations as a standalone company in light of its limited revenue base, current liquidity needs and limited ability to access additional capital under current market conditions. The board of directors considered the benefits to US SEARCH of joining with the FAST division to form a larger, profitable screening services business with greater access to capital and other resources. The board also reviewed a presentation regarding the potential valuation of a combined US SEARCH/Fast division prepared by Richard Heitzmann, US SEARCH's Senior Vice President Business Development on the basis of historical and projected financial information for the two businesses. This analysis showed ranges of implied market capitalization values for the combined company based on projected 2002 pro forma combined revenue and earnings before interest, taxes, depreciation and amortization (referred to as "EBITDA") for US SEARCH and the FAST division and a range of revenue and EBITDA multiples intended to approximate revenue and EBITDA multiples then applicable to other companies deemed comparable for purposes of this analysis. From such implied market capitalization values, the presentation showed ranges of implied equity values (market capitalization value less debt of \$40 million expected to be incurred in connection with acquisitions of Employee Health Programs and SafeRent by the FAST division prior to closing) for the 20% of the combined company proposed to be issued to US SEARCH stockholders of \$60-161 million based on projected 2002 revenue and \$50-109 million based on projected 2002 EBITDA. US SEARCH common stock was then trading at a price of \$0.39 per share, implying a market capitalization of less than \$39 million. After substantial discussion of all the issues described above, the subcommittee previously formed by the board to evaluate the transaction recommended and the board of directors concluded that US SEARCH should not sign First American's draft letter of intent, but authorized and directed Mr. Cohen to continue negotiations with First American. The board of directors also authorized Mr. Cohen to enter into discussions with Lehman Brothers about the possibility of Lehman Brothers acting as financial advisor to US SEARCH in connection with the possible combination and, in the event a transaction were to be negotiated, delivering an opinion to the board of directors regarding the fairness from a financial point of view of the consideration to be received by US SEARCH stockholders in such transaction.

On August 5, 2002, the board of directors of US SEARCH held a regularly scheduled meeting in US SEARCH's headquarters. At this meeting, the board of directors considered additional background information about First American and discussed possible structures of a transaction, relative valuations and other strategies for growth available to US SEARCH. The board of directors was informed that negotiations were continuing with Lehman Brothers concerning the possibility of Lehman Brothers advising US SEARCH on the possible combination.

From August 5, 2002 through early September, Mr. Cohen and Mr. Long continued discussions concerning the terms of a possible combination and the relative valuations of the FAST division and US SEARCH. Some of these discussions included representatives of Lehman Brothers assisting US SEARCH, and separate representatives of Lehman Brothers that were advising First American in connection with the possible combination. First American previously engaged Lehman Brothers to assist it in structuring a potential transaction and to advise it in evaluating proposed deal terms. First American did not impose any limitations on its Lehman Brothers team's services. On August 29, 2002, Mr. Cohen, Mr. Kennedy, Mr. Long and Mr. Lenihan met in New York to discuss First American's vision for the company that would result from combining the FAST division and US SEARCH. This meeting was followed by several telephone discussions between Mr. Cohen and

Mr. Long regarding relative valuations for the businesses based on the expected contribution that each business would make to the combined company in terms of revenues, EBITDA, net income and other less-quantifiable assets such as technology, customer base and management experience. On September 14, 2002, Mr. Cohen sent a letter to Mr. Long outlining general terms for a possible combination. The letter contemplated that US SEARCH stockholders would receive 25% of the capital stock of the combined company and be entitled to receive up to an additional 10% as the market capitalization of the combined company increased over time. Mr. Cohen's letter also contemplated that First American would ensure that the FAST division would be contributed to the combined company without any debt and with \$25.0 million of cash on its balance sheet.

On September 20, 2002, Mr. Long responded to Mr. Cohen's September 14, 2002 letter with a written summary of First American's proposed terms for a possible combination of the FAST division and US SEARCH. This summary contemplated that First American would contribute its screening services subsidiaries (including Employee Health Programs and SafeRent, which were then in the process of being acquired) and \$15.0 million in cash to US SEARCH in exchange for 80% of the capital stock of US SEARCH on a fully diluted basis. The shares of US SEARCH common stock currently issued to US SEARCH stockholders and underlying existing US SEARCH stock options and warrants would remain outstanding and together would represent the remaining 20% of US SEARCH's outstanding capital stock on a fully diluted basis following such a combination. The summary also contemplated that the shares of US SEARCH capital stock received by First American in the business combination would be shares of a new class of stock entitled to ten votes per share (compared to one vote per share for US SEARCH's existing common stock). The summary further contemplated that executives of the FAST division and US SEARCH (including Mr. Cohen, Mr. Heitzmann, David Wachtel, US SEARCH's Chief Technology Officer, H. Jake Mendelsohn, US SEARCH's Chief Information Officer, and Robert Schwartz, Executive Vice President, would continue as executives of the combined company. From September 20, 2002 through September 26, 2002, Mr. Cohen, Mr. Long and their respective financial and legal advisors continued negotiations regarding First American's proposed terms. By this time, it became clear to US SEARCH's management that First American viewed obtaining at least 80% of the equity of the combined company at closing as an essential term of the proposed transaction.

On September 27, 2002, the board of directors of US SEARCH held a special meeting by telephone during which Mr. Cohen updated the board of directors regarding his recent discussions with Mr. Long and First American's latest proposed terms for combining US SEARCH and the FAST division. These terms included those described in First American's September 20 summary of proposed terms, but also contemplated that US SEARCH stockholders would receive, as additional consideration, warrants to purchase additional shares of US SEARCH common stock at a strike price equal to the anticipated trading price of US SEARCH common stock at closing. In addition, US SEARCH would have a 10 member board of directors following the business combination, of whom one would be Mr. Cohen and one would be designated by Pequot Private Equity Fund II, L.P. The board then reviewed a presentation prepared in consultation with US SEARCH management by Lehman Brothers (which had begun to assist US SEARCH's management in evaluating the terms of the proposed combination) regarding the terms proposed by First American and preliminary estimates of the range of values to be received by US SEARCH stockholders. This presentation showed a range of implied market capitalization values for the combined company of \$330-380 million based on preliminary projected 2003 pro forma combined EBITDA for US SEARCH and the FAST division and a range of EBITDA multiples based on the EBITDA multiples of publicly-traded companies deemed to be closely comparable to the combined company. From such implied market capitalization values, the presentation showed a range of implied values for the 20% of the combined company proposed to be issued to US SEARCH stockholders of \$66-76 million without the warrants described above and \$70-80 million with such warrants. Such values (with the warrants) represented a 63-86% premium over the then current market value of US SEARCH common stock. Following further board discussion of the proposed terms and valuation issues, the subcommittee previously formed by the board to evaluate the transaction recommended to the full board of directors that it authorize the company's management to proceed with negotiating a definitive agreement with First American on the basis of the proposed terms. The subcommittee's recommendation was adopted by the full board of directors. The board of directors also approved formally engaging Lehman Brothers to assist management and the board of directors in evaluating the proposed

[Table of Contents](#)

combination and deliver an opinion to the board of directors with respect to the fairness from a financial point of view of the consideration to be received by US SEARCH stockholders in the possible combination. The board of directors believed Lehman Brothers was best qualified to assist US SEARCH because of Lehman Brothers' expertise and relationships within the background screening and business services industries, its familiarity with US SEARCH, and its experience with similar transactions. A separate team within Lehman Brothers was also hired to act as financial advisor to First American in connection with the transaction. Lehman Brothers agreed to provide a fairness opinion only to the board of directors of US SEARCH and not to First American.

During October 2002, representatives of US SEARCH and First American and their respective financial and legal advisors continued to discuss and negotiate possible terms and transaction structures, exchange comments on drafts of definitive agreements and conduct due diligence. The transaction structures considered by the parties included one that involved merging all of the subsidiaries comprising the FAST division into US SEARCH, which would continue as the public parent of the combined company; and an alternative structure that involved forming a new holding company that would form new subsidiaries into which all the FAST division companies and US SEARCH would merge, resulting in a new public parent company with seven operating subsidiaries. The parties ultimately agreed on the second structure because it better facilitated the desire of First American to implement a dual-class voting structure in the public parent entity and best ensured tax-free receipt of merger consideration by US SEARCH stockholders and First American. During the October 2002 discussions, representatives of US SEARCH also asked First American to consider providing US SEARCH stockholders "minority protections" in connection with First American receiving 80% of the shares of capital stock of the combined company. These requested minority protections included First American agreeing not to purchase additional shares of voting stock of the combined company beyond the shares it would receive in the business combination; engage in related party transactions; or sell control of the combined company to another party unless such party agrees to abide by the same minority protections.

On October 17, 2002, US SEARCH received a letter from a third party expressing interest in acquiring US SEARCH. US SEARCH's management responded by asking the third party to execute a nondisclosure agreement, which was followed by one telephone call between Mr. Cohen and the chief executive officer of the third party. The general discussions of terms and structure suggested that the third party might be interested in acquiring US SEARCH in exchange for stock of the third party at a price per share of less than \$0.30. US SEARCH's management did not believe such an offer would be sufficient. Moreover, the third party lacked the substantial financial resources and credibility of First American. Other than an initial inquiry, the third party did not make a formal offer or express any further interest in pursuing an acquisition of US SEARCH.

On October 22, 2002, the First American board of directors held a regular meeting at which representatives of Lehman Brothers summarized the then current terms of the proposed transaction discussed between the parties, the strategic rationale for entering into the transaction, and the relative contributions of the companies.

On October 31, 2002, the US SEARCH board of directors met by telephone for a regularly scheduled board meeting at which Mr. Cohen updated the board of directors regarding the status of negotiations between US SEARCH and First American. At this time, the board of directors became concerned that the protracted negotiations with First American had become a distraction to US SEARCH management, with the potential to harm the company's business. Board members discussed whether it might be preferable to cease further negotiations with First American and instead resume focusing on growing US SEARCH as a standalone business. The board of directors discussed various factors then affecting US SEARCH, including the company's limited scale and product set, lack of available capital to significantly grow the business or pursue other acquisitions in a consolidating industry, potential liquidity needs, possible delisting of its common stock from the Nasdaq National Market, and generally unfavorable market conditions. In this regard, the board of directors of US SEARCH discussed moving to the Nasdaq SmallCap Market and significantly decreasing its spending on technology initiatives in order to operate profitably. The US SEARCH board of directors ultimately concluded that pursuing a combination with the FAST division, if such a combination could be concluded on favorable terms, would be a more attractive option than continuing as a standalone business, and the board directed US SEARCH's management to continue negotiations with First American.

On November 18, 2002, Mr. Cohen, Mr. Long, other representatives of US SEARCH and First American and their respective financial and legal advisors met in Los Angeles, California. The purpose of the meeting was to attempt to resolve outstanding issues concerning the proposed combination, including possible adjustments to the consideration that would be payable to US SEARCH stockholders and First American to reflect issues that surfaced in each company's respective diligence investigation. The representatives of First American proposed that First American should receive additional warrants to purchase a significant number of shares of common stock of the combined company to mirror US SEARCH's currently outstanding stock options and warrants if such options and warrants were converted in the mergers into options and warrants of the combined company. In addition, the parties also discussed possible terms by which First American would loan up to \$1,400,000 to US SEARCH after signing a definitive agreement for the proposed combination, which loan First American offered to address US SEARCH's concerns that it would need to ensure access to additional capital in the event that there would be significant delay between signing and closing of a combination.

Between November 18, 2002 and December 5, 2002, the parties and their respective financial and legal advisors continued negotiating the possible terms of the proposed combination, including: the possibility of eliminating the additional warrants to be issued as merger consideration to US SEARCH stockholders in favor of eliminating mirror warrants proposed to be issued to First American; how the amount of First American's cash capital contribution would be calculated; whether First Advantage stock options initially issued to former employees of the FAST division following closing of the mergers should be dilutive to First American only; and the minority protections that would restrict First American following the combination. During this same period, the parties substantially completed the due diligence process.

On November 22, 2002, the executive committee of the First American board of directors held a meeting attended by representatives from Lehman Brothers. The committee received an update of the terms of the proposed transaction, the financial condition of the companies, a discounted cash flow analysis and considered potential benefits from a combination.

On December 5, 2002, representatives of US SEARCH and First American and their respective financial and legal advisors met by telephone to further discuss calculations for eliminating the merger warrants to be issued to US SEARCH stockholders in exchange for eliminating the mirror warrants to be issued to First American. By December 12, 2002, representatives of the parties had agreed to eliminate both the merger warrants and the mirror warrants from the proposed business combination in favor of a structure in which US SEARCH stockholders would receive approximately 20% of the shares of capital stock of the combined company and all existing US SEARCH options and warrants would be converted into options and warrants of the combined company at the same implied exchange ratio. The parties further agreed that future grants of stock options to employees, directors and officers of First Advantage would dilute all First Advantage stockholders in accordance with their respective ownership interests. The parties then agreed on the following methodology to determine the final exchange ratio that would be applicable to the exchange of US SEARCH common stock for shares of First Advantage Class A common stock and calculate the number of shares to be issued to First American for contributing the FAST division:

- First, the parties agreed on a target capitalization of 20 million shares for First Advantage based on the goal of establishing an initial trading price and float for First Advantage Class A common stock that would be sufficient to exceed the minimum listing requirements for the Nasdaq National Market and be appropriate for a new registrant effectively completing an initial public offering.
- Second, 20% of the 20 million First Advantage shares would be allocated to US SEARCH stockholders, and the exact exchange ratio would be determined by dividing such allocated shares by the aggregate number of shares of US SEARCH common stock issued and outstanding as of the date of the merger agreement.
- Third, at closing, First American would receive shares of First Advantage Class B common stock equal to four times the number of shares of First Advantage Class A common stock actually issued to

[Table of Contents](#)

US SEARCH stockholders, plus an additional number of shares of Class B common stock as an offset against the current value of out-of-the money options and warrants to purchase US SEARCH common stock that will convert in the mergers into options and warrants to purchase First Advantage Class A common stock. The exact number of additional shares issuable as such an offset was not agreed upon at this stage, but the parties subsequently agreed on such number and that First American would receive additional shares of First Advantage Class B common stock if US SEARCH incurs indebtedness in excess of \$4.4 million, in the event US SEARCH failed to disclose in the merger agreement the existence of options or warrants to acquire US SEARCH stock, and if US SEARCH issued new options or warrants to acquire US SEARCH stock between the signing and closing of the merger agreement.

On December 12, 2002, the US SEARCH board of directors held a special meeting by telephone to consider the proposed transaction. All US SEARCH directors, members of management, and representatives of Lehman Brothers and Latham & Watkins LLP, legal counsel to US SEARCH, participated in the meeting. Mr. Cohen reported to the board of directors that the negotiations concerning the combination of US SEARCH and the FAST division were substantially complete, subject to resolving the final calculation of the number of shares of capital stock of the combined company to be issued to First American at the closing of the transaction and minor business issues. Representatives of Lehman Brothers summarized the principal financial terms of the proposed transaction and described financial analysis performed by Lehman Brothers. Lehman Brothers did not render its fairness opinion at that time pending resolution of all remaining open issues on the proposed merger agreement and terms. Latham & Watkins LLP then advised the members of the board of their fiduciary duties with respect to deciding whether to approve the merger agreement and mergers of US SEARCH. After discussion among board members regarding the proposed transaction, the full board voted unanimously to authorize Mr. Cohen to negotiate the unresolved issues concerning the proposed business combination.

Over the next day, the parties agreed upon the terms to calculate the number of shares of First Advantage Class B common stock issuable to First American in the mergers, including the number of additional shares issuable to First American as an offset against the current value of US SEARCH's out-of-the-money options and warrants to be converted in the mergers.

On December 13, 2002, the US SEARCH board of directors again held a special meeting by telephone, at which all of US SEARCH's directors, other than Harry Chandler, members of US SEARCH's senior management and financial and legal advisors were present. At the meeting, Latham & Watkins LLP informed the board that the parties had resolved all remaining issues and reaffirmed the terms of the proposed transaction. Lehman Brothers confirmed that its financial analysis, presented the day before, still applied to the terms of the proposed transaction and delivered its oral opinion, subsequently confirmed in writing, that, as of that date and subject to certain matters stated in the opinion, the exchange ratio for the US SEARCH mergers was fair from a financial point of view to US SEARCH stockholders. Following further discussion regarding the proposed combination, all US SEARCH directors present at the meeting approved the merger agreement and the transactions contemplated by it, including the US SEARCH mergers, and resolved to recommend that the US SEARCH stockholders vote to approve the merger agreement and the US SEARCH mergers. Harry Chandler subsequently confirmed in writing that he also approved of the merger agreement and the transactions contemplated by it.

The merger agreement, the voting agreement and the stockholders agreement were executed by the parties later that day.

US SEARCH Reasons for the Mergers

The US SEARCH board of directors believes that the mergers are in the best interests of US SEARCH stockholders and has approved the merger agreement and determined it to be advisable, and recommends that the US SEARCH stockholders vote "FOR" adopting the merger agreement and approval of the mergers.

[Table of Contents](#)

In reaching its decision to approve the mergers and the merger agreement, the US SEARCH board of directors consulted with US SEARCH management and its financial and legal advisors, and considered the following factors:

- the per share merger consideration, based on valuation models prepared by US SEARCH's financial advisor and management, in relation to the recent market trading prices for US SEARCH's common stock;
- the complementary nature of the US SEARCH and the FAST division businesses and the strong strategic and synergistic benefits of combining US SEARCH with the FAST division, which benefits will immediately position the combined company as a significant market player in each of the screening segments in which it will participate;
- the fact that the combined company will likely be one of the largest screening services companies in the country based on pro forma combined revenues;
- US SEARCH's long term prospects as an independent company, the constraints on US SEARCH's ability to pursue its strategic objectives due to its limited access to capital and its present size, the current condition of capital markets, and the belief that US SEARCH's long term prospects would be enhanced by the mergers;
- the general condition of the screening industry and the likely benefits to US SEARCH stockholders of consolidating its business with others to create a more significant participant in the industry;
- the apparent trend of consolidation in the screening industry and the likelihood that competitors of US SEARCH would participate in this consolidation;
- the strength and experience of the management group of the combined company;
- the benefits to the combined entity of a continuing relationship with First American, including the benefits of the services to be provided to the combined company by First American pursuant to the services agreement;
- the significant cost savings available to the combined company as a result of operational synergies;
- the anticipated financial resources of the combined company;
- the opinion of Lehman Brothers that, as of the date of its opinion, and based on and subject to certain matters stated therein, the exchange ratio was fair from a financial point of view to US SEARCH stockholders. See "THE MERGERS—Fairness Opinion of Financial Advisor to US SEARCH" on page 36;
- the anticipated effectiveness of the mergers in implementing US SEARCH's strategy of providing diversified screening services to its customers and of expanding beyond its retail consumer business into services for business customers;
- the increased scale, scope and financial strength of the combined company, the potential greater liquidity of the combined company and the combined company's potential for increased access to capital;
- the structure of the mergers and the financial and other terms of the merger agreement, including First American's agreement to cause First Advantage to have \$15 million in cash on the closing date (less expenses related to the transaction and amounts owed to First American by US SEARCH);
- the restrictions placed upon the conduct of First American in the standstill agreement, including restrictions upon its ability to acquire additional shares of capital stock of the combined company, and a requirement that transactions between First American and the combined company be approved by a committee of the board of directors of the combined company consisting solely of disinterested directors;
- the anticipated tax treatment of the mergers to US SEARCH stockholders;

[Table of Contents](#)

- the ability of US SEARCH under certain circumstances to consider unsolicited alternative proposals, its ability to terminate the merger agreement under certain circumstances including to permit it to accept one of such proposals, and the termination fees payable to First American if the merger agreement is terminated under certain circumstances including US SEARCH's acceptance of one of such proposals; and
- the possibility that US SEARCH's common stock would be delisted from the Nasdaq National Market System if US SEARCH did not pursue a strategic transaction or a reverse stock split.

In addition to these factors, the US SEARCH board of directors also identified and considered the following potentially negative factors in its deliberations concerning the mergers:

- the risk that the potential benefits of the mergers may not be realized fully as a result of integration difficulties, negative market perception or public confusion about the mergers, general industry-wide or economic conditions or other factors;
- risks associated with US SEARCH stockholders owning a minority interest in a company controlled by a single large shareholder, resulting in US SEARCH stockholders having little or no influence over stockholder decisions;
- the risk that if the mergers are not consummated, US SEARCH's management will have devoted substantial time and resources to the combination at the expense of attending to and growing US SEARCH's business;
- the risk that US SEARCH stockholders will be unable to predict the trading price of the First Advantage Class A common stock they will receive in the mergers due to the lack of a public market for First Advantage Class A common stock;
- the risk that officers and directors of US SEARCH have interests different than those of US SEARCH stockholders including severance benefits due to Brent Cohen, US SEARCH's Chief Executive Officer, under certain circumstances, options that will become vested upon consummation of the mergers held by certain officers and directors of US SEARCH, and that Mr. Cohen and Lawrence D. Lenihan, Jr., both current directors of US SEARCH, will continue to serve as directors of First Advantage following the mergers;
- risks associated with the fact that First Advantage has no operating history;
- the risk that First Advantage Class A common stock will have minimal liquidity due to its small public float; and
- the risk that First American or its affiliates may compete directly with the combined entity in the screening industry.

The US SEARCH board of directors ultimately determined that the positive factors outweighed the negative factors in deciding to proceed with the mergers, but the board of directors did not quantify or assign any relative or specific weights to the various factors that it considered. Rather, the US SEARCH board of directors based its recommendation on the totality of the information presented to and considered by it. In addition, individual members of the US SEARCH board of directors may have given different weight to different factors considered in the analysis.

Recommendation of the US SEARCH Board of Directors

The US SEARCH board of directors has approved the merger agreement and the mergers and determined that the merger agreement and the mergers are advisable, fair to and in the best interests of US SEARCH and its stockholders. The US SEARCH board of directors recommends that you vote "FOR" the proposal to adopt the merger agreement and approve the mergers at the special meeting.

Fairness Opinion of Financial Advisor to US SEARCH

On September 27, 2002, the board of directors of US SEARCH engaged Lehman Brothers to act as its financial advisor in connection with the proposed transaction with the FAST division. On December 13, 2002, Lehman Brothers rendered its oral and written opinion to the board of directors of US SEARCH with respect to the proposed transaction, that as of such date and, based upon and subject to certain matters stated therein, the exchange ratio to be received by the stockholders of US SEARCH pursuant to the merger agreement was fair to such stockholders from a financial point of view.

This summary of the Lehman Brothers opinion set forth in this proxy statement/prospectus is qualified in its entirety by reference to the full text of the opinion attached as Annex B to this proxy statement/prospectus. US SEARCH stockholders may read the opinion for a discussion of the assumptions made, procedures followed, factors considered and limitations upon the review undertaken by Lehman Brothers in rendering its opinion.

Lehman Brothers' advisory services and opinion were provided for the information and assistance of the US SEARCH board of directors in connection with its consideration of the proposed transaction. The Lehman Brothers opinion is not intended to be and does not constitute a recommendation to any stockholder of US SEARCH as to how such stockholder should vote in connection with the proposed transaction. Lehman Brothers was not requested to opine as to, and the Lehman Brothers opinion does not address, US SEARCH's underlying business decision to proceed with or effect the proposed transaction. Moreover, Lehman Brothers did not determine or recommend the specific exchange ratio used in the merger agreement, which was determined through negotiation by US SEARCH and First American with Lehman Brothers merely providing assistance in making financial and numerical calculations.

No limitations were imposed by US SEARCH on the scope of Lehman Brothers' investigation or the procedures to be followed by Lehman Brothers in rendering its opinion, except that US SEARCH did not authorize Lehman Brothers to solicit, and Lehman Brothers did not solicit, any formal indications of interest from any third party with respect to the purchase of all or a part of US SEARCH's business. In arriving at its opinion, Lehman Brothers did not ascribe a specific range of value to US SEARCH or the FAST division, but rather compared the relative value of US SEARCH to the relative value of the FAST division using the financial and comparative analysis described below to determine the fairness from a financial point of view to the stockholders of US SEARCH of the exchange ratio to be received by such stockholders in the proposed transaction. The preparation of this fairness opinion involves various determinations as to the most appropriate and relevant methods of financial and comparative analysis and the application of those methods to the particular circumstances, and therefore, such an opinion is not readily susceptible to summary description. Furthermore, in arriving at its opinion, Lehman Brothers did not attribute any particular weight to any analysis or factor considered by it, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, Lehman Brothers believes that its analyses must be considered as a whole and that considering any portion of such analyses and factors, without considering all analyses and factors as a whole, could create a misleading or incomplete view of the process underlying its opinion. In its analyses, Lehman Brothers made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of US SEARCH and the FAST division. None of US SEARCH, First American, First Advantage, Lehman Brothers, or any other person assumes responsibility if future results are materially different from those discussed. Any estimates contained in these analyses were not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than as set forth therein. In addition, analyses relating to the value of businesses do not purport to be appraisals or to reflect the prices at which businesses actually may be sold.

Table of Contents

In arriving at its opinion, Lehman Brothers reviewed and analyzed:

- the merger agreement and the specific terms of the proposed transaction;
- publicly available information concerning US SEARCH that Lehman Brothers believed to be relevant to its analysis, including US SEARCH's annual reports on Form 10-K for the fiscal years ended December 31, 2001 and 2000, and quarterly reports on Form 10-Q for the quarters ended March 31, 2002, June 30, 2002, and September 30, 2002;
- financial and operating information with respect to the business, operations and prospects of US SEARCH and the FAST division furnished to Lehman Brothers by US SEARCH and the FAST division, including unaudited historical financial statements for each of the companies then comprising the FAST division for varying periods between January 1, 2000 and September 30, 2002 provided by the FAST division, and unaudited pro forma combined financial statements for the fiscal year ending December 31, 2001 and nine months ending September 30, 2002;
- the financial projections for US SEARCH and the FAST division prepared by the management of each entity;
- a trading history of US SEARCH's common stock from June 25, 1999 to the present and a comparison of that trading history with those of other companies that Lehman Brothers deemed relevant;
- a comparison of the historical financial results and present financial condition of US SEARCH and the FAST division with those of other companies that Lehman Brothers deemed relevant;
- a comparison of the financial terms of the proposed transaction with the financial terms of certain other transactions that Lehman Brothers deemed relevant;
- the relative contributions of US SEARCH and the FAST division to the historical and future financial performance of First Advantage on a pro forma basis;
- US SEARCH's near term liquidity requirements and the ability of US SEARCH to meet those requirements in the absence of the proposed transaction;
- the results of Lehman Brothers' informal efforts to solicit interest from third parties with respect to an acquisition of US SEARCH; and
- the pro forma impact of the proposed transaction on the current and future financial position of First Advantage.

In addition, Lehman Brothers had discussions with the management of US SEARCH and the FAST division concerning their respective businesses, operations, assets, financial condition and prospects and undertook such other studies, analyses and investigations as Lehman Brothers deemed appropriate.

In arriving at its opinion, Lehman Brothers assumed and relied upon the accuracy and completeness of the financial and other information used by Lehman Brothers without assuming any responsibility for independent verification of such information and further relied upon the assurances of management of US SEARCH and the FAST division that they were not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the financial projections of US SEARCH and the FAST division, upon advice of US SEARCH, Lehman Brothers assumed that such projections had been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of US SEARCH and the FAST division, respectively, as to the future financial performance of US SEARCH and the FAST division. However, for the purpose of its analysis, Lehman Brothers considered certain somewhat more conservative assumptions and estimates which resulted in certain adjustments to the projections of both US SEARCH and the FAST division. Lehman Brothers discussed these adjusted projections with the management of US SEARCH and they agreed with the appropriateness of the use of such adjusted projections in performing the analysis. Upon the advice of US SEARCH and the FAST division, Lehman Brothers assumed that the FAST division unaudited

[Table of Contents](#)

financials materially reflect the financial performance of the FAST division and will be substantially similar to the results reflected in the audited financials for the companies comprising the FAST division. In arriving at its opinion, Lehman Brothers conducted only a limited physical inspection of the properties and facilities of US SEARCH and the FAST division and did not make or obtain any evaluations or appraisals of the assets or liabilities of US SEARCH and the FAST division. In addition, US SEARCH did not authorize Lehman Brothers to formally solicit, and Lehman Brothers did not so solicit, any indications of interest from any third party with respect to the purchase of all or a part of US SEARCH's business. The Lehman Brothers opinion necessarily was based upon market, economic and other conditions as they exist on, and can be evaluated as of, the date of the Lehman Brothers opinion.

Lehman Brothers expressed no opinion as to the prices at which shares of First Advantage common stock will trade following consummation of the proposed transaction. This opinion should not be viewed as providing any assurance that the market value of the shares of First Advantage common stock after consummation of the proposed transaction will be in excess of the market value of such shares at any time before announcement or consummation of the proposed transaction.

The following is a summary of the material financial and comparative analyses used by Lehman Brothers in connection with providing its opinion to the US SEARCH board of directors. Certain of the summaries of financial analyses include information presented in tabular format. In order to fully understand the financial analyses used by Lehman Brothers, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Accordingly, the analyses listed in the tables and described below must be considered as a whole. Considering any portion of such analyses and of the factors considered, without considering all analyses and factors, could create a misleading or incomplete view of the process underlying the Lehman Brothers opinion.

Comparable Transactions Analysis

The comparable transactions analysis provided a market benchmark based on the consideration paid in certain precedent transactions selected by Lehman Brothers. Lehman Brothers reviewed certain publicly available information on seven transactions involving target companies that Lehman Brothers deemed comparable to US SEARCH and the FAST division. The following transactions were included in Lehman Brothers' analysis:

<u>Announcement Date</u>	<u>Acquiror Name</u>	<u>Target Name</u>
12/05/02	Welsh, Carson, Anderson & Stowe	US Investigations Services, Inc.
9/10/02	US Investigations Services, Inc.	Total Information Services, Inc., a division of The Official Information Company
6/18/01	Automatic Data Processing, Inc.	Avert, Inc.
2/14/00	ChoicePoint Inc.	DBT Online, Inc.
8/20/99	DBT Online, Inc.	Information America's online public records business
5/7/99	DBT Online, Inc.	I.R.S.C., Inc.
1/21/99	Kroll, Inc.	Background America, Inc.

Lehman Brothers compared enterprise values in the selected transactions as multiples of the latest 12 months revenue, and earnings before interest, taxes, depreciation and amortization (EBITDA). All multiples were based on financial information publicly available at the time the relevant transactions were announced. Lehman Brothers applied a range of selected multiples for the selected transactions to the corresponding financial data of US SEARCH and the FAST division. In the case of the FAST division, the financial data utilized in the comparable transactions analysis as well as the comparable company analysis and contribution analysis described below assumed all acquisitions of the FAST division companies were completed at the beginning of the relevant

Table of Contents

periods and contained certain pro forma adjustments related to estimated cost savings from certain acquisitions. This analysis indicated an implied equity value reference range for US SEARCH of approximately \$49 million to \$79 million and an implied equity value reference range for the FAST division of approximately \$245 million to \$330 million. Lehman Brothers compared the equity value reference ranges for US SEARCH and the FAST division and derived an implied US SEARCH ownership percentage in First Advantage of 13% to 24%, which corresponds to an implied exchange ratio range of 0.026 to 0.048. The implied percentage ownership of US SEARCH in First Advantage of 20% and the exchange ratio of 0.04 in the proposed transaction fell within these ranges.

However, because the reasons for and the circumstances surrounding each of the transactions analyzed were so diverse and because of the inherent differences between the business, operations and prospects of US SEARCH and the FAST division, on the one hand, and the business, operations and prospects of the companies included in the comparable transactions group, on the other hand, Lehman Brothers believed that it was inappropriate to, and therefore did not rely solely on the quantitative results of the comparable transaction analysis. Accordingly, Lehman Brothers also made qualitative judgments concerning differences between the reasons for and the circumstances surrounding the proposed transaction and the transactions included in the comparable transaction analysis that would affect the relative values of US SEARCH and the FAST division, on the one hand, and the parties to the comparable transactions, on the other hand.

Comparable Company Analysis

The comparable company analysis assessed how the public market values shares of similar publicly traded companies by comparing specific financial and operating data relating to US SEARCH and the FAST division with other publicly traded public records and database companies deemed comparable. The companies that Lehman Brothers deemed comparable to US SEARCH and the FAST division and used in the comparable company analysis were as follows:

ChoicePoint Inc.	Hoover's, Inc.
The Dun & Bradstreet Corporation	InfoUSA Inc.
Edgar Online, Inc.	Kroll Inc.
Equifax Inc.	OneSource Information Services, Inc.
Factual Data Corp.	TALX Corporation
Harris Interactive Inc.	

Lehman Brothers reviewed enterprise values of the selected public companies with multiples of estimated 2002 and 2003 revenue and EBITDA. All multiples were based on closing stock prices as of December 10, 2002. Estimated financial data for the selected companies was based on publicly available securities analysts' estimates. Lehman Brothers applied a range of selected multiples for the selected comparable companies to the corresponding financial data of US SEARCH and the FAST division. Estimated financial data for US SEARCH and the FAST division was based on both the management projections and adjusted projections for both companies. This analysis indicated an implied equity value reference range for US SEARCH of approximately \$49 million to \$64 million and an implied equity value reference range for the FAST division of approximately \$215 million to \$265 million. Lehman Brothers compared the equity value reference ranges for US SEARCH and the FAST division and derived an implied US SEARCH ownership percentage in First Advantage of 16% to 23%, which corresponds to an implied exchange ratio range of 0.032 to 0.046. The implied percentage ownership of US SEARCH in First Advantage of 20% and the exchange ratio of 0.04 in the proposed transaction fell within these ranges.

However, because of the inherent differences between the business, operations and prospects of US SEARCH, the FAST division and the business, operations and prospects of the companies included in the comparable companies, Lehman Brothers believed that it was inappropriate to and therefore did not rely solely on the quantitative results of the comparable company analysis. Accordingly, Lehman Brothers also made

[Table of Contents](#)

qualitative judgments concerning differences between the financial and operating characteristics and prospects of US SEARCH, the FAST division and the companies included in the comparable company analysis that would affect the public trading values of each.

Discounted Cash Flow Analysis

The discounted cash flow analysis provided a net present valuation of projections of the after-tax cash flows (defined as operating cash flow available after working capital, capital spending, tax and other operating requirements) based on the respective projections prepared by the managements of US SEARCH and the FAST division, as well as the more conservative adjusted projections. Utilizing such valuations, Lehman Brothers then compared the equity value reference ranges for US SEARCH and the FAST division derived from these models, and arrived at an implied relative percentage ownership in First Advantage.

US Search. Lehman Brothers estimated the present value of the stand-alone, unlevered, after-tax free cash flows that US SEARCH could produce over the fiscal years 2003 through 2012 based on two operating scenarios. The first scenario was based on projections provided by US SEARCH management for fiscal years 2003 through 2006. The second scenario used the more conservative adjusted projections. Lehman Brothers also estimated a range of terminal values as of 2012 calculated based on assumed annual free cash flow growth rates in perpetuity beyond 2012 in the range of 4% to 6%. The free cash flows for 2003 through 2012, as well as the estimated terminal values, were then discounted to present values using a discount rate range of 23% to 27%, which is based on US SEARCH's estimated weighted average cost of capital. This analysis indicated an overall equity value reference range of \$101 million to \$134 million based on the management projections, and \$55 million to \$71 million based on the adjusted projections.

The FAST division. Lehman Brothers estimated the present value of the stand-alone, unlevered, after-tax free cash flows that the FAST division could produce over the fiscal years 2003 through 2012 based on two operating scenarios. The first scenario was based on projections provided by management of the FAST division for fiscal years 2003 through 2005. The second scenario used the more conservative adjusted projections. Lehman Brothers also estimated a range of terminal values as of 2012 calculated based on assumed annual free cash flow growth rates in perpetuity beyond 2012 in the range of 4% to 6%. The free cash flows for 2003 through 2012, as well as the estimated terminal values, were then discounted to present values using a discount rate range of 13% to 15%, which is based on the weighted average cost of capital of companies that Lehman Brothers deemed comparable to the FAST division. This analysis indicated an overall equity value reference range of \$246 million to \$351 million based on the management projections, and \$198 million to \$280 million based on the adjusted projections.

Summary. Lehman Brothers compared the equity value reference ranges for US SEARCH and the FAST division in order to arrive at an implied relative percentage ownership in First Advantage. Based on a comparison of the management projections for both companies, the implied relative percentage ownership range for US SEARCH was 22% to 35%, which corresponds to an implied exchange ratio range of 0.044 to 0.07. Based on a comparison of the adjusted projections for both companies, the implied relative percentage ownership range for US SEARCH was 16% to 27%, which corresponds to an implied exchange ratio range of 0.032 to 0.054. The implied percentage ownership of US SEARCH in First Advantage of 20% and the exchange ratio of 0.04 in the proposed transaction fell below the ranges of implied ownership and exchange ratios based on the management projections, and within the ranges based on the adjusted projections.

Contribution Analysis

The contribution analysis analyzed the relative contributions of US SEARCH and the FAST division to First Advantage based on latest twelve months pro forma revenue and EBITDA, and estimated pro forma fiscal year 2002 and 2003 revenue and EBITDA. Using the relative contributions derived in the contribution analysis, Lehman Brothers then developed the implied ownership percentages shown below by adjusting for the net debt

[Table of Contents](#)

of US SEARCH and the FAST division. The last twelve months and projected 2002 figures shown below assume all acquisitions were completed at the beginning of the relevant periods and contain certain pro forma adjustments related to estimated cost savings from certain transactions. 2002 and 2003 management projections for the FAST division were prepared by the individual companies comprising the FAST division, which were then combined to create the FAST division projections. The US SEARCH management projections were prepared by the management of US SEARCH. US SEARCH does not as a matter of course make public projections as to its future performance or earnings, and First American does not as a matter of course make public projections as to the future performance or earnings of its FAST division. However, in connection with the discussions concerning the proposed combination, US SEARCH and First American exchanged and furnished to Lehman Brothers certain projected financial data for US SEARCH and the FAST division, including earnings before interest, taxes, depreciation and amortization, referred to as "EBITDA." These projections were not prepared with a view toward public disclosure or compliance with published guidelines of the SEC, U.S. generally accepted accounting principles or other applicable accounting standards, and are included in this proxy statement/prospectus only because they were used by Lehman Brothers in conducting its analyses concerning the combination. Upon the advice of US SEARCH, Lehman Brothers assumed that the projections provided by US SEARCH and the FAST division had been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of US SEARCH and the FAST division, respectively, as to the future financial performance of US SEARCH and the FAST division. However, for the purpose of its analysis, Lehman Brothers considered certain somewhat more conservative assumptions and estimates which resulted in certain adjustments to the projections of both US SEARCH and the FAST division. Lehman Brothers discussed these adjusted projections with the management of US SEARCH and it agreed with the appropriateness of the use of such adjusted projections in performing the analysis. Both the management projections and the adjusted projections were used in the contribution analysis. The results of this analysis are shown below.

	Amount \$ mil		Relative Contribution Percentage		Implied Ownership Percentage	
	US SEARCH	FAST division	US SEARCH	FAST division	US SEARCH	FAST division
Last Twelve Months Revenue	\$ 29.0	\$ 122.4	19 %	81%	18%	82%
2002E Revenue	31.0	127.0	20 %	80%	19%	81%
2003E Revenue—management projections	46.0	144.0	24 %	76%	23%	77%
2003E Revenue—adjusted projections	42.0	139.0	23 %	77%	22%	78%
Last Twelve Months Pro Forma EBITDA	(5.7)	14.1	(67)%	167%	—	—
2002E Pro Forma EBITDA	(2.9)	15.8	(22)%	122%	—	—
2003E EBITDA—management projections	6.0	23.0	21 %	79%	20%	80%
2003E EBITDA—adjusted projections	4.3	19.3	18 %	82%	17%	83%

Based on the contribution analysis shown above, Lehman Brothers concluded that the implied ownership percentage for US SEARCH in First Advantage was in the range of 17% to 23%, which corresponds to an implied exchange ratio range of 0.034 to 0.046. The implied percentage ownership of US SEARCH in First Advantage of 20% and the exchange ratio of 0.04 in the proposed transaction fell within these ranges.

Implied Premium Analysis

Assuming a range of potential trading values for First Advantage, Lehman Brothers calculated the implied premium delivered to US SEARCH stockholders based on the agreed upon US SEARCH ownership percentage in First Advantage of approximately 20%. The following table outlines the implied premium to the US SEARCH share price over various time periods ending December 10, 2002 assuming an illustrative First Advantage market value range of \$275 to \$425 million.

	First Advantage Illustrative Market Value (\$mil)			
	\$275	\$325	\$375	\$425
Implied Premium to closing share price as of 12/10/02	5.0%	23.2%	41.4%	59.5%
Implied Premium to 10 day average closing price	8.0%	27.8%	47.6%	67.4%
Implied Premium to 30 day average closing price	35.0%	59.8%	84.5%	109.3%

Lehman Brothers noted that as a result of the volatility and limited liquidity of US SEARCH's share price, it was more appropriate to analyze the premium based on longer term average closing share prices, such as the 30 day average closing price premiums shown above. Lehman Brothers then compared the implied premiums shown above to the premiums paid over the stock price for 10 precedent transactions in the business services sector and 17 precedent transactions in the software sector since May of 2000 with transaction values below \$300 million. These premiums are shown below.

	Low	Mean	Median	High
Business Services				
Premium to share price 1 week before announcement	8.4 %	74.3%	71.3%	147.3%
Premium to share price 1 month before announcement	(6.2)%	49.1%	56.7%	94.3%
Software				
Premium to share price 1 week before announcement	(47.5)%	42.2%	40.3%	109.3%
Premium to share price 1 month before announcement	(61.3)%	51.4%	51.3%	117.8%

Lehman Brothers is an internationally recognized investment banking firm and, as part of its investment banking activities, is regularly engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, competitive bids, secondary distributions of listed and unlisted securities, private placements, and valuations for corporate and other purposes. US SEARCH's board of directors selected Lehman Brothers because of its expertise, reputation, and familiarity with the business services sector and because its investment banking professionals have substantial experience in transactions comparable to the mergers.

As compensation for its services in connection with the mergers, US SEARCH has agreed to pay Lehman Brothers a fee of \$1.3 million. In addition, US SEARCH has agreed to reimburse Lehman Brothers for reasonable out-of-pocket expenses incurred in connection with the mergers and to indemnify Lehman Brothers for certain liabilities that may arise out of its engagement by US SEARCH and the rendering of the Lehman Brothers opinion. In addition, with the consent of the board of directors of US SEARCH, a separate team within Lehman Brothers also is acting as financial advisor to First American in connection with the mergers, for which Lehman Brothers will be paid a separate fee of \$1.0 million. This additional fee will be paid by First American, and offset against the funds that First American is obligated to transfer to First Advantage upon closing of the mergers. The compensation negotiated by Lehman Brothers with each of US SEARCH and First American for its role as financial advisor to both companies is largely contingent on the successful completion of the proposed combination of US SEARCH and the FAST division. The compensation negotiated with each of US SEARCH and First American by Lehman Brothers for its role as financial advisor to each of them is largely contingent on the successful completion of the proposed mergers, which is standard and customary for transactions similar to the proposed combination. The team within Lehman Brothers hired by First American has performed banking

[Table of Contents](#)

services for First American in the past and was selected by First American's president, while US SEARCH had no pre-existing relationship with Lehman Brothers. In addition, First American had no role in introducing Lehman Brothers to US SEARCH, and US SEARCH had no role in First American choosing to use Lehman Brothers for the proposed combination.

In the ordinary course of its business, Lehman Brothers may trade in the equity securities of US SEARCH and First American for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities.

Structure of the Mergers

The merger agreement provides for the merger of Stockholm Seven Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, with and into US SEARCH. As a result of this merger, US SEARCH will become a wholly-owned subsidiary of First Advantage.

The merger agreement also provides that the following mergers will occur immediately before the merger of Stockholm Seven Merger Corp. with and into US SEARCH:

- Stockholm One Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into SafeRent, Inc., a wholly-owned subsidiary of First American. As a result of this merger, SafeRent will become a wholly-owned subsidiary of First Advantage.
- Stockholm Two Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into Employee Health Programs, Inc., a wholly-owned subsidiary of First American. As a result of this merger, Employee Health Programs will become a wholly-owned subsidiary of First Advantage.
- Stockholm Three Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into Substance Abuse Management, Inc., a wholly-owned subsidiary of First American. As a result of this merger, Substance Abuse Management will become a wholly-owned subsidiary of First Advantage.
- Stockholm Four Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into HireCheck, Inc., a wholly-owned subsidiary of First American. As a result of this merger, HireCheck will become a wholly-owned subsidiary of First Advantage.
- Stockholm Five Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into American Driving Records, Inc., a wholly-owned subsidiary of First American. As a result of this merger, American Driving Records will become a wholly-owned subsidiary of First Advantage.
- Stockholm Six Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into First American Registry, Inc., a wholly-owned subsidiary of First American. As a result of this merger, First American Registry will become a wholly-owned subsidiary of First Advantage.

First American also has agreed to contribute First American Indian Holdings LLC to First Advantage as part of the transaction.

Consideration to be Received by US SEARCH Stockholders in the Mergers

At the completion of the mergers, each share of US SEARCH common stock other than treasury stock or shares of common stock held by First American or any of its subsidiaries will be converted into the right to receive 0.04 of a share of First Advantage Class A common stock.

[Table of Contents](#)

No fraction of a share of First Advantage Class A common stock will be issued. In lieu of fractional shares, each holder of US SEARCH common stock who would otherwise be entitled to receive a fraction of a share of First Advantage Class A common stock will receive from First Advantage, subject to any withholdings required by applicable law, an amount of cash rounded to the nearest whole cent. The amount of cash received will be equal to the product of:

- such fraction of a share; and
- the average closing price of a share of US SEARCH common stock, as quoted on the Nasdaq National Market (or, if no longer quoted on the Nasdaq National Market or the then principal exchange or market for US SEARCH's common stock), for the ten trading days ending on the trading day that is three trading days before the date of US SEARCH's stockholders meeting.

Consideration to be Received by First American in the Mergers

Upon completion of the mergers, First American will receive shares of First Advantage Class B common stock representing approximately 80% of the outstanding capital stock of First Advantage. However, if US SEARCH's indebtedness exceeds \$4.4 million at the closing of the mergers (less any cash received by US SEARCH from the exercise of US SEARCH warrants or stock options between signing the merger agreement and closing), First American will be entitled to receive additional shares of First Advantage Class B common stock. The number of additional shares of First Advantage Class B common stock that would be issuable to First American in such event will be equal to four times the amount by which US SEARCH's indebtedness exceeds \$4.4 million (less any cash received by US SEARCH from the exercise of US SEARCH warrants or stock options) divided by the average closing price of First Advantage Class A common stock over the first 10 trading days after closing. US SEARCH does not believe that its indebtedness will exceed \$4.4 million at closing of the mergers if such closing occurs prior to July 1, 2003. First Advantage also will issue additional shares of Class B common stock to First American in the event US SEARCH failed to disclose in the merger agreement the existence of options or warrants to acquire US SEARCH stock, or issued new options or warrants to acquire US SEARCH stock between the signing and closing of the merger agreement. The merger agreement also provides that First American would receive additional shares of First Advantage Class B common stock if, after the closing of the mergers, First Advantage is required to issue shares of First Advantage Class A common stock to settle payment obligations of US SEARCH under the agreement pursuant to which US SEARCH previously acquired Professional Resource Screening, but US SEARCH has since reached an agreement with the former shareholders of Professional Resource Screening that will result in no First Advantage shares being issued to such shareholders or First American.

Effect on US SEARCH Stock Options and Warrants

All outstanding stock options, stock appreciation rights, limited stock appreciation rights and stock purchase rights of US SEARCH will be assumed by First Advantage and converted automatically into options to purchase shares of First Advantage Class A common stock calculated in accordance with the exchange ratio, rounded down to the nearest whole share. The exercise price will be equal to the exercise price per share of US SEARCH common stock divided by the exchange ratio, rounded down to the nearest whole cent. The outstanding stock options, stock appreciation rights, limited stock appreciation rights and stock purchase rights of US SEARCH will otherwise continue to be exercisable and vest subject to the terms and conditions applicable to them before the mergers. However, all outstanding stock options issued to US SEARCH employees and directors pursuant to the US SEARCH Amended and Restated 1998 Stock Incentive Plan and all outstanding stock options issued to US SEARCH's non-employee directors (other than Lawrence Lenihan) pursuant to the US SEARCH 1999 Non-Employee Directors' Stock Option Plan will accelerate and be fully vested upon the occurrence of the mergers. In addition, US SEARCH's non-employee directors that are asked to resign at closing of the mergers will be able to exercise their stock options for an extended period of three years following the closing.

Each warrant to purchase a share or shares of US SEARCH common stock outstanding before the mergers will automatically become a warrant entitling the holder to purchase the number of shares of First Advantage

[Table of Contents](#)

Class A common stock such holder would have received pursuant to the merger agreement had such holder exercised such warrant immediately before the mergers, rounded up to the nearest whole share of First Advantage Class A common stock. First Advantage will assume all obligations of US SEARCH with respect to these warrants. Otherwise, each US SEARCH warrant will be subject to the same terms and conditions applicable to it before the mergers.

Interests of Certain Persons in the Mergers

In considering the recommendation of the US SEARCH board of directors that US SEARCH stockholders vote to adopt the merger agreement and to consummate the mergers, US SEARCH stockholders should be aware that a number of officers and directors of US SEARCH have interests in the mergers that are different from or in addition to the interests of US SEARCH stockholders generally.

Employment Agreements

Brent Cohen's current employment agreement with US SEARCH provides severance benefits if Mr. Cohen's employment is terminated other than for "cause," if Mr. Cohen resigns for "good reason" or if Mr. Cohen does not enter into a new employment agreement with First Advantage within seven days of the effectiveness of the mergers. Under the employment agreement, upon the occurrence of any such events, Mr. Cohen would be entitled to:

- base salary, which currently is \$400,000 per year, and benefits for one year;
- a bonus equal to 100% of base salary;
- medical insurance coverage for a period of one year after the effective date of the termination, or until Mr. Cohen receives medical insurance coverage from another employer, whichever occurs first; and
- the accelerated vesting of stock options, and a period of one year to exercise all stock options.

In connection with the mergers, it is expected that Mr. Cohen, H. Jake Mendelsohn and David Wachtel, all executive officers of US SEARCH, will enter into new employment agreements with First Advantage, although the terms of such agreements have not yet been determined.

In addition, Messrs. Cohen, Mendelsohn and Wachtel, as well as Richard Heitzmann, all executive officers of US SEARCH, are currently owed bonuses for services performed during 2002 as employees of US SEARCH pursuant to written employment agreements. The bonus amounts owed are \$400,000 to Mr. Cohen, \$125,000 for each of Messrs. Mendelsohn and Wachtel, and \$100,000 to Mr. Heitzmann. In addition, it is expected that Robert Schwartz and Jeffrey Watts, also executive officers of US SEARCH, will each be paid a bonus of \$50,000 for services performed in 2002. Although US SEARCH accrued for these amounts as compensation expense in 2002, such bonuses will be paid half in cash and half in shares of US SEARCH common stock, and will be paid within five days after the date on which this proxy statement/prospectus is mailed to US SEARCH stockholders.

[Table of Contents](#)

Accelerated Vesting of Options

Certain outstanding stock options issued to US SEARCH directors and employees that have written agreements will accelerate and be fully vested upon consummating the mergers in accordance with the terms of the US SEARCH Amended and Restated 1998 Stock Incentive Plan. In addition, outstanding stock options issued to US SEARCH's non-employee directors (other than Lawrence Lenihan) pursuant to the US SEARCH 1999 Non-Employee Directors' Stock Option Plan will accelerate and be fully vested upon consummating the mergers. Set forth below is a list of directors and executive officers of US SEARCH and the number of shares underlying options held by each such person that will be unvested as of May 31, 2003, but will become vested upon consummating the mergers:

<u>Option Holder</u>	<u>Number of Shares Underlying Options Subject to Acceleration</u>
Harry B. Chandler	18,056
Brent Cohen	2,166,668
Richard Heitzmann	937,501
Peter Locke	18,056
Alan C. Mendelson	18,056
H. Jake Mendelsohn	508,335
Thomas W. Patterson	44,428
Karol Pollock	78,201
Robert Schwartz	515,629
David Wachtel	515,835
Jeffrey R. Watts	937,500

US SEARCH's non-employee directors that are asked to resign at closing of the mergers will be able to exercise their stock options for an extended period of three years following the closing.

Payment of Directors' Fees to Non-Employee Directors

Since 2000, US SEARCH has not paid cash compensation to members of its board of directors for their service on the board. In recognition of the service provided by US SEARCH's non-employee directors during 2001 and 2002, US SEARCH agreed to pay to each non-employee director that is asked to resign at closing of the mergers a cash payment equal to the sum of \$10,000 per year of board service during 2001 and 2002 (pro-rated for partial years), and US SEARCH is currently paying such non-employee directors \$5,000 per quarter of board service during 2003. The amounts due for 2001 and 2002 will be paid upon US SEARCH's receipt of such non-employee director's resignation in connection with closing the mergers.

Persons Designated to be Directors of First Advantage

Pursuant to the stockholders agreement among First Advantage, First American and Pequot Private Equity Fund II, L.P., Pequot Private Equity Fund II, L.P. will have the right to designate a director to First Advantage's board of directors. Pequot Private Equity Fund II, L.P.'s initial designee will be Lawrence D. Lenihan, Jr., who currently serves as a director of US SEARCH. See "OTHER AGREEMENTS—Stockholders Agreement" on page 63 for more information on the stockholders agreement. Mr. Lenihan is also a managing director of Pequot Capital Management, Inc., an affiliate of Pequot Private Equity Fund II, L.P. Brent Cohen, who also serves as a director of US SEARCH, also is expected to be a director of First Advantage as well as President.

Indemnification and Insurance

Subject to any limitation imposed from time to time under applicable law, First Advantage will indemnify and hold harmless the present and former officers, directors, employees and agents of US SEARCH and its

[Table of Contents](#)

subsidiaries in respect of acts or omissions occurring on or before the effective time of the mergers. Indemnification will be provided to the extent provided under US SEARCH's certificate of incorporation and bylaws or any indemnification agreement with US SEARCH's and its subsidiaries' officers and directors to which US SEARCH or its subsidiaries is a party that is in effect on the date of the merger agreement.

For six years after the effective time of the mergers, First Advantage will use its reasonable best efforts to procure officers' and directors' liability insurance in respect of acts or omissions occurring on or before the effective time of the mergers covering each of the present and former officers, directors, employees and agents of US SEARCH and its subsidiaries currently covered by US SEARCH's or its subsidiaries' officers' and directors' liability insurance policy on terms substantially similar to those of such policy in effect on the date of the merger agreement. However, First American will not be required to cause First Advantage to maintain insurance with respect to a specific officer or director if the premium for obtaining the insurance exceeds 200% of the amount per annum US SEARCH paid in its current fiscal year. If First Advantage is unable to obtain the required insurance, it will obtain as much comparable insurance as possible for an annual premium equal to 200% of the amount per annum US SEARCH paid in its current fiscal year and will permit any such party entitled to insurance to pay the excess amount that may be necessary to maintain such insurance coverage.

Other Arrangements

Alan C. Mendelson, one of US SEARCH's directors, also is a partner at Latham & Watkins LLP, US SEARCH's outside legal counsel with respect to the mergers and other general corporate matters.

Accounting Treatment

First Advantage will account for the mergers under the purchase method of accounting for business combinations under United States generally accepted accounting principles.

No ruling has been or will be sought from the Internal Revenue Service as to the U.S. federal income tax consequences of the mergers, and the following summary is not binding on the Internal Revenue Service.

Tax Consequences of the Mergers

Completion of the mergers is conditioned upon, among other things, the receipt by US SEARCH of a tax opinion from Latham & Watkins LLP dated as of the closing date, that the merger of Stockholm Seven Merger Corp. with and into US SEARCH qualifies as a “reorganization” within the meaning of Section 368(a) of the Internal Revenue Code. The condition regarding the receipt of the opinion described in the preceding sentence will not be waived by US SEARCH after the receipt of US SEARCH stockholder approval unless further stockholder approval is obtained with appropriate disclosure. The opinion will be based on customary factual assumptions and factual representations and on representation letters provided by US SEARCH, First Advantage and certain of its subsidiaries to be delivered at the time of closing, all of which must continue to be true and accurate in all respects as of the closing. In addition, the opinion will assume that the mergers will be completed according to the terms of the merger agreement. An opinion of counsel represents counsel’s best legal judgment and is not binding on the Internal Revenue Service or any court.

Tax Consequences if Each of the Mergers Qualifies as a Reorganization

Assuming that each of the mergers qualifies as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code, and subject to the qualifications and assumptions described above, it is the opinion of Latham & Watkins LLP that the material U.S. federal income tax consequences of the mergers are as follows:

- US SEARCH will not recognize gain or loss in the mergers;
- you will not recognize gain or loss when you exchange your US SEARCH common stock solely for First Advantage Class A common stock in the mergers, except for gain or loss resulting from cash that you receive instead of a fractional share of First Advantage Class A common stock;
- you will recognize capital gain or loss on any cash received instead of a fractional share of First Advantage Class A common stock equal to the difference between the amount of cash received and the portion of the tax basis of US SEARCH common stock allocated to that fractional share interest, and

[Table of Contents](#)

the gain or loss will constitute long-term capital gain or loss if your holding period in the US SEARCH common stock surrendered in the mergers is more than one year as of the date of the mergers;

- the aggregate tax basis of the First Advantage Class A common stock you receive will be the same as your aggregate tax basis in the US SEARCH common stock you surrender in exchange, reduced by any tax basis allocable to any fractional share interest exchanged for cash;
- the holding period of the First Advantage Class A common stock you receive will include the holding period of the US SEARCH common stock you surrender in exchange; and
- you must retain records and file with your U.S. federal income tax returns a statement setting forth facts relating to the mergers.

Backup Withholding

If you are a noncorporate holder of US SEARCH common stock, you may be subject to backup withholding on any cash payments received instead of a fractional share interest in First Advantage Class A common stock. You will not be subject to backup withholding, however, if you:

- furnish a correct taxpayer identification number and certify that you are not subject to backup withholding on the substitute Internal Revenue Service Form W-9 or successor form included in the letter of transmittal to be delivered to you following the completion of the mergers;
- provide a certification of foreign status on Internal Revenue Service Form W-8BEN or a successor form; or
- are otherwise exempt from backup withholding.

Any amounts withheld under the backup withholding rules are not an additional tax and may be allowed as a refund or credit against your U.S. federal income tax liability, provided you furnish the required information to the Internal Revenue Service.

Tax matters are very complicated, and the tax consequences of the mergers to you will depend on your particular tax situation. You are urged to consult your tax advisors regarding the specific tax consequences of the mergers, including tax return reporting requirements, the applicability of federal, state, local and foreign tax laws and the effect of any proposed change in the tax laws.

Stock Exchange Listings

It is a condition to the completion of the mergers that the First Advantage Class A common stock issuable to the US SEARCH stockholders pursuant to the merger agreement be approved for listing on the Nasdaq National Market, subject only to official notice of issuance. Neither First American nor US SEARCH will waive the condition that First Advantage Class A common stock be approved for listing on the Nasdaq National Market. If the mergers are completed, the US SEARCH common stock will be delisted from the Nasdaq National Market and will be deregistered under the Securities Exchange Act of 1934, as amended.

Operations Following the Mergers

After the mergers, each of the companies comprising the FAST division and US SEARCH will be a wholly-owned subsidiary of First Advantage. First Advantage will be a holding company that operates through its subsidiaries in the following two segments:

- Enterprise, which will offer motor vehicle reports, tenant screening services, employee background services and occupational health services to businesses, non-profit organizations and governmental agencies.
- Consumer, which will offer location and verification services to consumers.

First Advantage will be headquartered in St. Petersburg, Florida.

THE MERGER AGREEMENT

The following summary describes material provisions of the merger agreement, which is attached to this proxy statement/prospectus as Annex A and is incorporated by reference into this proxy statement/prospectus. This summary may not contain all of the information about the merger agreement that is important to you. We encourage you to read the merger agreement carefully in its entirety.

Terms of the Mergers

Structure of the Mergers

The merger agreement provides for the merger of Stockholm Seven Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, with and into US SEARCH. As a result of this merger, US SEARCH will become a wholly-owned subsidiary of First Advantage.

The merger agreement also provides that the following mergers will occur before the merger of Stockholm Seven Merger Corp. with and into US SEARCH:

- Stockholm One Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into SafeRent, Inc., a wholly-owned subsidiary of First American. As a result of this merger, SafeRent will become a wholly-owned subsidiary of First Advantage.
- Stockholm Two Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into Employee Health Programs, Inc., a wholly-owned subsidiary of First American. As a result of this merger, Employee Health Programs will become a wholly-owned subsidiary of First Advantage.
- Stockholm Three Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into Substance Abuse Management, Inc., a wholly-owned subsidiary of First American. As a result of this merger, Substance Abuse Management will become a wholly-owned subsidiary of First Advantage.
- Stockholm Four Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into HireCheck, Inc., a wholly-owned subsidiary of First American. As a result of this merger, HireCheck will become a wholly-owned subsidiary of First Advantage.
- Stockholm Five Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into American Driving Records, Inc., a wholly-owned subsidiary of First American. As a result of this merger, American Driving Records will become a wholly-owned subsidiary of First Advantage.
- Stockholm Six Merger Corp., a newly-formed, wholly-owned subsidiary of First Advantage, will merge with and into First American Registry, Inc., a wholly-owned subsidiary of First American. As a result of this merger, First American Registry will become a wholly-owned subsidiary of First Advantage.

First American has also agreed to contribute First American Indian Holdings LLC to First Advantage as part of the transaction.

Completion and Effectiveness of the Mergers

The closing of the mergers will occur as soon as practicable (and in any event within five business days) after the last of the conditions to completion of the mergers contained in the merger agreement are satisfied or waived unless the parties agree otherwise in writing (see the section entitled “THE MERGER AGREEMENT— Conditions to Completion of the Mergers” below). The mergers will become effective upon the filing of articles or certificates of merger for each of the mergers.

[Table of Contents](#)

We are working to complete the mergers quickly. We currently expect that the mergers will close in the second quarter of 2003. However, because completion of the mergers is subject to regulatory approvals and other conditions, we cannot predict the actual timing.

Merger Consideration

At the completion of the mergers, each share of US SEARCH common stock other than treasury stock or shares of common stock held by First American or any of its subsidiaries will be converted into the right to receive 0.04 of a share of First Advantage Class A common stock.

No fraction of a share of First Advantage Class A common stock will be issued. In lieu of fractional shares, each holder of US SEARCH common stock who would otherwise be entitled to receive a fraction of a share of First Advantage Class A common stock will receive from First Advantage, subject to any withholdings required by applicable law, an amount of cash rounded to the nearest whole cent. The amount of cash received will be equal to the product of:

- such fraction of a share; and
- the average closing price of a share of US SEARCH common stock, as quoted on the Nasdaq National Market (or, if no longer quoted on the Nasdaq National Market, the Nasdaq SmallCap Market or the then principal exchange or market for US SEARCH's common stock), for the ten trading days ending on the trading day that is three trading days before the date of US SEARCH's stockholders meeting.

The merger agreement provides that the exchange ratio used for determining the number of shares of First Advantage Class A common stock issuable to holders of US SEARCH common stock and underlying existing US SEARCH options and warrants will be adjusted proportionately to take into account any stock split, reverse stock split or other recapitalization of US SEARCH common stock.

Upon completion of the mergers, First American will receive shares of First Advantage Class B common stock representing approximately 80% of the capital stock of First Advantage. However, if US SEARCH's indebtedness exceeds \$4.4 million at the closing of the mergers (less any cash received by US SEARCH from the exercise of US SEARCH warrants or stock options between signing the merger agreement and closing), First American will be entitled to receive additional shares of First Advantage Class B common stock. The number of additional shares of First Advantage Class B common stock will be equal to four times the amount by which US SEARCH's indebtedness exceeds \$4.4 million (less any cash received by US SEARCH from the exercise of US SEARCH warrants or stock options) divided by the average closing price of First Advantage Class A common stock over the first 10 trading days after closing. US SEARCH does not believe that its indebtedness will exceed \$4.4 million at closing of the mergers if such closing occurs prior to July 1, 2003. First Advantage also will issue additional shares of Class B common stock to First American in the event US SEARCH failed to disclose in the merger agreement the existence of options or warrants to acquire US SEARCH stock, or issued new options or warrants to acquire US SEARCH stock between the signing and closing of the merger agreement. The merger agreement also provides that First American would receive additional shares of First Advantage Class B common stock if, after the closing of the mergers, First Advantage is required to issue shares of First Advantage Class A common stock to settle payment obligations of US SEARCH under the agreement pursuant to which US SEARCH previously acquired Professional Resource Screening, but US SEARCH has since reached an agreement with the former shareholders of Professional Resource Screening that will result in no First Advantage shares being issued to such shareholders or First American.

Fractional Shares

First Advantage will not issue any fractional shares of First Advantage Class A common stock in the merger with Stockholm Seven Merger Corp. Instead, each holder of US SEARCH common stock exchanged in the merger who would otherwise be entitled to receive a fraction of a share of First Advantage Class A common stock will receive cash, without interest, in lieu of a fractional share.

Procedures for Exchange of US SEARCH Stock Certificates

Exchange of Certificates

Promptly following completion of the mergers, Wells Fargo Shareowner Services, the exchange agent for the mergers, will mail to each record holder of US SEARCH common stock a letter of transmittal and instructions for surrendering the record holder's stock certificates in exchange for a certificate representing First Advantage Class A common stock. Only those holders of US SEARCH common stock who properly surrender their US SEARCH stock certificates in accordance with the exchange agent's instructions will receive (a) a certificate (or beneficial interest in a certificate) representing First Advantage Class A common stock and (b) cash in lieu of any fractional share of First Advantage Class A common stock. After the effective time of the mergers, each certificate representing shares of US SEARCH common stock that has not been surrendered will represent only the right to receive upon surrender of that certificate each of the items listed in the preceding sentence. The surrendered certificates representing US SEARCH common stock will be automatically and immediately cancelled. Following completion of the mergers, US SEARCH will not register any transfers of US SEARCH common stock outstanding on its stock transfer books before the mergers.

Holders of US SEARCH common stock should not send in their US SEARCH stock certificates until they receive a letter of transmittal from the exchange agent, with instructions for the surrender of US SEARCH stock certificates.

Lost Stock Certificates

First Advantage only will issue (a) a First Advantage stock certificate (or beneficial interest in a certificate) and (b) cash in lieu of a fractional share in a name other than the name in which a surrendered US SEARCH stock certificate is registered if the person requesting such exchange presents to the exchange agent all documents required by the exchange agent to show and effect the unrecorded transfer of ownership and to show that such person paid any applicable stock transfer taxes. If a US SEARCH stock certificate is lost, stolen or destroyed, the holder of such certificate may need to execute an affidavit or post a bond before receiving each of the items listed in the preceding sentence.

Treatment of Stock Options and Warrants

All outstanding stock options, stock appreciation rights, limited stock appreciation rights and stock purchase rights of US SEARCH will be assumed by First Advantage and converted automatically into options to purchase shares of First Advantage Class A common stock calculated in accordance with the exchange ratio, rounded down to the nearest whole share. The exercise price will be equal to the exercise price per share of US SEARCH common stock divided by the exchange ratio, rounded down to the nearest whole cent. The outstanding stock options, stock appreciation rights, limited stock appreciation rights and stock purchase rights of US SEARCH will otherwise continue to be exercisable and vest subject to the terms and conditions applicable to them before the mergers. However, the vesting provisions applicable to all outstanding stock options issued to US SEARCH employees and directors pursuant to the US SEARCH Amended and Restated 1998 Stock Incentive Plan provide that all such options will accelerate and be fully vested upon the occurrence of the mergers in accordance with the terms of such plan.

Each warrant to purchase a share or shares of US SEARCH common stock outstanding before the mergers will automatically become a warrant entitling the holder to purchase the number of shares of First Advantage Class A common stock such holder would have received pursuant to the merger agreement had such holder exercised such warrant immediately before the mergers, rounded up to the nearest whole share of First Advantage Class A common stock and the nearest whole warrant. First Advantage will assume all obligations of US SEARCH with respect to these warrants. Otherwise, each US SEARCH warrant will be subject to the same terms and conditions applicable to it before the mergers.

Representations and Warranties

The merger agreement contains customary representations and warranties of First American and US SEARCH relating to, among other things:

- corporate existence and good standing;
- corporate authority;
- capital structure;
- subsidiaries;
- financial statements;
- charter documents and corporate books and records;

The merger agreement also contains additional representations and warranties of First Advantage relating to the ownership and activities of Stockholm One Merger Corp., Stockholm Two Merger Corp., Stockholm Three

[Table of Contents](#)

Merger Corp., Stockholm Four Merger Corp., Stockholm Five Merger Corp., Stockholm Six Merger Corp. and Stockholm Seven Merger Corp. and the authorization of First Advantage and the acquisition companies to consummate the mergers.

The representations and warranties contained in the merger agreement are subject to materiality qualifications in many respects, and expire at the completion of the mergers.

Conduct of Business Before Mergers

Introduction

US SEARCH and the FAST division have agreed to restrictions on their respective activities until either the completion of the mergers or the termination of the merger agreement. In general, US SEARCH is restricted from taking a number of actions outside the ordinary course of business. The FAST division is also restricted from taking certain actions.

Restrictions on US SEARCH's Interim Operations

US SEARCH has agreed that it will:

- conduct its operations only according to the ordinary and usual course of business;
- accurately maintain its books and records in the manner required by applicable law;
- maintain its accounting and other financial records in accordance with applicable accounting requirements, published rules and regulations of the SEC with respect thereto and GAAP;

- confer with First American concerning operational matters of a material nature, including the cancellation or waiver of any claim or right in excess of \$50,000; and
- report periodically to First American concerning its business, operations and finances.

In addition, subject to specified exceptions, US SEARCH has agreed that it will:

- refrain from amending or modifying its or its subsidiaries' certificate of incorporation and bylaws;

- refrain from selling capital stock or other securities, or re-pricing any existing options, warrants or rights to purchase capital stock;
- refrain from selling, leasing or otherwise disposing of any asset or property other than in the ordinary course of business;
- refrain from making any capital expenditure, except in the ordinary course of business;
- refrain from writing off as uncollectible any notes or accounts receivable, except write-offs in the ordinary course of business;
- refrain from taking any action that could reasonably be expected to result in any of the representations and warranties of US SEARCH set forth in merger agreement becoming untrue or, any of the conditions to the mergers not being satisfied;
- use reasonable best efforts to refrain from taking actions outside the ordinary course of business that would reasonably be expected to delay the filing of this proxy statement/prospectus or require an amendment thereof or delay the effectiveness of the registration statement of which this proxy statement/prospectus is a part or require a post-effective amendment to such registration statement; and
- refrain from agreeing to do any of the foregoing.

On April 1, 2003, US SEARCH and First American entered into a letter agreement relating to bonuses paid by US SEARCH during the pendency of the merger agreement. Generally, the letter agreement permits the payment of bonuses awarded to certain executive officers of US SEARCH for services rendered during 2002, and prohibits the payment of any other bonuses by US SEARCH to any employee, executive officer or director of US SEARCH. See “THE MERGERS—Interests of Certain Persons in the Mergers” on page 45.

Restrictions on the FAST Division’s Interim Operations

First American has agreed that it will cause the FAST division to:

- maintain its accounting and other financial records in accordance with applicable accounting requirements, published rules of the SEC and GAAP;
- collect its receivables and pay its payables in the ordinary course of business; and
- use reasonable efforts to preserve intact its business organizations, keep available the services of its officers and employees and maintain existing relationships with licensors, suppliers, distributors, customers, landlords, employees, agents and others having business relationships with them.

In addition, subject to certain exceptions, First American has agreed that it will cause the FAST division to:

- refrain from amending or modifying its articles or certificates of incorporation and bylaws;
- refrain from making any material change in accounting methods or practices, except as required by law, the SEC or GAAP;
- refrain from selling any securities;

- use reasonable best efforts to refrain from taking actions outside the ordinary course of business that would reasonably be expected to delay the filing of this proxy statement/prospectus or require an amendment thereof or delay the effectiveness of the registration statement of which this proxy statement/prospectus is a part or require a post-effective amendment to such registration statement; and
- refrain from agreeing to do any of the foregoing.

Prohibition from Soliciting Other Offers

US SEARCH has agreed to furnish a copy of this proxy statement/prospectus to each of its stockholders as promptly as practicable after the registration statement of which it is a part has become effective with the SEC, and thereafter promptly to call, hold and convene a special meeting of its stockholders. US SEARCH has also agreed to use its reasonable best efforts to obtain the required stockholder approval for the mergers.

Under the terms of the merger agreement, subject to specific exceptions described below, US SEARCH has agreed that neither it nor any of its subsidiaries will, and that it will not authorize or permit any of its officers, directors or employees, or any financial advisor, attorney, accountant or other advisor or representative retained by it or its subsidiaries, to solicit, initiate, knowingly encourage or facilitate the submission of proposals or offers relating to a takeover proposal or endorse or enter into any agreement with respect to any takeover proposal.

A “takeover proposal” means:

- any tender or exchange offer, or proposal, other than a proposal by First American or any of its affiliates, for a merger, share exchange or other business combination involving US SEARCH or any of its subsidiaries; or
- any proposal or offer to acquire in any manner a substantial equity interest in US SEARCH or any of its subsidiaries or a substantial portion of the assets of US SEARCH or any of its subsidiaries.

Under the merger agreement, US SEARCH must promptly advise First American orally and in writing of any takeover proposal or any inquiries or discussions with respect to a takeover proposal and will within two days of receipt, furnish to First American a copy of any written takeover proposal or a written summary of the material terms of any oral takeover proposal.

Neither the board of directors of US SEARCH nor any committee of the board will:

- withdraw or modify, or propose to withdraw or modify, in a manner adverse to First American, its approval or recommendation of the mergers or the merger agreement; or
- approve or recommend, or propose to approve or recommend, any takeover proposal or any other acquisition of outstanding US SEARCH common stock other than pursuant to the mergers or the merger agreement.

Notwithstanding the restrictions contained in the merger agreement, US SEARCH may take the following actions, but only to the extent that the board of directors of US SEARCH concludes in good faith after consulting with its outside legal counsel and financial advisor that the failure to take such action would be inconsistent with the discharge of its fiduciary duties:

- furnish information pursuant to appropriate terms of confidentiality concerning US SEARCH and its business, properties or assets to a person who has indicated an interest in making a takeover proposal, without any solicitation by US SEARCH or any of its subsidiaries or representatives after the date of the merger agreement;
- engage in discussions or negotiations with an unsolicited person;
- following receipt of a takeover proposal from an unsolicited person, take and disclose to its stockholders a position contemplated by Rule 14e-2(a) under the Securities Exchange Act of 1934 or otherwise make disclosure to its stockholders;
- following receipt of a takeover proposal from an unsolicited person, fail to make or withdraw or modify its recommendation or declaration of advisability of the mergers or adoption of the merger agreement, and to the extent it does so, refrain from calling, providing notice of or hold the meeting of

[Table of Contents](#)

its stockholders to approve the mergers and to adopt the merger agreement and from soliciting proxies or consents to secure the vote of its stockholders to adopt the merger agreement; or

- waive the provisions of any confidentiality or standstill agreement.

In addition, US SEARCH may:

- take any action required to be taken by any non-appealable, final order of a court of competent jurisdiction; or
- make any disclosure or filing required by applicable law, stock exchange rules or the rules, regulations or order of any governmental entity.

Additional Covenants

First Advantage Cash Balances

First American will contribute to First Advantage immediately before the closing of the mergers \$15.0 million, less:

- fees and expenses of First American related to the mergers;
- the aggregate amount of the consolidated cash balances of the companies comprising the FAST division that will remain following the closing; and
- the amount of the total outstanding principal balance, and all accrued interest thereon, due by US SEARCH to First American under the \$1.4 million promissory note.

FAST Division Acquisition Agreements

In the event that First American or any of its affiliates is permitted to reduce or offset against any payment obligation to third parties arising from or relating to any of the agreements by which First American or its affiliates acquired the companies that comprise the FAST division and their subsidiaries from any third parties, First American or its affiliates will contribute an amount of cash equal to such reduction or offset to First Advantage at the time First American or its affiliates recognize such reduction or offset.

Indemnification and Insurance

Subject to any limitation imposed from time to time under applicable law, First Advantage will indemnify and hold harmless the present and former officers, directors, employees and agents of US SEARCH and its subsidiaries in respect of acts or omissions occurring on or before the effective time of the mergers. Indemnification will be provided to the extent provided under US SEARCH's certificate of incorporation and bylaws or any indemnification agreement with US SEARCH's and its subsidiaries' officers and directors to which US SEARCH or its subsidiaries is a party, in each case in effect on the date of the merger agreement.

For six years after the effective time of the mergers, First Advantage will use its reasonable best efforts to procure officers' and directors' liability insurance in respect of acts or omissions occurring on or before the effective time of the mergers covering each of the present and former officers, directors, employees and agents of US SEARCH and its subsidiaries currently covered by US SEARCH's or its subsidiaries' officers' and directors' liability insurance policy on terms substantially similar to those of such policy in effect on the date of the merger agreement. However, First American will not be required to cause First Advantage to maintain insurance with respect to a specific officer or director if the premium for obtaining the insurance exceeds 200% of the amount per annum US SEARCH paid in its current fiscal year. If First Advantage is unable to obtain the required insurance, it will obtain as much comparable insurance as possible for an annual premium equal to 200% of the amount per annum US SEARCH paid in its current fiscal year and will permit any such party entitled to insurance to pay the excess amount that may be necessary to maintain such insurance coverage.

The merger agreement may be terminated at any time before the closing:

- by First American if the board of directors of US SEARCH has withdrawn or adversely modified its approval or recommendation of the mergers;

Table of Contents

- by either First American or US SEARCH by written notice to the other parties if the mergers contemplated in the merger agreement have not become effective within 30 days after the closing date, so long as the party seeking to terminate has not breached in any material respect any of its covenants and agreements which breach is the proximate cause of the delay;

- by either First American or US SEARCH if at the special meeting of stockholders the stockholders of US SEARCH do not approve the mergers or the merger agreement;
- by First American or US SEARCH if Lehman Brothers, US SEARCH's financial advisor, withdraws its opinion or otherwise notifies the board of directors of US SEARCH that it may no longer rely on such opinion;
- by First American if US SEARCH has materially breached any of its covenants and agreements contained in the merger agreement and US SEARCH fails to cure such breach within 10 days after receiving notice from First American;
- by First American if US SEARCH breaches the letter agreement, dated April 1, 2003, between First American and US SEARCH relating to the payment of bonuses to US SEARCH employees, executive officers or directors; or
- by US SEARCH if First American has materially breached any of its covenants and agreements contained in the merger agreement and First American fails to cure such breach within 10 days after receiving notice from US SEARCH.

Termination Fee

US SEARCH will promptly pay First American a termination fee of \$2.8 million in the event the merger agreement is terminated:

- by First American because the board of directors of US SEARCH has withdrawn or adversely modified its approval or recommendation of the mergers;
- by First American because US SEARCH failed to call the special meeting of its stockholders to approve the mergers on or before the 45th day after the registration statement of which this proxy statement/prospectus is a part is declared effective by the SEC;
- by US SEARCH because a takeover proposal has occurred and the board of directors of US SEARCH withdraws or modifies its approval and recommendation of the mergers and the merger agreement to the extent permitted by the merger agreement, in connection with such takeover proposal; or
- by either First American or US SEARCH if at the special meeting of stockholders, the stockholders of US SEARCH do not approve the mergers or the merger agreement and, at such time, a takeover proposal had been made and not rejected by US SEARCH's board of directors.

Expenses

The parties have agreed to pay all of their own expenses relating to the mergers, including the fees and expenses of their respective counsel, auditors and financial advisers. However, following the closing, First Advantage will reimburse First American and its affiliates for all out-of-pocket fees and expenses incurred by any of them in connection with the negotiation and preparation of the merger agreement and the mergers, and First American will be entitled to offset any reimbursement that would otherwise be owed by First Advantage against the \$15.0 million capital contribution it is required to make to First Advantage pursuant to the merger agreement.

Amendment and Waiver

The merger agreement may be amended by First American and US SEARCH, by action taken or authorized by their respective board of directors, at any time before or after approval of the matters presented in connection with the mergers by the stockholders of US SEARCH. However, after approval of US SEARCH's stockholders, no amendment will be made which by law requires further approval by such stockholders without such further approval. Any such amendment may not be made orally, but only by an agreement in writing signed by the parties.

At any time before the completion of the mergers, the parties may:

- extend the time for performance of any of the obligations or other acts of the other parties contained in the merger agreement;
- waive any inaccuracies in the representations and warranties of the other parties contained in the merger agreement or in any document delivered pursuant to the merger agreement; and/or
- waive compliance with any of the agreements or conditions of the other parties contained in the merger agreement.

Any agreement on the part of a party to any such extension or waiver is valid only if set forth in writing signed by such party.

Voting Agreement

The following summary describes material provisions of the voting agreement, which is attached to this proxy statement/prospectus as Annex C and is incorporated by reference into this proxy statement/prospectus. This summary may not contain all of the information about the voting agreement that is important to you. We encourage you to read the voting agreement carefully in its entirety.

Concurrently with the execution and delivery of the merger agreement, First American entered into a voting agreement with Pequot Private Equity Fund II, L.P. As of April 1, 2003, Pequot Private Equity Fund II, L.P. holds of record 52,529,702 shares of US SEARCH common stock, representing approximately 54.1% of the outstanding shares of US SEARCH common stock entitled to vote.

Under the voting agreement, Pequot Private Equity Fund II, L.P. has agreed that at the special meeting of US SEARCH stockholders it will:

- take such actions as are necessary to vote or cause to be voted all of its shares of US SEARCH common stock in favor of the merger of Stockholm Seven Merger Corp. with and into US SEARCH, the execution and delivery by US SEARCH of the merger agreement and the approval of the terms thereof and each of the other actions contemplated by the merger agreement and the voting agreement and any actions reasonably required in furtherance of the merger agreement and the voting agreement; and
- not vote or cause or permit to be voted any of its shares of US SEARCH common stock in favor of any takeover proposal (as described below) or any other action or agreement that would in any manner impede, frustrate, prevent or nullify any of the transactions contemplated by the merger agreement (including, without limitation, the merger of Stockholm Seven Merger Corp. with and into US SEARCH) or result in a breach of any covenant, representation or warranty or any other obligation or agreement of US SEARCH under the merger agreement or which would result in any of the conditions to US SEARCH's or First American's obligations under the merger agreement not being fulfilled.

In addition, Pequot Private Equity Fund II, L.P. also has agreed that it will not:

- transfer, or consent to any transfer of, any or all of its shares of US SEARCH common stock or any interest therein if such transfer would result in Pequot Private Equity Fund II, L.P. no longer having the power to vote or cause to be voted such shares in favor of the merger agreement;
- enter into any contract, option or other agreement or understanding with respect to any such transfer of any or all of its shares of US SEARCH common stock, or any interest therein if the entering into or performance of any such contract, option or other agreement or understanding would result in Pequot Private Equity Fund II, L.P. no longer having the power to vote or cause to be voted such shares in favor of the merger agreement;
- grant any proxy, power-of-attorney or other authorization in or with respect to its shares of US SEARCH common stock (other than for the purpose of fulfilling the terms of the voting agreement);
- deposit its shares of US SEARCH common stock into a voting trust or enter into another voting agreement or arrangement with respect to such shares, other than pursuant to the voting agreement; or
- take any other action that would in any way restrict, limit or interfere in any material respect with the performance of Pequot Private Equity Fund II, L.P.'s obligations under the voting agreement or the transactions contemplated thereby or by the merger agreement.

[Table of Contents](#)

Pequot Private Equity Fund II, L.P. has further agreed, in its capacity as a shareholder of US SEARCH, that it will not, directly or indirectly, knowingly encourage, solicit, participate in or initiate discussions or negotiations with, or provide any information to, any person other than First American or any of its affiliates or representatives concerning any takeover proposal.

For purposes of the voting agreement, a “takeover proposal” means:

- any tender or exchange offer, or proposal, other than a proposal by First American or any of its affiliates, for a merger, share exchange or other business combination involving US SEARCH or any of its subsidiaries; or
- any proposal or offer to acquire in any manner a substantial equity interest in US SEARCH or any of its subsidiaries or a substantial portion of the assets of US SEARCH or any of its subsidiaries.

The voting agreement will terminate upon the earlier of the termination of the merger agreement or the consummation of the transactions contemplated by the merger agreement.

The voting agreement does not limit or affect any actions taken by any member of the US SEARCH board of directors or any officer of US SEARCH in his or her capacity as a director or officer of US SEARCH.

Stockholders Agreement

The following summary describes material provisions of the stockholders agreement, which is included in this proxy statement/prospectus as Annex D and is incorporated by reference into this proxy statement/prospectus. This summary may not contain all of the information about the stockholders agreement that is important to you. We encourage you to read the stockholders agreement carefully in its entirety.

Concurrently with the execution and delivery of the merger agreement, First American entered into a stockholders agreement with Pequot Private Equity Fund II, L.P. and First Advantage.

Tag-Along Right. In the stockholders agreement, First American agreed that it will not, directly or indirectly, transfer any shares of First Advantage capital stock to any party in a transaction or series of related transactions occurring within a three-year period commencing on the effective date of the mergers if, immediately after such transfer, First American and its affiliates would not beneficially own at least 70% of the number of shares of First Advantage capital stock issued to First American and its affiliates at the closing of the mergers unless:

- First American delivers a written notice to Pequot Private Equity Fund II, L.P. of such sale, identifying the third party, the number of shares proposed to be transferred, the purchase consideration for the shares, the proposed date of the closing of such sale and the other material terms and conditions of the proposed sale; and
- at Pequot Private Equity Fund II, L.P.’s election, First American permits Pequot Private Equity Fund II, L.P. and its affiliates to participate in such sale by selling a number of shares held by Pequot Private Equity Fund II, L.P. equal to the product of (a) a fraction, the numerator of which is the number of shares proposed to be sold by First American and or its affiliates and the denominator of which is the total number of shares then held by First American and its affiliates and (b) the total number of shares then held by Pequot Private Equity Fund II, L.P. and its affiliates.

The purchase consideration paid for exercising the tag-along right will be the purchase consideration offered to First American or its affiliates. If First American or any of its affiliates has sold any shares of First Advantage to the other party in the 12 months before delivering the notice to Pequot Private Equity Fund II, L.P. or such sale is part of a series of related transactions, Pequot Private Equity Fund II, L.P. may request to treat all such sales to which Pequot Private Equity Fund II, L.P. has not been granted a tag-along right as a single transaction, and the price per share to be paid will be the weighted average price paid for all such transactions.

Designation of Director. First American agreed to vote, and cause each of its affiliates to vote, all of its shares of First Advantage, or otherwise take such action, as is necessary to ensure that the size of the board of directors of First Advantage will be no more than 10 directors. In addition, First American and each of its affiliates will cause the election to the board of directors of First Advantage of one representative designated in writing by Pequot Capital Management, Inc., who initially will be Lawrence D. Lenihan, Jr. However, First American and its affiliates are not required to vote their shares in favor of any such representative if:

- such representative is an officer, director or employee of a person, that is, directly or through its subsidiaries, materially engaged in an individual background screening business that competes with the individual background screening business owned by First Advantage and its subsidiaries; or
- such representative is or has been the subject of any of the matters described in Rule 262(b) promulgated under the Securities Act.

In lieu of designating a member of the board of directors, Pequot Private Equity Fund II, L.P. may, subject to execution of a mutually agreed confidentiality agreement, designate a representative to:

- attend all regular and special meetings of First Advantage's board of directors in a non-voting, observer capacity; and
- receive all notices and materials provided to members of the board of directors, other than privileged information or information that the board reasonably determines to conflict with such representative's rights.

Registration Rights. The securities that may be registered under the stockholders agreement are:

- any shares of Class A common stock of First Advantage that Pequot Private Equity Fund II, L.P. or any of its affiliates own at the date of closing of the mergers or received or is receivable upon the exercise of warrants held at such closing;
- any securities received or receivable as a dividend, stock split or other distribution with respect to other registrable securities;
- any securities received or receivable upon specific reorganization, reclassification, merger, consolidation or other similar events; and
- any shares of Class A common stock of First Advantage acquired by Pequot Private Equity Fund II, L.P. or its affiliates after the date of stockholders agreement, the transfer of which is restricted under Rule 144 of the Securities Act.

Demand Registration Rights. Pequot Private Equity Fund II, L.P. will have the right, by written notice delivered to First Advantage, to require First Advantage to register under the Securities Act the resale registrable securities (as described above) having an aggregate offering price (before deducting of underwriting discounts and commissions) to the public in excess of \$5.0 million. Upon receipt of a notice by Pequot Private Equity Fund II, L.P. First Advantage will effect, as expeditiously as reasonably possible, the registration under the Securities Act of all registrable securities that Pequot Private Equity Fund II, L.P. requests to be registered.

If Pequot Private Equity Fund II, L.P. exercises its demand registration rights and intends to distribute the registrable securities covered by its request by means of an underwriting, First Advantage will enter into an underwriting agreement in customary form with an underwriter or underwriters selected for such underwriting by Pequot Private Equity Fund II, L.P. (which underwriter or underwriters will be reasonably acceptable to First Advantage).

[Table of Contents](#)

First Advantage will not be required to effect any registration based on Pequot Private Equity Fund II, L.P.'s demand registration rights:

- before December 13, 2003;
- after First Advantage has effected two registration statements pursuant to Pequot Private Equity Fund II, L.P.'s demand registration rights and such registration statements have become effective;
- if First Advantage furnishes to Pequot Private Equity Fund II, L.P. a certificate signed by the President or Chief Executive Officer of First Advantage stating that in the good faith judgment of First Advantage's board of directors, it would be seriously detrimental to First Advantage and its stockholders for such registration statement to be effected at such time. If such event occurs, First Advantage has the right to defer such filing for a period of not more than ninety days after receipt of Pequot Private Equity Fund II, L.P.'s request; provided that such right to delay a request is exercised by First Advantage not more than once in any twelve (12) month period; or
- if Pequot Private Equity Fund II, L.P. proposes to dispose of shares of registrable securities that may be registered on a Form S-3.

Piggyback Registration. If First Advantage proposes to file any registration statement under the Securities Act for purposes of a public offering of securities of First Advantage, whether or not for sale for its own account, it will afford Pequot Private Equity Fund II, L.P. and its affiliates an opportunity to include in such registration statement all or part of the registrable securities. If such registration statement is for an underwritten offering, Pequot Private Equity Fund II, L.P. will enter into an underwriting agreement in customary form with the underwriter or underwriters selected for such underwriting by First Advantage but in no event will any indemnity and/or contribution provisions in such underwriting agreement provide that the indemnity and/or contribution of Pequot Private Equity Fund II, L.P. exceed the net proceeds from the offering received by Pequot Private Equity Fund II, L.P.

S-3 Registrations. First Advantage will use its reasonable best efforts to become and remain eligible to register offerings of securities on Form S-3 or its successor form. At all times during which First Advantage is qualified for the use of Form S-3, Pequot Private Equity Fund II, L.P. may request that First Advantage register its registrable securities on Form S-3. However, First Advantage will not be required to effect more than two such registrations during any twelve-month period if such registrations on Form S-3 have been declared or ordered effective and have remained effective until the earlier of 30 days after the date of effectiveness or the date all of the registrable securities registered thereunder have been sold. First Advantage will not be required to effect any S-3 registration:

- within 120 days of the effective date of any other registration pursuant to the stockholders agreement; or
- unless Pequot Private Equity Fund II, L.P. proposes to dispose registrable securities having an anticipated aggregate price to the public (net of underwriting discounts and expenses of sale, if any) of at least \$2.0 million.

Once in any 12 month period, First Advantage may defer filing such S-3 registration statement for a period of not more than 90 days following the requested filing date if First Advantage furnishes to Pequot Private Equity Fund II, L.P. a certificate signed by the President or Chief Executive Officer of First Advantage stating that in the good faith judgment of First Advantage's board of directors it would be seriously detrimental to First Advantage and its stockholders for a registration statement to be filed at the time requested. Subject to the foregoing, First Advantage will use its reasonable best efforts to promptly effect such registration on Form S-3 to the extent requested by Pequot Private Equity Fund II, L.P. under the stockholders agreement.

Expenses Related to Registrations. First Advantage will pay all expenses related to any registration under the stockholders agreement, other than underwriting fees, discounts, commissions or transfer taxes related to

[Table of Contents](#)

Pequot Private Equity Fund II, L.P.'s shares of Class A common stock sold under such registration and will pay fees of one special counsel to Pequot Private Equity Fund II, L.P. or its affiliates of up to \$25,000. First Advantage and Pequot Private Equity Fund II, L.P. have agreed to indemnify each other for third party claims arising out of securities law violations under customary circumstances.

Termination. No party has any obligations under the stockholders agreement before the effective time. After the effective time, the provisions of the stockholders agreement terminate as follows:

- The tag-along rights terminate on the earlier of:
 - the first date on which Pequot Private Equity Fund II, L.P. and its affiliates beneficially own less than 5% of the total number of shares of First Advantage's common stock issued and outstanding immediately following the closing of the mergers; and
 - the third anniversary of the effective time of the mergers.
- The registration rights will terminate on the earlier of:
 - the fourth anniversary of the effective date; and
 - the first date following the effective date on which:
 - First Advantage is then providing current public information within the meaning of Rule 144(c)(1) promulgated under the Securities Act;
 - no representative designated by Pequot Private Equity Fund II, L.P. pursuant to the stockholders agreement is a member of the board of First Advantage; and
 - Pequot Private Equity Fund II, L.P. and its affiliates are able to sell all of their registrable securities without restriction under Rules 144 and 145 promulgated under the Securities Act during a three-month period.
- The director designation right will terminate on the first date on which Pequot Private Equity Fund II, L.P. owns less than 75% of all of the shares of First Advantage Class A common stock issued to Pequot Private Equity Fund II, L.P. and its affiliates at the closing of the mergers.

Standstill Agreement

The following summary describes material provisions of the standstill agreement, which is attached to this proxy statement/prospectus as Annex E and is incorporated by reference into this proxy statement/prospectus. This summary may not contain all of the information about the standstill agreement that is important to you. We encourage you to read the standstill agreement carefully in its entirety.

Pursuant to the merger agreement, at the closing of the mergers First American will enter into a standstill agreement with First Advantage. The standstill agreement will provide that First American will not and will not permit any of its affiliates to, acquire, offer, or propose or agree to acquire, beneficial ownership of any voting securities of First Advantage or securities of any subsidiary of First Advantage other than:

- the securities of First Advantage issued to First American at the closing of the mergers or securities issued upon exchange, exercise or conversion thereof;
- as a result of the transfer of beneficial ownership of securities of First Advantage from First American or its affiliates to an affiliate of First American or to First American; provided, that the acquiring person agrees in writing to assume all of the obligations of First American under the standstill agreement; and
- securities issued to First American or an affiliate of First American as a result of a capital contribution made by First American or such affiliate to First Advantage and approved by a majority of disinterested directors of First Advantage.

Table of Contents

First American may also acquire, offer or propose or agree to acquire the beneficial ownership of securities of First Advantage if pursuant to a tender offer made by First American or an affiliate of First American for outstanding securities of US SEARCH:

- to all of First Advantage's stockholders (other than First American and its affiliates);
- conditioned on at least two-thirds of the outstanding common stock of First Advantage (other than common stock of First Advantage beneficially owned by First American and its affiliates) being tendered; and
- in which the same consideration is offered to all holders of First Advantage common stock.

In addition, the tender offer must be approved by a special committee of First Advantage's board of directors created to consider the tender offer and consisting only of disinterested directors, after receiving a written opinion from a nationally recognized investment bank that the tender offer is fair to First Advantage's stockholders (other than First American and its affiliates).

In addition, without the prior written approval of a majority of disinterested directors of First Advantage, First American will not and will not cause or permit any of its subsidiaries to enter into any transaction with First Advantage or any subsidiary of First Advantage (other than transactions expressly contemplated by the merger agreement), except transactions engaged in by First Advantage or its subsidiary in the ordinary course of business.

First American has also agreed that it will not and will not cause or permit any of its subsidiaries to transfer First Advantage voting securities to any person or group of persons, unless such person or group acquiring such shares agrees in writing to assume all of the obligations of First American under the standstill agreement, if such transfer results in:

- such person or group beneficially owning more than 50% of the issued and outstanding voting securities of First Advantage immediately after such transaction; and
- either the transfer is made to a person or group in which First American or any of its affiliates has an economic interest in excess of \$20.0 million or the voting securities being transferred, together with any voting securities previously transferred by First American or any of its affiliates to such person or group, represent 25% or more of the issued and outstanding voting securities of First Advantage.

For purposes of the standstill agreement, "disinterested director" means any member of First Advantage's board of directors that is not:

- an officer or employee of First Advantage;
- an officer, director or employee of First American or any affiliate (excluding First Advantage) thereof;
- a person who controls or is under common control with First American or any affiliate of First American; or
- a person who otherwise would fail to qualify as an "independent director" under the applicable rules of the Nasdaq National Market as then in effect (other than any person designated by Pequot Private Equity Fund II, L.P. in accordance with the stockholders agreement, who will not be disqualified as a disinterested director if such designee otherwise fails to so qualify).

For purposes of the standstill agreement, "voting securities" means, collectively, the First Advantage Class A common stock, the First Advantage Class B common stock and any other securities entitled, or that are entitled in the future, to vote generally for the election of members of First Advantage's board of directors.

The standstill agreement will terminate on the earlier to occur of the fourth anniversary of the effective date and the date on which First American no longer controls First Advantage.

Subordinated Secured Promissory Note

The following summary describes material provisions of the subordinated secured promissory note, which is included as an exhibit to the registration statement of which this proxy statement/prospectus forms part. The terms of the subordinated secured promissory note are incorporated by reference into this proxy statement/prospectus. INFORMATION ABOUT US SEARCH

Business

Overview

US SEARCH is an individual locator and risk management services company, which uses its proprietary software platform and web-based systems to supply consumer and business clients with services such as individual location, identity verification, criminal record checks, employment and education verifications. US SEARCH, through its wholly-owned subsidiary, Professional Resource Screening, provides employment screening services, including identity verification, criminal record checks, employment and education verifications professional reference checks, credit and motor vehicle record checks, and drug screening. Professional Resource Screening has more than 500 large business clients, including AT&T Wireless, The AIG Life Companies, Bell South Corporation, Charles Schwab and DHL Worldwide Express.

US SEARCH's services can be accessed through its websites, www.ussearch.com for consumers, www.ussearch.com/business for small and medium businesses, or www.prsinet.com for large businesses. US SEARCH makes its periodic and current reports available, free of charge, at www.ussearch.com as soon as reasonably practicable after such material is filed with the Securities and Exchange Commission. US SEARCH was founded in 1994 and incorporated in Delaware in 1999.

US SEARCH has developed US SEARCH DARWIN™ patent-pending technology, which automates the data management supply chain by accessing, assimilating, and compiling data from disparate sources. The current applications of the technology focus on individual locator and profile services. US SEARCH has developed the technology's application to employment screening services and expects that it will be in production for US SEARCH's business customers in 2003. By automating the fulfillment process for employment screening, US SEARCH believes it will be able to deliver a superior quality product more quickly and more efficiently.

Growth in the Security, Certification and Verification Services Sector

US SEARCH believes that background screening and certification services industries will grow due to an increased awareness of security issues. US SEARCH expects that companies will perform more comprehensive background checks on their employees. US SEARCH provides a range of employment screening and background check services, including criminal record checks, employment and education verifications, professional reference checks, credit and motor vehicle record checks, and drug screening.

US SEARCH believes that security and risk mitigation have become important issues for businesses, government and other organizations. US SEARCH believes that employers will require better information about the backgrounds of their prospective and current employees to conform, in certain industries, to new regulations and guidelines, to obtain insurance coverage, to reduce the risk of legal liability for negligent hiring and to manage risk. Information technology has provided individual employees with greater potential access to corporate assets.

While services and technologies have developed to provide remote access to information sources, US SEARCH believes that existing screening companies either provide only limited information or employ limited amounts of automation. For example, credit reporting services make available only limited types of information for specific purposes, such as verifying individual credit records. More comprehensive search and background checks are available through private investigation firms, but they draw on limited datasets, require significant human intervention, do not generate instantaneous results, and are costly. The employment screening industry has historically been fragmented and regional in nature, with over 100 providers in the United States, most with sales of less than \$20.0 million annually. US SEARCH believes that small- and medium-sized businesses have not generally used pre-employment screening services due to prohibitive costs. As these services

Table of Contents

become more common, US SEARCH believes that there will be a need for a screening company that generates fast results and is highly accurate and scalable. According to the U.S. Bureau of National Affairs, the average monthly employee turnover rate for 2001 was approximately 1.1% of the U.S. workforce. Many companies must fill thousands of positions a year, screening multiple candidates for each open position.

US SEARCH Strategy

US SEARCH's objective is to become the leading provider of Internet-based employment screening and background information services to businesses, governments and individuals. US SEARCH believes that pre-employment and verification services will become automated through technology in a similar manner to how

Table of Contents

payroll processing and applicant tracking were automated in the past. US SEARCH makes it possible to not merely screen employees before they are hired, but to perform periodic checks on an automated basis. To accomplish these objectives, US SEARCH intends to:

- Expand the number of customers using its technology. Through Professional Resource Screening, US SEARCH has over 500 customers for whom it is providing employment screening. During 2003, US SEARCH will continue to focus on converting existing customers from regional or divisional accounts to national accounts. In addition, US SEARCH will focus on expanding the scope of services provided to customers and winning new customers in industry verticals where there is a need for background screening, including transportation, retail, insurance, financial services, healthcare, telecommunications, and technology.
- Complete the integration of Professional Resource Screening to US SEARCH's back-end automated fulfillment platform. Because US SEARCH DARWIN™ technology makes it possible to introduce automation into portions of the fulfillment of background searches, US SEARCH expects to improve productivity and increase operating efficiency as it completes the integration of Professional Resource Screening's operations. In addition, US SEARCH believes it will be able to significantly increase the range of services offered to Professional Resource Screening's existing customer base.
- Establish strategic partnerships with leading IT consultants, systems integrators, HR information systems vendors and HR outsourcing companies. US SEARCH intends to develop relationships with leading consulting companies, systems integrators and HR outsourcing companies that will enable it to provide services to their existing client base. US SEARCH also intends to develop partnerships with leading HR Information Systems and Enterprise Resource Planning vendors to integrate its web-enabled software with their systems and make automated screening and background checks available as a value-added feature of their systems.
- Continue to grow the consumer business. US SEARCH intends to deepen and strengthen its channel partnerships and continue to introduce new products and services to expand its market position in the consumer business.

Marketing and Brand Awareness

US SEARCH markets its services through a direct sales force, strategic partnerships and Internet advertising featuring the US SEARCH brand. Given the current attention being paid to security issues, US SEARCH intends to develop channel relationships with leading management consultants, systems integrators, HR information systems providers and HR outsourcing companies to make US SEARCH DARWIN™ technology and services available as a component of their offerings.

US SEARCH intends to continue to strengthen its brand through Internet advertising programs, direct mail, e-mail campaigns, and public relations programs. US SEARCH plans to target an increasing portion of marketing and advertising programs and related expenditures toward business and professional clients rather than consumers.

Marketing to Corporate and Professional Clients. US SEARCH has established a direct business sales force and a team of research specialists to promote and increase the marketing of its services to prospective professional and corporate clients and to address the specific needs of each corporate and professional client. US SEARCH is targeting certain industries, such as transportation, retail, healthcare, financial services, and insurance markets for its employment screening services.

Internet Advertising

US SEARCH believes that marketing agreements with Internet search engines and popular websites have increased brand recognition and attracted clients. US SEARCH generates visitors to its website from various

[Table of Contents](#)

forms of Internet advertising, such as banners, buttons, text links and integrated order forms. US SEARCH maintains marketing agreements with leading Internet search engines and popular websites, and has placement on major websites such as AOL.com, Yahoo.com, Google.com, MSN.com, InfoSpace.com, Netscape.com, Lycos.com, Whitepages.com, Classmates.com, and Overture.com. US SEARCH believes that these sites reach a growing base of Internet users that engage in both business and consumer transactions.

US SEARCH plans to continue to use Internet advertising to acquire clients. During 2002, US SEARCH endeavored to negotiate Internet advertising placements that were targeted to achieve customer acquisition and continued to negotiate performance based payment models. In addition, US SEARCH developed lower-cost supplemental client acquisition programs, including its affiliate marketing program that works with a wide variety of smaller websites, commissioning these affiliates on revenue share basis. US SEARCH also intends to develop strategic marketing relationships with other companies based upon traffic patterns, customer profiles and related services, to increase its revenue from the Internet, primarily on a revenue share or other performance basis.

Competition

The data and information service industry is highly competitive and currently fragmented, although there has been a recent trend toward consolidation. US SEARCH's primary competitors for business services include ADP, ChoicePoint, Inc., Kroll, USIS and TALX. Currently, US SEARCH's primary competitors in the area of individual locator searches include telephone companies and other third parties, who publish free printed or electronic directories, private investigation firms and KnowX.com. US SEARCH does not presently consider major Internet search directories or websites as competitors. In fact, US SEARCH views them as lead generators through their search directories and other services, and US SEARCH presently benefits from strategic advertising arrangements with several of the major Internet search engines and websites.

Third Party Suppliers

US SEARCH does not independently maintain most of the databases from which it gathers information for its current services, but instead relies on a limited number of third party suppliers. If one or more of US SEARCH's current data suppliers terminates existing agreements, US SEARCH may not be able to obtain new agreements with third party suppliers on favorable terms, if at all. Therefore, US SEARCH continually seeks additional data sources with the goal of adding new products and services and decreasing its dependence on a limited number of suppliers of data for its current products and services.

Technology and Infrastructure

During 2002, US SEARCH implemented its DARWIN™ proprietary software platform, which uses advanced technology to access, assimilate, compile, distribute and present data from disparate public and private databases. US SEARCH's patent application on this technology was published on December 19, 2002.

During 2002, US SEARCH completed development of the initial phase of its Corporate Services Platform that provides support for customers of its screening services. US SEARCH believes this platform automates many of the activities of the screening business and enhances fulfillment productivity and accuracy. In addition, US SEARCH has further enhanced its eCommerce, Customer Relationship Management and proprietary technology developments which utilize the industry standard J2EE technology platform to enhance the interoperability of its software systems, provide improved scaling capability and provide further efficiencies in the software development group by standardizing on a single development platform. US SEARCH's XML-based messaging framework enables seamless exchange of data with client-partner systems.

US SEARCH has scaled its hardware infrastructure to accommodate the increased traffic to its sites and has attempted to provide redundancy at all levels of the architecture in an effort to minimize unanticipated processing interruption.

Patents and Trademarks

US SEARCH's patent application on its US SEARCH DARWIN™ technology was published on December 19, 2002 and is pending issuance. US SEARCH is the owner of registered trademarks for "1-800-USSEARCH", "The Public Record Portal," its logo, "Reuniting America Two People at a Time," "VeroTrust," "FraudIdentity," and "TrustIdentity" and has applied for registered trademark status for "US SEARCH.com." US SEARCH has also registered several domain names, including 1800USSEARCH.com, ussearch.com, prsinet.com and verotruster.com.

Employees

As of December 31, 2002, US SEARCH and Professional Resource Screening had 198 full-time and 32 temporary employees. US SEARCH and Professional Resource Screening believe that relations with their employees are good. None of US SEARCH's nor Professional Resource Screening's employees are represented by a union or are a party to any collective bargaining agreement.

Governmental Regulation

Although none of US SEARCH's products or services require US SEARCH to obtain governmental approvals, US SEARCH is subject to various federal and state regulations that impact its products and services. For example, employment screening is regulated by the federal Fair Credit Reporting Act (FCRA), various state law equivalents, as well as federal and state laws and regulations intended to prevent employment discrimination. US SEARCH's consumer business is affected by the Gramm-Leach-Bliley Financial Services Modernization Act of 1999 (GLB). Federal preemption of privacy laws has been discussed at the federal level since the passage of the GLB. Presently, however, state legislatures, attorneys general, and state regulatory bodies are responding to a perceived need for increased privacy protection in the absence of strong federal legislation that is preemptive. States have taken increased action on privacy-related legislation. For example, Minnesota passed an Internet privacy bill, which has a March implementation date and California has made repeated efforts to pass a financial privacy bill that would be stronger than the GLB.

Research and Development Activities

Over the last three years US SEARCH has spent considerable funds developing its proprietary technology and websites. In fiscal years 2000, 2001 and 2002, respectively US SEARCH spent \$6.0 million, \$7.8 million and \$5.4 million on research and development activities.

Property

US SEARCH's headquarters are located in approximately 52,500 square feet of office space in Los Angeles, California. US SEARCH leases its headquarters at a monthly rate of \$91,707. The lease terminates on November 30, 2004, and US SEARCH has an option to extend the lease for an additional five years. Professional Resource Screening leases approximately 26,000 square feet of office space in Concord, California at a monthly rate of \$35,103. The lease terminates on October 31, 2005.

Legal Matters

In May 2001, ChoicePoint, Inc., the successor entity to DBT Online, Inc., US SEARCH's former data provider, filed a complaint against US SEARCH in Palm Beach County, Florida alleging breach of contract, fraudulent misrepresentation, unjust enrichment, quantum meruit and breach of the implied covenant of good faith and fair dealing. The complaint sought approximately \$1.5 million relating to disputed invoices, as well as interest and attorneys' fees. US SEARCH removed this action to the United States District Court for the Southern District of Florida. The United States District Court for the Southern District of Florida ordered the matter to

[Table of Contents](#)

arbitration. In arbitration US SEARCH alleged that ChoicePoint breached the contract by providing inferior data. An arbitration hearing was held in April 2002 and in June 2002 the arbitrator found that ChoicePoint had provided inferior data and awarded US SEARCH a credit of \$297,671 to be deducted from invoices of \$1.4 million. ChoicePoint filed a Motion to Confirm the Arbitration Award and US SEARCH has filed a Motion to modify and correct the Arbitration Award to provide additional credits based on a calculation error by the arbitrator. US SEARCH is awaiting the District Court's ruling on these motions. US SEARCH has paid ChoicePoint \$300,000 of the award. US SEARCH has approximately \$780,000 accrued for this liability as of December 31, 2002. To date US SEARCH has incurred less than \$100,000 in costs and legal fees in connection with this litigation which have been accrued and paid.

On June 25, 2002, a complaint seeking \$434,000 in damages was filed against Professional Resource Screening in Superior Court of California, County of Contra Costa, styled Wood Warren & Co. v. Professional Resource Screening, Inc., No. C02-01816, alleging breach of an oral agreement relating to fees for investment banking services in connection with the merger of Professional Resource Screening and US SEARCH, negligent misrepresentation, promissory estoppel, equitable estoppel and quantum meruit. Plaintiff Wood Warren admits that there was no written contract for investment banking services between Professional Resource Screening and Wood Warren in effect at the time of the merger. Professional Resource Screening denies that there was any oral agreement. Although it is too early to predict the outcome, US SEARCH believes it has meritorious defenses to plaintiff's claims.

US SEARCH may from time to time become a party to various legal proceedings arising in the ordinary course of business.

INFORMATION ABOUT THE FAST DIVISION

B business

Introduction

The FAST division of First American is a leading provider of background screening and verification services in the United States. These services include motor vehicle reports, tenant screening, employee background screening and occupational health.

Services

Motor Vehicle Reports. The FAST division provides automated access to driving records from all 50 states and the District of Columbia. Insurance companies represent the core of the customer base for this product, which they use for underwriting purposes. Employers also utilize the product to manage risk associated with employees that require the use of a vehicle in the performance of their duties. For most customers, the division receives and fulfills orders through its proprietary software known as Comprise/ZapApp software, which allows the customer to integrate the process of obtaining motor vehicles reports with other processes utilized by the customer. Generally, demand for this product decreases in November and December as a result of seasonal reductions in the insurance and employment markets.

Tenant Screening. The FAST division provides tenant screening services to landlords and managers of multifamily residential properties. These services include reports containing information derived from the FAST division's database of eviction records, major credit bureaus, provided references and criminal records. Depending on a customer's needs, reports can draw on any combination of these sources. One of the division's products, for example, provides customers with a comprehensive report of rental history and eviction filings drawn on the division's proprietary database. Customers also can order products which assess risk of default by a potential tenant based on a statistical model. Customers generally order and receive the division's tenant screening products through a secure Internet connection or through software. In these services the division experiences moderate seasonality, with a slightly disproportionate share of revenue being generated from March through October.

Employee Background Screening. The FAST division provides employee background screening services to thousands of companies in the United States. These services include reports about a prospective employee's criminal record, motor vehicle violations, credit standing and involvement in civil litigation. The FAST division also makes inquiries of provided references and former employers, verifies educational credentials and licenses and checks industry specific records. A customer can order any of these and other related services individually or as a package. Depending on a customer's preference, orders may be placed and fulfilled directly from the FAST division, through a secure Internet connection, via facsimile or through third party vendors. Because of the diverse clientele for the employee background screening products, seasonality is minimal. Generally, the division experiences any lull in the demand for its screening products near year end and during the summer, when employers typically slow their hiring pace.

Occupational Health. The FAST division also provides its customers with a comprehensive set of occupational health services, which helps employers manage occupational health issues with respect to both prospective and existing employees. Generally, these products involve first the design and implementation of a drug testing program, including provision for the collection and testing of specimens. Through its staff of doctors, the division then interprets the results. Ultimately, a report is delivered to customers through a secure Internet connection or through other direct means.

The FAST division also develops and manages employee assistance programs, which provide troubled employees with access to confidential counseling services. These programs cover a wide range of personal and workplace issues, including alcohol and drug abuse, marital problems, family matters, bereavement management, depression, stress, retirement and downsizing. The division's employee assistance programs also provide

[Table of Contents](#)

employers with a number of corporate-focused services, including critical incident stress management programs, organizational change consulting and intensive specialty training on issues such as violence in the workplace.

Approximately 75% of the division's occupational health business is derived from employment screening, with the balance attributable to ongoing drug testing programs and employee assistance programs.

As with its employee background screening products, any seasonality in the demand for the division's occupational health products generally is attributable to decreases in hiring which occur near year end and during the summer.

First American has also agreed to contribute First American Indian Holdings LLC to First Advantage as part of the mergers for no additional consideration. First American Indian Holdings and American Driving Records own ZapApp India Private Limited, a company that provides software development services to the FAST division.

Historical Growth of the FAST Division

In the late 1990s, First American initiated a diversification strategy which called for, among other things, the combination of one of its core competencies—data management and analysis—with businesses that are counter-cyclical to its long-standing real estate related products and services. First American also sought businesses that were complementary to its rapidly growing credit reporting business, First American CREDCO. First American management initially focused on the background screening industry—an information-intensive business with a heavy demand for credit reports and a relatively tangential tie to the real estate market.

Employee Background Screening. In September 1998, First American began its entry into the background screening industry by acquiring HireCheck. HireCheck, headquartered in St. Petersburg, Florida, provides a wide range of employee screening services for a diverse group of companies. Depending on the type of product ordered, the reports generated by HireCheck provide information about a prospective employee from a number of sources, including criminal records, motor vehicle reports, credit reports, civil litigation records, prior employers, educational institutions, licensing authorities, employee references and certain other records specific to the industry in which the customer operates.

Tenant Screening. In September 1998, First American also entered the tenant screening industry by acquiring First American Registry, headquartered in Rockville, Maryland. First American Registry, the largest tenant screening company in the United States, gives property managers and landlords in the multifamily housing industry the tools required to evaluate prospective tenants. These tools include access to First American Registry's database of landlord-tenant court records, which is the largest of its kind in the United States, and its database of criminal conviction information, which is one of the largest for use in tenant screening in the country. These tools also include access to credit reports, a credit scoring model developed exclusively for the multifamily housing industry and reference checking.

Occupational Health. Continuing its efforts to provide a comprehensive set of risk management tools to its customers, in August 2001, First American entered the occupational health services business by acquiring Milwaukee, Wisconsin-based Substance Abuse Management. This company manages for employers the collection of drug test specimens, the actual testing of the specimens and the interpretation and delivery of results.

Motor Vehicle Reports. Five months later, in January 2002, First American further added to the menu of services offered by the FAST division by acquiring American Driving Records, a Rancho Cordova, California-based provider of motor vehicle reports. One of the largest competitors in its industry, American Driving Records brought to the FAST division not only a formidable player in a key area of the risk management industry, but also enhanced access to the driving records of almost every state in the United States. With American Driving Records, First American purchased ZapApp India Private Limited, a Bangalore, India-based private limited company that provides web development services to American Driving Records.

Consolidation

In an effort to improve the profitability of the companies then comprising the FAST division, in the second quarter of 2001, First American reorganized the division's management structure by dedicating a single management group to the oversight of all operations. By emphasizing the group as a whole, this reorganization effort positioned the FAST division to pursue cross-selling opportunities, take advantage of mutual supplier relationships and leverage technological developments and resources across the entire division. It also had the effect of focusing management on efforts to improve the division's operating margins by increasing the volume of transactions performed using the division's existing systems, whether through internal sales growth or by acquiring businesses with complementary product offerings. In January 2002, First American formally created the FAST division and began reporting it as a segment in its financial statements.

Strategic Acquisitions Following 2001 Reorganization

First American supplemented the division's employee background screening operations by acquiring Factual Business Information, Inc., headquartered in Miami, Florida, in August 2001 and Pretiem Corporation, headquartered in Princeton Junction, New Jersey, in December of 2001. These acquisitions provided the division with a customer base for employee background screening services in three important employment markets: the Miami metropolitan area, New Jersey and New York State.

In the last quarter of 2002, the FAST division completed acquisitions of Employee Health Programs in October and SafeRent in November.

Employee Health Programs. A competitor of Substance Abuse Management, the Bethesda, Maryland-based Employee Health Programs brought critical volume to the FAST division's occupational health business. Through the acquisition of Employee Health Programs, the FAST division also expanded the scope of its existing services to include employee assistance programs, which are designed to help troubled employees resolve behavioral and/or emotional problems and achieve their full productive capability.

SafeRent. SafeRent, headquartered in Denver, Colorado, brought many new customers to the FAST division's leading tenant screening business and increased the division's penetration in key markets, in particular markets in the western United States.

Customers

The FAST division serves a wide variety of clients throughout the United States, including a substantial percentage of those businesses comprising the Fortune 1000, many major real estate investment trusts and property management companies, a number of the top providers of transportation services, governmental agencies, non-profit organizations and health care providers. Dominant categories of customers vary depending on the type of product. Insurance carriers and agents, for example, purchase a substantial proportion of the FAST division's driving record products. Transportation companies are major consumers of the division's occupational health products. Multifamily housing property management companies and landlords of all sizes are represented in the tenant screening business' customer base. Larger employers represent the predominant share of the division's employee background screening business. The FAST division derives a nominal amount of revenue from customers in Canada and Puerto Rico.

The division has in excess of 10,000 customers. No single customer is responsible for 2 percent or more of the revenue of the entire division.

Suppliers

Data represents a key ingredient of the FAST division's background screening, tenant screening and driving records products. In obtaining such data, the FAST division draws upon a wide variety of sources, including

[Table of Contents](#)

governmental agencies, credit reporting agencies, third parties which compile public record information and on-line search services. Many of the division's suppliers provide this data in electronic format. The FAST division does not anticipate the termination of any significant relationship with any of its data suppliers. Because the FAST division believes it could acquire necessary data from other sources, the FAST division does not believe that the termination of any supplier relationship would have a material adverse effect on the division's financial condition or operating results.

In connection with its occupational health services, the FAST division depends upon services provided by specimen collection agencies and laboratories. There is significant competition among suppliers of these services and, consequently, the FAST division does not believe the termination of its relationship with any of these suppliers would have a material adverse effect on its financial condition or operating results.

The FAST division has historically relied on First American for certain financial, administrative and managerial support, including strategic planning, general management support, legal support, treasury administration, insurance administration, corporate income tax administration, human resources, benefits, network services, and certain accounting and financial management services. The FAST division paid First American approximately \$1.9 million, \$1.4 million and \$1.5 million in 2000, 2001 and 2002, respectively, for these support services. First American will continue to provide certain of these support services to First Advantage under a services agreement. See "OTHER AGREEMENTS—Services Agreement" on page 68.

Governmental Regulation

Although none of the FAST division's products or services requires governmental approvals, the FAST division is subject to various federal and state regulations that may impact its products and services. For example, the federal Fair Credit Reporting Act and various state laws regulate products and services that include disclosure of personal information. Historically, the FAST division has been able to comply with existing laws and regulations without incurring substantial costs or restrictions on its business.

Strategies for Future Growth

The FAST division believes that as the world becomes increasingly risky for individuals and organizations, demand for the risk management products offered by the FAST division will grow. The FAST division's primary goal is to be well positioned to capture not only a substantial portion of the existing market, but also a substantial share of the expected growth. The FAST division plans to accomplish this goal in the following manner:

Consolidate Operations. The FAST division intends to continue its aggressive efforts to consolidate its operations. This includes efforts not only to capture synergies by eliminating personnel and systems duplication, but also to exploit cross-selling opportunities by providing a single platform on which the division can offer its entire menu of services to current and prospective customers. In the short term, we believe these efforts could result in the elimination of up to 5% of the FAST division total employee base.

Pursue Strategic Acquisitions. The FAST division also intends to continue pursuing acquisitions of companies that would enable it to enter new markets as well as increasing its share of those markets in which it is already operating. It will pursue companies with assets that will enhance the division's ability to fulfill orders, including companies with proprietary databases containing information for use in its products or technology that would make order placement or product delivery more efficient. The FAST division also expects to pursue acquisition opportunities which would enable it to enter into related product fields. Its recent acquisitions of Employee Health Programs and SafeRent are examples of the division's efforts to increase the volume of transactions performed by its existing businesses through strategic acquisitions. The proposed transaction with US SEARCH provides an example of the FAST division's efforts to enhance its technology (through US SEARCH's DARWIN™ platform) and to enter related product fields (location services) through acquisition.

[Table of Contents](#)

Overseas Production. To cut costs, the FAST division intends to expand its production efforts overseas. Currently, the division's operations in Bangalore, India provide a portion of its software development needs. The division plans to expand the software development activities of its Bangalore facility and to examine other potential cost saving opportunities it may provide, such as the performance of certain back office functions and the running of a customer service call center.

Competition

A number of companies compete with the FAST division's product offerings. The division's most significant national competitors in employee background screening include ChoicePoint, Kroll, U.S. Investigative Services and ADP. A number of local and regional competitors also exist. The tenant screening industry is highly fragmented, with only approximately 10 other companies providing significant competition on a national level. In its occupational health business, the division has one significant nationwide competitor, however, there are a significant number of relatively local and regional companies in the industry. In motor vehicle reports, there are approximately 10 major competitors to the division, the most predominant of which is ChoicePoint. In each of its markets, the division competes foremost on the basis of customer service and secondarily on price and product differentiation.

Employees

The FAST division employs over 700 people, most of which are located in the United States. The division employs 12 people at its development facility in Bangalore, India.

Intellectual Property

The FAST division owns a number of items of intellectual property, including trademarks, tradenames, copyrights, patents, domain names and unregistered trade secrets. The FAST division is not dependent upon any single item of intellectual property.

Currently, the web site of the FAST division is www.firstam.com. Following the mergers, the First Advantage web site will be www.firstadvantagecorp.com.

Properties

The FAST division's principal executive offices are located in 30,000 square feet of leased office space in St. Petersburg, Florida. The lease expires on February 29, 2008 with no option to renew. Monthly rent is approximately \$62,000. The division maintains 16 other offices in the United States and an office in Bangalore, India. These offices, all of which are leased, comprise a total of approximately 110,000 square feet of space.

Legal Matters

The FAST division is involved in litigation from time to time in the ordinary course of its business. The FAST division does not believe that the outcome of any pending or threatened litigation will have a material adverse effect on its financial position or operating results.

Market Price of and Dividends on Common Equity and Related Stockholder Matters

There is no established public trading market for the securities of the companies comprising the FAST division. First American beneficially owns all of the outstanding capital stock of the FAST division companies.

INFORMATION ABOUT FIRST ADVANTAGE

First Advantage, a wholly owned subsidiary of First American, has not conducted any business activities to date other than those incident to its formation, execution of the merger agreement and related agreements and participation in the preparation of this proxy statement/prospectus. Immediately following the mergers, First Advantage will operate US SEARCH and the companies that currently comprise the FAST division and will own, directly and indirectly, all of the outstanding capital stock of such entities. Accordingly, the business of First Advantage, operated through its wholly-owned subsidiaries, will be the businesses currently conducted by US SEARCH and the FAST division. See “INFORMATION ABOUT US SEARCH—Business” on page 71 and “INFORMATION ABOUT THE FAST DIVISION—Business” on page 77.

Employee Benefit Plans

First Advantage will honor all outstanding stock options, stock appreciation rights, limited stock appreciation rights, stock purchase rights and warrants of US SEARCH outstanding before the mergers. See “THE MERGERS—Effect on US SEARCH Stock Options and Warrants” on page 44. First Advantage intends to offer its employees participation in certain of First American’s benefit plans for a period of time following the closing of the mergers. Non-employee directors and certain employees and consultants of First Advantage and its subsidiaries also will be eligible to participate in the First Advantage Corporation 2003 Incentive Compensation Plan. Participation in the First Advantage Corporation 2003 Employee Stock Purchase Plan will be offered to eligible employees of First Advantage. First Advantage expects eligible designees to begin participation in the incentive compensation plan and the employee stock purchase plan shortly after closing of the mergers.

First American Benefit Plans

First Advantage employees may elect to participate in a selection of medical plans to fit their needs as well as a dental plan, a vision plan, various coverage levels of life and disability benefits. Employees are eligible to participate in these plans after completion of 30 days of continuous active service and if such employees are regularly scheduled to work at least 30 hours a week. The First American 401(k) Plan, a defined contribution plan intended to qualify under Section 401(k) of the United States Internal Revenue Code, is available to employees of First Advantage who complete at least 30 days of continuous active service and are at least 21 years old. Each participant will be able to elect to defer from 1% to 15% of the participant’s pretax annual compensation, subject to certain limits, which are prescribed by the Internal Revenue Code and adjusted for inflation periodically. Matching contributions and profit-sharing contributions may be made under the plan. Elective deferral and employer contributions will be fully vested at all times. Upon retirement or other termination of employment, a participant’s account balance will be distributable to the participant (or to the participant’s beneficiary) in accordance with the participant’s election. Distributions of a participant’s account balance may be withdrawn during their employment in order to satisfy an immediate and heavy financial need that cannot reasonably be satisfied from other sources. The 401(k) Plan will permit participants to borrow a portion of their vested account balances pursuant to a uniform and non-discriminatory loan program.

Current employees of the FAST division who are participants in First American’s defined benefit pension plan and who will become employees of First Advantage in connection with the mergers generally will be permitted to continue their participation in the plan, to the extent available to employees of First American. No new participants will be permitted to participate in the defined benefit pension plan.

First American maintains an executive supplemental benefit plan and a management supplemental benefit plan that it believes assists in attracting and retaining highly qualified individuals for upper management positions. Both plans provide retirement benefits for, and pre-retirement death benefits with respect to, certain key management personnel selected by First American’s board of directors, and may include executives of First Advantage at and to the extent selected by First American’s board of directors. Under the executive plan, upon retirement at normal retirement date (the later of age 65 or, unless waived by First American’s board of directors, completion of 10 years of service), a participant receives a joint life and 50% survivor annuity benefit equal to 35% of “final average compensation.” Under the management plan, upon retirement at normal retirement date

[Table of Contents](#)

(the later of age 65 or, unless waived by First American's board of directors, completion of 10 years of service), a participant receives a joint life and 50% survivor annuity benefit equal to 15% of "final average compensation." "Final average compensation" under both plans is the average annual compensation, composed of base salary, plus cash and stock bonuses, for those three calendar years out of the last 10 years of employment preceding retirement in which such compensation is the highest. The benefit under the executive plan is reduced by 5% for each year before normal retirement date in which retirement occurs and, until age 70, increased by 5% (compounded in order to approximate the annuitized value of the benefit had retirement occurred at age 65) for each year after such date in which retirement occurs. With respect to such postponed retirement, the executive plan takes into account covered compensation received until age 70, so that the retirement benefit of an executive who retires after normal retirement date is equal to the greater of the annuitized benefit or the benefit calculated using final average compensation until age 70. The retirement benefit under the management plan does not take into account compensation received after the normal retirement date, and no benefit is payable to a participant who retires prior to the normal retirement date unless the participant has been employed by First American or a subsidiary for at least 15 years and the First American board grants consent. To be eligible to receive benefits under the plans, a participant must be at least age 55, have been an employee of First American, or an employee of one of its subsidiaries, for at least 10 years and, unless waived by First American's board of directors, covered by the plan for at least five years. A pre-retirement death benefit is provided under both plans consisting of 10 annual payments, each of which equals 50% of final average compensation. Vesting of rights under the plan is accelerated in the event of a change in control (as defined in the plan) of First American. Both of the plans are unfunded. First American purchases insurance, of which First American is the owner and beneficiary, on the lives of the participants in the plans. This insurance is designed to recover, over the life of each plan, First American's costs incurred with respect to the plan. Currently, only 48 employees have been selected by the First American board to participate in the executive plan, and only 61 employees have been selected by the First American board to participate in the management plan.

First American's deferred compensation plan offers to a select group of management and highly compensated employees of First American and its subsidiaries (including First Advantage) the opportunity to elect to defer portions of salary, commissions and bonuses. A committee appointed by First American's board is responsible for administering the plan, which became effective January 1, 1998. First American maintains a deferral account for each participating employee on a fully vested basis for all deferrals. Participants can choose to receive cash benefits in one lump sum or in quarterly payments upon termination of employment or death. Subject to the terms and conditions of the plan, participants also may elect to schedule in-service withdrawals of deferred compensation and the earnings and losses attributable thereto. For all participants who joined the plan prior to December 31, 2001, the plan provides a pre-retirement life insurance benefit equal to the lesser of 15 times the amount deferred in a participant's first year of participation or \$2.0 million. The life insurance benefit is reduced beginning at age 61 by 20% per year. Participants who join the plan after December 31, 2001, are not eligible for any life insurance benefit. First American pays the premiums for such life insurance benefits. The plan is unfunded and unsecured.

First Advantage Corporation 2003 Incentive Compensation Plan

First Advantage's board of directors has adopted, and First American as the sole stockholder of First Advantage has approved, the 2003 First Advantage Incentive Compensation Plan. The plan is intended to promote the long-term success of First Advantage and increase stockholder value by attracting, motivating, and retaining key employees of First Advantage and its subsidiaries and affiliates, and by motivating consultants who provide significant services to First Advantage and its subsidiaries and affiliates. To achieve this purpose, the plan allows the granting of stock options, stock appreciation rights, restricted stock awards, performance unit awards, performance share awards and cash-based awards to eligible persons.

Subject to adjustment for certain changes in First Advantage's capitalization, a total of 3.0 million shares of First Advantage Class A common stock will be available for issuance under the plan. First American and US SEARCH currently intend that First Advantage, in connection with the closing of the mergers, will issue options

[Table of Contents](#)

under the plan to purchase approximately 800,000 shares of First Advantage Class A common stock to executives of the FAST division and First American who will serve as senior executives of First Advantage following the mergers.

The plan will be administered by the compensation committee of the board of directors of First Advantage, or another committee appointed by the First Advantage board. The committee will have the exclusive discretionary authority to operate, manage and administer the plan in accordance with its terms. Subject to the terms of the plan, the committee has the sole discretion to determine the employees and consultants who will be granted awards, the size and types of such awards, and the terms and conditions of such awards. The committee will determine the form and content of award agreements that grant awards under the plan. The committee will interpret the plan and award agreements thereunder and will have authority to correct any errors, supply any omissions and reconcile any inconsistencies in the plan and/or any award agreements. The committee's decisions and actions concerning the plan will be final and conclusive. Non-employee directors of First Advantage will receive automatic grants of a set number of options upon initial election and re-election to the First Advantage board.

Upon the occurrence of a change of control transaction (as defined in the plan), generally all awards under the plan accelerate, all restrictions are lifted and all performance goals are achieved, subject to certain limitations. The committee may provide that any award, the payment of which was deferred under the plan, will be paid or distributed as of, or promptly following, a change of control transaction. The committee may also provide that any awards subject to any such acceleration, payment, adjustment or conversion cannot be exercised after, or will terminate as of, a change of control transaction.

First Advantage Corporation 2003 Employee Stock Purchase Plan

The board of directors and stockholder of First Advantage have also approved the First Advantage Corporation 2003 Employee Stock Purchase Plan. The plan, which is intended to qualify under Section 423 of the Internal Revenue Code, allows eligible employees to purchase First Advantage Class A common stock through payroll deductions for 85% of the fair market value of the First Advantage Class A common stock. Participation in the plan is voluntary. Eligible employees may participate by authorizing payroll deductions of up to 15% of their base pay for each payroll period. At the end of each one-month offering period, each participant will receive an amount of First Advantage Class A common stock equal to the sum of that participant's payroll deductions during such period divided by 85% of the fair market value of the common stock at the end of the period. No employee may participate in the plan if such employee owns or would own after the purchase of options under the plan, 5% or more of the voting power of all classes of First Advantage stock. Shares of First Advantage Class A common stock issued under the plan must be held for a period of one year. A total of 1.0 million shares of First Advantage Class A common stock will be reserved for issuance under the plan.

US SEARCH MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of results of operations and financial condition should be read in conjunction with US SEARCH's consolidated financial statements and related notes attached to this proxy statement/prospectus.

Overview

US SEARCH provides employment screening services to large businesses and a range of location and risk management services to consumers and small and medium sized business clients including identity verification, individual location, criminal record checks, employment and education verifications, professional reference checks, credit and motor vehicle record checks, drug screening, and pre-employment screening services. US SEARCH is able to deliver location verification and screening services through its proprietary web-based applications and patent pending US SEARCH DARWIN™ technology. US SEARCH's services can be accessed through its websites, USSEARCH.com, ussearch.com/business or prsinet.com, or by calling toll free telephone numbers, 1-800-USSEARCH for consumers, 1-877-327-2410 for small and medium businesses or 1-800-232-0247 for large businesses.

US SEARCH's consumer and small and medium business products provide direct (Internet and telephone) individual locator, and other public record searches to consumers and these services and pre-employment screening services to small and medium-sized businesses. US SEARCH's business product provides employment screening and risk mitigation services to large businesses and organizations.

Due to the high level of automation, certain of US SEARCH's services can be conducted instantly online. US SEARCH also offers assisted searches and screening services, both online and through a toll free telephone number.

Large Business Services. US SEARCH provides large businesses, government agencies and other large employers with a variety of employment screening, background check and risk mitigation products and services via an online, web-based system that enables instant ordering and prompt delivery of results. Customers can customize their search and decision parameters online using a "drag-and-drop" browser interface. US SEARCH's employment screening products include social security number traces, federal and state felony and misdemeanor record searches, employment and education verification, and credit histories. US SEARCH also provides character reference checks and drug screening via third party providers. In addition, US SEARCH offers a Management Services program that provides customers with an outsourced solution to background investigations, which includes analysis of developed investigation data, management of Fair Credit Reporting Act communications, legal compliance, and direct applicant contact.

Consumer-Focused Services. US SEARCH provides consumer clients and small and medium sized businesses with a single, comprehensive access point to a broad range of information to assist them in locating individuals or to learn more information about people in their lives or with whom they do business. US SEARCH's consumer clients can obtain public information including addresses, aliases, phone numbers, property ownership, court records, professional license verification, corporate affiliations and death record information. US SEARCH also offers nanny and contractor background check services for consumers and employment screening for small businesses.

Prices for US SEARCH's non-instant consumer and small and medium business services have ranged from approximately \$20 to \$395 per search. Prices for "Instant Searches" range from approximately \$10 to \$15 per search. Prices for large business services range from \$3 to \$495. The prices for services vary based on the nature and amount of information and whether or not the search is assisted by a search specialist.

[Table of Contents](#)

Revenue for US SEARCH's services is recognized when the results are delivered to the client. The terms of sale do not provide for refunds after services have been delivered, however, in instances where the clients indicate that the initial search result was unsuccessful, US SEARCH may perform another search or provide a refund at the customer's discretion. In addition, where clients desire additional information they can request to broaden the scope of their "Instant Searches" and US SEARCH applies up to a portion of the cost of the client's "Instant Searches" towards the cost of the more comprehensive search.

US SEARCH's cost of services consists primarily of payroll and benefits, data acquisition costs, local and long distance telephone charges associated with providing its services, and payment processing costs. US SEARCH's cost of services is likely to increase with increasing revenue levels. US SEARCH has entered into an agreement with Confi-Check Inc., a supplier of online public record data. This agreement, which permits US SEARCH representatives and customers access to Confi-Check's information databases, will remain in effect following the closing of the mergers. It expires in October 2003 and is renewable at US SEARCH's option for up to five additional one-year periods. On December 31, 2002, the non-cancelable payments under this agreement were \$690,000 in 2003.

US SEARCH's operating expenses consist primarily of selling, marketing, general and administrative expenses and information technology costs. US SEARCH expects operating expenses to increase as it attempts to expand its corporate sales force and product lines.

Selling and marketing expenses are a significant portion of US SEARCH's operating expenses. Internet advertising expenses are the most significant selling and marketing expense. US SEARCH has several cancelable and non-cancelable distribution and marketing agreements with various Internet companies including Yahoo!, Inc. The terms of these agreements provide for varying levels of exclusivity and minimum and maximum fees payable based on the number of banners, buttons and text links displayed on affiliate websites. On December 31, 2002, the minimum non-cancelable payments due under these agreements were approximately \$3.3 million for 2003, and \$550,000 for 2004.

US SEARCH expects selling and marketing expenses to increase as it attempts to expand its products and market reach in both the consumer and business services groups.

Information technology expenses consist primarily of the compensation and benefits for employees and consultants involved in development, network administration, planning and maintenance of infrastructure. Certain costs associated with the development of software for internal use are capitalized. Information technology costs are expected to increase with the continuing development of proprietary technology.

General and administrative expenses consist primarily of compensation and related costs for administrative personnel, occupancy costs and other overhead costs. US SEARCH expects general and administrative costs to remain flat or decrease as it continues to manage the size and growth of its organization.

Interest expense, net of interest income, consists of interest on outstanding short term and long term debt, and convertible notes payable. Interest expense also includes non-cash charges resulting from beneficial conversion features on US SEARCH's convertible notes payable, and the amortization of discounts and issuance costs on US SEARCH's convertible notes payable, and bank credit facility. Upon the conversion of all remaining convertible notes payable into US SEARCH common stock, US SEARCH recognized all remaining beneficial conversion feature charges and wrote off all remaining discounts and issuance cost related to the convertible notes payable. Consequently, US SEARCH expects interest expense to decrease.

Acquisition of Professional Resource Screening. In December 2001, US SEARCH acquired Professional Resource Screening, Inc. Pursuant to the terms and conditions contained in the acquisition agreement, US SEARCH issued 8.8 million shares of common stock to the former shareholders of Professional Resource Screening. In addition, US SEARCH was obligated to pay to the former shareholders of Professional Resource

[Table of Contents](#)

Screening approximately \$1.5 million in cash installment payments over an 18-month period and additional cash payments of approximately \$1.5 million in monthly installments on or before December 2004, the timing of which depends on the cash flow of Professional Resource Screening over a period between May 1, 2002 and December 2004. As of December 31, 2002, US SEARCH was obligated to pay approximately \$2.1 million in cash payments to the former shareholders of Professional Resource Screening. On February 28, 2003, US SEARCH and the former shareholders of Professional Resource Screening agreed to amend the acquisition agreement to eliminate certain additional earn-out payments and revenue adjustments.

US SEARCH incurred significant net losses of approximately \$29.4 million in 2000, \$11.9 million in 2001, and \$24.1 million in 2002. At December 31, 2002, US SEARCH had an accumulated deficit of approximately \$98.6 million.

Comparison of the Year Ended December 31, 2002 to the Year Ended December 31, 2001

Net Revenues. Net revenues increased \$11.9 million from approximately \$18.4 million for the year ended December 31, 2001 to approximately \$30.3 million for the year ended December 31, 2002, representing a 64.9% increase. Approximately \$8.9 million of the increase is attributable to US SEARCH's acquisition of Professional Resource Screening in December 2001 and US SEARCH's entrance into the enterprise services sector. The remaining \$2.0 million increase is due to an increase in US SEARCH's consumer services business. Through a combination of establishing new channel partnerships, strengthening existing channel partnership relationships, and implementing enhanced search technology, US SEARCH was able to increase internet traffic to its website and improve customer conversion rates for the consumer business.

Gross Profit. Gross profit increased from approximately \$13.9 million for the year ended December 31, 2001, to approximately \$20.9 million for the year ended December 31, 2002, representing a 50.2% increase. Gross profit as a percentage of net revenues was approximately 69.0% and 75.6% for the years ended

[Table of Contents](#)

December 31, 2002 and December 31, 2001, respectively. The decrease in gross margin reflects the change in product mix as a result of US SEARCH's December 2001 acquisition of Professional Resource Screening, which has a lower gross margin than the consumer business, offset by cost reductions in US SEARCH's consumer business. Increased automation in US SEARCH's consumer business, which resulted in a reduction in direct labor expense for the consumer business, also contributed to an increase in gross profit.

Selling and Marketing Expenses. Selling and marketing expenses increased by \$1.1 million to \$11.2 million for the year ended December 31, 2002 as compared to \$10.1 million for the year ended December 31, 2001. The change is the net result of an increase of approximately \$1.9 million due to the December 2001 acquisition of Professional Resource Screening, and approximately \$1.0 million due to increased advertising costs and the addition of new Internet advertising providers, partially offset by an approximately \$1.4 million reduction in selling and marketing payroll and payroll related expenses. There was also a net reduction of approximately \$400,000 in other discretionary selling and marketing costs, consisting of miscellaneous costs such as consulting fees, travel and entertainment costs, and public relations fees. Although costs increased, selling and marketing expenses were 54.8% of sales for the year ended December 31, 2001 compared to 37.0% of sales for the year ended December 31, 2002. The decrease in the ratio of selling and marketing expenses to sales is a result of US SEARCH's efforts to reduce customer acquisition costs and to implement more efficient means of marketing by taking steps such as developing better channel partnerships.

General and Administrative Expenses. General and administrative expenses increased 41.5% from approximately \$10.0 million for the year ended December 31, 2001 to approximately \$14.2 million for the year ended December 31, 2002. Approximately \$2.2 million of the increase in costs results from the December 2001 acquisition of Professional Resource Screening. As a result of the pending mergers, US SEARCH incurred approximately \$864,000 in merger-related costs. Additionally, pursuant to the terms of employment agreements, \$900,000 in bonuses to certain executives were accrued. US SEARCH also incurred a \$794,000 increase in depreciation expense as a result of initial implementation of certain of US SEARCH's internally developed software. Additionally, there was a net \$417,000 reduction in credit card dispute chargebacks and related chargeback fees. To achieve the reduction in chargebacks, US SEARCH introduced several new credit card authentication procedures to verify credit card transactions. There were also decreases of approximately \$260,000 in legal costs due to the settlement of certain pending litigation, and approximately \$357,000 in payroll and payroll related expenses. These decreases were offset by increases of \$205,000 in professional services expenses and a net \$291,000 increase in other miscellaneous costs.

Information Technology Expenses. Information technology expenses decreased from approximately \$4.4 million for the year ended December 31, 2001 to approximately \$3.3 million for the year ended December 31, 2002. The change is the net result of a \$551,000 increase due to the December 2001 acquisition of Professional Resource Screening, primarily offset by an approximately \$1.4 million reduction in payroll costs due to a reduction in headcount, and a \$556,000 decrease in consulting costs due to implementation of certain of US SEARCH's internally developed software, and a net \$335,000 increase in other miscellaneous costs such as systems maintenance costs.

Interest Expense. Interest expense, was approximately \$16.2 million for the year ended December 31, 2002 compared to interest expense of \$1.5 million for the year ended December 31, 2001. In July 2002, upon the conversion of the 8% Convertible Promissory Notes with an aggregate principal amount of approximately \$14.2 million, US SEARCH recorded as additional interest expense a non-cash charge of approximately \$11.7 million for a beneficial conversion feature relating to these notes. Included in interest expense for 2002 are non-cash interest charges of approximately \$4.2 million related to the amortization of discounts, issuance costs, and other non-cash interest on US SEARCH's convertible notes payable.

Included in 2001 interest expense are non-cash charges totaling \$445,000 for the beneficial conversion feature associated with US SEARCH's convertible debt. Additionally, interest expenses in 2001 includes non-cash amortization of debt issue costs for amortization of warrants issued in connection with US SEARCH's convertible notes payable, and other origination fees. During 2001, US SEARCH incurred non-cash charges

comprised of \$250,000 associated with warrants issued in connection with the March 2001 convertible notes payable to Pequot Capital Management, \$367,000 of amortization of warrants US SEARCH issued to Comerica Bank in connection with its line of credit facility, an \$89,000 non-cash charge in connection with warrants US SEARCH issued to its bank under the forbearance agreement and \$14,000 of amortization charges relating to warrants issued in connection with its December 2001 convertible notes payable to Pequot Capital Management.

Interest Income. Interest income decreased from \$167,000 for the year ended December 31, 2001 compared to \$68,000 for the year ended December 31, 2002 because of the decrease in available cash balances. Total cash balances at December 31, 2002 were approximately \$2.8 million compared to cash balances of approximately \$3.9 million at December 31, 2001.

Income Taxes. As of December 31, 2002 US SEARCH had approximately \$72.8 million of federal and \$39.2 million of state net operating loss carryforwards to offset future taxable income. US SEARCH's net operating loss carryforwards expire beginning in 2017 for federal and 2003 for state. US SEARCH's ability to utilize net operating loss carryforwards may be limited in the event that a change in ownership, as defined in the Internal Revenue Code, occurs in the future. US SEARCH has recorded a full valuation allowance against its deferred tax assets, as it believes that it is more likely than not that the deferred tax assets will not be realized based upon US SEARCH's expected future results of operations.

Net Loss. Net loss increased \$12.1 million from approximately \$11.9 million for the year ended December 31, 2001 to approximately \$24.1 million for the year ended December 31, 2002. The increase in net loss is primarily attributable to an increase in interest expense of \$14.7 million partially offset by improved results from operations as described above. Net loss attributable to common stockholders decreased from approximately \$24.9 million for the year ended December 31, 2001 to approximately \$24.1 million for the year ended December 31, 2002. For the year ended December 31, 2001 US SEARCH recorded non-cash charges to net loss attributable to common stockholders of \$12.6 million for a deemed dividend on the exchange of its Series A preferred stock for Series A-1 preferred stock with Pequot Private Equity Fund II, L. P., and accretion and accrued dividends on US SEARCH's Series A preferred stock of \$403,000.

Comparison of the Year Ended December 31, 2001 to the Year Ended December 31, 2000

Net Revenues. Net revenues decreased from approximately \$22.4 million for the year ended December 31, 2000 to approximately \$18.4 million for the year ended December 31, 2001, representing a 17.7% decrease. The elimination of non-cost effective television and Internet advertising contracts beginning in the fourth quarter of 2000 contributed significantly to the decrease.

Gross Profit. Gross profit increased from approximately \$12.0 million for year ended December 31, 2000, to approximately \$13.9 million for the year ended December 31, 2001, representing a 15.8% increase. Gross profit as a percentage of net revenues was approximately 75.5% and 53.5% for the years ended December 31, 2001 and December 31, 2000, respectively. Data acquisition and fulfillment costs decreased by approximately \$2.9 million to 11.3% of sales in 2001 compared to 22.4% of sales in 2000. The reduction is due to the use of lower cost data providers for certain products. Increased automation also contributed to the improvement in gross margin resulting in a reduction in direct labor expenses.

Selling and Marketing Expenses. Selling and marketing expenses excluding non-cash charges of \$1.8 million in the year ended December 31, 2000 decreased from approximately \$24.1 million to approximately \$10.1 million for the year ended December 31, 2001. As a percentage of net revenues, selling and marketing expenses, decreased to approximately 54.7% for the year ended December 31, 2001, from approximately 107.6%, excluding the non-cash charges, for the year ended December 31, 2000. Advertising costs declined due to the restructuring of US SEARCH's online advertising agreements requiring lower guaranteed minimum payments and the elimination of non cost effective television advertising contracts.

General and Administrative Expenses. General and administrative expenses decreased 18.0% from approximately \$12.2 million for the year ended December 31, 2000 to approximately \$10.0 million for the year ended December 31, 2001. This decrease is primarily due to a reduction in payroll and payroll related expenses of \$1.1 million of which \$492,000 was for severance and a reduction in professional services expenses of approximately \$1.0 million. These decreases were partially offset by a \$565,000 increase in depreciation expense.

[Table of Contents](#)

Information Technology Expenses. Information technology expenses increased from approximately \$3.8 million for the year ended December 31, 2000 to approximately \$4.4 million for the year ended December 31, 2001. The increase is due to increased investment in US SEARCH's proprietary technology and customer relationship management systems.

Interest Expense. Interest expense was approximately \$1.5 million for the year ended December 31, 2001 compared to \$108,000 for the year ended December 31, 2000. Included in 2001 interest expense are non-cash charges totaling \$445,000 for the beneficial conversion feature associated with US SEARCH's convertible debt. Additionally, interest expenses in 2001 includes non-cash amortization of debt issue costs for amortization of warrants issued in connection with US SEARCH's convertible notes payable, and other origination fees. During 2001, US SEARCH incurred non-cash charges comprised of \$250,000 associated with warrants issued in connection with the March 2001 convertible notes payable to Pequot Capital Management, \$367,000 of amortization of warrants US SEARCH issued to Comerica Bank in connection with US SEARCH's line of credit facility, an \$89,000 non-cash charge in connection with warrants US SEARCH issued to Comerica Bank under the forbearance agreement and \$14,000 of amortization charges relating to warrants issued in connection with US SEARCH's December 2001 convertible notes payable to Pequot Capital Management.

Interest Income. Interest income decreased from \$663,000 for the year ended December 31, 2000 compared to \$167,000 for the year ended December 31, 2001 because of the decrease in available cash balances.

Income Taxes. As of December 31, 2001 US SEARCH had approximately \$66.2 million of federal and \$35.5 million of state net operating loss carryforwards to offset future taxable income. US SEARCH's net operating loss carryforwards expire beginning in 2017 for federal and 2002 for state. US SEARCH's ability to utilize net operating loss carryforwards may be limited in the event that a change in ownership, as defined in the Internal Revenue Code, occurs in the future. US SEARCH has recorded a full valuation allowance against its deferred tax assets, as US SEARCH believes that it is more likely than not that the deferred tax assets will not be realized based upon US SEARCH's expected future results of operations.

Net Loss. Net loss decreased \$17.4 million from approximately \$29.4 million for the year ended December 31, 2000 to approximately \$11.9 million for the year ended December 31, 2001. The decrease in net loss was driven by reduced losses from operations primarily attributable to a decrease in selling and marketing costs described above. Net loss attributable to common stockholders decreased from approximately \$34.4 million for the year ended December 31, 2000 to approximately \$24.9 million for the year ended December 31, 2001. For the year ended December 31, 2001, US SEARCH recorded non-cash charges to net loss attributable to common stockholders of \$12.6 million for a deemed dividend on the exchange of its Series A preferred stock for Series A-1 preferred stock with Pequot Private Equity Fund II, L.P., and accretion and accrued dividends on US SEARCH's Series A preferred stock of \$400,000. For the year ended December 31, 2000, US SEARCH recorded non-cash charges of \$4.8 million relating to a beneficial conversion feature on the issuance of US SEARCH's Series A preferred stock and accretion and accrued dividends on its Series A preferred stock of \$298,000.

Liquidity and Capital Resources

As of December 31, 2002, cash and cash equivalents have decreased to \$2.3 million (excluding \$575,000 of restricted cash pledged as collateral in connection with US SEARCH's credit facility with Comerica Bank) from \$3.1 million as of December 31, 2001.

Cash used in operations decreased to \$6.6 million for the year ended December 31, 2002 as compared to \$8.9 million for the year ended December 31, 2001. This decrease is primarily attributable to reduced losses from operations, net of non-cash interest expense and beneficial conversion feature.

Cash used in investing activities decreased to \$2.6 million for the year ended December 31, 2002 as compared to \$4.2 million for the year ended December 31, 2001. This decrease is primarily attributable to reduced expenditures on purchases of computer hardware and software and development of US SEARCH's website compared to 2001. In addition, US SEARCH incurred \$220,000 in acquisition costs in connection with the acquisition of Professional Resource Screening during 2002.

Cash provided by financing activities was approximately \$8.3 million for the year ended December 31, 2002. The cash provided is primarily attributable to \$10.2 million in cash proceeds from issuance of convertible notes payable, offset by \$930,000 repayment of Professional Resource Screening acquisition obligation,

[Table of Contents](#)

repayment of \$233,000 of bank debt, repayment of \$723,000 of third party notes payable and \$284,000 of capital lease obligations.

In December 2001 and in the first quarter of 2002, US SEARCH received \$13.9 million net proceeds from the issuance of convertible notes payable, which were subsequently converted into 27,864,051 shares of common stock during the year.

On March 27, 2002, US SEARCH's Loan Agreement with the Comerica Bank was renewed through March 26, 2003 by Waiver and Amendment Number One. On August 7, 2002 the Loan Agreement was amended to provide a total credit extension of up to \$1.0 million by Waiver and Amendment Number Two. The Loan Agreement was amended again on January 22, 2003 to retroactively reduce the restricted cash requirement to \$550,000 at December 31, 2002 by Waiver and Amendment Number Three. Borrowings under this line bear interest at prime plus 2.5%, (6.75% at December 31, 2002). At various times throughout the year US SEARCH was in violation of certain of its loan covenants related to minimum EBITDA and debt/tangible net worth, all violations of which the banked waived.

On March 18, 2003, the loan was renewed and expanded to a \$2.5 million Revolving Loan Facility. Availability under the facility will be limited to an advance formula of up to 100% and the first \$1.5 million of availability and 85% of eligible accounts receivable for amounts advanced in excess of \$1.5 million up to \$2.5 million. The facility matures on April 30, 2004. The facility is collateralized by all of the personal property of US SEARCH, tangible and intangible. Security will include a \$450,000 pledged certificate of deposit. The borrowing rate is prime plus 1.50% on the first \$1.5 million and prime plus 2.50% on amounts above \$1.5 million up to \$2.5 million. The bank will receive a 7-year warrant to purchase US SEARCH common stock at a price per share exercise price equal to the closing price of such common stock on the date of consummation of the mergers such that the product of such number of shares multiplied by such exercise price equals \$25,000. US SEARCH will have to meet certain operating performance (85% of operating plan), minimum EBITDA (\$1.00) and debt/tangible net worth (2.25:1) covenants on a monthly basis.

In December 2001, US SEARCH issued to Pequot Private Equity Fund II, L.P. 8% Convertible Promissory Notes due December 20, 2002 in the aggregate principal amount of \$3.5 million. In January 2002, US SEARCH issued to various accredited investors 8% Convertible Promissory Notes due January 17, 2003 in the aggregate amount of \$4.6 million. In March 2002, US SEARCH issued 8% Convertible Promissory Notes to various accredited investors due December 20, 2002 in the aggregate principal amount of \$6.1 million with net proceeds of \$5.7 million. By their terms, the 8% Convertible Promissory Notes automatically converted into approximately 28 million shares of US SEARCH common stock on July 18, 2002, when US SEARCH's stockholders approved the transactions at US SEARCH's annual meeting. Pequot Private Equity Fund II, L.P. received approximately 7 million of the 28 million shares.

On January 15, 2003 First American loaned US SEARCH \$1.4 million pursuant to a subordinated secured promissory note that matures on June 30, 2003. The subordinated secured promissory note bears interest at the lesser of 10.0% and the prime rate plus 4.75%. If an uncured event of default occurs under the note, all principal and accrued interest will become immediately due and payable and the interest rate will increase to the lesser of 10%, or prime plus 6.75%. If the mergers are not completed by June 30, 2003 or an event of default occurs, there is no assurance that US SEARCH will have sufficient liquidity to repay the loan to First American. See "OTHER AGREEMENTS—Subordinated Secured Promissory Note" on page 69.

Since inception, US SEARCH has experienced negative cash flows from operations. Based on US SEARCH's current operating plans, management believes existing cash resources, including availability under the Revolving Loan Facility and cash forecasted by management to be generated by operations will be sufficient to meet working capital and capital requirements through December 31, 2003. Also, management's plans to attain profitability and generate additional cash flows include increasing revenues from enterprise and consumer services, focusing on cost reductions and operational efficiencies to be derived from further deployment of US SEARCH's technologies, and launching of additional products. There is no assurance that

[Table of Contents](#)

management will be successful with these plans. Moreover, pending completion of the mergers, US SEARCH has suspended any equity raising activities. If events and circumstances occur such that US SEARCH does not complete the mergers and does not meet its current operating plan as expected, US SEARCH may not have sufficient liquidity to meet its obligations and, as a result US SEARCH may need to seek additional financing. There is no assurance that such additional financing will be available on terms favorable to US SEARCH or at all. Under these circumstances, US SEARCH may be required to reduce certain discretionary spending, which could have a material adverse effect on US SEARCH's ability to achieve its intended business objectives and to continue as a going concern. The independent accountant's report on US SEARCH's financial statements as of and for the fiscal year ended December 31, 2002, includes an explanatory paragraph which states that since inception US SEARCH has incurred net operating losses and negative cash flows, and has negative working capital at December 31, 2002, that raises substantial doubt about US SEARCH's ability to continue as a going concern.

Contractual Obligations and Commercial Commitments

The following table summarizes all of US SEARCH's significant contractual payment obligations as of December 31, 2002, by payment due date:

Critical Accounting Policies

US SEARCH has identified the policies below as critical to its business operations and the understanding of results of operations. The impact and any associated risks related to these policies on US SEARCH's business operations is discussed throughout Management's Discussion and Analysis of Financial Condition and Results of Operations where such policies affect reported and expected financial results. For a detailed discussion on the application of these and other accounting policies, see Note 3 in the Notes to the Consolidated Financial Statements of US SEARCH for the fiscal year ended December 31, 2002 contained in this proxy statement/prospectus. Note that the preparation of US SEARCH's financial statements in conformity with generally accepted accounting principles requires the making of estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of US SEARCH's financial statements, and the reported amounts of revenue and expenses during the reporting period. There can be no assurance that actual results will not differ from those estimates.

- *Capitalized Software and Development Costs.* US SEARCH's policy on capitalized software costs determines the timing of recognition of certain development costs. Management is required to use professional judgment in determining whether such development costs meet the criteria for immediate expense recognition or capitalization. US SEARCH capitalizes costs of software, consulting services, hardware and payroll related costs incurred to purchase and develop internal-use software. US SEARCH expenses costs incurred during the preliminary project assessment, research and development, reengineering, training and application maintenance phases.
- *Acquired Intangibles.* US SEARCH's business acquisition resulted in goodwill and other intangible assets, which affect the amount of future period amortization expense and possible impairment expense that may be incurred. The determination of the value of such intangible assets requires management to make estimates and assumptions that affect the consolidated financial statements. US SEARCH periodically evaluates at least annually acquired businesses for potential impairment indicators. Judgments regarding the existence of impairment indicators are based on legal factors, market conditions and operational performance of acquired businesses. Future events could cause US SEARCH to conclude that impairment indicators exist and that goodwill and intangible assets associated with acquired businesses are impaired. Any resulting impairment loss could have a material adverse impact on financial condition and results of operations.
- *Income Taxes.* US SEARCH utilizes the liability method of accounting for income taxes. Under this method, deferred tax liabilities and assets are determined based on the difference between the financial statement and the tax bases of assets and liabilities using enacted tax rates in effect for the period in which the differences are expected to reverse. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.
- *Legal Contingencies.* US SEARCH is currently involved in certain legal proceedings as discussed in Note 12 of its consolidated financial statements. While the outcome of these matters is difficult to predict, US SEARCH currently believes that the loss, if any, from these proceedings will not materially exceed the amount accrued in the consolidated financial statements. However there is no assurance that such amounts accrued will be adequate to cover such losses upon final resolution of these matters.

The following table sets forth certain unaudited financial data for the eight quarters in the period ended December 31, 2002. Quantitative and Qualitative Disclosures About Market Risk

US SEARCH considered the provision of Financial Reporting Release No. 48 "Disclosure of Accounting Policies for Derivative Financial Instruments and Derivative Commodity Instruments, and Disclosure of Quantitative and Qualitative Information about Market Risk Inherent In Derivative Financial Instruments, Other Financial Instruments and Derivative Commodity Instruments." US SEARCH had no holdings of derivative financial instruments at December 31, 2002 and its total liabilities as of December 31, 2002 consist primarily of notes payable and accounts payable that have fixed interest rates and were not subject to any significant market risk.

FAST DIVISION MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of results of operations and financial condition should be read in conjunction with the FAST division's combined financial statements and the related notes attached to this proxy statement/prospectus.

Overview

The FAST division provides business information and related products and services. The FAST division's principal businesses include tenant screening, employee background checking, occupational health services and motor vehicle reports.

The FAST division earns revenue in the form of fees from the reports generated through its database of information and by searches performed. The FAST division generally enters into agreements with customers under which they pay a fixed fee per report generated. The FAST division recognizes this revenue when reports have been prepared and delivered.

The FAST division's expenses consist primarily of compensation and benefits costs for employees, data acquisition costs, occupancy and related costs, selling, general and administrative expenses associated with operating its business, income taxes and debt service obligations. The FAST division's expenses are likely to increase with increasing revenue levels.

Critical Accounting Policies and Estimates

The FAST division's discussion and analysis of financial condition and results of operations are based upon its combined financial statements, which have been prepared in accordance with generally accepted accounting principles. The FAST division believes the following are the more critical accounting policies that impact its financial statements, some of which are based on management's best estimates available at the time of preparation. Other accounting policies also have a significant effect on the FAST division's combined financial statements, and some of these policies also require the use of estimates and assumptions. Although the FAST division believes that its estimates and assumptions are reasonable, actual results may differ.

Revenue Recognition

Revenue is recognized at the time of delivery of the reports as the FAST division has no ongoing obligation after delivery.

Allowance for Uncollectible Receivables

The allowance for all probable uncollectible receivables is based on a combination of historical data, cash payment trends, specific customer issues, write-off trends, general economic conditions and other factors. These factors are continuously monitored by management to arrive at the estimate for the amount of accounts receivable that may be ultimately uncollectible. In circumstances where the FAST division is aware of a specific customer's inability to meet its financial obligations, the FAST division records a specific allowance for bad debts against amounts due to reduce the net recognized receivable to the amount it reasonably believes will be collected. This analysis requires making significant estimates, and changes in facts and circumstances could result in material changes in the allowance for uncollectible receivables.

Capitalized Software Development Costs

The FAST division capitalizes costs associated with developing software for internal use, which costs primarily include salaries of developers. Direct costs incurred in the development of software are capitalized

[Table of Contents](#)

once the preliminary project stage is completed, management has committed to funding the project, and completion and use of the software for its intended purpose are probable. The FAST division ceases capitalization of development costs once the software has been substantially completed and is ready for its intended use.

Database Development Costs

Database development costs represents expenditures associated with the FAST division's databases of information for customer usage. The costs are capitalized from the time technological feasibility is established until the information is ready for use.

Impairment of Intangible and Long-Lived Assets

Through December 31, 2002, the FAST division evaluated goodwill and intangibles for impairment based on undiscounted projected future cash flows and determined that no adjustment was necessary. However, if future actual results do not meet expectations, the FAST division may be required to record an impairment charge, the amount of which could be material to results of operations.

In August 2001, the FASB issued SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS 144 establishes a single accounting model for the impairment or disposal of long-lived assets, including discontinuance of operations. SFAS 144 superseded Statement of Financial Accounting Standards No. 121, Accounting for the Impairment of Long-Lived Assets for Long-Lived Assets to Be Disposed of and APB Opinion No. 30, Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary Unusual and Infrequently Occurring Events and Transactions. The provisions of SFAS 144 are effective in fiscal years beginning after December 15, 2001, with early adoption permitted and, in general, are to be applied prospectively.

Purchase Accounting

In June 2001, the Financial Accounting Standards Board, or the FASB, issued SFAS No. 141, "Business Combinations" and SFAS No. 142, "Goodwill and Other Intangible Assets." SFAS No. 141 requires business combinations initiated after June 30, 2001 to be accounted for using the purchase method of accounting, and broadens the criteria for recording intangible assets separate from goodwill. Recorded goodwill and intangibles will be evaluated against these new criteria and may result in certain intangibles being subsumed into goodwill, or alternatively, amounts initially recorded as goodwill may be separately identified and recognized apart from goodwill. SFAS No. 142 requires the use of a nonamortization approach to account for purchased goodwill and certain intangibles. Under a nonamortization approach, goodwill and certain intangibles will not be amortized into results of operations, but instead would be reviewed for impairment and written down and charged to results of operations only in the periods in which the recorded value of goodwill and certain intangibles is more than its fair value. The FAST division adopted the provisions of each statement applying to goodwill and intangible assets acquired prior to June 30, 2001 on January 1, 2002. These new requirements impacted net income by an amount equal to the discontinued goodwill amortization. Future periods may also be impacted by goodwill impairment charges and adjusted for any differences between the old and new rules for defining intangible assets on future business combinations.

In June 2001, the FASB issued SFAS No. 141 Business Combinations and SFAS No. 142 Goodwill and Other Intangible Assets. SFAS No. 141 requires business combinations initiated after June 30, 2001, to be accounted for using the purchase method of accounting, and broadens the criteria for recording intangible assets separate from goodwill. Adoption of these standards did not have a significant impact on the operations or cash flows of the FAST division. Intangible assets consist mainly of non-compete agreements, trademarks and customer lists.

New Accounting Pronouncements

In July 2001, the FASB issued SFAS 143 Accounting for Asset Retirement Obligations, which requires that companies recognize a liability for retirement obligations of long lived assets in the period the liability occurs. This pronouncement is effective for fiscal years beginning after June 15, 2002. The FAST division does not anticipate any significant impact on financial results from adoption of this standard.

In June 2002, the FASB issued SFAS 146 Accounting for Costs Associated with Exit or Disposal Activities. This pronouncement addresses financial accounting and reporting for costs associated with exit or disposal activities not covered under SFAS 144 and also nullifies EITF 94-3. This pronouncement is effective for activities initiated after December 31, 2002. We do not anticipate any significant impact on financial results from adoption of this standard.

Results of Operations

Through several strategic acquisitions during 2002 and 2001, the FAST division was further able to expand service capabilities and geographic coverage. The FAST division intends to continue providing these services and to expand upon existing customer relationships by providing supplementary services as well as increasing the operations in existing markets.

The following table sets forth, for the periods indicated, the percentages that certain items of income and expenses bear to revenue for such periods. Interim results are not necessarily indicative of results for a full year:

Year Ended December 31, 2002 Compared to Year Ended December 31, 2001

Service Revenues

Service revenues for the year ended December 31, 2002 increased \$51.8 million or 105.3% to \$100.9 million from \$49.2 million during the same period in 2001. The increase is primarily due to strategic acquisitions made during 2002 and in late 2001. The acquisitions accounted for approximately \$47.0 million of total service revenues during the year ended December 31, 2002. Service revenues at existing operations increased approximately \$4.8 million due to additional volumes of business in response to expanded marketing efforts. The FAST division continues to see an expansion of operations as businesses continue to expand their use of employment and residential screening.

Cost of Revenues

Cost of revenues for the year ended December 31, 2002 increased \$30.8 million or 210.8% to \$45.4 million from \$14.6 million during the same period in 2001. The increase is due to the effect of acquisitions made during the beginning of 2002 and in late 2001. Cost of revenues as a percentage of service revenues increased from 29.7% to 45.0%. This increase is primarily due to the acquisition of American Driving Records, Inc. in January 2002 and the inclusion in cost of revenue of fees charged by states for motor vehicle records.

Selling, General and Administrative Expenses

Selling, general and administrative expenses for year ended December 31, 2002 increased \$16.0 million or 45.7% to \$51.0 million from \$35.0 million during the same period in 2001. Approximately \$13.2 million of this increase is due to additional personnel, facilities and operating expenses associated with the acquisitions noted above. The remaining increase was due to additional personnel and facilities expense in relation to the expanded sales efforts at existing operations.

Income Taxes

Provision for income taxes for the year ended December 31, 2002 was \$1.6 million compared to a benefit of \$59,000 during the same period in 2001. This change is due to the changes in income from operations related to the operating factors discussed above.

Year Ended December 31, 2001 Compared to Year Ended December 31, 2000

Service Revenues

Service revenues for the year ended December 31, 2001 increased \$10.6 million or 27.4% to \$49.2 million from \$38.6 million during the same period in 2000. The increase was primarily due to a strategic acquisition made during 2001. The acquisition accounted for approximately \$7.5 million of total service revenues during the year ended December 31, 2001. Service revenues at existing operations increased approximately \$2.8 million due to additional volumes of business in response to expanded marketing efforts. The FAST division continued to see an expansion of operations as businesses continued to expand their use of employment and residential screening.

Cost of Revenues

Cost of revenues for the year ended December 31, 2001 increased \$3.5 million or 31.3% to \$14.6 million from \$11.1 million during the same period in 2000. Cost of revenues as a percentage of service revenues increased from 28.8% to 29.7%. The increase was due to a strategic acquisition made in 2001.

Selling, General and Administrative Expenses

Selling, general and administrative expenses for year ended December 31, 2001 increased \$8.2 million or 30.4% to \$35.0 million from \$26.9 million during the same period in 2000. Approximately \$3.2 million of this increase was due to additional personnel and facilities associated with the acquisition noted above. The remaining increase was due to additional personnel and facilities expense in relation to the expanded sales efforts at existing operations.

Income Taxes

Benefit for income taxes for the year ended December 31, 2001 was \$59,000 compared to a provision of \$266,000 during the same period in 2000. This change was due to the changes in income from operations related to the operating factors discussed above.

Liquidity and Capital Resources

The FAST division's primary source of liquidity is cash flow from operations and contributions from its parent, First American. As of December 31, 2002, cash and cash equivalents have increased to \$6.5 million from \$1.3 million as of December 31, 2001.

Cash provided by operations was \$10.2 million, \$2.5 million and \$1.6 million for the years ended December 31, 2002, 2001 and 2000, respectively.

Cash used in investing activities was \$9.4 million, \$7.1 million, \$4.7 million for the years ended December 31, 2002, 2001 and 2000, respectively. Cash was used primarily to purchase computer hardware and software and fund database development costs.

Cash provided by financing activities was \$4.5 million, \$3.0 million, \$4.0 million for the years ended December 31, 2002, 2001 and 2000, respectively. The cash provided is primarily attributable to the contributions from First American and proceeds from the issuance of term notes. Cash used in financing operations is the repayment of term notes.

First American contributed cash of approximately \$5.7 million, \$4.8 million and \$3.0 million during the years ended December 31, 2002, 2001 and 2000, respectively. In accordance with the merger agreement, First American is expected to provide an additional cash contribution such that as of the closing of the mergers, First Advantage will have cash of \$15.0 million less merger related costs such as legal, accounting and financial advisor fees. Although First American has provided contributions in the past to support acquisitions and operations of First Advantage, there can be no assurance of future contributions. Pursuant to a standstill agreement to be entered into between First American and First Advantage, a majority of disinterested directors of First Advantage must approve of all transactions between First American or its affiliates and First Advantage, except for loans of up to \$1.0 million. The services agreement does not prevent First American and First Advantage from agreeing to a loan by First American to First Advantage in excess of \$1.0 million so long as it is approved by a committee of disinterested directors of First Advantage.

During fiscal 1999, the FAST division made a term note in favor of First American Real Estate Solutions LLC, an 80% owned subsidiary of First American, for approximately \$3.0 million as consideration for a tenant screening business then owned by that company. This note calls for annual principal payments of \$750,000 and quarterly interest payments with a rate equal to the prime lending rate. Approximately \$110,870 is outstanding at December 31, 2002 on this note. As part of the acquisition of Factual Business Information in 2000, a term note was issued to the former owner of Factual Business Information for approximately \$1.5 million. Monthly payments on this note are approximately \$30,415, which includes interest at 8%. Approximately \$898,273 is outstanding at December 31, 2002 on this note. The FAST division has entered into various capital leases which have varying payments and interest rates. Approximately \$181,170 is outstanding at December 31, 2002 relating to capital leases. In accordance with the merger agreement, as of the closing date of the mergers, the FAST division will have no acquisition-related debt and no debt owed to First American or its affiliates, except for amounts owed in respect of certain services performed and employee related costs incurred.

The FAST division also leases certain office facilities, automobiles and equipment under operating leases, which, for the most part, are renewable. The majority of these leases also provide that the FAST division will pay insurance and taxes.

At the closing of the mergers, First Advantage and First American will enter into a services agreement pursuant to which First American will provide certain financial, administrative and managerial support services to First Advantage. Human resources systems and payroll systems and support, network services and financial systems will be provided at an annual cost of \$150,000, \$100,000 and \$50,000, respectively. Legal and tax support, human resources support, investor relations and corporate communications support, accounting and financial management support, strategic planning and general management support will be provided at an

aggregate annual cost of \$600,000 plus reasonable out of pocket expenses. In addition, certain other services including pension and 401(k) expenses, corporate and medical insurance, personal property leasing and company car programs will be provided at actual cost. Pursuant to the services agreement, First American may make one or more loans to First Advantage on mutually agreeable terms without first obtaining the approval of a majority of disinterested directors of First Advantage; provided that the interest rate on the loans may not exceed prime plus 2.75% and the aggregate amount of the loans may not exceed \$1.0 million. The services agreement will commence on the effective date of the mergers and continue for one year. The services agreement will continue for successive six-month periods thereafter unless either First Advantage or First American advises the other in writing, no later than 30 days before the expiration of a six-month period, that the services agreement will not be extended.

In connection with the merger agreement, on January 15, 2003, First American loaned US SEARCH \$1.4 million pursuant to a subordinated secured promissory note. The note bears interest at a rate equal to the lesser of 10% and the prime rate plus 4.75%. The obligations evidenced by the note are secured by all real and personal property of US SEARCH. If an event of default occurs, the loan and related interest will become immediately due and payable. In accordance with the merger agreement, at the closing date, First Advantage will have a cash balance of \$15.0 million less merger related costs. In addition, at the closing of the mergers, the principal and related interest balances outstanding on this loan will be deducted from the additional cash infusion to be provided by First American.

The FAST division has historically sought to acquire other businesses as part of its program of strategic growth. The FAST division continues to evaluate acquisitions in order to capitalize on the consolidation occurring in the industry and expects to fund such acquisitions from available sources of liquidity.

While uncertainties within the FAST division's industry exist, management is not aware of any trends or events likely to have a material adverse effect on liquidity or the accompanying financial statements. The FAST division believes that based on current levels of operations and anticipated growth, the FAST division's cash flow from operations, together with available sources of liquidity, will be sufficient to fund operations, anticipated capital expenditures, make required payments of principal and interest on debt, and satisfy other long-term contractual commitments. The following is a schedule of long-term contractual commitments (as of December 31, 2002) over the periods in which they are expected to be paid.

Quantitative and Qualitative Disclosures about Market Risk

The FAST division considered the provision of Financial Reporting Release No. 48 "Disclosure of Accounting Policies for Derivative Financial Instruments and Derivative Commodity Instruments, and Disclosure of Quantitative and Qualitative Information about Market Risk Inherent In Derivative Financial Instruments, Other Financial Instruments and Derivative Commodity Instruments." The FAST division had no holdings of derivative financial instruments at December 31, 2002 and its total liabilities as of December 31, 2002 consist primarily of notes payable and accounts payable that have fixed interest rates and were not subject to any significant risk.

The FAST division's fixed rate debt consists primarily of unsecured term notes, and its variable rate debt relates to borrowings with related parties. A 1% increase in interest rates due to increased rates nationwide would not result in a significant amount of additional interest payments by the FAST division.

UNAUDITED PRO FORMA COMBINED FINANCIAL STATEMENTS

The following unaudited pro forma combined financial statements have been prepared to give effect to the proposed merger of the FAST division and US SEARCH using the purchase method of accounting and the assumptions and adjustments described in the accompanying notes to unaudited pro forma combined financial statements.

The table that follows presents unaudited pro forma financial data for the FAST division and US SEARCH for the year ended December 31, 2002 as if the mergers had been completed on January 1, 2002 for income statement purposes and on December 31, 2002 for balance sheet purposes. The pro forma information is based upon the historical combined financial statements of the FAST division, the historical consolidated financial statements of US SEARCH and the assumptions, estimates and adjustments described in the notes to the unaudited pro forma combined financial information. The assumptions, estimates and adjustments are preliminary and have been made solely for purposes of developing such pro forma information.

The unaudited pro forma combined financial statements are presented for illustrative purposes only and are not necessarily indicative of the consolidated financial position or consolidated results of operations of First Advantage that would have been reported had the mergers occurred on the dates indicated, nor do they represent a forecast of the consolidated financial position of First Advantage at any future date or the consolidated results of operations for any future period. Furthermore, no effect has been given in the unaudited pro forma combined statements of operations for synergistic benefits or cost savings that may be realized through the combination of the FAST division and US SEARCH or costs that may be incurred in integrating their operations. The FAST division and US SEARCH currently are developing plans to integrate the operations of the companies, which will involve costs including, among others, severance and settlement of operating and capital commitments, which may be material. The unaudited pro forma combined financial information should be read in conjunction with the historical financial statements and related notes and management's discussion and analysis of financial condition and results of operations of the FAST division and US SEARCH included in this proxy statement/prospectus.

FIRST ADVANTAGE CORPORATION AND SUBSIDIARIES**NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION**

- (A) In accordance with the merger agreement, at the closing date, First Advantage will have additional cash of \$15.0 million less merger related costs and fees such as legal, accounting and financial advisor fees, estimated to be approximately \$5.0 million, amounts due under a loan made to US SEARCH by First American, and the amount of the FAST division's current cash balance. This additional cash infusion is to be provided by First American. The net amount of the additional cash infusion is estimated as follows:

Minimum cash per the merger agreement	\$	15,000,000
Less: Estimated merger closing costs		(5,000,000)
Less: Cash loaned to US SEARCH		(1,400,000)
Less: Cash balance of the FAST division as of December 31, 2002		(6,513,108)
		<hr/>
Estimated cash infusion by First American	\$	2,086,892
		<hr/>

- (B) The estimated purchase price of US SEARCH for purposes of preparing these unaudited pro forma financial statements is \$60.2 million. This is based upon an estimate of the fair value of the net assets of the FAST division contributed by First American to First Advantage in the mergers and estimated direct costs of the mergers. The allocation of the purchase price is based upon preliminary estimates of the assets and liabilities acquired in accordance with SFAS 141. A full determination of the purchase price allocation will be made within twelve months of the effective acquisition date upon receipt of a final valuation analysis of tangible and intangible assets. It is anticipated that the final purchase price allocation will not differ materially from the preliminary allocations.

The estimated purchase price was determined as follows:

Fair value of FAST Division net assets	\$	173,000,000
		<hr/>
Fair value of 20% of the FAST Division net assets contributed	\$	34,600,000
Net cash infusion from First American		2,086,892
Estimated merger related closing costs		5,000,000
Cash loaned to US SEARCH by First American		1,400,000
		<hr/>
Total consideration paid by First American for 80% of US SEARCH	\$	43,086,892
		<hr/>
Value of 100% of US SEARCH	\$	53,858,615
Value of vested options and outstanding warrants of US SEARCH		6,364,000*
		<hr/>
Purchase price	\$	60,222,615
		<hr/>

* Due to the fact that there currently is no quoted market price for First Advantage's Class A common stock, for purposes of this analysis, the fair value of vested options and outstanding warrants is based upon the quoted market price of US SEARCH common stock on December 16, 2002. The final purchase accounting adjustments will be based upon the quoted price of First Advantage Class A common stock.

The allocation of the purchase price is estimated as follows:

Goodwill	\$	50,249,723
Net cash infusion from First American		2,086,892
Identifiable intangibles assets		3,800,000
Reserve for fair value of operating leases		(1,732,000)
Technology		8,700,000
Net assets acquired		(2,882,000)

FIRST ADVANTAGE CORPORATION AND SUBSIDIARIES
NOTES TO UNAUDITED PRO FORMA COMBINED FINANCIAL INFORMATION—(Continued)

The estimated fair value of the net assets of the FAST division was determined by valuing the estimated future cash flows of the businesses. For Employee Health Programs, Inc. and SafeRent, Inc., the respective purchase prices were used to value the businesses since those acquisitions occurred in the fourth quarter of 2002.

The pro forma adjustment to goodwill and other intangibles is based upon the purchase price allocation, less amounts previously recorded by US SEARCH as follows:

	<u>Goodwill</u>	<u>Other Intangibles</u>	<u>Technology</u>
Purchase price allocation	\$ 50,249,723	\$ 3,800,000	\$ 8,700,000

The adjustment to rent expense reflects the impact of two lease commitments at US SEARCH which are considered to be above current market prices by approximately 50% and 25%, respectively. Approximately \$1.7 million has been recorded as additional liabilities in the purchase accounting adjustments in Note B above relating to adverse lease commitments. A summary of the adjustment is as follows:

DESCRIPTION OF FIRST ADVANTAGE CAPITAL STOCK

The following description of the terms of First Advantage's capital stock does not purport to be complete and is qualified in its entirety by reference to First Advantage's certificate of incorporation and bylaws, which are included in the Registration Statement of which this proxy statement/prospectus is a part.

General

First Advantage's authorized capital stock will consist, at the closing of the mergers, of:

- 75,000,000 shares of Class A common stock, par value \$0.001 per share;
- 25,000,000 shares of Class B common stock, par value \$0.001 per share; and
- 1,000,000 shares of preferred stock, par value \$0.001 per share.

Class A Common Stock

Holders of First Advantage Class A common stock are entitled to one vote for each share held of record on all matters submitted to a vote of holders of First Advantage common stock. Subject to preferences that may be applicable to any outstanding preferred stock, holders of First Advantage Class A common stock are entitled to dividends as may be declared from time to time by the First Advantage board of directors out of funds legally available for that purpose. Holders of First Advantage Class A common stock have no preemptive, redemption, conversion or sinking fund rights. Upon a liquidation, dissolution or winding up of the affairs of First Advantage, the holders of First Advantage Class A common stock are entitled to share equally and ratably, together with the holders of First Advantage Class B common stock, in the assets of First Advantage, if any, remaining after the payment of all debts and liabilities of First Advantage and the liquidation preference of any First Advantage preferred stock then outstanding.

Class B Common Stock

Except as otherwise described as follows, the rights, preferences and privileges of the Class B common stock are identical to those of the Class A common stock described above. Holders of First Advantage Class B common stock are entitled to ten votes for each share held of record on all matters submitted to a vote of holders of First Advantage common stock.

The First Advantage Class B common stock will be convertible into shares of First Advantage Class A common stock at a one-to-one conversion ratio as follows:

- the holder of any share of First Advantage Class B common stock may elect at any time, and at such holder's sole option, to convert such share into one fully paid and nonassessable share of First Advantage Class A common stock;
- if at any time First American and its affiliates collectively own less than 28% of the total number of issued and outstanding shares of capital stock of First Advantage, each issued and outstanding share of First Advantage Class B common stock will automatically be converted into one share of Class A common stock; or
- upon the transfer of any share of First Advantage Class B common stock to a person other than First American or an affiliate of First American (excluding certain permitted transfers), such share will automatically be converted into one fully paid and nonassessable share of Class A common stock.

Notwithstanding the foregoing, First American may transfer shares of Class B common stock (without conversion into Class A common stock) if such transfer is effected as part of a distribution by First American of shares of Class B common stock to its shareholders in a tax-free "spinoff" under Section 355(a) of the Internal Revenue Code of 1986, as amended, and any subsequent transfer of such shares will not cause such shares to convert into Class A common stock.

Preferred Stock

First Advantage's certificate of incorporation allows its board of directors to issue shares of preferred stock in one or more series without stockholder approval. First Advantage's board of directors will have discretion to determine the rights, preferences, privileges and restrictions, including voting rights, dividend rights, conversion rights, redemption rights and liquidation preferences of each series of preferred stock.

The purpose of authorizing First Advantage's board of directors to issue preferred stock and determine its rights and preferences is to eliminate delays associated with stockholder approval of specific issuances. First Advantage has no present plans to issue any of its authorized but unissued shares of preferred stock.

Warrants to Purchase Class A Common Stock

First Advantage has agreed to assume the obligations of US SEARCH contained in all warrants to purchase common stock of US SEARCH outstanding on the closing date of the merger. Pursuant to the merger agreement and the terms of the warrants, after the closing of the mergers the holders of the warrants will be entitled to receive upon exercise thereof 0.04 of a share of First Advantage Class A common stock for each share of US SEARCH common stock such warrant holder would have been entitled to receive pursuant to the warrant prior to the closing of the mergers. As of April 1, 2003, US SEARCH had outstanding warrants to purchase up to 10,407,019 shares of its common stock at a weighted average exercise price of \$0.73 per share.

Registration Rights Relating to Class A Common Stock

After the closing of the mergers, holders of certain US SEARCH warrants will have the right to cause First Advantage to register the resale of the shares of Class A common stock underlying such warrants. If none of these warrants are exercised by such holders prior to the closing of the mergers, First Advantage may be required to register the resale of up to 10,407,019 shares of Class A common stock underlying these warrants. Pequot Private Equity Fund II, L.P. also has the right to require First Advantage to register the resale of shares of Class A common stock held by it under circumstances specified in the stockholders agreement. See "OTHER AGREEMENTS—Stockholders Agreement" on page 63.

COMPARISON OF STOCKHOLDER RIGHTS

First Advantage and US SEARCH are both organized under the laws of the State of Delaware. Any differences, therefore, in the rights of holders of First Advantage capital stock and US SEARCH capital stock arise primarily from differences in their respective certificates of incorporation and bylaws. Upon completion of the mergers, holders of US SEARCH common stock will become holders of First Advantage Class A common stock and their rights will be governed by Delaware law, the First Advantage certificate of incorporation and the First Advantage bylaws.

This section of this proxy statement/prospectus describes the material differences between the rights of First Advantage stockholders and US SEARCH stockholders. In addition, you should carefully read this entire proxy statement/prospectus and the other documents referred to in this proxy statement/prospectus for a more complete understanding of the differences between being a stockholder of US SEARCH and being a stockholder of First Advantage.

No person will own options to acquire shares of First Advantage Class B common stock at such time. However, under the terms of the merger agreement, First American will be entitled to receive additional shares of First Advantage Class B common stock if US SEARCH's indebtedness exceeds \$4.4 million at the closing of the mergers (less any cash received by US SEARCH from the exercise of US SEARCH warrants or stock options between signing the merger agreement and closing). REPORT OF INDEPENDENT ACCOUNTANTS

To the Board of Directors and Stockholders of US SEARCH.com Inc.:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows present fairly, in all material respects, the financial position of US Search.com Inc. and its subsidiary at December 31, 2002 and 2001, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 2, the Company has incurred significant operating losses and negative cash flows from operations since inception and has negative working capital at December 31, 2002. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regards to these matters are also described in Note 2. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS

1. Organization and Business:

US SEARCH.com Inc. (the "Company") provides individual reference services and background information about individuals. The Company was formed as a California S Corporation in 1994, and reincorporated as a Delaware corporation in April 1999. On December 28, 2001 the Company acquired all of the outstanding stock of Professional Resource Screening, Inc. ("PRSI"), which provides pre-employment screening services primarily to Fortune 500 companies in the United States.

2. Management's Plans:

The accompanying financial statements have been prepared assuming the Company will continue as a going concern and contemplates the realization of assets and satisfaction of liabilities and commitments in the normal course of business. The Company has incurred net losses of \$29.4 million in 2000, \$11.9 million in 2001 and \$24.1 million in 2002, and has used cash in operations of \$21.1 million in 2000, \$8.9 million in 2001 and \$6.6 million in 2002. At December 31, 2002, the Company has cash and cash equivalents of \$2.3 million, a working capital deficiency of \$4.5 million, an accumulated deficit of \$98.6 million and stockholders' equity of \$19.5 million.

In December 2002, the Company entered into an Agreement and Plan of Merger with The First American Corporation (see Note 18).

On March 18, 2003, the Company amended its loan and security agreement with the bank to increase its revolving credit limit (see Note 16).

Based on the Company's current operating plans, management believes existing cash resources, including the proceeds available from the amended loan and security agreement and cash forecasted by management to be generated by operations will be sufficient to meet working capital and capital requirements through December 31, 2003. Also, management's plans to attain profitability and generate additional cash flows include, increasing revenues from enterprise and consumer services, focusing on cost reductions and operational efficiencies to be derived from further deployment of the Company's technologies, and the launch of additional products. There is no assurance that management will be successful with these plans. However, if events and circumstances occur such that the Company does not meet its current operating plan as expected, is unable to raise additional financing, or the merger with The First American Corporation is not consummated, the Company may be required to reduce certain discretionary spending, which could have a material adverse effect on the Company's ability to achieve its intended business objectives and continue as a going concern. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of this uncertainty.

3. Summary of Significant Accounting Policies:

Principles of Consolidation

The financial statements include the accounts of US SEARCH.com Inc. and its wholly owned subsidiary. All inter-company accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Restricted Cash

At December 31, 2002 and 2001, the Company had \$575,000, and \$750,000, respectively, in restricted cash principally related to deposits pledged as collateral in conjunction with the Company's credit facility with the bank.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method based upon the estimated useful lives of the assets. Leasehold improvements and equipment under capital leases are amortized over the shorter of the estimated useful life or the life of the lease. Depreciation and amortization periods by asset category are as follows:

Computer and office equipment and software	3-10 years
Furniture and fixtures	7 years
Leasehold improvements	Shorter of useful life or lease term
Equipment under capital leases	Shorter of useful life or lease term

Maintenance and repairs are charged to expense as incurred while renewals and improvements are capitalized. Upon the sale or retirement of property and equipment, the accounts are relieved of the cost and the related accumulated depreciation, with any resulting gain or loss included in the Statement of Operations.

Software Developed For Internal Use

The Company capitalizes costs of software, consulting services, hardware and payroll related costs incurred to purchase and develop internal-use software relating primarily to the Company's Web site. The Company expenses costs incurred during the preliminary project assessment, research and development, reengineering, training and application maintenance phases. As of December 31, 2001 and 2002, the Company had capitalized internal-use software totaling \$3,780,000, and \$5,560,000 respectively. As of December 31, 2001 and 2002, accumulated depreciation on internal-use software was \$68,000, and \$552,000 respectively. The Company expensed \$3,777,000, \$4,397,000, and \$3,296,000 of Web site development costs in 2000, 2001 and 2002, respectively.

Long-Lived Assets

The Company identifies and records impairment losses on long-lived assets when events and circumstances indicate that such assets might be impaired. To date, no such impairment has been recorded.

Fair Value of Financial Instruments

The estimated fair value of accounts receivable, accounts payable, accrued liabilities and notes payable approximate cost because of the short-term maturity of these instruments.

US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

Net Loss Per Common Share

Basic net loss per common share is computed using the weighted-average number of shares of common stock and diluted net loss per common share is computed using the weighted average number of shares of common stock and common equivalent shares outstanding. Common equivalent shares related to convertible preferred stock, convertible notes payable, stock options and warrants are excluded from the computation when their effect is anti-dilutive.

The following summarizes the stock options, warrants and convertible preferred stock excluded from the weighted-average number of shares because their effect is anti-dilutive:

	2000	2001	2002
Stock options	8,089,958	17,011,903	19,820,345
Common stock warrants	1,750,000	5,132,013	10,407,019
Preferred stock warrants	75,000	—	—
Convertible preferred stock	5,882,353	42,107,303	—

Comprehensive Income

Statement of Financial Accounting Standards (“SFAS”) No. 130, “Reporting Comprehensive Income” establishes standards for the reporting and display of comprehensive income and its components in a full set of general-purpose financial statements. Comprehensive income generally represents all changes in stockholders’ equity (deficit) during the period except those resulting from investments by, or distributions to, stockholders. The Company has no other comprehensive income items and accordingly net income (loss) equals comprehensive income (loss).

Stock-Based Compensation

The Company accounts for stock-based employee compensation arrangements in accordance with the provisions of Accounting Principles Board (“APB”) No. 25, “Accounting for Stock Issued to Employees,” and complies with the disclosure requirements of SFAS No. 123, “Accounting for Stock-Based Compensation.” Under APB No. 25, compensation cost, if any, is recognized over the respective vesting period based on the difference on the date of grant, between the fair value of the Company’s common stock and the grant price.

The Company accounts for stock-based awards to non-employees in accordance with SFAS No. 123 and EITF 96-18. An expense is recognized for common stock, warrants, or stock options issued for services rendered by non-employees based on the estimated fair value of the security exchanged.

US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

The following table illustrates the effect on net loss and loss per share if compensation cost for all outstanding and unvested stock options and other stock-based employee compensation awards had been determined based on their fair values at the grant date, consistent with the method prescribed by SFAS No. 123:

	Year Ended December 31,		
	2000	2001	2002
Net Loss			
As reported	\$ (29,362,000)	\$ (11,937,000)	\$ (24,076,000)
Stock-based credit included in reported net loss	(303,000)	—	—
Additional stock-based compensation expense determined under the fair value method	(3,029,000)	(3,990,000)	(6,391,000)
Pro forma	\$ (32,694,000)	\$ (15,927,000)	\$ (30,467,000)
Loss per share—basic and diluted			
As reported	\$ (1.93)	\$ (1.38)	\$ (0.41)
Proforma	\$ (2.12)	\$ (1.60)	\$ (0.52)

SFAS No. 123 requires the use of option pricing models that were not developed for use in valuing employee stock options. The Black-Scholes option-pricing model was developed for use in estimating the fair value of short-lived exchange traded options that have no vesting restrictions and are fully transferable. In addition, option-pricing models require the input of highly subjective assumptions, including the option's expected life and the price volatility of the underlying stock. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in the opinion of management, the existing models do not necessarily provide a reliable single measure of the fair value of employee stock options. See Note 13 for a discussion of the assumptions used in the option-pricing model and estimated fair value of employee stock options.

Because additional stock options are expected to be granted each year, the pro forma disclosures above are not representative of pro forma effects on reported financial results for future years.

Segment Reporting

The Company determines and discloses its segments in accordance with SFAS No. 131 "Disclosures about Segments of an Enterprise and Related Information" which uses a "management" approach for determining segments. The management approach designates the internal organization that is used by management for making operating decisions and assessing performance as the source of the Company's reportable segments. SFAS No. 131 also requires disclosures about products or services, geographic areas, and major customers. The Company's management reporting structure provided for only one segment in 2000 and 2001, and accordingly, information for one segment, consumer-focused services, is presented for 2000 and 2001. Due to the acquisition of PRSI on December 28, 2001, the Company adopted a management reporting structure that provides for two segments in 2002: large business services and consumer-focused services, and accordingly, information for the Company's two segments for 2002 is presented in Note 17. In addition, the Company operates only in the United States and no single customer accounts for more than 10% of revenues for any period presented.

Income Taxes

The Company utilizes the liability method of accounting for income taxes. Under this method, deferred tax liabilities and assets are determined based on the difference between the financial statement and the tax bases of

assets and liabilities using enacted tax rates in effect for the period in which the differences are expected to reverse. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

Revenue Recognition

The Company generates revenues by performing various information search services for customers. Revenue is recognized when the results of the search services are delivered to clients and after credit card authorization is obtained. The Company provides for estimated losses resulting from refunds and chargebacks resulting from disputes and complaints. The Company accrues for such estimated losses and classifies refunds as a reduction of revenues and chargebacks as a bad debt. The Company provides for estimated losses at the time of sale based on historical data that reflects known trends in the Company's actual experience with chargebacks under the Company's Merchant Card Agreements.

PRSI generates revenues by performing various background and pre-employment screening services for customers. PRSI's services include reference checks, drug testing, credit checks, pre-employment and background checks through the use of publicly available information. Revenue is recognized upon the delivery of the results of the background and pre-employment checks, by mail, fax, and/or online, to the customer's final site and the completion of related PRSI obligations, if any, provided that persuasive evidence of an arrangement exists, the fee is fixed and determinable and collectability is deemed probable.

Advertising Costs

Advertising production costs are expensed the first time the advertisement is run. Media costs are expensed in the month the advertising appears. Advertising expense was \$21,836,000 for 2000 (including a non-cash charge of \$2,179,000 related to warrants granted in connection with the restructuring of an on-line advertising agreement), \$5,723,000 for 2001, and \$6,910,000 for 2002.

Recent Accounting Pronouncements

In June 2001, the FASB issued SFAS No. 142, "Goodwill and Other Intangible Assets", which became effective January 1, 2002. SFAS 142 requires, among other things, the discontinuance of goodwill amortization. In addition, the standard includes provisions for the reclassification of certain existing recognized intangibles as goodwill, reassessment of the useful lives of existing recognized intangibles, reclassification of certain intangibles out of previously reported goodwill and the identification of reporting units for purposes of assessing potential future impairments of goodwill. SFAS 142 also requires companies to complete a transitional goodwill impairment assessment. In conjunction with the December 28, 2001 acquisition of PRSI, the Company recorded \$2,960,000 of intangibles and \$8,648,000 in goodwill. As discussed more fully in note 10, during 2002, goodwill increased by \$4,881,000 to \$13,529,000 at December 31, 2002. Approximately \$4,500,000 of additional goodwill was recorded upon the resolution of PRSI purchase price contingencies, and an additional \$381,000 of goodwill was recorded to reflect adjustments to the fair values of PRSI assets acquired and liabilities assumed and additional acquisition related costs. The Company performed an initial review of goodwill and other intangibles in 2002 and plans to perform an annual impairment review thereafter. No goodwill impairment was indicated in connection with the annual valuation in accordance with SFAS 142, since the fair value of the PRSI reporting unit was determined to be greater than the carrying value of goodwill and other intangibles.

In August 2001, the FASB issued SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS 144 establishes a single accounting model for the impairment or disposal of long-lived assets,

US SEARCH.COM INC.

NOTES TO FINANCIAL STATEMENTS—(Continued)

including discontinuance of operations. SFAS 144 superseded Statement of Financial Accounting Standards No. 121, Accounting for the Impairment of Long-Lived Assets for Long-Lived Assets to Be Disposed of and APB Opinion No. 30, Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The provisions of SFAS 144 are effective in fiscal years beginning after December 15, 2001, with early adoption permitted and, in general, are to be applied prospectively. The adoption of SFAS 144 did not have a significant impact on the financial statements.

In June 2002, the FASB issued SFAS No. 146, “Accounting for Costs Associated with Exit or Disposal Activities.” SFAS No. 146 nullifies EITF No. 94-3, “Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring).” SFAS No. 146 requires that a liability for costs associated with an exit or disposal activity be recognized when it is incurred. Under EITF No. 94-3, a liability for an exit cost was recognized at the date of an entity’s commitment to an exit plan. The provisions of SFAS No. 146 are effective for exit or disposal activities that are initiated after December 31, 2002. Under SFAS No. 146, an entity may not restate its previously issued financial statements. The Company does not expect the adoption of SFAS No. 146 to have a material impact on its financial statements.

In December 2002, the FASB issued SFAS No. 148, “Accounting for Stock-Based Compensation— Transition and Disclosure, an amendment of SFAS No. 123.” SFAS No. 148 amends SFAS No. 123, to provide alternative methods of transition for a voluntary change to that statement’s fair value method of accounting for stock-based employee compensation. SFAS No. 148 also amends the disclosure provision of SFAS No. 123 and APB No. 28, “Interim Financial Reporting,” to require disclosure in the summary of significant accounting policies about the method of accounting for stock-based compensation and the effects of the method on reported net income and earnings per share in annual and interim financial statements. The transition and disclosure provisions of this statement are effective for financial statements for fiscal years ending after December 15, 2002. The Company has continued to use the intrinsic value method of accounting for stock-based compensation in accordance with APB Opinion No. 25. The Company has made certain disclosures required by SFAS No. 148 in the consolidated financial statements for the year ended December 31, 2002 and will begin making the additional disclosures required by SFAS No. 148 in the first quarter of 2003. Accordingly, adoption of SFAS No. 148 will not impact the Company’s financial position or results of operations.

(“Pequot”) advanced the Company an aggregate of \$10,000,000 from the issuance of \$10,150,000 of promissory notes that were convertible into Series A-1 Convertible Preferred Stock. The promissory notes bore interest at a rate of seven percent (7%) per annum. US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

on the difference between the effective conversion price per share and the fair value of the common stock on the commitment date of the March 30, 2001 note, multiplied by the most beneficial number of shares into which the promissory note was convertible. On June 5, 2001, to induce Pequot to advance the purchase price of the Series A-1 Convertible Preferred Stock in the form of the promissory notes, the Company agreed to issue to Pequot a warrant to purchase up to 5,000 shares of the Series A-1 Convertible Preferred Stock at an initial purchase price of \$100 per share. In accordance with Accounting Principles Board (APB) Opinion No. 14 "Accounting for Convertible Debt and Debt Issued with Stock Purchase Warrants", the relative fair value of the warrants of \$250,000 was recorded as additional debt issuance costs in the second quarter of 2001.

In December 2001, the Company issued, to Pequot, a \$3,500,000 promissory note and a warrant to purchase 1,117,497 shares of common stock at an exercise price of \$1.044 per share. The promissory note bore interest at a rate of eight percent (8%) per annum and, if not previously converted into common stock, was due and payable on December 20, 2002. The note and accrued interest were converted on approval by the shareholders in July 2002 into 6,922,399 shares of common stock. The conversion price was the lower of (a) \$0.783 or (b) 90% of the 10-day average closing bid price of the Company's common stock prior to the date the Company received approval from its stockholders for the transaction (\$0.5292). In connection with the conversion of this note, the Company issued to Pequot a warrant to purchase an additional 223,499 shares of common stock at an exercise price of \$1.044 per share. On August 5, 2002, the Company issued to Pequot a warrant to purchase an additional 52,275 shares of common stock at an initial exercise price of \$1.044 per share, in satisfaction of the Company's obligations under the Registration Rights Agreement, dated as of December 20, 2001, between the Company and Pequot. The warrants expire on December 20, 2005. The Company recorded legal expenses of the offering of approximately \$40,000 as a discount to the note.

In January 2002, the Company issued, to various unaffiliated investors, 8% Convertible Promissory Notes due January 17, 2003 in the aggregate principal amount of \$4,651,000 and four year warrants to purchase up to an aggregate of 1,782,176 shares of common stock at an initial exercise price of \$1.044 per share. These notes and accrued interest automatically converted into 9,143,181 shares of common stock at the conversion price of \$0.5292 on approval of the shareholders on July 18, 2002.

In March 2002, the Company issued, to various unaffiliated investors, 8% Convertible Promissory Notes due December 20, 2002 in the aggregate principal amount of \$6,075,000 (\$5,700,000 in proceeds net of issuance costs) and five year warrants to purchase up to an aggregate of 2,144,118 shares of our common stock at an initial exercise price of \$1.044 per share. The Company also issued warrants to purchase 714,706 shares of common stock at an exercise price of \$0.85 per share to the principals of the offering placement agent. These notes and accrued interest automatically converted into 11,798,470 shares of common stock on approval of the shareholders on July 18, 2002. In July 2002, the Company issued additional warrants to purchase 142,464 shares of common stock at an exercise price of \$1.044 per share to the investors in the convertible notes payable.

In accordance with APB Opinion No. 14, the Company allocated the relative fair value of the warrants issued in conjunction with the December, January and March notes (the "Notes") of \$452,000 and \$730,000 and, \$892,000, respectively as a discount on the notes payable. Warrants issued to the placement agent had a fair value of \$315,000. The discounts were recorded as interest expense over the terms of the notes. During 2001 and 2002, the Company recorded \$14,000 and \$2,375,000 as additional interest expense.

In July 2002, upon the conversion of the 8% Convertible Promissory Notes with an aggregate principal amount of \$14,226,000, the Company recorded as additional interest expense a non-cash charge of \$11,749,000 for a beneficial conversion feature (BCF) relating to the Notes. The BCF was computed based on the difference between the effective conversion price per share and the fair value of the common stock on the commitment date,

multiplied by the number of shares into which the promissory notes were convertible, limited to the amount of proceeds allocated to the notes at the commitment date.

The terms of a note payable to a vendor, with a carrying value of \$500,000 at December 31, 2001, provided that in the event that the Company closed a financing, as defined, in excess of \$10,000,000, the then outstanding balance became due within 90 days after the financing. In connection with the renegotiation of this debt, the Company issued a ten-year warrant to purchase 80,000 shares of common stock at an exercise price of \$0.01 per share. The Company recorded the fair value of the warrants of \$74,000 as a discount to the note payable. During the year ended December 31, 2002, the Company obtained financing in excess of \$10,000,000, and entered into an agreement to settle the note payable for \$525,000. The settlement agreement resulted in a gain of \$61,000 which was recorded in the accompanying statement of operations during the year ended December 31, 2002.

9. Bank Debt:

In September 2001, the Company entered into a loan and security agreement (“Loan Agreement”) with a bank. On March 27, 2002 the company’s Loan Agreement with the bank was renewed through March 26, 2003 by Waiver and Amendment Number One. On August 7, 2002 the Loan Agreement was amended to provide a total credit extension of up to \$1 million by Waiver and Amendment Number Two. The Loan Agreement was amended again on January 22, 2003 to retroactively reduce the restricted cash requirement to \$550,000 at December 31, 2002 by Waiver and Amendment Number Three. Borrowings under this line at December 31, 2002 totaled \$1,162,000 and bore interest at prime plus 2.5%, (6.75% at December 31, 2002). At various times throughout the year the Company was in violation of certain of its loan covenants related to minimum EBITDA and Debt/Tangible Net Worth, all violations of which the banked waived. As of December 31, 2002, the line was fully utilized.

The Company was in compliance with or had received a bank waiver of covenants at December 31, 2002.

On March 18, 2003, the loan was renewed and expanded to a \$2.5 million Revolving Loan Facility. Availability under the Facility will be limited to an advance formula of up to 100% on the first \$1.5 million of availability and 85% of eligible accounts receivable for amounts advanced in excess of \$1.5 million up to \$2.5 million. The Facility matures on April 30, 2004. The Facility is collateralized by all of the personal property of US SEARCH, tangible and intangible. Security will include a \$450,000 pledged certificate of deposit, considered restricted cash. The borrowing rate is prime plus 1.50% on the first \$1.5 million and prime plus 2.50% on amount above \$1.5 million up to \$2.5 million. The bank will receive a 7-year warrant to purchase common stock at a price per share exercise price equal to the closing price of such common stock on the date of consummation of the merger such that the product of such number of shares multiplied by such exercise price equals \$25,000. The company will have to meet certain operating performance, minimum EBITDA and Debt/Tangible Net Worth covenants on a monthly basis.

In connection with the Loan Agreement, during 2001, the Company issued the bank a warrant to purchase 3,750 shares of the Company’s Series A-1 Convertible Preferred Stock with an exercise price of \$100 per share. On conversion of the Series A-1 Convertible Preferred Stock to common stock in July 2002, the bank warrant converted to a warrant to purchase 777,412 shares of the Company’s common stock at a price of \$0.48237 per share. The warrant expires on September 12, 2008.

During 2001, in connection with a forbearance agreement, the Company also issued the bank a warrant to purchase 121,328 shares of the Company’s common stock with an exercise price of \$0.783 per share. As a result of the issuance of the warrant, the Company recorded a non-cash charge of \$89,000 which is included in interest expense for 2001. The warrant expires on December 28, 2008.

US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

In connection with an amendment to the loan and security agreement in April 2002, the Company agreed to issue the bank a warrant to purchase 55,487 shares of the Company's common stock at an exercise price of \$0.85 per share. The warrant expires on March 14, 2007. As a result of the issuance of the warrant, the Company recorded a non-cash charge of \$48,000, which is included in debt issuance costs for the period ended December 31, 2002.

As a result of the issuance of warrants, the Company recorded debt issuance costs of \$4.1 million and \$48,000 during 2001 and 2002, respectfully, which are being amortized over the life of the facility. For the years ended December 31, 2001 and 2002, debt issuance costs of \$367,000 and \$655,000, respectfully, were amortized.

10. Acquisition of Professional Resource Screening, Inc.:

On December 28, 2001, the Company acquired 100% of the securities of PRSI, a privately held background screening company. The acquisition was accounted for under the purchase method of accounting. The purchase price of \$14,353,000 consisted of the present value of future installment obligations made to the selling shareholders, common stock and advances made to PRSI. The PRSI Merger Agreement (the "PRSI Merger Agreement") also provided for an earn out whereby the selling shareholders of PRSI may be eligible for up to \$1,500,000 in additional consideration after meeting certain profitability and revenue targets during the fiscal years 2002, 2003, and 2004. For the fiscal year ended December 31, 2002, the revenue and profitability targets were not met and, consequently, no amounts have been recorded for the earn out contingency.

In accordance with the PRSI Merger Agreement, on December 28, 2001, the Company issued 8,148,148 shares of common stock to the selling shareholders. The Company was also required to issue additional stock consideration on January 30, 2002, in the event that the Company's share price was below \$1.35. On January 31, 2002, the Company issued an additional 651,852 shares of common stock. The fair value of the stock consideration of \$11,000,000 was determined in accordance with EITF 97-15 "Accounting for Contingency Arrangements Based on Security Prices in a Purchase Business Combination" based on an amount equal to the lower of the target value of \$11,000,000 and the maximum number of shares that could have been issued multiplied by the fair value per share at the date of acquisition. A total of 2,050,587 of the 8,148,148 shares issued on December 28, 2001, and all of the 651,852 shares issued on January 31, 2002 were placed into escrow pending finalization of the revenue contingency discussed below.

At December 28, 2001, the purchase price of \$14,353,000 was reduced by the portion of the stock consideration that was considered to be conditionally issued pending the outcome of a revenue contingency. The PRSI Merger Agreement provided that in the event PRSI fiscal year 2002 net revenues, as defined, were less than \$9,000,000, the selling shareholders would be required to return \$500,000 plus any shortfall in revenues below \$9,000,000 in cash or company stock. In accordance with SFAS No. 141, the Company did not record \$4,500,000 of the purchase price representing that portion of the purchase price which was deemed contingent. As of December 28, 2001, management determined that achieving a revenue threshold above \$5,000,000 could not be determined beyond a reasonable doubt, as specified in SFAS No. 141. During the year ended December 31, 2002, PRSI achieved the \$9,000,000 revenue threshold, as defined, and, upon the resolution of this contingency, the Company increased goodwill by \$4,500,000.

During the year ended December 31, 2002, the Company also recorded additional goodwill of \$381,000 to reflect adjustments to the fair values of assets acquired and liabilities assumed in connection with PRSI acquisition and additional purchase costs. No goodwill from the acquisition of PRSI is deductible for tax purposes.

Identifiable intangible assets are comprised of customer lists of \$2,900,000 and a covenant not to compete of \$60,000, which are being amortized on a straight-line basis over a 10 and 3-year period, respectively. Amortization expense for the year ended December 31, 2002 was \$310,000. The expected aggregate amortization of unamortized intangible assets is \$310,000 (2003), \$310,000 (2004), \$290,000 (2005), \$290,000 (2006) \$290,000 (2007) and \$1,160,000 thereafter.

In connection with the PRSI Merger Agreement, the Company will make installment payments totaling \$3,000,000. The installment obligations of \$3,000,000 bear no interest, and was discounted by \$444,000. Principal reductions of approximately \$930,000 were made during 2002, and the remaining installment obligations mature as follows:

Florida. The United States District Court for the Southern District of Florida ordered the matter to arbitration. In arbitration the Company alleged that ChoicePoint breached the contract by providing inferior data. The arbitration was concluded in April 2002 and in June 2002 the arbitrator found that ChoicePoint had provided inferior data and awarded the Company a credit of \$297,671 to be deducted from invoices of \$1,418,731. Management believes that the resolution of these matters will not have a material adverse effect on the Company's financial position, results of operations or cash flows.

13. Capitalization:

Preferred Stock

The board of directors has the authority, without further action by the stockholders, to issue up to 1,000,000 shares of preferred stock, \$0.001 par value, in one or more series and to fix the powers, preferences, rights and qualifications, limitations or restrictions thereof, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences, sinking fund terms and the number of shares constituting any series or the designation of the series.

Series A Preferred Stock

On September 7, 2000, the Company issued 100,000 shares of Series A mandatorily redeemable preferred stock ("Series A Preferred Stock"), stated value \$100 per share, and warrants to purchase 75,000 of Series A Preferred Stock to an investor for gross proceeds of \$10 million. The warrants were exercisable for \$100 per share at any time from the date of issuance through September 2005. The investor was also required to purchase in a second tranche an additional 100,000 shares of Series A Preferred Stock for \$100 per share in the event the Company met certain performance metrics and other requirements. In February and March 2001, the net proceeds of the second tranche totaling \$10 million were received by the Company in the form of convertible notes payable. The notes were converted into Series A-1 convertible preferred stock in June 2001 as discussed below.

In connection with the offering the Company incurred legal, accounting and other offering expenses of approximately \$537,000. The net proceeds of the offering of \$9,463,000 were allocated, based on an estimated relative fair value, between the issuance of Series A Preferred Stock (\$5,911,000) and the warrants and right to

invest in the second tranche (\$3,552,000). The amount ascribed to the warrants and the right to invest in the second tranche was accreted to the carrying value of the Series A Preferred Stock over the redemption period. Accretion for the period from issuance to December 31, 2000 and for the year ended December 31, 2001 was approximately \$156,000 and \$203,000, respectively.

During the third quarter ended September 30, 2000, the Company recorded a non-cash charge to the net loss attributable to common stockholders of \$1,029,000 relating to a beneficial conversion feature (“BCF”). The beneficial conversion feature was computed based on the difference between the fair market value of the stock on the date of close of the agreement (\$1.875 on September 9, 2000) and the conversion price of \$1.70, multiplied by the number of shares into which the preferred stock is convertible.

During the fourth quarter of 2000, the EITF issued EITF Abstract No. 00-27 “Application of Issue No. 98-5 to Certain Convertible Instruments” which included guidance on the computation of BCFs. Pursuant to EITF 00-27, the Company was required to record as a cumulative adjustment in the fourth quarter an additional BCF of \$3,754,000 as a charge to net loss attributable to common stockholders for a change in the accounting for the computation of BCFs. Under the revised guidance of EITF 00-27, the BCF was computed based on the difference between the fair market value of the stock on the date of close and the effective conversion price multiplied by the most beneficial number of common shares into which the Series A Preferred Stock is convertible. The effective conversion price is determined by dividing the relative fair value allocated to the Series A Convertible Preferred Stock by the most beneficial number of shares on the closing date of the preferred stock that the preferred stock was convertible into.

Series A-1 Convertible Preferred Stock

On June 5, 2001 the Company issued 203,113 shares of the Company’s newly issued Series A-1 Convertible Preferred Stock (the “Series A-1 Preferred”) and a warrant to purchase an additional 5,000 shares of Series A-1 Preferred (the “Series A-1 Warrant”). The Series A-1 Preferred and the Series A-1 Warrant (collectively, the “Securities”) were issued pursuant to a Preferred Stock Exchange and Purchase Agreement by and between the Company and Pequot (the “Agreement”). The Series A-1 Convertible Preferred Stock had a stated value of \$100 per share, a par value of \$0.001 per share and was convertible into common stock of the Company at \$0.48237 per share of common stock.

Pursuant to the Agreement, Pequot exchanged all of the outstanding shares of Series A Preferred Stock it purchased in September 2000, delivered to the Company for cancellation the Series A Warrant to purchase up to 75,000 additional shares of Series A Preferred Stock that was issued in connection with the September transaction, and converted two promissory notes bearing interest at an annual rate of 7% in the aggregate amount of \$10.150 million for 203,113 shares of Series A-1 Preferred.

As a result of the exchange of the Series A Preferred Stock for the Series A-1 Preferred Stock, the Company recorded in the second quarter ended June 30, 2001, a deemed dividend on the exchange of \$12.6 million, representing the excess of the fair value of the Series A-1 Preferred over the carrying value of the Series A Preferred Stock, the cancelled the Series A warrants and a portion of the beneficial conversion feature recorded in September 2000.

The Series A-1 Preferred were subject to certain non-cumulative dividend preferences through September 7, 2003 and cumulative dividend preferences after September 7, 2003, certain liquidation preferences, optional redemption rights, voting rights, approval rights and preemptive rights.

US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

On July 18, 2002, Pequot, the holder of all 203,113 shares of Series A-1 Convertible Preferred Stock outstanding on that date, elected to convert all of its Series of A-1 Convertible Preferred Stock into 42,107,303 shares of common stock.

Stock Incentive Plans

The Company has three stock-based option and incentive plans in order to attract and retain employees (including officers and employee directors), directors and independent contractors, and consultants to the Company. An aggregate of 26,818,023 shares of common stock, subject to adjustment for stock splits, stock dividends and similar events, has been authorized for issuance upon exercise of options, stock appreciation rights (“SARs”), restricted stock awards (“restricted awards”), and performance share awards (“performance awards”).

The Plans provide for the issuance of nonqualified and incentive stock options to employees, (including officers and employee directors), directors and independent contractors, and consultants to the Company. Incentive stock options may not be granted at less than 100% of the fair market value of the Company’s common stock on the date of grant (110% if granted to an employee who owns 10% or more of the common stock). Options vest in accordance with the award agreement and generally expire 10 years after the award date (5 years if granted to an employee who owns 10% or more of the common stock).

The Plans provide for the issuance of SARs concurrently or independently with the grant of options. SARs granted concurrently with an option vest according to the option terms. SARs granted independently of any option vest according to the award agreement.

The Plans provide for the issuance of restricted awards or performance awards. Participants of restricted awards are entitled to receive dividends and vote whether or not vested. Restricted awards are nontransferable until vested and the terms of the restricted awards are determined on the grant date. The terms of performance awards are determined at the date of grant.

In the event a holder of an option, SAR, restricted award, or performance award ceases to be employed by the Company: all unvested options and SARs are forfeited, all vested options and SARs may be exercised within a period not to exceed 12 months, all vested SARs granted independently of options are exercisable in accordance with the award agreement, all unvested restricted and performance awards are forfeited, and all vested restricted and performance awards are exercisable in accordance with the award agreement. No SARs or restricted stock were granted as of December 31, 2002 and 2001.

the date of consummation of the Company's merger with the First American Corporation (see Note 18) such that the product of such number of shares multiplied by such exercise price equals \$25,000. The Company will have to meet certain operating performance, minimum EBITDA and Debt/Tangible Net Worth covenants on a monthly basis. On March 31, 2003, US SEARCH received a written notice from The First American Corporation, which alleged that US SEARCH had breached the merger agreement. The notice of breach concerned US SEARCH's award of bonuses to certain executive officers of US SEARCH for services performed in 2002. Representatives of US SEARCH and First American discussed the concerns raised in First American's notice and reached agreement as to how and when such bonuses will be paid during the pendency of the merger agreement. On April 1, 2003, US SEARCH and First American entered into a letter agreement relating to such bonuses and pursuant to which First American formally withdrew its notice of breach.

Pursuant to the letter agreement, the executives receiving bonuses will be paid their bonuses $\frac{1}{2}$ in cash and $\frac{1}{2}$ in shares of US SEARCH common stock. The shares of common stock issuable in respect of the stock portion of such bonuses will be issued pursuant to the Company's 1998 Stock Incentive Plan, as amended, and the number of shares issued will be determined by dividing the amount of the stock portion of such bonuses by the average closing price for US SEARCH common stock for the five trading days prior to and ending March 31, 2003. The cash and stock portions of such bonuses will be paid shortly following the date on which US SEARCH mails its proxy statement related to the merger agreement to US SEARCH stockholders.

17. Segment Information:

The Company's management reporting structure provided for only one segment in 2000 and 2001, and accordingly, information for one segment, consumer-focused services, is presented for 2000 and 2001. Due to the acquisition of PRSI on December 28, 2001, the Company adopted a management reporting structure that provides for two segments in 2002: large business services and consumer-focused services, and accordingly, has presented segment information for the Company's two segments.

Large Business Services. Through this segment, the Company provides large businesses, government agencies and other large employers with a variety of employment screening, background check and risk mitigation products and services via an online, web-based system that enables instant ordering and prompt delivery of results. The Company's employment screening products include social security number traces, federal and state felony and misdemeanor record searches, employment and education verification, and credit histories. The Company also provides character reference checks and drug screening via third party providers. In addition, the Company offers a Management Services program that provides customers with an outsourced solution to background investigations, which includes analysis of developed investigation data, management of Fair Credit Reporting Act communications, legal compliance, and direct applicant contact.

Consumer-Focused Services. Through this segment, the Company provides consumer clients and small and medium sized businesses with a single, comprehensive access point to a broad range of information to assist them in locating individuals or to learn more information about people in their lives or with whom they do

business. The consumer clients can obtain public information including addresses, aliases, phone numbers, property ownership, court records, professional license verification, corporate affiliations and death record information. The Company also offers nanny and contractor background check services for consumers and employment screening for small businesses.

Segment information is presented in accordance with SFAS 131, *Disclosures about Segments of an Enterprise and Related Information*. This standard is based on a management approach, which requires segmentation based upon the Company's internal organization and disclosure of revenue and operating results based upon internal accounting methods. The Company's financial reporting systems present various data for management to run the business, including internal operating profit and loss statements prepared on a basis not necessarily in conformity with U.S. generally accepted accounting principles. The company uses shared-resources, including its IT infrastructure, for both segments. Therefore, a considerable amount of cost is shared by both of the company's segments. These costs represent support functions such as Accounting and Finance, Legal, Human Resources, and other personnel and operating costs. For internal profit and loss statements, shared expenses are recorded on the financial statements of the consumer-focused services segment, and are not allocated to the large business segment. In addition, intercompany revenues and expenses are not recorded for internal management reporting. The consumer focused services segment also includes all IT development costs used by both segments.

Management evaluates segment performance based on segment operating profit or loss. Selected financial information about the Company's operations by segment for the year ended December 31, 2002 is as follows:

<u>December 31, 2002</u>	<u>Consumer-focused Services</u>	<u>Large Business Services</u>	<u>Consolidated</u>

18. Pending Merger:

The First American Corporation, the nation's leading diversified provider of business information and related products and services, and US Search have signed a definitive agreement to merge their background screening businesses and form a new company that will apply for listing on the NASDAQ National Market System. The Agreement and Plan of Merger (pending merger agreement) dated as of December 13, 2002, sets forth the terms and conditions of the mergers. Among other things, the pending merger agreement restricts the business conduct of the parties before the closing of the merger, contains representations and warranties of the parties to the agreement, prohibits US SEARCH from soliciting competing offers and provides for adjustments of the exchange ratio in certain circumstances. Under certain specified terms in the merger agreement either First American or US Search may terminate the merger agreement, however, the agreement provides for the payment of a termination fee of \$2,800,000 by US Search if the merger agreement is terminated for certain reasons. The parties have agreed to pay all of their own expenses relating to the mergers, including the fees and expenses of their financial advisers.

US SEARCH.COM INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

The merger, which will combine US Search's consumer location and large business background screening services with First American's Screening Information group, is scheduled to close during the second quarter of 2003. The combination of these businesses will create a new publicly held company that will be named First Advantage Corporation. First Advantage will be approximately 80 percent owned by The First American Corporation, with the remainder owned by the shareholders of US Search.

Completion of the merger is subject to customary closing conditions that include, among other things, receipt of required approvals from a majority of the outstanding shares of US SEARCH common stock, and receipt of required regulatory approvals. Only holders of record of US SEARCH common stock at the close of business on the record date of February 1, 2003 are entitled to vote. The transaction, while expected to close in the first half of calendar year 2003, may not be completed if any of the aforementioned conditions are not satisfied.

Pequot has entered into a voting agreement with First American, pursuant to which Pequot has agreed to vote the Company's shares of common stock held by it in favor of the merger. Accordingly, approval of the merger by the stockholders of US SEARCH is assured as long as the voting agreement remains in effect and the parties perform their obligations thereunder.

The Subordinated Secured Promissory Note

In connection with the merger agreement, on January 15, 2003, First American loaned the Company \$1.4 million pursuant to a subordinated secured promissory note. The note matures on June 30, 2003 and bears interest at a rate equal to the lesser of 10.0% and the prime rate plus 4.75%. If an event of default occurs under the note, all principal and accrued interest will become immediately due and payable and the interest rate will increase to the lesser of 10.0% and the prime rate plus 6.75%.

Report of Independent Accountants

To the Board of Directors and Stockholder of
The FAST division:

In our opinion, the accompanying combined balance sheets and the related combined statements of operations, of changes in stockholder's equity and of cash flows present fairly, in all material respects, the financial position of the FAST division (the "Company"), a wholly-owned division of The First American Corporation, at December 31, 2002 and 2001, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 6 to the combined financial statements, during the year ended December 31, 2002, the Company changed its method of accounting for goodwill and other intangible assets.

THE FAST DIVISION
(a wholly-owned division of The First American Corporation)
NOTES TO COMBINED FINANCIAL STATEMENTS
For the Years Ended December 31, 2002, 2001 and 2000

1. Organization and Nature of Business

The FAST Division (the “Company”), through its individual companies, is engaged in the business of providing business information and related products and services. The principal businesses include tenant screening, employee background checking, occupational health services and motor vehicle reports. The Company is a wholly-owned division of The First American Corporation (the “Parent”). The operating subsidiaries include HireCheck, Inc., First American Registry, Inc., Substance Abuse Management, Inc., American Driving Records, Inc., Employee Health Programs, Inc., and SafeRent, Inc. Each entity has only been included in the combined financial statements from the date of acquisition by the Parent, if the acquisition date was subsequent to January 1, 2000.

As discussed in Note 10, the Parent has contributed certain operations relating to businesses acquired and has also forgiven certain amounts owed by the Company in connection with the acquisitions and funding of operations of the Company. These amounts have been treated as additional paid in capital in the accompanying financial statements. In addition, the Parent and certain affiliates provide legal, financial, technology and other administrative services to the Company. The cost of these services is included in selling, general and administrative expenses. In the opinion of management, the costs allocated to the Company for these services are reasonable.

The following is a summary of the Company’s net equity by operating subsidiary:

	2002	2001
HireCheck, Inc.	\$ 10,321,528	\$ 8,912,354
First American Registry, Inc.	14,881,740	12,821,066

2. Significant Accounting Policies

Principles of Combination

The combined financial statements include the accounts of each operating subsidiary. All significant inter-company transactions and balances have been eliminated.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the statements. Actual results could differ from the estimates and assumptions used.

Fair Value of Financial Instruments

The carrying amount of the Company’s financial instruments at December 31, 2002 and 2001, which includes cash and cash equivalents and accounts receivable, approximates fair value because of the short maturity

THE FAST DIVISION
(a wholly-owned division of The First American Corporation)
NOTES TO COMBINED FINANCIAL STATEMENTS—(Continued)
For the Years Ended December 31, 2002, 2001 and 2000

of those instruments. The Company considers the variable rate debt to be representative of current market rates and, accordingly, estimates that the recorded amounts approximate fair market value. Fair value estimates of the fixed rate debt were determined using discounted cash flow methods with a discount rate of 4.25% and 4.75%, which is the rate that similar instruments could be negotiated at December 31, 2002 and 2001, respectively.

The estimated fair values of the Company's financial instruments, none of which are held for trading purposes, are summarized as follows:

	December 31, 2002		December 31, 2001	
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value
Cash and cash equivalents	\$ 6,513,108	\$ 6,513,108	\$ 1,286,913	\$ 1,286,913
Accounts receivable	13,826,944	13,826,944	6,890,955	6,890,955
Long-term debt and capital leases	(1,190,312)	(1,290,014)	(2,372,118)	(2,471,802)

Cash Equivalents

The Company considers cash equivalents to be all short-term investments that have an initial maturity of 90 days or less.

Accounts Receivable

Accounts receivable are due from companies in a broad range of industries located throughout the United States. Credit is extended based on an evaluation of the customer's financial condition, and generally, collateral is not required.

The allowance for all probable uncollectible receivables is based on a combination of historical data, cash payment trends, specific customer issues, write-off trends, general economic conditions and other factors. These factors are continuously monitored by management to arrive at the estimate for the amount of accounts receivable that may be ultimately uncollectible. In circumstances where the Company is aware of a specific customer's inability to meet its financial obligations, the Company records a specific allowance for bad debts against amounts due, to reduce the net recognized receivable to the amount it reasonable believes will be collected. This analysis requires making significant estimates, and changes in facts and circumstances could result in material changes in the allowance for uncollectible receivables. Management believes that the allowance at December 31, 2002 is reasonably stated.

Property and Equipment

Property and equipment are recorded at cost. Furniture and equipment includes computer software acquired and developed for internal use. Software development costs are capitalized from the time technological feasibility is established until the software is ready for use.

The Company follows Statement of Position (SOP) 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use." SOP 98-1 requires the Company to capitalize interest costs incurred and certain payroll-related costs of employees directly associated with developing software in addition to incremental payments to third parties. The adoption of SOP 98-1 did not have a material effect on the Company's financial condition or results of operations.

THE FAST DIVISION
(a wholly-owned division of The First American Corporation)
NOTES TO COMBINED FINANCIAL STATEMENTS—(Continued)
For the Years Ended December 31, 2002, 2001 and 2000

Depreciation on leasehold improvements is computed on the straight-line method over the life of the related lease, ranging from 3 to 10 years. Depreciation on data processing equipment and furniture and equipment is computed using the straight-line method over their estimated useful lives ranging from 3 to 10 years. Capitalized software costs are amortized using the straight-line method over estimated useful lives of 3 to 5 years.

Database Development Costs

Database development costs represent the cost to develop the proprietary databases of information for customer usage. The costs are capitalized from the time technological feasibility is established until the information is ready for use. These costs are amortized using the straight-line method over estimated useful life of 7 years.

Goodwill and Other Intangible Assets

In 2001 and 2000, goodwill recognized in business combinations consummated prior to June 30, 2001, was amortized over its estimated useful life of 25 years. Other intangibles, which include customer lists and covenants not to compete, are amortized over their estimated useful lives, ranging from 3 to 20 years. The Company periodically evaluates the amortization period assigned to each intangible asset to ensure that there have not been any events or circumstances that warrant revised estimates of useful lives.

In June 2001, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"). This statement addresses financial accounting and reporting for business combinations and supercedes APB Opinion No. 16, "Business Combinations". All business combinations in the scope of SFAS 141 are to be accounted for using the purchase method of accounting. The provisions of SFAS 141 apply to all business combinations initiated or closed after June 30, 2001. The adoption of SFAS 141 did not have a material effect on the Company's financial condition or results of operations.

On January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). This statement addresses financial accounting and reporting for goodwill and other intangible assets. In accordance with the provisions of SFAS 142, goodwill is no longer amortized but is rather tested annually for impairment. The Company has selected September 30 as the annual valuation date to test goodwill for impairment.

The following table presents the results of operations on a comparable basis, after adjustment for goodwill amortization for the years ending December 31:

	2002	2001	2000
Net income (loss), as reported	\$ 2,702,311	\$ (579,309)	\$ 50,515
Goodwill amortization	—	353,392	179,582
Net income (loss), as adjusted	\$ 2,702,311	\$ (225,917)	\$ 230,097

Income Taxes

Taxes are based on income for financial reporting purposes and include deferred taxes applicable to temporary differences between the financial statement carrying amount and the tax basis of certain of the

THE FAST DIVISION
(a wholly-owned division of The First American Corporation)
NOTES TO COMBINED FINANCIAL STATEMENTS—(Continued)
For the Years Ended December 31, 2002, 2001 and 2000

Company's assets and liabilities. The tax provision for the FAST Division has been calculated on a separate return basis. The Company's income tax returns are filed either as a separate company basis or as part of the consolidated income tax returns of the Parent, depending on when an operating subsidiary was acquired and the rules of the jurisdiction. The Company has a tax sharing arrangement with the Parent whereby the Company will fund any tax liabilities due related to its operations and the Parent will repay any refunds received related to the Company's operations.

Impairment of Long-Lived Assets

Effective January 1, 2002, the Company adopted SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS 144 establishes a single accounting model for the impairment or disposal of long-lived assets, including discontinuance of operations. SFAS 144 superseded Statement of Financial Accounting Standards No. 121, Accounting for the Impairment of Long-Lived Assets for Long-Lived Assets to Be Disposed of and APB Opinion No. 30, Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The adoption of this standard did not have a significant impact on financial position or results of operations of the Company.

Relating to long-lived assets to be held and used, an asset (or group of assets) will be considered impaired when the expected undiscounted cash flows from use and disposition are less than the asset's carrying value. The amount of any impairment charge will be based on the difference between the carrying and fair value of the asset. The determination of fair values considers quoted market prices, if available, and prices for similar assets and the results of other valuation techniques.

For assets to be sold, an asset (or group of assets) that meets the criteria established by FAS 144 for classification of assets held for sale will be carried at the lower of carrying amount or fair value less cost to sell.

Revenue Recognition

Revenue is recognized at the time of delivery, as the Company has no significant ongoing obligation after delivery.

Comprehensive Income

Statement of Financial Accounting Standards ("SFAS") No. 130, "Reporting Comprehensive Income" ("SFAS No. 130"), governs the financial statement presentation of changes in stockholders' equity resulting from non-owner sources. Comprehensive income includes all changes in equity except those resulting from investments by owners and distribution to owners. For the years ended December 31, 2002, 2001 and 2000, the Company had no items of comprehensive income (loss) other than net (losses) income; therefore, a separate statement of comprehensive income (loss) has not been presented for these periods.

New Accounting Pronouncements

In July 2001, the FASB issued SFAS 143 "Accounting for Asset Retirement Obligations", which requires that companies recognize a liability for retirement obligations of long lived assets in the period the liability occurs. This pronouncement is effective for fiscal years beginning after June 15, 2002. The Company does not anticipate any significant impact on our financial results from adoption of this standard.

In June 2002, the FASB issued SFAS 146 "Accounting for Costs Associated with Exit or Disposal Activities". This pronouncement addresses financial accounting and reporting for costs associated with exit or disposal activities not covered under SFAS 144 and also nullifies EITF 94-3. This pronouncement is effective for activities initiated after December 31, 2002. The Company does not anticipate any significant impact on financial results from adoption of this standard.

3. Acquisitions

In October 2002, the Parent acquired Employee Health Programs, Inc. and in November 2002, acquired SafeRent, Inc. for a total purchase price of approximately \$47 million and contributed both of the operations to the Company. In January 2002, the Parent acquired American Driving Records, Inc. for approximately \$40 million and contributed those operations to the Company.

In August 2001, the Parent acquired the stock of Substance Abuse Management, Inc. for approximately \$30 million and contributed the operations to the Company. In December 2000, the Parent acquired the stock of Pretiem Corporation for approximately \$2.5 million and contributed the operations to the Company. In August 2000, the Parent acquired the stock of Factual Business Information, Inc. (FBI) for a total of \$2.25 million and contributed the operations to the Company. Approximately \$750,000 of the purchase price of FBI was in cash and the Company issued a note for the remaining \$1.5 million. In applying the purchase method of accounting, the Parent undertook a comprehensive review of the acquired entities to ensure that all identifiable assets and liabilities are properly recorded at their fair value. In determining fair value, the Company utilizes a variety of valuation techniques including discounted cash flow analysis and outside appraisals to the extent necessary given materiality and complexity. All excess purchase price is appropriately recorded as goodwill. The useful lives for all assets recorded in purchase accounting are based on market conditions, contractual terms and other appropriate factors. The allocation of the purchase price of the acquisitions were as follows:

6. Goodwill and Intangible Assets

On January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" (SFAS 142). This statement addresses financial accounting and reporting for goodwill and other intangibles and supercedes Accounting Principles Board Opinion No. 17, "Intangible Assets." SFAS 142 addresses how goodwill and other intangible assets should be accounted for in the financial statements. Pursuant to SFAS 142, the Company's goodwill and intangible assets that have indefinite lives will not be amortized but rather will be tested at least annually for impairment. SFAS 142 requires that goodwill and other intangible assets be allocated to various reporting units, which are either operating segments or one reporting unit below the operating segment. The Company's reporting units for purposes of applying the provisions of SFAS 142 are pre-employment and drug screening, tenant screening and motor vehicle reporting.

The SFAS 142 impairment testing process includes two phases. The first phase (Test 1) compares the fair value of each reporting unit to its book value. The fair value of each reporting unit is determined by using discounted cash flow analysis, market approach valuations and third-party valuation advisors. If the fair value of the reporting unit exceeds its book value, the goodwill is not considered impaired and no additional analysis is required. However, if the book value is greater than the fair value, a second test (Test 2) must be completed to determine if the fair value of the goodwill exceeds the book value of the goodwill. The fair value of the goodwill is determined by discounted cash flow analysis and appraised values. If the fair value is less than the book value, an impairment is considered to exist and, in the initial year of adoption, will be recorded as a cumulative effect of a change in accounting principle.

The Company has \$10.6 million of intangible assets, included in "Other intangible assets" at December 31, 2002, with definite lives ranging from 3 to 20 years. These assets, comprised primarily of customer lists and non-compete agreements, are being amortized in a manner consistent with periods prior to adoption of SFAS 142.

In accordance with the adoption of SFAS 142, the Company completed the transitional goodwill impairment test for all reporting units and determined that each reporting unit had a fair value in excess of carrying value, therefore, no goodwill impairment was recorded. The annual test for impairment was again performed (using the September 30 valuation date) and the results were the same. Each reporting unit had a fair value in excess of carrying value and no goodwill impairment was recorded.

Goodwill and other intangible assets for the year ended December 31, 2002 and 2001 are as follows:

	2002	2001
Goodwill	\$ 113,425,193	\$ 37,514,777

As of December 31, 2002, the companies have federal and state net operating losses of approximately \$14.8 million and \$22 million, respectively. The net operating losses were generated by a subsidiary prior to its acquisition by the Company in the amount of \$14.9 million federal and \$15.1 million state. The use of these acquired net operating losses is subject to limitations imposed by the Internal Revenue Code and state jurisdictions. The net operating losses begin to expire at various times beginning in 2008. Management's assessment is that the character and nature of the future taxable income may not allow the Company to realize certain tax benefits of net operating losses within the prescribed carryforward periods. Accordingly, an appropriate valuation allowance has been made. To the extent that the acquired net operating losses are used to offset future taxable income, an adjustment to the goodwill will be recorded.

NOTES TO FINANCIAL STATEMENTS

For the Nine Months Ended September 30, 2002 and 2001 (Unaudited)

1. Organization, Nature of Business and Basis of Presentation

SAFERENT, LLC (“LLC”) was formed in October 1998, as a Colorado limited liability company, by three members; SafeRent Investment, LLC (“SRI”), Archstone Financial Services, Inc. (“Archstone”), and Linda Bush (collectively, the “Members”). The Company converted to a Delaware limited liability company on May 6, 1999. On April 14, 2000, the LLC entered into the Conversion Plan and Agreement with the Members to convert the LLC to SafeRent, Inc. (the “Company”), a Delaware corporation, and dissolve the LLC. As a result of the conversion, fifty percent of the units held by each Member were converted into Series A Preferred Stock on the basis of one share of Series A Preferred Stock for each unit, and fifty percent of the units held by each Member were converted into Common Stock of the Company, on the basis of one share of Common Stock for each unit.

The Company was created to provide services to multi-family property owners and managers throughout the United States. The Company developed an Internet-based tool for managing the credit risk associated with multi-family housing applicants whereby the Company earns a fee each time one of its customers screens an applicant utilizing the Company’s system. The Company has also begun the process of developing other products to increase the operational efficiency of property managers and owners.

The accompanying unaudited financial statements of the Company have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments and accruals) considered necessary for a fair presentation have been included.

For further information, refer to the financial statements and notes thereto for the year ended December 31, 2001 included in this Prospectus.

Operating results for the nine months ended September 30, 2002 and 2001 are not necessarily indicative of the results that may be expected for the entire fiscal year.

2. New Accounting Pronouncements

In June 2002, the FASB issued SFAS 146 “Accounting for Costs Associated with Exit or Disposal Activities”. This pronouncement addresses financial accounting and reporting for costs associated with exit or disposal activities not covered under SFAS 144 and also nullifies EITF 94-3. This pronouncement is effective for activities initiated after December 31, 2002. The Company does not anticipate any significant impact on our financial results from adoption of this standard.

3. Commitments and Contingencies

During 2001, in connection with the Series C Offering, the Company added a liquidation bonus clause for certain employees who have invested in the Company, which will pay the employee a maximum bonus equal to the cash investment times five, upon the occurrence of a liquidation event, as defined. The bonus will not be paid if the employee is terminated for cause or leaves voluntarily prior to the liquidation event. The bonus will not be recorded or accrued until a liquidation event is imminent. As of September 30, 2002, the bonus amount, if triggered, was approximately \$963,000.

4. Income Taxes

The Company has not recorded a benefit for income taxes due to recurring net operating losses.

5. Subsequent Events

During November 2002, the Company was purchased by The First American Corporation pursuant to a stock purchase agreement.

SAFERENT, INC.
NOTES TO FINANCIAL STATEMENTS
December 31, 2001 and 2000

1. Organization and Operations

SAFERENT, LLC ("LLC") was formed in October 1998, as a Colorado limited liability company, by three members; SafeRent Investment, LLC ("SRI"), Archstone Financial Services, Inc. ("Archstone"), and Linda Bush (collectively, the "Members"). The Company converted to a Delaware limited liability company on May 6, 1999. On April 14, 2000, the LLC entered into the Conversion Plan and Agreement with the Members to convert the LLC to SafeRent, Inc. (the "Company"), a Delaware corporation, and dissolve the LLC. As a result of the conversion, fifty percent of the units held by each Member were converted into Series A Preferred Stock on the basis of one share of Series A Preferred Stock for each unit, and fifty percent of the units held by each Member were converted into Common Stock of the Company, on the basis of one share of Common Stock for each unit (Note 6).

The Company was created to provide services to multi-family property owners and managers throughout the United States. The Company developed an Internet-based tool for managing the credit risk associated with multi-family housing applicants whereby the Company earns a fee each time one of its customers screens an applicant utilizing the Company's system. The Company has also begun the process of developing other products to increase the operational efficiency of property managers and owners.

Risks and Uncertainties

The Company is subject to various risks and uncertainties frequently encountered by companies in the new and rapidly evolving market for Internet-based products and services. Such risks and uncertainties include, but are not limited to, its limited operating history, an evolving business model, the need for additional capital until the Company is able to generate positive cash flow, and the management of rapid growth. To address these risks, the Company must, among other things, maintain and increase its customer base, implement and successfully execute its business and marketing strategy, continue to develop and upgrade its technology, provide superior customer service, attract, retain and motivate qualified personnel and obtain sufficient capital.

The Company has not yet achieved profitability and expects to incur net losses through at least 2002. The Company incurred net losses of \$7,155,565 and \$7,562,218 for the years ended December 31, 2001 and 2000, respectively. The Company had a working capital surplus of \$8,948,431 as of December 31, 2001 and a working capital deficit of \$1,048,428 as of December 31, 2000. The Company has not generated sufficient revenue to cover the substantial amounts spent to create, launch and enhance its technology and services. If the Company's revenue does not increase substantially, the Company may never become profitable. Even if the Company does achieve profitability in the future, it may not sustain or increase its profitability.

The Company has historically funded its operations through capital contributions and issuance of preferred stock.

Member's Equity

During 2000, the Members made capital contributions to the Company in the form of cash in exchange for membership units in the LLC.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions. These estimates affect the reported

SAFERENT, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
December 31, 2001 and 2000

amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

Financial instruments which potentially subject the Company to concentrations of credit risk are primarily cash and cash equivalents and accounts receivable. The Company maintains its cash balances in the form of bank demand deposits with financial institutions that management believes are creditworthy. The Company establishes an allowance for doubtful accounts based upon factors surrounding the credit risk of specific customers, historical trends and other information. The Company has no significant financial instruments with off-balance sheet risk of accounting loss, such as foreign exchange contracts, option contracts or other foreign currency hedging arrangements.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Short-Term Investments

The Company held short-term investments totaling \$50,000 as of December 31, 2001 and 2000, in the form of certificate of deposits with original maturity dates of four months. The investments are considered trading securities and are reported at fair value with any unrealized gains and losses included in earnings.

Impairment of Long-Lived Assets

The Company reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Impairment is indicated when the carrying amount of the assets is greater than amounts recoverable from future undiscounted cash flows. Due to the high level of uncertainty associated with any entity dependent upon technology for the delivery of its services, it is reasonably possible that an analysis of the Company's long-lived assets at a future date would indicate that they are impaired.

Revenue Recognition

The Company generates revenue from applicant screening and related services. The Company recognizes revenue when there is persuasive evidence of an arrangement, when the service has been delivered, which is generally at the time the service is transacted via the Internet, when collection is probable, and the fee is fixed or determinable. The Company establishes an allowance for doubtful accounts based upon factors surrounding the credit risk of specific customers, historical trends and other information.

In addition, the Company has contingent revenue which is dependent upon certain cost savings guaranteed to certain customers (Note 10). The Company recognizes the contingent revenue when management believes the achievement of the specified target that triggers the contingency is probable of being earned. Currently, this revenue is recognized at the same time as the other revenue arrangements.

Software Development Costs

On March 4, 1998, the American Institute of Certified Public Accountants issued Statement of Position 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use" ("SOP 98-1"). SOP 98-1 establishes standards for the capitalization of costs related to internal use software. In general, costs incurred during the development state are capitalized, and costs incurred during the preliminary project (planning stage) and post-implementation (operation) stages are expensed. For the years ended December 31, 2001 and 2000, the Company capitalized \$450,269 and \$1,785,265, respectively, related to software development costs incurred during the development stage. These costs are classified as software and other intangibles in the accompanying financial statements. Costs incurred to develop software are amortized using the straight-line method over three years.

Income Taxes

The Company was originally formed as a limited liability company. Accordingly, no income tax provision is made in the financial statements as of and through April 13, 2000, as any income or loss is included in the tax returns of the Members. Upon incorporation on April 14, 2000, the Company is a C-Corporation for federal and state income tax reporting purposes and adopted Statement of Financial Accounting Standards ("SFAS") No. 109, "Accounting for Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial statements and tax bases of assets and liabilities using current tax rates. Effects of changes in enacted tax laws on deferred tax assets and liabilities are reflected as adjustments to the tax provision or benefit in the period of enactment. Net deferred tax assets are reduced by a valuation allowance if it is likely that all or a portion of the net deferred tax asset will not be realized.

Stock-Based Compensation

The Company accounts for stock-based compensation under the provisions of Accounting Principles Board Opinion No. 25 ("APB No. 25") and related interpretations. Accordingly, no expense is generally recorded for grants of stock or stock equivalents with an exercise price or issue price equal to or greater than the fair value of the underlying security on the date of grant. The Company has adopted the disclosure provisions of SFAS No. 123 "Accounting for Stock-Based Compensation" for grants to employees. The Company applies SFAS No. 123 and related interpretations to grants of equity-based instruments to non-employees.

Comprehensive Income

Comprehensive income includes all changes in equity during a period from non-owner sources. For the years ended December 31, 2001 and 2000, the Company has not had any transactions that are required to be reported as adjustments to reported net loss to determine comprehensive income (loss).

Advertising Costs

The Company expenses advertising costs as incurred. For the years ended December 31, 2001 and 2000, the Company incurred \$269,994 and \$157,169, respectively, of advertising costs.

Recently Issued Accounting Pronouncements

In June 2001, SFAS No. 142, "Goodwill and Other Intangible Assets," was issued and requires that goodwill and intangible assets with indefinite useful lives no longer be amortized but instead be reviewed

SAFERENT, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
December 31, 2001 and 2000

annually for impairment using a fair-value based approach. Intangible assets that have a finite life will continue to be amortized over their respective estimated useful lives. SFAS No. 142 is effective for all fiscal years beginning after December 15, 2001, with early application permitted. Management believes adoption will not have a material impact on the Company's financial statements.

In June 2001, SFAS No. 143, "Accounting for Asset Retirement Obligations," was issued. SFAS No. 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs and is effective for fiscal years beginning after June 15, 2002. Management believes adoption will not have a material impact on the Company's financial statements.

The Financial Accounting Standards Board issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," dated August 2001, which supercedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of." SFAS No. 144 requires that one accounting model be used for long-lived assets to be disposed of by sale, whether previously held and used or newly acquired, and it broadens the presentation of discontinued operations to include more disposal transactions. SFAS No. 144 is effective for fiscal years beginning after December 15, 2001 and management believes adoption of will not have a material impact on the Company's financial statements.

5. Notes Payable

Related Party

During 2000, the Company has a financing arrangement with Archstone, who agreed to provide financing based on a percentage of current accounts receivable. The aggregate principal balance outstanding inclusive of accrued interest, could not exceed the lesser of \$750,000 or 70% of the then current accounts receivable balance due to the Company. Principal was due and payable on or before December 31, 2000 plus interest at the rate of 18%. The note was secured by the current balance of customer receivables. The outstanding principal and interest totaling \$269,779 was paid during 2000. The interest paid on this note for the year ended December 31, 2000 was \$3,859.

At December 31, 1999, the Company had a note payable to Archstone in the amount of \$300,000 with interest at the rate of 8%. The balance represents consideration for the performance of certain services for the benefit of the Company in the amount of \$25,000 per month for the period beginning January 1, 1999 through December 31, 1999. During 2000, the Company paid the outstanding principal and interest totaling \$320,285.

On February 17, 2000 and March 1, 2000, the Company entered into several Subordinated Convertible Term Note Agreements (“Notes”) with three related parties at various amounts totaling \$1,115,000. The Notes accrued interest at 12% and matured on July 1, 2000. The Notes were convertible at the option of the holder into units of the Company at a conversion price equal to the lesser of (a) \$7.00 or (b) the Unit Value as defined in the Operating Agreement. All outstanding principal and interest totaling \$1,128,471 was paid during the year ended December 31, 2000, prior to any conversions.

Convertible Notes to Owners—Related Party

In December 2000, the Company entered into the Convertible Note and Warrant Purchase Agreement (“Convertible Notes”) with certain existing stockholders to purchase up to the aggregate principal amount of \$6,000,000 of the Company’s unsecured, convertible promissory notes and warrants to purchase preferred stock of the Company. As of December 31, 2000, the Company had issued \$3,250,000 in Convertible Notes. In January 2001, the Company issued an additional \$1,100,000 in Convertible Notes. The Convertible Notes accrued interest at 12%, and matured on the earlier of June 30, 2001 or the date of the Next Equity Financing, as defined below. Upon the closing of the Next Equity Financing, all of the outstanding principal and accrued interest was to be converted into shares of the Company’s Next Equity Financing. The number of shares of equity securities to be issued upon such conversion was to be equal to the quotient obtained by dividing (i) the amount of the principal and interest on the Convertible Notes being converted by (ii) the price per share of the equity securities in the Next Equity Financing. If the Next Equity Financing was not consummated by June 30, 2001, the Convertible Notes were then convertible, at the option of the Holder, into the Company’s Series B Convertible Preferred Stock (“Series B Preferred Stock”). The price per share of such equity securities would have been the then effective conversion price of the Series B Preferred Stock. In June 2001, the Company consummated the Next Equity Financing and the Convertible Notes totaling \$4,581,382, including \$231,382 of accrued non-cash interest, were converted into Series C Mandatorily Redeemable Preferred Stock (Note 6).

SAFERENT, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
December 31, 2001 and 2000

In connection with the issuance of the Convertible Notes, the purchasers received a warrant to purchase preferred stock (the “Warrants”), with an exercise price equal to the purchase price per share of the preferred stock issued in the next round of financing in which the Company receives at least \$5,000,000 (or some lesser amount if approved in writing by the holders) (“Next Equity Financing”). The number of shares is determined based on a formula. If the Next Equity Financing were not completed by June 30, 2001, the Warrants would have been exercisable for shares of Series B Preferred Stock at its then effective conversion price. In June 2001, the Company consummated the Next Equity Financing (“Series C Offering”) and the Warrants exercise price was determined to be \$2.60 and the number of shares of Series C Mandatorily Redeemable Preferred Stock which can be purchased with the Warrants totaled 669,238.

The Company allocated \$629,387 and \$211,394 of the Convertible Notes proceeds to the Warrants issued in December 2000 and January 2001, respectively, and recorded a debt discount. The debt discounts are amortized to interest expense over the term of the Convertible Notes using the effective interest method. For the years ended December 31, 2001 and 2000, the Company recorded \$792,921 and \$47,860, respectively, of non-cash interest expense using an effective annual interest rate equal to approximately 44%.

Loan and Security Agreement

On August 25, 2000, the Company entered into a Loan and Security Agreement with Silicon Valley Bank (“Loan Agreement”). Under the Loan Agreement, the Company had a \$1,000,000 line of credit and a \$750,000 equipment line. The line of credit accrued interest at prime plus 1.25%. The equipment line accrued interest at the 3 year US treasury note plus 3.25% and the Company could borrow up to a maximum of six loans (with a minimum defined amount) prior to February 25, 2001, with maturity of the individual loans occurring 36 months from the date the loan is drawn. During 2000, the Company borrowed \$300,000 on the line of credit and paid \$301,254, including \$1,254 in interest. In March 2001, the Company entered into a \$500,000 bridge loan with Silicon Valley Bank (“Bridge Loan”). The Bridge Loan accrued interest at prime plus 1.50% and matured at the earlier of 60 days from funding the Bridge Loan or June 30, 2001. During the year ended December 31, 2001, the Company did not borrow under the Bridge Loan. In connection with the Bridge Loan, the Company issued a warrant (Note 6) which was accounted for as deferred financing costs and amortized to interest expense.

On August 31, 2000, the Company amended the amount of authorized Preferred Shares to 3,350,612, of which 1,858,493 were designated as Series A Preferred Stock and 1,492,119 shares were designated as Series B Preferred Stock.

Series A Preferred Stock

As a result of the Conversion Plan and Agreement, fifty percent of the Members’ units were converted into 1,858,493 shares of Series A Preferred Stock.

Each share of the Series A Preferred Stock is convertible to Common Stock at a conversion price of \$1.17 per shares (“Series A Conversion Rate”) for purchases of an optional or automatic conversion, subject to certain adjustments, including anti-dilution provisions. All outstanding shares of Series A Preferred Stock convert at the option of the holder or automatically convert to Common Stock immediately prior to the closing of a Qualified Public Offering (defined as a firm commitment underwritten public offering of the shares of Common Stock pursuant to a registration statement filed under the Securities Act of 1933, with aggregate offering proceeds of not less than \$25 million) or upon written consent of the holders of at least seventy percent of the then-outstanding shares of the Series A Preferred Stock.

In the event of a liquidation of the Company, the holders of Series A Preferred Stock are entitled to a liquidation preference of \$1.17 per share, subject to adjustments as defined, plus an eight percent cumulative annual preferential return.

The holders of Series A Preferred Stock are entitled to a dividend when and if declared by the Board of Directors, as well as in an amount equal to, on an as-if converted basis, any dividends or distributions declared or paid on any Common Stock.

Each of the Series A Preferred Stock votes equally with common stockholders as a single class, and is entitled to the number of votes equal to the number of shares of Common Stock into which the Series A Preferred Stock is convertible.

Series B Preferred Stock

In April 2000, the Company issued 1,450,462 shares of Series B Preferred Stock with a par value of \$0.001 and purchase price of \$5.30 per share. Total proceeds were \$7,492,770, net of offering costs totaling \$194,679.

Each share of the Series B Preferred Stock is convertible to Common Stock at a conversion price of \$5.30 per share (“Series B Conversion Rate”) for purposes of an optional or automatic conversion, subject to certain adjustments, including anti-dilution provisions. Upon the issuance of the Series C Mandatorily Redeemable Preferred Stock the conversion price was adjusted to \$3.859 due to the anti-dilution provisions. All outstanding shares of Series B Preferred Stock convert at the option of the holder or automatically convert to Common Stock immediately prior to the closing of a Qualified Public Offering or upon written consent of the holders of at least seventy percent of the then-outstanding shares of the Series B Preferred Stock.

perform the payment to the Series A Preferred and Series B Preferred holders of the full preferential amount, then the assets and funds will be distributed ratably among the Series A Preferred and Series B Preferred holders.

The holders of Series B Preferred Stock are entitled to a dividend when and if declared by the Board of Directors, as well as in an amount equal to, on an as-if converted basis, any dividends or distributions declared or paid on any Common Stock.

Each share of Series B Preferred Stock votes equally with common stockholders as a single class, and is entitled to the number of votes equal to the number of shares of Common Stock into which the Series B Preferred Stock is convertible.

The restated certificate of incorporation contains certain protective provisions regarding significant business decisions affecting the Company's future operations such as to take any action that increases the number of authorized shares of Series A Preferred Stock and Series B Preferred Stock, or materially changes the preferences, rights, and privileges; authorize or issue any class or series of stock having any preference or priority over Series A Preferred Stock and Series B Preferred Stock; liquidation of the Company or enter into a merger or asset sale; or increase the cumulative number of shares of Common Stock authorized for issuance to employees, directors or consultants pursuant to stock option plans.

Series C Mandatorily Redeemable Convertible Preferred Stock

On June 1, 2001 and July 31, 2001, the Company consummated two Series C Offerings and issued 6,473,371 shares of Series C Mandatorily Redeemable Preferred Stock ("Series C Preferred Stock") with a par value of \$0.001 and purchase price of \$2.60 per share. Of the 6,473,371 shares issued, 1,762,070 shares were issued in connection with the conversion of the Convertible Notes (Note 5). Total cash consideration amounted to \$12,021,296, net of issuance costs of \$228,087.

In conjunction with the closing of the Series C Offering, the Company authorized the issuance of 25,000,000 shares of Common Stock, par value \$0.001 and 11,968,390 shares of Preferred Stock, par value \$0.001 per share. Of these authorized shares, 1,858,493 shares were designated as Series A Preferred Stock, 1,459,897 shares were designated as Series B Preferred Stock and 8,650,000 shares were designated as Series C Preferred Stock.

As a result of the issuance of the Series C Preferred Stock, the Series B Conversion Rate was adjusted to \$3.859 because of the anti-dilution provisions, which if converted to common stock, would result in the issuance of an additional 541,615 shares of Common Stock. The Company recorded an increase to paid-in-capital and a deemed dividend totaling \$704,000 for the additional shares to be issued upon conversion.

Each share of Series C Preferred Stock is convertible to Common Stock at a conversion price of \$2.60 per share for purposes of an optional or automatic conversion, subject to certain adjustments, including anti-dilution provisions. All outstanding shares of Series C Preferred Stock convert at the option of the holder or automatically convert to Common Stock immediately prior to the closing of a Qualified Public Offering or upon written consent of the holders of at least seventy percent of the then-outstanding shares of the Series C Preferred Stock.

In the event of liquidation of the Company, the holders of Series C Preferred Stock shall be entitled to receive, on a pari passu basis, in preference to the holders of the Series A Preferred Stock, Series B Preferred

Stock and Common Stock, 3.5 times the sum of the Series C Preferred Stock purchase price plus declared but unpaid dividends. After the payment of the preferences to the holders of the Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock, the remaining assets shall be distributed ratably to the holders of the Common Stock and Series C Preferred Stock on an as-if-converted basis until the holders of the Series C Preferred Stock have received an aggregate per share amount equal to 5.0 times the Series C Preferred Stock purchase price; after that, all remaining assets shall be distributed ratably to the holders of the Common Stock.

The holders of Series C Preferred Stock are entitled to a dividend when and if declared by the Board of Directors, as well as in an amount equal to, on an as-if-converted basis, any dividends or distributions declared or paid on any Common Stock.

The Series C Preferred Stock held by electing shareholders shall be redeemable at any time after the fifth anniversary of the Series C Offering if at least fifty percent of the then-outstanding shares of Series C Preferred Stock elect in writing to redeem the shares or at any time on or after the 15th day following an event of default, as defined. The Series C Preferred Stock shall be redeemable at the Series C Redemption Price defined as the greater of (i) the Series C Preferred Stock purchase price of \$2.60 plus an 8% cumulative annual return, compounded annually, plus all unpaid dividends or (ii) the fair market value of the Series C Preferred Stock on the Series C Redemption date. The difference between the proceeds of the Series C Offering and the Series C Redemption Price is being accreted over the period from the date of issuance to the earliest possible redemption date, which is currently in 2006. During the year ended December 31, 2001, the Company recognized accretion of \$763,935. The accretion is reflected as a charge against accumulated deficit in the accompanying statement of owners' equity.

Each share of Series C Preferred Stock votes equally with common stockholders as a single class, and is entitled to the number of votes equal to the number of shares of Common Stock into which the Series C Preferred Stock is convertible.

The restated certificate of incorporation contains certain protective provisions regarding significant business decisions affecting the Company's future operations such as to take action that increases the number of authorized shares of Series C Preferred Stock; alters or changes the rights, preferences or privileges; redeems or repurchases shares of capital stock of the Company unless the shares of Series C Preferred Stock are first redeemed or repurchased; authorizes or issues any classes or series of stock having any preference or priority over Series C Preferred Stock; increases or decreases the number of directors; dissolves the Company or enters into a merger or asset sale; or increases the cumulative number of shares of Common Stock authorized for issuance to employees, directors or consultants pursuant to stock option plans.

Potential Retroactive Charge for Beneficial Conversion Feature

The Company believes the Series A, Series B and Series C Preferred stocks ("Preferred Stock") were issued at fair value. Consequently, the financial statements do not reflect a reduction to income available to common stockholders that would be required by accounting principles generally accepted in the United States for any deemed beneficial conversion feature ("BCF") implicit in the terms of the Preferred Stock. However, if the Company makes a Qualified Public Offering or private sale of its common stock, or equivalents, at a price greater than the conversion price per share of the Preferred Stock series within twelve months of the issuance of the Convertible Preferred Stock, the Securities and Exchange Commission ("SEC") may assert, in connection with the Qualified Public Offering, that the Preferred Stock does not include a BCF. The SEC may require the

SAFERENT, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
December 31, 2001 and 2000

BCF per preferred share to be measured by the excess of the Qualified Public Offering price, or value received from subsequent sales of common stock, over the price received for the Preferred Stock. If so required, the financial statements would be restated to increase paid-in capital for the aggregate amount of the BCF, and reduce retained earnings (accumulated deficit) for a deemed dividend, also equivalent to the amount assigned to the BCF. The deemed dividend would then be reflected as an increase to the net loss attributable to common stockholders for purposes of calculating loss per share of Common Stock.

Stock Warrants Issued for Services

In August 2000, the Company entered into a warrant agreement with a lender to purchase 9,435 shares of the Company's Series B Preferred Stock at an exercise price of \$5.30. The warrant expires in whole or in part at any time ten years from the date of issuance. The warrant was determined to have a value of \$38,770 using the Black-Scholes option pricing model and the following weighted average assumptions: risk-free interest rate of 5.73%, expected life of ten years, expected volatility of 65%, and no expected dividend yield. The fair value of the warrant was recorded as debt issuance costs, included in other current assets in the accompanying balance sheets. The debt issuance costs were amortized to interest expenses over the life of the related debt facility. During the year ended December 31, 2001 and 2000, the Company recorded \$25,770 and \$13,000 of non-cash interest expense related to the warrant. The original warrant agreement contained anti-dilution provisions such that, when the Company issued the Series C Preferred Stock, the lender was allocated an additional 3,523 shares of Series B Preferred Stock. The additional shares were determined to have a value of \$14,404 using the Black-Scholes option pricing model and the following weighted average assumptions: risk-free interest rate of 5.42%, expected life of ten years, expected volatility of 65%, and no expected dividend yield. The fair value of the warrant was recorded as debt issuance costs and amortized to interest expense. During the year ended December 31, 2001, the Company recorded \$14,404 of non-cash interest expense related to the additional shares.

In June 2000, the Company issued a warrant to an investment banking firm in exchange for services related to the Series B Preferred Stock offering, to purchase 13,208 shares of Company's Common Stock at an exercise price of \$5.30. The warrant expires in whole or in part at any time five years from the date of issuance. The warrant was determined to have a value of \$15,000 using the Black-Scholes option pricing model and the following weighted average assumptions: risk-free interest rate of 6.18%, expected life of five years, expected volatility of 65%, and no expected dividend yield. The fair value of the warrant was recorded as a reduction to paid-in capital.

In April 2001, the Company issued a warrant to a lender to purchase 11,538 shares of the Company's Series C Preferred Stock at an exercise price of \$2.60. The warrant expires in whole or in part at any time ten years from the date of issuance. The warrant was determined to have a value of \$23,116 using the Black-Scholes option pricing model and the following weighted average assumptions: risk-free interest rate of 5.35%, expected life of ten years, expected volatility of 65%, and no expected dividend yield. The fair value of the warrant was recorded as debt issuance costs and amortized to interest expense over the life of the related debt facility. During 2001, the Company recorded \$23,116 of non-cash interest expense related to the warrant.

Options Issued to Non-employees

In 2001, the Company issued options to non-employees to acquire 38,500 shares of common stock at an exercise price ranging from \$2.65 to \$5.30 and 10,000 shares of Series C Preferred Stock at an exercise price of

SAFERENT, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

\$2.60. The options vest over a period of two years. The Company has computed the fair value of all options granted to non-employees using the Black-Scholes option pricing model and the following weighted average assumptions: risk-free interest rate ranging from 5.42% to 6.23%, expected life of ten years, expected volatility of 65%, and no expected dividend yield. The fair value of the options were recorded as deferred compensation in the accompanying statement of owners' equity and will be amortized to compensation expense over the vesting period. During the year ended December 31, 2001, the Company recorded deferred compensation totaling \$96,788 and recognized compensation expense totaling \$61,516 for the vested options.

Warrant Program

During 2000, the Company began the SafeRent Warrant Program ("Warrant Program") whereby 500,000 warrants were set aside to solidify strategic partnerships with certain customers. The Warrant Program began in mid-2000 and was offered to certain apartment management companies and real estate investment trusts, on a first-come, first-serve basis until all 500,000 warrants have been issued. The Company entered into Subscription Agreements with those customers to issues warrants if the customer was among the first to commit to roll out the SafeRent Applicant Screening Program ("Program") throughout its portfolio by a certain date. Those customers who met these requirements received a warrant to purchase one-half of a share of the Company's Common Stock for each apartment unit committed.

During 2000, under the Warrant Program, the Company issued five warrants to purchase a total of 165,303 shares of the Company's Common Stock at a purchase price of \$5.30 per share. Four of the warrants vest and become exercisable, in equal installments over a three-year period, as long as at the end of each such year, all of the customers' properties associated with the property units committed to the Program have engaged in active, fee generating usage of the Program, during each of the 12 months of the preceding year. Any portion of the warrant which has not vested at the end of any one-year period, reverts back to the Company. All warrants terminate five years from the date of issuance.

The other warrant vests and becomes exercisable in equal installments over a three-year period, with 40% of the warrant vesting, at the end of each of the first and second years and 20% at the end of the third year, if all of the customers' properties associated with the property units committed to the Program have engaged in active, fee generating usage of the Program during each of the 12 months of the preceding year. This warrant also terminates five years from the date of issuance.

Under the Emerging Issues Task Force ("EITF") Issue 96-18 "Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services", an interpretation of SFAS 123, these warrants will be remeasured at each reporting date until the warrants have vested. Their value will be determined using the Black-Scholes option pricing model. Accordingly, the values which are determined in future periods could differ substantially from the initial and interim values. For the year ended December 31, 2000, the warrants were valued at a total of \$193,371, of which \$63,325 has been recorded as a reduction of revenue.

During 2001, 72,243 of the 2000 warrants were cancelled and approximately \$34,500 was recorded as an increase to revenues as of December 31, 2001 for the value of the cancelled warrants recorded as a reduction to revenue in the year ended December 31, 2000. Additionally, for the remaining 93,060 warrants issued in 2000 and outstanding as of December 31, 2001, the Company recorded an increase to revenues totaling approximately \$26,400 because the fair market value of the common stock decreased during the year ended December 31, 2001.

SAFERENT, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
December 31, 2001 and 2000

During 2001, the Company issued seven additional warrants to purchase a total of 85,435 shares of the Company's Common Stock at a purchase price of \$5.30 per share. All of these warrants vest and become exercisable, in equal installments over a three-year period, as long as at the end of each such year, all of the customers' properties associated with the property units committed to the Program have engaged in active, fee generating usage of the Program, during each of the 12 months of the preceding year. Any portion of the warrant which has not vested at the end of any one-year period, reverts back to the Company. All warrants terminate five years from the date of issuance.

The 85,435 warrants issued in 2001 were valued at approximately \$29,700 as of December 31, 2001, which given the probability of the warrants being earned, resulted in a decrease to revenues of approximately \$11,600.

A valuation allowance is required to be established for those deferred tax assets that, more likely than not, will not be realized. The above valuation allowance is recorded because of the recurring losses suffered by the Company.

For income tax reporting purposes, the Company has approximately \$12,580,000 of net operating loss carryforwards that expire at various dates through 2020. The Tax Reform Act of 1986 contains provisions that may limit the net operating loss carryforwards available to be used in any given year in the event of a significant change in ownership interests. Realization of net operating loss is dependent on generating sufficient taxable income prior to their expiration dates.

During 2001, the Company increased its valuation allowance by \$2,651,000 due mainly to uncertainty relating to the realizability of the Company's net operating loss carryforwards. The amount of the deferred tax assets considered realizable could be adjusted in the near term if future taxable income materializes.

8. Related Party Transactions

Accounts receivable of \$47,005 as of December 31, 2000, is due the Company from AvalonBay Communities. Sales to AvalonBay Communities amount to \$483,997, or 5% of net sales, for the year ended December 31, 2001.

9. Major Customers

A significant portion of the Company's revenue is derived from a limited number of customers. To the extent that any significant customer uses less of the Company's services or terminates its relationship with the Company, the Company's revenues could decline substantially and have an adverse impact on its results of operations. For the years ended December 31, 2001 and 2000, the Company had two customers with sales greater than 10%. Customer A had sales totaling \$1,785,583 and \$2,401,802 for the years ended December 31, 2001 and 2000, respectively, of which \$83,699 and \$151,024 were included as accounts receivable as of December 31, 2001 and 2000, respectively, on the accompanying balance sheets. Customer B had sales totaling \$957,346 and \$989,524 for the years ended December 31, 2001 and 2000, respectively, of which \$189,108 and \$119,717 were included as accounts receivable as of December 31, 2001 and 2000, respectively, on the accompanying balance sheets.

10. Commitments and Contingencies*Leases*

The Company leases office space and equipment under operating leases that expire at various dates through October 31, 2004. Rent expense under such leases totaled \$187,046 and \$167,933, respectively, for the years ended December 31, 2001 and 2000.

Future minimum payments under operating leases as of December 31, 2001 are as follows:

Years ending December 31—	
2002	\$ 191,060
2003	163,410
2004	6,070
<hr/>	
Total	<u>\$ 360,540</u>

Guarantee Agreements

During the years ended December 31, 2001 and 2000, the Company entered into Guarantee Agreements with three of its customers, whereby the Company has guaranteed cost savings equal to a pre-defined amount per applicant, if the customer uses the Company's Applicant Screening Service over a period of twelve months. If the cost savings are not met, the Company will refund to the customer an amount, as defined in the agreement. The Company recognizes the contingent revenue when management believes the achievement of the specified target that triggers the contingency is probable of being earned.

Liquidation Bonus

During 2001, in connection with the Series C Offering, the Company added a liquidation bonus clause for certain employees who have invested in the Company, which will pay the employee a maximum bonus equal to the cash investment times five, upon the occurrence of a liquidation event, as defined. The bonus will not be paid if the employee is terminated for cause or leaves voluntarily prior to the liquidation event. The bonus will not be recorded or accrued until a liquidation event is imminent. As of December 31, 2001, the bonus amount, if triggered, was approximately \$963,000.

Legal

The Company filed a lawsuit against three former employees and their current employer for misappropriation of trade secrets and breach of contract, among other claims. The defendants counterclaimed against the Company. The Company obtained a preliminary injunction prohibiting the defendants from disclosing the Company's trade secrets and restricting the three former employees from contacting the Company's customers for one year from the date of termination of their employment. The trial date is anticipated for early 2003. The Company intends to vigorously pursue its remedies.

The Company is also involved in various other legal actions arising in the ordinary course of business. While the outcome of any litigation is subject to uncertainty, management believes the outcome of such legal actions will not have a material adverse effect on the Company's financial position or results of operations.

11. Profit-sharing Plan

The Company maintains a defined contribution 401(k) plan, covering substantially all full-time salaried employees with three months or more of service. Participants may defer from 1% to 20% of their compensation up to a maximum limit determined by law. Under the plan, the Company may, at its discretion, make matching contributions to the plan. If contributions are made, the Company matches 50% of the employee deferral up to the first 6% of the employee's salary. Additionally, the Company can make other discretionary contributions. Participants are always fully vested in their contributions and allocated earnings thereof. Vesting in the Company's contributions is based on a three-year vesting schedule. The Company made discretionary matching contributions to the plan during the years ended December 31, 2001 and 2000 totalling \$99,199 and \$54,744, respectively. The Company made no other discretionary contributions to the plan during the years ended December 31, 2001 and 2000.

12. Equity Incentive Plan

During 2000, the Company adopted the 2000 Stock Option Plan which provides for the granting of options to acquire Common Stock in the Company to selected employees, directors and consultants of the Company. The aggregate number of shares of Common Stock that may be issued under the plan is 1,009,820 shares, plus an automatic increase on the first day of the Company's fiscal years beginning 2001 and ending in 2005 equal to the lesser of (i) 250,000 shares of Common Stock, (ii) one-and-one-half percent of the outstanding shares of Common Stock on the last day of the preceding fiscal year or (iii) such lesser number of shares as determined by the Board. The option exercise price is the fair market value on the date of grant, and the number of shares and grant date are determined at the discretion of the Board. Grantees vest in the options at the rate of 25% on the first anniversary date and the remainder of the option vests monthly over the next three years. Options granted under the plan are exercisable for a period not to exceed ten years from the option grant date.

During 2001, in connection with the Series C Offering, the Company modified the 2000 Stock Option Plan, effective June 1, 2001. The maximum number of shares of Common Stock and Series C Preferred Stock that may be issued under the Stock Option Plan is 1,297,162 shares of Common Stock and 1,012,971 shares of Series C Preferred Stock, plus an increase on the first day of the Company's fiscal years beginning 2001 and ending in 2005 equal to the lesser of (i) 137,500 shares of Common Stock and 112,500 shares of Series C Preferred Stock, (ii) .825% of the outstanding shares of Common Stock and .675% of the outstanding shares of Series C Preferred Stock on the last day of the preceding fiscal year or (iii) such lesser number of shares as determined by the Board. The option exercise price is the fair market value on the date of grant, and the number of shares and grant date are determined at the discretion of the Administrator. Grantees vest in the options at the rate of 25% on the first anniversary date and the remainder of the option vests monthly over the next three years. Options granted

under the plan are exercisable for a period not to exceed ten years from the option grant date. Upon the closing of the Series C Offering, the Company issued Series C Preferred Stock options to all employees such that each employee's total option grant included 55% of Common Stock options and 45% of Series C Preferred Stock options. All future options will be granted using the same proportion.

The Company has elected to account for the option plan under APB No. 25 and related interpretations. Since inception, employee options for Common Stock and Series C Preferred Stock have been granted with an exercise price equal to the estimated fair market value of the underlying Common Stock and Series C Preferred Stock, respectively. Accordingly, no compensation expense has been recognized for the options.

Had compensation expense for the options been determined based on the fair value of the options at the grant date consistent with the methodology prescribed under SFAS No. 123, the Company's net loss would have been increased by \$97,024 and \$76,071 in 2001 and 2000, respectively. The fair value of the options was determined using the minimum value method and the following weighted-average assumptions:

	2001	2000

Volatility	0.00%	0.00%

EMPLOYEE HEALTH PROGRAMS, INC.
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2001 and 2000

1. Organization and Nature of Business

Employee Health Programs, Inc. (the "Company") is engaged in the business of providing drug testing and medical review services for federally mandated drug testing programs and private companies' programs. The Company also provides services for employee assistance programs.

2. Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the statements. Actual results could differ from the estimates and assumptions used.

Fair Value of Financial Instruments

The carrying amount of the Company's financial instruments at December 31, 2001 and 2000, which includes cash and cash equivalents, accounts receivable, trade note receivable and notes receivable from stockholders, approximates fair value because of the short maturity of those instruments. The Company considers the variable rate and fixed rate debt to be representative of current market rates and, accordingly, estimates that the recorded amounts approximate fair market value.

Cash Equivalents

The Company considers cash equivalents to be all short-term investments that have an initial maturity of 90 days or less.

Accounts and Trade Note Receivable

Accounts receivable are due from companies in a broad range of industries located throughout the United States. Credit is extended based on an evaluation of the customer's financial condition, and generally, collateral is not required. The Company establishes an allowance for doubtful accounts based upon the credit risk of specific customers, historical trends and other credit information. The Company conducts a major portion of its business with certain customers, each of which accounts for more than 10% of total revenues. For the years ended December 31, 2001 and 2000, two customers accounted for 29% and 30% of the total revenues, respectively. Accounts receivable from one customer amounted to 19% and 16% of total accounts receivable at December 31, 2001 and 2000, respectively.

During 2001, the Company converted certain accounts receivable from one customer to a trade note receivable. Trade note receivable of \$180,392 is due as of December 31, 2001. Payments on this note of \$16,667 plus interest at 10.5% are due monthly. The note matures in March 2003.

Property and Equipment

Property and equipment are recorded at cost. Property and equipment includes computer software acquired and developed for internal use and for use with the Company's products. Software development costs are capitalized from the time technological feasibility is established until the software is ready for use.

EMPLOYEE HEALTH PROGRAMS, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
For the Years Ended December 31, 2001 and 2000

Effective January 1, 1999, the Company adopted Statement of Position (SOP) 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use." SOP 98-1 requires the Company to capitalize interest costs incurred and certain payroll-related costs of employees directly associated with developing software in addition to incremental payments to third parties. The adoption of SOP 98-1 did not have a material effect on the Company's financial condition or results of operations.

Depreciation on furniture and equipment and data processing equipment is computed using the straight-line method over estimated useful lives of 3 to 7 years. Capitalized software costs are amortized using the straight-line method over estimated useful life of 3 years. Leasehold improvements are amortized over 3 years.

Income Taxes

The Company has elected to be taxed under Section 1362 of the Internal Revenue Code as an S-Corporation; which provides that in lieu of corporation income taxes, the stockholders are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for income taxes has been included in these financial statements.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. An impairment loss is recognized when the estimated undiscounted future cash flows from the assets are less than the carrying value of the assets. Assets to be disposed of are reported at the lower of their carrying amount or fair value less cost to sell.

Stock-Based Compensation

The Company has elected to account for stock-based compensation under the intrinsic value method of accounting for stock-based compensation as provided under APB No. 25 and has disclosed pro forma net income amounts using the fair value-based method prescribed by Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"). The fair market value of the Company's stock is based upon a valuation performed by an independent third party.

Revenue Recognition

Revenue is recognized at the time of delivery, as the Company has no significant ongoing obligation after delivery. Certain customers are billed in advance for administration services. These fees are recognized ratably over the period billed. Unrecognized service fees are reflected as unearned revenue in the accompanying financial statements.

New Accounting Pronouncements

In July 2001, the FASB issued SFAS 143 Accounting for Asset Retirement Obligations, which requires that companies recognize a liability for retirement obligations of long lived assets in the period the liability occurs. This pronouncement is effective for fiscal years beginning after June 15, 2002. We do not anticipate any significant impact on our financial results from adoption of this standard.

EMPLOYEE HEALTH PROGRAMS, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
For the Years Ended December 31, 2001 and 2000

In August 2001, the FASB issued SFAS 144 “Accounting for the Impairment or Disposal of Long-Lived Assets”. SFAS 144 establishes a single accounting model for the impairment or disposal of long-lived assets, including discontinuance of operations. SFAS 144 superseded Statement of Financial Accounting Standards No. 121, Accounting for the Impairment of Long-Lived Assets for Long-Lived Assets to Be Disposed of and APB Opinion No. 30, Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The provisions of SFAS 144 are effective in fiscal years beginning after December 15, 2001, with early adoption permitted and, in general, are to be applied prospectively. The Company does not anticipate any significant impact on financial results from adoption of this standard.

In June 2002, the FASB issued SFAS 146 Accounting for Costs Associated with Exit or Disposal Activities. This pronouncement addresses financial accounting and reporting for costs associated with exit or disposal activities not covered under SFAS 144 and also nullifies EITF 94-3. This pronouncement is effective for activities initiated after December 31, 2002. We do not anticipate any significant impact on our financial results from adoption of this standard.

The Company did not make any contributions to the Plan during the years ended December 31, 2001 and 2000.

The Company applies APB Opinion 25, "Accounting for Stock Issued to Employees," and related interpretations in accounting for the options. Under APB Opinion 25, when the exercise price of the Company's stock options is less than the market price of the underlying stock on the date of grant, compensation cost is recognized. SFAS No. 123, "Accounting for Stock-Based Compensation" requires the Company to provide pro forma information regarding net income and net income per share as if compensation cost for the Company's stock option plans and other stock awards had been determined in accordance with the fair value based method prescribed in SFAS No. 123. All stock options issued during 2001 were issued at less than market price.

EMPLOYEE HEALTH PROGRAMS, INC.

The Company estimated the fair value of the stock options at the grant date by using the Black-Scholes option-pricing model. The assumptions used in determining fair value were as follows: estimated life of the grant is 5 years and the discount rate was 4.7%. No dividend yield or volatility were utilized in the calculation. No compensation expense has been recorded in these financial statements due to the vesting period being upon change of control. See Note 9 regarding subsequent sale of the Company.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2000

1. Organization and Nature of Business

Substance Abuse Management, Inc. (the "Company") is engaged in the business of providing business information and related products and services related to drug testing management.

2. Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the statements. Actual results could differ from the estimates and assumptions used.

Fair Value of Financial Instruments

The carrying amount of the Company's financial instruments at December 31, 2000, which includes cash and cash equivalents, accounts receivable, loan receivable from stockholder and notes receivable due on demand, approximates fair value because of the short maturity of those instruments. The Company considers the variable rate and fixed rate debt due on demand to be representative of current market rates and, accordingly, estimates that the recorded amounts approximate fair market value. The estimated fair values of the Company's financial instruments were determined using discounted cash flow methods with a discount rate of 9.5%, which is the rate that similar instruments could be negotiated at December 31, 2000. Financial instruments, none of which are held for trading purposes, are summarized as follows:

	December 31, 2000	
	Carrying Amount	Estimated Fair Value
Cash	\$ 70,294	\$ 70,294

Property and Equipment

Property and equipment are recorded at cost. Depreciation on furniture and equipment is computed using the straight-line method over estimated useful lives of 3 to 10 years. Leasehold improvements are depreciated over the shorter of the estimated useful life or the life of the lease.

Income Taxes

The Company, with the consent of its stockholder, has elected under the Internal Revenue Code to be treated as an S corporation. In lieu of corporation income taxes, the stockholder of an S corporation is taxed on the Company's taxable income; therefore, no provision or liability for income taxes has been included in the financial statements for 2000.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. An impairment loss is recognized when the estimated undiscounted future cash flows from the assets are less than the carrying value of the assets. Assets to be disposed of are reported at the lower of their carrying amount or fair value less cost to sell.

Revenue Recognition

Revenue is recognized at the time the ordered test results are delivered to the customer, as the Company has no significant ongoing obligation after delivery. Certain customers are billed annually for administrative fees. These fees are recognized ratably over the period. Unrecognized administrative fees are reflected as deferred revenue in the accompanying financial statements.

Comprehensive Income

Statement of Financial Accounting Standards ("SFAS") No. 130, "Reporting Comprehensive Income", governs the financial statement presentation of changes in stockholder's equity resulting from non-owner sources. Comprehensive income includes all changes in equity except those resulting from investments by owners and distribution to owners. For the year ended December 31, 2000, the Company had no items of comprehensive income (loss) other than net income; therefore, a separate statement of comprehensive income (loss) has not been presented for this period.

New Accounting Pronouncements

On July 20, 2001, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"). This statement addresses financial accounting and reporting for business combinations and supercedes APB Opinion No. 16, "Business Combinations". All business combinations in the scope of SFAS 141 are to be accounted for using the purchase method of accounting. The provisions of SFAS 141 apply to all business combinations initiated or closed after June 30, 2001.

On July 20, 2001, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). This statement addresses

SUBSTANCE ABUSE MANAGEMENT, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)

financial accounting and reporting for business combinations and supercedes APB Opinion No. 17, "Intangible Assets". SFAS 142 addresses how goodwill and other intangible assets should be accounted for in the financial statements. Goodwill and intangible assets that have indefinite lives will not be amortized, but rather will be tested at least annually for impairment. Intangible assets that have finite lives will continue to be amortized over their useful lives, but without restraint of an arbitrary ceiling. The provisions of SFAS 142 are required to be applied starting with fiscal years beginning after December 15, 2001, and apply to all goodwill and other intangible assets recognized in the financial statements at that date. Goodwill and intangible assets acquired after June 30, 2001, will be subject immediately to non-amortization and amortization provisions of SFAS 142.

In July 2001, the FASB issued SFAS 143 "Accounting for Asset Retirement Obligations" ("SFAS 143"), which requires that companies recognize a liability for retirement obligations of long lived assets in the period the liability occurs. This pronouncement is effective for fiscal years beginning after June 15, 2002.

In August 2001, the FASB issued SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS 144 establishes a single accounting model for the impairment or disposal of long-lived assets, including discontinuance of operations. SFAS 144 superseded Statement of Financial Accounting Standards No. 121, Accounting for the Impairment of Long-Lived Assets for Long-Lived Assets to Be Disposed of and APB Opinion No. 30, Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The provisions of SFAS 144 are effective in fiscal years beginning after December 15, 2001, with early adoption permitted and, in general, are to be applied prospectively. The Company does not anticipate any significant impact on financial results from adoption of this standard.

In June 2002, the FASB issued SFAS 146 "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"). This pronouncement addresses financial accounting and reporting for costs associated with exit or disposal activities not covered under SFAS 144 and also nullifies EITF 94-3. This pronouncement is effective for activities initiated after December 31, 2002.

Management of the Company anticipates that the adoption of SFAS 141, 142, 143, 144 or 146 will not have a material effect on the Company's financial condition or results of operations.

AMERICAN DRIVING RECORDS, INC.
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2001 and 2000

1. Organization and Nature of Business

American Driving Records, Inc. ("The Company") is a California corporation incorporated in 1989. The Company provides state motor vehicle records primarily to insurance and employment screening companies throughout the United States and Canada.

2. Significant Accounting Policies

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the statements. Actual results could differ from the estimates and assumptions used.

Fair Value of Financial Instruments

The carrying amount of the Company's financial instruments at December 31, 2001 and 2000, which includes cash and cash equivalents and accounts receivable, approximates fair value due to the short maturity of those instruments.

Cash Equivalents

The Company considers cash equivalents to be all short-term investments that have an initial maturity of 90 days or less.

Accounts Receivable

Accounts receivable are due from companies in a broad range of industries located throughout the United States. Credit is extended based on an evaluation of the customer's financial condition, and generally, collateral is not required. The Company establishes an allowance for doubtful accounts based upon the credit risk of specific customers, historical trends and other credit information.

Property and Equipment

Property and equipment are recorded at cost. Furniture and equipment includes computer software acquired and developed for internal use and for use with the Company's products. Software development costs are capitalized from the time technological feasibility is established until the software is ready for use. Additions and betterments are capitalized, whereas maintenance and repairs are charged to operations as incurred.

Effective January 1, 1999, the Company adopted Statement of Position (SOP) 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use." SOP 98-1 requires the Company to capitalize interest costs incurred and certain payroll-related costs of employees directly associated with developing software in addition to incremental payments to third parties.

Depreciation on furniture and equipment is computed using the straight-line method over estimated useful lives of 3 to 10 years, respectively. Capitalized software costs are amortized using the straight-line method over estimated useful lives of generally 5 years.

AMERICAN DRIVING RECORDS, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
For the Years Ended December 31, 2001 and 2000

Intangible Assets

Intangible assets are primarily related to covenants not to compete and are amortized over their contractual life of 5 years. The Company periodically evaluates the amortization period assigned to each intangible asset to ensure that there have not been any events or circumstances that warrant revised estimates of useful lives.

In June 2001, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"). This statement addresses financial accounting and reporting for business combinations and supercedes APB Opinion No. 16, "Business Combinations". All business combinations in the scope of SFAS 141 are to be accounted for using the purchase method of accounting. The provisions of SFAS 141 apply to all business combinations initiated or closed after June 30, 2001. The adoption of SFAS 141 did not have a material effect on the Company's financial condition or results of operations.

In June 2001, the Financial Accounting Standards Board (the "FASB") issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). This statement addresses financial accounting and reporting for business combinations and supercedes APB Opinion No. 17, "Intangible Assets". SFAS 142 addresses how goodwill and other intangible assets should be accounted for in the financial statements. Goodwill and intangible assets that have indefinite lives will not be amortized, but rather will be tested at least annually for impairment. Intangible assets that have finite lives will continue to be amortized over their useful lives, but without restraint of an arbitrary ceiling. The provisions of SFAS 142 are required to be applied starting with fiscal years beginning after December 15, 2001, and apply to all goodwill and other intangible assets recognized in the financial statements at that date. Goodwill and intangible assets acquired after June 30, 2001, will be subject immediately to non-amortization and amortization provisions of SFAS 142. Management of the Company anticipates that the adoption of SFAS 142 will not have a material effect on the Company's financial condition or results of operations.

Income Taxes

Taxes are based on income for financial reporting purposes and include deferred taxes applicable to temporary differences between the financial statement carrying amount and the tax basis of certain of the Company's assets and liabilities.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. An impairment loss is recognized when the estimated undiscounted future cash flows from the assets are less than the carrying value of the assets. Assets to be disposed of are reported at the lower of their carrying amount or fair value less cost to sell.

Revenue Recognition

Revenues are recognized when the Company processes a motor vehicle record request on behalf of a customer and delivers the report to the customer.

AMERICAN DRIVING RECORDS, INC.
NOTES TO FINANCIAL STATEMENTS—(Continued)
For the Years Ended December 31, 2001 and 2000

Comprehensive Income

Statement of Financial Accounting Standards (“SFAS”) No. 130, “Reporting Comprehensive Income” (“SFAS No. 130”), governs the financial statement presentation of changes in shareholders’ equity resulting from non-owner sources. Comprehensive income includes all changes in equity except those resulting from investments by owners and distribution to owners. For the years ended December 31, 2001 and 2000, the Company had no items of comprehensive income (loss) other than net income; therefore, a separate statement of comprehensive income (loss) has not been presented for these periods.

New Accounting Pronouncements

In July 2001, the FASB issued SFAS 143 Accounting for Asset Retirement Obligations, which requires that companies recognize a liability for retirement obligations of long lived assets in the period the liability occurs. This pronouncement is effective for fiscal years beginning after June 15, 2002. We do not anticipate any significant impact on our financial results from adoption of this standard.

In August 2001, the FASB issued SFAS 144 “Accounting for the Impairment or Disposal of Long-Lived Assets”. SFAS 144 establishes a single accounting model for the impairment or disposal of long-lived assets, including discontinuance of operations. SFAS 144 superseded Statement of Financial Accounting Standards No. 121, Accounting for the Impairment of Long-Lived Assets for Long-Lived Assets to Be Disposed of and APB Opinion No. 30, Reporting the Results of Operations—Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The provisions of SFAS 144 are effective in fiscal years beginning after December 15, 2001, with early adoption permitted and, in general, are to be applied prospectively. The Company does not anticipate any significant impact on financial results from adoption of this standard.

In June 2002, the FASB issued SFAS 146 Accounting for Costs Associated with Exit or Disposal Activities. This pronouncement addresses financial accounting and reporting for costs associated with exit or disposal activities not covered under SFAS 144 and also nullifies EITF 94-3. This pronouncement is effective for activities initiated after December 31, 2002. We do not anticipate any significant impact on our financial results from adoption of this standard.

Prior to the filing of the Company Certificate of Merger in accordance with Section 2.2(i), Parent shall deposit with the Exchange Agent in trust for the holders of certificates which immediately prior to the Effective Time represented shares of Company Common Stock (each such certificate a “*Company Common Certificate*”), and each such holder will be entitled to receive, upon surrender of one or more Company Common Certificates to the Exchange Agent in the manner set forth in subsection (b) below, (i) certificates representing the shares of Parent Class A Stock (each such certificate, a “*Parent Class A Certificate*”) into which the shares of Company Common Stock represented by such Company Common Certificates are to be converted in the Company Merger and (ii) cash in an amount sufficient to permit payment of cash in lieu of fractions of shares pursuant to Section 2.3(b). (e) *Merger Not Consummated.* In the event the Company Merger is not consummated for any reason, Parent shall promptly direct the Exchange Agent to return promptly to (i) each Person who deposited a Company Common Certificate and any other agreements or instruments tendered to the Exchange Agent by such Person, such Company Common Certificate and other agreements or instruments and (ii) Parent, the Merger Consideration.

2.12 *Assumption of Company Warrants.* At the Effective Time, (a) each warrant to purchase a share or shares of Company Common Stock outstanding immediately prior to the Effective Time (each, a "*Company Warrant*") shall become a warrant entitling the holder thereof to purchase the number of shares of Parent Class A Stock such holder would have received pursuant to Section 2.3 of this Agreement had such holder exercised such Company Warrant immediately prior to the Effective Time, rounded up to the nearest whole share of Parent Class A Stock, and all references in any Company Warrant to the Company shall be deemed to be a reference to Parent, where appropriate, and (b) Parent shall assume all obligations of the Company with respect to the Company Warrants and shall cause the Company Surviving Corporation to deliver any notices to the holders of Company Warrants as may be required pursuant to the terms thereof. Other than as set forth in the preceding sentence, each Company Warrant shall be subject to the same terms and conditions applicable to such Company Warrant immediately prior to the Effective Time.

2.13 *FAST Stock Consideration.*

Table of Contents

which are the only jurisdictions in which the character or location of the property owned, leased or operated by the Company or the nature of the business conducted by the Company makes such qualification or licensing necessary, except where the failure to be so qualified, licensed or in good standing would not, individually or in the aggregate, have a Material Adverse Effect on the Company.

3.2 *Binding Effect.* This Agreement (a) has been duly authorized and approved by all required corporate action of the Company, (b) has been duly executed and delivered by the Company and (c) constitutes the valid and binding agreement of the Company enforceable against the Company in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency or similar laws and equitable principles relating to or affecting the rights of creditors generally from time to time in effect.

3.3 *Capitalization.* As of the date of this Agreement, the authorized capital stock of the Company is (a) 300,000,000 shares of Common Stock, \$0.001 par value, of which 96,992,327 shares are issued and outstanding and (b) 1,000,000 shares of Preferred Stock, \$0.001 par value, none of which are issued and outstanding. All such outstanding shares have been, and all shares of capital stock of the Company issued after the date hereof will be, duly authorized and validly issued and are, or upon such issuance will be, fully paid and nonassessable. Except as set forth on *Schedule 3.3*, there are no outstanding options, warrants, rights, calls, commitments, conversion rights, rights of exchange, plans or other agreements of any character providing for the purchase, issuance or sale of any shares of Company Common Stock, any other securities of the Company, or any equity interest in the Company or its business, and none of the foregoing will arise as a result of the execution or performance of this Agreement or the transactions contemplated herein. *Schedule 3.3* contains a complete and accurate list of Company Stock Rights granted under any Stock Plans, including the “grant programs” pursuant to which such Company Stock Rights were granted. Except as set forth on *Schedule 3.3*, no Person has any demand or piggyback registration rights in respect of shares of Company Common Stock or any other securities of the Company. All securities, rights, options and plans set forth (or required to be set forth) on *Schedule 3.3* have been issued or granted in accordance with applicable law and not in contravention with the certificate of incorporation or bylaws of the Company.

3.4 *Subsidiaries and Investments.*

(a) Set forth on *Schedule 3.4* hereto is a list of each direct or indirect Subsidiary of the Company and the percentage ownership of the Company in each such Subsidiary. (b) Set forth on *Schedule 3.4* is a list of jurisdictions in which each Subsidiary of the Company is qualified as a foreign company. Such jurisdictions are the only jurisdictions in which the character or location of the properties owned, leased or operated by each Subsidiary of the Company, or the nature of the business conducted by each Subsidiary of the Company, makes such qualification necessary, except where the failure to obtain such qualification would not have a Material Adverse Effect on the Company.

3.5 *SEC Reports and Financial Statements.* Each form, report, schedule, registration statement and definitive proxy statement filed by the Company with the SEC (as such documents have been amended prior to the date hereof, the “*Company SEC Reports*”), as of their respective dates (and, if amended or superseded by a filing prior to the date of this Agreement, then on the date of such filing), complied in all material respects with the applicable requirements of the Securities Act and the Exchange Act, the rules and regulations thereunder and the court interpretations thereof and the rules of the NASD. None of the Company SEC Reports, as of their respective dates (and, if amended or superseded by a filing prior to the date of this Agreement, then on the date of such filing), contained any untrue statement of material fact or omitted statement of a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. The consolidated financial statements of the Company and its Subsidiaries included in

Table of Contents

such Company SEC Reports (the “*Company Financial Statements*”) comply as to form in all material respects with applicable accounting requirements and with published rules and regulations of the SEC with respect thereto, have been prepared in accordance with GAAP (except as may be indicated in the notes thereto, or in the case of unaudited interim financial statements, as permitted by Form 10-Q of the SEC) and fairly present in all material respects, subject, in the case of the unaudited interim financial statements, to the absence of complete notes and normal, year-end adjustments, the consolidated financial position of the Company and its Subsidiaries as of the dates thereof. Without limiting the generality of the foregoing, (i) PricewaterhouseCoopers LLP (“PwC”) has not resigned or been dismissed as independent public accountant of the Company as a result of or in connection with any disagreement with the Company on a matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, (ii) no executive officer of the Company has failed in any respect to make the certifications required of him or her under Section 302 or 906 of the Sarbanes-Oxley Act of 2002 with respect to any form, report or schedule filed by the Company with the SEC since the enactment of the Sarbanes-Oxley Act of 2002 (excluding any failure to make such certifications occurring after the date of this Agreement that is inadvertent but promptly corrected by filing the requisite certification or is attributable to the physical incapacity of an officer required to make such a certification) and (iii) no enforcement action has been initiated against the Company by the SEC relating to disclosures contained in any Company SEC Report.

3.6 *Books and Records.* The minute books of the Company and each of its Subsidiaries contain, in all material respects, accurate records of all meetings of, and corporate action taken by (including action taken by written consent) the shareholders and Board of Directors of the Company and its respective Subsidiaries. Except as set forth on *Schedule 3.6*, neither the Company nor any of its Subsidiaries has any material records, systems, controls, data or information recorded, stored, maintained, operated or otherwise wholly or partly dependent upon or held by any means (including any electronic, mechanical or photographic process, whether computerized or not) which (including all means of access thereto and therefrom) are not under the exclusive ownership and direct control of the Company or its Subsidiaries.

3.7 *Title to Properties; Encumbrances.* Except (1) as set forth on *Schedule 3.7* (and except for property leased by the Company, which, for the avoidance of doubt, is represented and warranted to in Section 3.9) and (2) for properties and assets reflected in the Company Balance Sheet or acquired since the Company Balance Sheet Date which have been sold or otherwise disposed of in the Ordinary Course, the Company and its Subsidiaries have good, valid and marketable title to (a) all of their respective properties and assets (real and personal, tangible and intangible), including all of the properties and assets reflected in the Company Balance Sheet, except as indicated in the notes thereto, and (b) all of the properties and assets purchased by the Company or a Subsidiary thereof since the Company Balance Sheet Date; in each case subject to no encumbrance, lien, charge or other restriction of any kind or character, except for (i) liens reflected in the Company Balance Sheet, (ii) liens consisting of zoning or planning restrictions, easements, permits and other restrictions or limitations on the use of real property or irregularities in title thereto, and other liens or other imperfections in title, if any, which do not, individually or in the aggregate, materially detract from the value of, or impair the use of, such property by the Company or such Subsidiary in the operation of its business, (iii) liens for current taxes, assessments or governmental charges or levies on property not yet due and delinquent and (iv) liens described on *Schedule 3.7* (liens of the type described in clauses (i), (ii) and (iii) above are hereinafter sometimes referred to as “*Company Permitted Liens*”).

3.8 *Real Property.* Neither the Company nor any of its Subsidiaries owns, directly or indirectly, in whole or in part, any interest in any real property.

3.9 *Leases.* *Schedule 3.9* contains an accurate and complete list of each real and personal property lease for which total annual rent payments equal or exceed \$15,000 to which the Company or any of its Subsidiaries is a party (as lessee or lessor). Each lease set forth on *Schedule 3.9* (or required to be set forth on *Schedule 3.9*) is in full force and effect; all rents and additional rents due by the Company or one of its Subsidiaries to date on each such lease have been paid (other than any pass through expenses not yet invoiced to the Company); in each case, the lessee has been in peaceable possession since the commencement of the original term of such lease and is not

in default thereunder and no waiver, indulgence or postponement of the lessee's obligations thereunder has been granted by the lessor; and there exists no event of default or event, occurrence, condition or act which, with the giving of notice, the lapse of time or the happening of any further event or condition, would become a default under such lease, except where such defaults would not, individually or in the aggregate, have a Material Adverse Effect on the Company. The tangible personal property leased by the Company and its Subsidiaries is in a state of good maintenance and repair, reasonable wear and tear excepted, except where the state of such property would not, individually or in the aggregate, have a Material Adverse Effect on the Company.

3.10 Material Contracts. Except as set forth on *Schedule 3.10*, neither the Company nor any of its Subsidiaries is bound by (a) any agreement, contract or commitment relating to the employment of any Person (as hereinafter defined) by either the Company or any of its Subsidiaries or any bonus, deferred compensation, pension, profit sharing, stock option, employee stock purchase, retirement or other employee benefit plan (including any agreement under which an employee of the Company would be entitled to payment, vesting of rights or benefits or other compensation upon a change in control of the Company), (b) any agreement, indenture or other instrument which contains restrictions with respect to payment of dividends or any other distribution in respect of its capital stock, (c) any agreement, contract or commitment relating to capital expenditures in excess of \$50,000 per individual item or \$100,000 in the aggregate, (d) any loan or advance to, or investment in, any Person or any agreement, contract or commitment relating to the making of any such loan, advance or investment, (e) any guarantee or other contingent liability in respect of any indebtedness or obligation of any Person other than the Company or one of its Subsidiaries (other than the endorsement of negotiable instruments for collection in the Ordinary Course), (f) any management service, consulting or any other similar type contract, (g) any agreement, contract or commitment limiting the ability of the Company to engage in any line of business or to compete with any Person or (h) any agreement, contract or commitment not entered into in the Ordinary Course which involves \$50,000 or more and is not cancelable without penalty within 30 days. Each contract or agreement set forth (or required to be set forth) on *Schedule 3.10* is in full force and effect. Neither the Company nor any of its Subsidiaries has violated any of the material terms or conditions of any contract or agreement (x) to which the Company (or a Subsidiary thereof) and any customer that accounts for more than 2% of the total sales of the Company and its Subsidiaries, taken as a whole, are parties or (y) set forth (or required to be set forth) on *Schedule 3.10*, in each case in any material respect, and, to the best knowledge, information and belief of the Company, all of the material covenants to be performed by any other party thereto have been fully performed.

3.11 Restrictive Documents. Except as set forth on *Schedule 3.11*, neither the Company nor any of its Subsidiaries is subject to, or a party to, any charter, bylaw, mortgage, lien, lease, license, permit, agreement, contract, instrument, law, rule, ordinance, regulation, order, judgment or decree, or any other restriction of any kind or character, which, by its own operation, and not by the breach or violation, as the case may be, thereof, (a) would materially restrict the ability of the Company or any of its Subsidiaries to acquire any property or conduct business in any area or business line or (b) has or would reasonably be expected to have a Material Adverse Effect on the Company.

3.12 Litigation. Except as set forth on *Schedule 3.12*, there is no action, suit, proceeding at law or in equity, arbitration or administrative or other proceeding by or before (or to the best knowledge, information and belief of the Company any investigation by) any governmental or other instrumentality or agency, pending, or, to the best knowledge, information and belief of the Company, threatened, against or impacting the Company, any of its Subsidiaries or any of their respective properties or rights which would materially and adversely affect the right or ability of the Company or any of its Subsidiaries to carry on its business as now conducted, or which would have a Material Adverse Effect on the Company. Neither the Company nor any of its Subsidiaries is subject to any judgment, order or decree entered in any lawsuit or proceeding which may have a Material Adverse Effect on the Company.

3.13 Taxes.

(a) **Tax Returns.** The Company and each of its Subsidiaries have timely filed or caused to be filed with the appropriate taxing authorities all returns, statements, forms and reports (including elections, declarations,

disclosures, schedules, estimates and information tax returns) for Taxes (“Returns”) that are required to be filed by, or with respect to, the Company or such Subsidiary on or prior to the Closing Date. The Returns have accurately reflected in all material respects and will accurately reflect in all material respects all liability for Taxes of the Company and such Subsidiaries for the periods covered thereby.

(b) *Payment of Taxes.* Except as set forth on *Schedule 3.13(b)*, all material Taxes and Tax liabilities due by or with respect to the income, assets or operations of the Company and each of its Subsidiaries for all taxable years or other taxable periods that end on or before the Closing Date and, with respect to any taxable year or other taxable period beginning before and ending after the Closing Date, the portion of such taxable year or period ending on and including the Closing Date (the “*Pre-Closing Period*”) have been (or by the Closing Date will be) timely paid in full on or prior to the Closing Date or adequately accrued and disclosed and fully provided for in the Company Financial Statements in accordance with GAAP.

(c) *Other Tax Matters.* Except as set forth on *Schedule 3.13(c)*:

(i) (A) neither the Company nor any of its Subsidiaries has been the subject of an audit or other examination of Taxes by the tax authorities of any nation, state or locality; (B) no such audit is pending or, to the Company’s knowledge, contemplated; and (C) neither the Company nor any of its Subsidiaries has received any written notices from any taxing authority relating to any issue which could affect the Tax liability of the Company or any of its Subsidiaries;

(ii) neither the Company nor any of its Subsidiaries (A) has, as of the Closing Date, entered into an agreement or waiver or been requested to enter into an agreement or waiver extending any statute of limitations relating to the payment or collection of Taxes of the Company and (B) is, as of the Closing Date, currently contesting the Tax liability of the Company or any of its Subsidiaries before any court, tribunal or agency;

(iii) neither the Company nor any of its Subsidiaries has been included in any “consolidated,” “unitary” or “combined” Return, other than the consolidated, unified or combined Returns of the Company’s Subsidiaries filed with other Subsidiaries of the Company and/or the Company, provided for under the laws of the United States, any foreign jurisdiction or any state or locality with respect to Taxes for any taxable period for which the statute of limitations has not expired;

(iv) all Taxes which either the Company or any of its Subsidiaries is (or was) required by law to withhold or collect in connection with amounts paid or owing to any employee, independent contractor, creditor, stockholder or other third party have been duly withheld or collected, and have been timely paid over to the proper authorities to the extent due and payable;

(vi) there are no tax sharing, allocation, indemnification or similar agreements in effect as between (A) the Company or any predecessor, Subsidiary or other affiliate thereof and (B) any other party under which Parent, FACO, the Company or any Subsidiary thereof (before and after giving effect to the Mergers) could be liable for any Taxes or other claims of any party;

(vii) neither the Company nor any of its Subsidiaries has applied for, been granted, or agreed to any accounting method change for which it will be required to take into account any adjustment under Section 481 of the Code or any similar provision of the Code or the corresponding tax laws of any nation, state or locality;

Table of Contents

(ix) no claim has ever been made by any taxing authority in a jurisdiction where the Company or any of its Subsidiaries does not file Returns that the Company or any of its Subsidiaries is or may be subject to taxation by that jurisdiction;

(x) neither the Company nor any of its Subsidiaries is a party to any agreement that would require the Company or any of its Subsidiaries or any affiliate thereof to make any payment that would constitute an “excess parachute payment” for purposes of Sections 280G and 4999 of the Code;

(xi) (A) there are no deferred intercompany transactions between the Company and any of its Subsidiaries or between its Subsidiaries and there is no excess loss account (within the meaning of Treasury Regulations Section 1.1502-19 with respect to the stock of the Company or any of its Subsidiaries) which will or may result in the recognition of income upon the consummation of the transactions contemplated by this Agreement, and (B) there are no other transactions or facts existing with respect to the Company and/or its Subsidiaries which by reason of the consummation of the transactions contemplated by this Agreement will result in the Company and/or its Subsidiaries recognizing income; and

(xii) no indebtedness of the Company or any of its Subsidiaries consists of “corporate acquisition indebtedness” within the meaning of Section 279 of the Code.

(d) The Company is not liable for any unpaid Taxes, and no claim has ever been made against the Company by any taxing authority, arising out of any of the consolidated Returns of The Kushner-Locke Company, a California corporation, in which the Company was included.

3.14 *Insurance.* Set forth on *Schedule 3.14* is a complete list of insurance policies that the Company and its Subsidiaries maintain with respect to their respective businesses, properties and employees. Such policies are in full force and effect and are free from any right of termination on the part of the insurance carriers. Such policies, with respect to their amounts and types of coverage, are adequate to insure fully against risks to which the Company and its Subsidiaries and their respective property and assets are normally exposed in the operation of their respective businesses. There has not been any material adverse change in the Company’s or any of its Subsidiaries’ relationship with their respective insurers or in the premiums payable pursuant to such policies during the past year.

3.15 *Intellectual Properties.*

(a) *Schedule 3.15(a)* is an accurate and complete list of all domestic and foreign patents, patent applications, trademarks, service marks and other indicia of origin, trademark and service mark registrations and applications for registrations thereof, registered copyrights and applications for registration thereof, Internet domain names, corporate and business names, trade names, brand names and material computer software programs used or held for use in the business of the Company and its Subsidiaries. The Intellectual Property listed (or required to be listed) on *Schedule 3.15(a)*, except as indicated on such Schedule, has been duly registered in, filed in or issued by the United States Patent and Trademark Office, United States Copyright Office, a duly accredited and appropriate domain name registrar, the appropriate offices in the various states of the United States and the appropriate offices of other jurisdictions (foreign and domestic), and each such registration, filing and issuance remains in full force and effect as of the Closing Date.

(b) Except (i) as set forth in *Schedule 3.15(b)* and (ii) for licenses related to “off the shelf” or other software widely available on generally standard terms and conditions, neither the Company nor any of its Subsidiaries is a party to any license or agreement, whether as licensor, licensee or otherwise, with respect to any Intellectual Property. To the extent any Intellectual Property is used under license in the business of the Company and/or any of its Subsidiaries, no notice of a material default has been sent or received by the Company or any of its Subsidiaries under any such license which remains uncured and the execution, delivery or performance of the Company’s obligations hereunder will not result in such a default. Each such license agreement is a legal, valid and binding obligation of the Company and/or its Subsidiaries and, to the knowledge of the Company, each of the other parties thereto, enforceable by the Company in accordance with the terms thereof.

[Table of Contents](#)

(c) Except as set forth in *Schedule 3.15(c)*, the Company or a Subsidiary thereof owns or is licensed to use, all of the Company Intellectual Property (including all of the Intellectual Property set forth (or required to be set forth) in *Schedule 3.15(a)*), free and clear of any liens, security interests, charges, encumbrances and other adverse claims, without obligation to pay any royalty or any other fees with respect thereto. Neither the Company's nor any of its Subsidiaries' use of the Company Intellectual Property (including the manufacturing, marketing, licensing, sale or distribution of products and the general conduct and operations of the business of the Company or any of its Subsidiaries) violates, infringes, misappropriates or misuses any intellectual property rights of any third party. No Company Intellectual Property has been cancelled, abandoned or otherwise terminated and all renewal and maintenance fees in respect thereof have been duly paid. Other than routine filing fees and payments made pursuant to agreements disclosed in *Schedule 3.15(b)* or *3.15(c)*, there are no actions that must be taken or payments that must be made by the Company or any of its Subsidiaries within 180 days following the Closing Date that, if not taken or paid, will adversely affect the Company Intellectual Property. The Company and its Subsidiaries have the exclusive right to file, prosecute and maintain all applications and registrations with respect to the Intellectual Property that is owned by the Company or any of its Subsidiaries.

(d) Except as set forth in *Schedule 3.15(d)*, neither the Company nor any of its Subsidiaries has received any written notice or claim from any third party challenging the right of the Company or any of its Subsidiaries to use any of the Company Intellectual Property. The Company Intellectual Property listed (or required to be listed) on *Schedules 3.15(a)* and *3.15(b)* constitutes all the Intellectual Property necessary to operate the business of the Company and its Subsidiaries as of the Closing Date and thereafter, in the manner in which it is presently operated, except for licenses related to "off the shelf" or other software widely available on generally standard terms and conditions.

(e) Except as set forth in *Schedule 3.15(e)*, neither the Company nor any of its Subsidiaries has made any claim in writing of a violation, infringement, misuse or misappropriation by any third party (including any employee or former employee of the Company or any of its Subsidiaries) of its rights to, or in connection with any Intellectual Property, which claim is still pending. Except as set forth in *Schedule 3.15(e)*, neither the Company nor any of its Subsidiaries has entered into any agreement to indemnify any other person against any charge of infringement of any Intellectual Property, other than indemnification provisions contained in purchase orders or license agreements arising in the Ordinary Course.

(f) Except as set forth in *Schedule 3.15(f)*, to the best knowledge of the Company, there is no pending or threatened claim by any third party of a violation, infringement, misuse or misappropriation by the Company or any of its Subsidiaries of any Intellectual Property owned by any third party, or of the invalidity of any patent or registration of a copyright, trademark, service mark, domain name, or trade name included in the Company Intellectual Property. To the best knowledge of the Company, no valid basis exists for any such claims.

(g) Except as set forth in *Schedule 3.15(g)*, there are no interferences or other contested proceedings, either pending or, to the best knowledge of the Company, threatened, in the United States Copyright Office, the United States Patent and Trademark Office, or any governmental authority (foreign or domestic) relating to any pending application with respect to the Company Intellectual Property.

(h) Either the Company or a Subsidiary thereof has secured valid written assignments from all consultants and employees who contributed to the creation or development of Company Intellectual Property of the rights to such contributions that the Company or a Subsidiary thereof does not already own by operation of law.

(i) The Company and its Subsidiaries have taken all necessary and reasonable steps to protect and preserve the confidentiality of all trade secrets, know-how, source codes, databases, customer lists, schematics, ideas, algorithms and processes and all use, disclosure or appropriation thereof by or to any third party has been pursuant to the terms of a written agreement between such third party and the Company or a Subsidiary thereof. Neither the Company or any of its Subsidiaries has breached any agreements of non-disclosure or confidentiality.

[Table of Contents](#)

(j) Each of the material computer software programs used or held for use in the business of the Company and its Subsidiaries operates and runs in a commercially reasonable business manner, conforms in all material respects to the specifications thereof, and, with respect to each of such computer software programs that are owned by the Company or a Subsidiary thereof, the applications can be compiled from their associated source code without undue burden.

(k) For the twelve-month period prior to the Closing Date, the active Internet domain names and URLs (as defined in the definition of Intellectual Property) of the Company and its Subsidiaries direct and resolve to the appropriate Internet protocol addresses and are and have been accessible to Internet users on those certain computers used by the Company and its Subsidiaries to make the Sites (as defined in the definition of Intellectual Property) so accessible substantially twenty-four (24) hours per day, seven (7) days per week (“24/7”) and are and have been operational for transacting from those certain computers used by the Company and its Subsidiaries to make the Sites so accessible on a 24/7 basis. Either the Company or a Subsidiary thereof has fully operational backup copies of each Site (and all related software, databases and other information), made from the current versions of such Site as accessible to Internet users. From the date hereof until the Closing Date, backup copies have been made on media commercially appropriate for such backups, no less frequently than every 14 days, and such backup copies have been stored in a safe and secure environment, fit for such backup media, and are not located at the same location of the relevant server(s). Neither the Company nor any Subsidiary thereof has any reason to believe that the Sites will not operate or will not continue to be accessible to Internet users on substantially a 24/7 basis prior to, at the time of and after the Closing Date.

3.16 *Compliance with Laws.* The Company and each of its Subsidiaries are in compliance in all material respects with all applicable laws, regulations, orders, judgments and decrees, except where the failure to comply would not have a Material Adverse Effect on the Company. In furtherance of, and not by way of limitation of, the preceding sentence, neither the Company nor any of its Subsidiaries has violated any privacy, data protection, publicity, advertising or similar federal, state or local law of any kind in the United States or any other nation, nor has the Company or any Subsidiary thereof received notice of any such violation, and neither the Company nor any of its Subsidiaries is aware of any facts that would give rise to such a violation.

3.17 *Governmental Licenses.* Each of the Company and its Subsidiaries has all governmental licenses, permits, franchises, approvals, permits and other authorizations of, and have made all registrations and/or filings with, all Governmental Entities (“Licenses”) necessary to own, lease and operate its properties and to enable it to carry on its respective business as presently conducted, except where the failure to have such Licenses would not, individually or in the aggregate, have a Material Adverse Effect on the Company. All Licenses held by the Company and each of its Subsidiaries, are in full force and effect, except where the failure of such Licenses to be in full force and effect would not have a Material Adverse Effect on the Company. No such License is the subject of a proceeding for suspension or revocation or similar proceedings. No jurisdiction has demanded or requested that the Company or any of its Subsidiaries qualify or become licensed as a foreign corporation.

3.18 *Labor Matters.*

(b) No unfair labor practice complaint against the Company or any of its Subsidiaries is pending before the National Labor Relations Board and, to the best of knowledge, information and belief of the Company, no unfair labor practice complaint is threatened or pending against the Company or any of its Subsidiaries before the National Labor Relations Board.

3.19 *Employee Benefit Plans.*

(a) *List of Plans.* Set forth in *Schedule 3.19(a)* is an accurate and complete list of all (i) “employee welfare benefit plans” (“*Company Welfare Plans*”), within the meaning of Section 3(1) of the Employee Retirement Income Security Act of 1974, as amended, and the rules and regulations thereunder (“*ERISA*”); (ii) “employee pension benefit plans” (“*Company Pension Plans*”), within the meaning of Section 3(2) of ERISA; (iii) bonus, stock option, stock purchase, restricted stock, incentive, fringe benefit, “voluntary employees’ beneficiary associations” (“*VEBAs*”), under Section 501(c)(9) of the Internal Revenue Code of 1986, as amended, and the rules and regulations promulgated thereunder (the “*Code*”), profit-sharing, pension or retirement, deferred compensation, medical, life insurance, disability, accident, salary continuation, severance, accrued leave, vacation, sick pay, sick leave, supplemental retirement and unemployment benefit plans, programs, arrangements, commitments and/or practices (whether or not insured); and (iv) employment, consulting, termination, and severance contracts or agreements, in each case for active, retired or former employees or directors, whether or not any such plans, programs, arrangements, commitments, contracts, agreements and/or practices (referred to in (i), (ii), (iii) or (iv) above) are in writing or are otherwise exempt from the provisions of ERISA, that are maintained or contributed to (or with respect to which an obligation to contribute has been undertaken) or with respect to which any potential liability is borne by the Company or any of its Subsidiaries (including, for this purpose and for the purpose of all of the representations in this Section 3.19, all employers (whether or not incorporated) that would be treated together with the Company or any of its Subsidiaries as a single employer within the meaning of Section 414 of the Code (all of the foregoing plans, programs, arrangements, commitments, practices, contracts and agreements referred to in (i), (ii), (iii) and (iv) above are collectively referred to as “*Company Plans*”).

(b) *Status of Plans.* Each Company Plan (including any related trust) complies in form with the requirements of all applicable laws, including ERISA and the Code, and, to the knowledge of the Company, has at all times been maintained and operated in material compliance with its terms and the requirements of all applicable laws, including ERISA and the Code. No complete or partial termination of any Company Pension Plan has occurred or is expected to occur. Neither the Company nor any of its Subsidiaries has any commitment, intention or understanding to create, modify or terminate any Company Plan, except to the extent required by applicable law or except to the extent any such creation, modification or termination is not reasonably expected to result in a material liability of the Company or any Subsidiary thereof. No condition or circumstance exists

that would prevent the amendment or termination of any Company Plan, except to the extent required to comply with Section 401(a) of the Code, as applicable, or as disclosed in *Schedule 3.19(b)*. Neither the Company nor any of its Subsidiaries has caused any condition or circumstance that would reasonably be expected to result in a material increase in the benefits under or the expense of maintaining any Company Plan from the level of benefits or expense incurred for the most recent fiscal year ended thereof.

(c) *No Pension Plans.* No Company Pension Plan is subject to Section 412 of the Code or Section 302 or Title IV of ERISA. Neither the Company nor any of its Subsidiaries maintains or contributes to, or has any obligation to contribute to any “multiple employer plan” (within the meaning of the Code or ERISA) or any “multiemployer plan” (as defined in Section 4001(a)(3) of ERISA).

(d) *Liabilities.* Neither the Company nor any of its Subsidiaries maintains any Company Plan which is a “group health plan” (as such term is defined in Section 607(1) of ERISA or Section 5000(b)(1) of the Code) that has not been administered and operated in all respects in compliance with the applicable requirements of Part 6 of Subtitle B of Title I of ERISA and Section 4980B of the Code, except to the extent such noncompliance would not result in material liability, and neither the Company nor any of its Subsidiaries is subject to any material liability, including additional contributions, fines, taxes, penalties or loss of tax deduction as a result of such administration and operation. No Company Welfare Plan which is such a group health plan is a “multiple employer welfare arrangement,” within the meaning of Section 3(40) of ERISA. Each Company Welfare Plan that is intended to meet the requirements of Section 125 of the Code meets such requirements, and each program of benefits for which employee contributions are provided pursuant to elections under any Company Plan meets the requirements of the Code applicable thereto. Neither the Company nor any of its Subsidiaries maintains any Company Welfare Plan that has provided any “disqualified benefit” (as such term is defined in Section 4976(b) of the Code) with respect to which an excise tax would likely be imposed.

Except as required by Part 6 of Subtitle B of Title I of ERISA and Section 4980B of the Code, neither the Company nor any of its Subsidiaries maintains any Company Welfare Plan (whether qualified or non-qualified under Section 401(a) of the Code) providing for post-employment or retiree health, life insurance and/or other welfare benefits and having unfunded liabilities, and neither the Company nor any of its Subsidiaries have any obligation to provide any such benefits to any retired or former employees or active employees following such employees’ retirement or termination of service. Neither the Company nor any of its Subsidiaries has any unfunded liabilities pursuant to any Company Pension Plan that is not intended to be qualified under Section 401(a) of the Code. No Company Plan holds as an asset any interest in any annuity contract, guaranteed investment contract or any other investment or insurance contract, policy or instrument issued by an insurance company that, to the knowledge of the Company, is or is likely to be the subject of bankruptcy, conservatorship, insolvency, liquidation, rehabilitation or similar proceedings.

Neither the Company nor any of its Subsidiaries has incurred any material liability for any tax or excise tax arising under Chapter 43 of the Code, and no event has occurred and no condition or circumstance has existed that is likely to give rise to any such material liability.

There are no actions, suits, claims or disputes pending, or, to the knowledge of the Company, threatened, anticipated or expected to be asserted against or with respect to any Company Plan or the assets of any such plan (other than routine claims for benefits and appeals of denied routine claims). No civil or criminal action brought pursuant to the provisions of Title I, Subtitle B, Part 5 of ERISA is pending, or, to the knowledge of the Company, threatened, anticipated or expected to be asserted against the Company or any of its Subsidiaries or, to the knowledge of the Company, any fiduciary of any Company Plan, in any case with respect to any Company Plan. No Company Plan or, to the knowledge of the Company, any fiduciary thereof is the subject of an audit, investigation or examination by any governmental or quasi-governmental agency.

(e) *Contributions.* Full payment has been timely made of all amounts which the Company or any of its Subsidiaries is required, under applicable law or under any Company Welfare Plan or Company Pension Plan or

any agreement relating to any Company Welfare Plan or Company Pension Plan to which the Company or any of its Subsidiaries is a party, to have paid as contributions or premiums thereto as of the last day of the most recent fiscal year of such Company Plan ended prior to the date hereof. All such contributions and/or premiums have been fully deducted for income tax purposes and no such deduction has been challenged or disallowed by any governmental entity, and to the knowledge of the Company and its Subsidiaries no event has occurred and no condition or circumstance has existed that is likely to give rise to any such challenge or disallowance. The Company has made adequate provision for reserves to meet contributions and premiums and any other liabilities that have not been paid or satisfied because they are not yet due under the terms of any Company Welfare Plan or Company Pension Plan, applicable law or related agreements.

(f) *Tax Qualification.* Each Company Pension Plan intended to be qualified under Section 401(a) of the Code has received a favorable determination letter from the Internal Revenue Service (the “IRS”) regarding the qualified status of such plan under Section 401(a) of the Code and the exempt status of the trust established in connection therewith under Section 501(a) of the Code (or has submitted, or is within the remedial amendment period for submitting, an application for a determination with the IRS, and is awaiting a response). Each VEBA has been determined by the IRS to be exempt from Federal income tax under Section 501(c)(9) of the Code. Since the date of each most recent determination letter or submission referred to in this paragraph (f), to the Company’s knowledge no event has occurred and no condition or circumstance has existed that resulted or is likely to result in the revocation of, or failure to issue, any such determination letter or that would reasonably be expected to adversely affect the qualified status of any such Company Plan or the exempt status of any such VEBA.

(g) *Transactions.* Neither the Company nor any of its Subsidiaries nor any of their respective directors, officers, employees or, to the knowledge of the Company, other persons who participate in the operation of any Company Welfare Plan or Company Pension Plan or related trust or funding vehicle, has engaged in any transaction with respect to any Company Plan or breached any applicable fiduciary responsibilities or obligations under Title I of ERISA that would subject the Company or any of its Subsidiaries to a material tax, penalty or liability for prohibited transactions or breach of any obligations under ERISA or the Code or would result in any material claim being made under, by or on behalf of any such Company Plan by any party with standing to make such claim.

(h) *Triggering Events.* Except as set forth on *Schedule 3.19(h)*, the execution of this Agreement and the consummation of the transactions contemplated hereby, do not constitute a triggering event under any Company Plan, policy, arrangement, statement, commitment or agreement, whether or not legally enforceable, which (either alone or upon the occurrence of any additional or subsequent event) will or may result in any payment (whether of severance pay or otherwise), “parachute payment” (as such term is defined in Section 280G of the Code), acceleration, vesting or increase in benefits to any employee or former employee or director of the Company or any of its Subsidiaries. No Company Plan provides for the payment of severance, termination, change in control or similar-type payments or benefits.

(i) *Documents.* The Company has delivered or caused to be delivered, or made available, to FACO and its counsel true and complete copies of all material documents in connection with each Company Plan, including (where applicable): (i) all Company Plans as in effect on the date hereof, together with all amendments thereto, including, in the case of any Company Plan not set forth in writing, a written description thereof; (ii) all current summary plan descriptions and summaries of material modifications; (iii) all current trust agreements (and all amendments thereto and the latest financial statements thereof); (iv) the most recent IRS determination letter obtained with respect to each Company Pension Plan intended to be qualified under Section 401(a) of the Code or exempt under Section 501(a) or 501(c)(9) of the Code; (v) the annual report on IRS Form 5500-series or 990 for each of the last three years for each Company Plan required to file such form; and (vi) the most recently prepared financial statements for each Company Plan for which such statements are required.

3.26 *Opinion of Financial Advisor.* The Company has been advised in writing by its financial advisor, Lehman Brothers Inc., that in such advisor’s opinion, as of the date hereof, the Mergers are fair to the shareholders of the Company from a financial point of view.

3.27 *Vote Required.* The affirmative vote of the holders of a majority of the voting shares of the Company outstanding on the record date set for the Company Shareholders Meeting is the only vote of the holders of any of the Company’s capital stock necessary to approve this Agreement and the transaction contemplated hereby, including the Mergers.

4.2 *Binding Effect.* This Agreement (a) has been duly authorized and approved by all required corporate action of FACO, (b) has been duly executed and delivered by FACO and (c) constitutes the valid and binding agreement of FACO enforceable against FACO in accordance with its terms, except as such enforceability may be limited by bankruptcy, insolvency or similar laws and equitable principles relating to or affecting the rights of creditors generally from time to time in effect.

4.3 *FAST Companies; Subsidiaries.*

(a) Set forth on *Schedule 4.3* is a list of each FAST Company and each direct or indirect Subsidiary thereof and the percentage ownership of each such FAST Company in any such Subsidiary. Each FAST Company and each Subsidiary thereof is duly organized, validly existing and in good standing under the laws of the jurisdiction of its organization (as set forth in *Schedule 4.3*) and has all requisite corporate power to own, lease and operate its properties and to carry on its business as now being conducted.

(b) Set forth on *Schedule 4.3* is a list of jurisdictions in which each FAST Company and each Subsidiary thereof is duly qualified or licensed to conduct its business, and each such company is in good standing in each such jurisdiction. Such jurisdictions are the only jurisdictions in which the character or location of the properties owned, leased or operated by each FAST Company and each Subsidiary thereof, or the nature of the business conducted by each FAST Company and each Subsidiary thereof, makes such qualification necessary, except where the failure to obtain such qualification would not have a Material Adverse Effect on the FAST Companies, taken as a whole.

4.4 *Capitalization.*

(a) The capitalization of each FAST Company is set forth in *Schedule 4.4*. All outstanding shares of the capital stock of each FAST Company have been duly authorized and validly issued and are fully paid and nonassessable. Except as set forth on *Schedule 4.4*, there are no outstanding options, warrants, rights, calls, commitments, conversion rights, rights of exchange, plans or other agreements of any character providing for the purchase, issuance or sale of any shares of capital stock of any FAST Company, any other securities of any FAST Company, or any equity interest in any FAST Company or its business, and none of the foregoing will arise as a result of the execution or performance of this Agreement or the transactions contemplated herein. Except as set forth on *Schedule 4.4*, no Person has any demand or piggyback registration rights in respect of shares of common stock or other securities of any FAST Company. All securities, rights, options and plans set forth (or required to be set forth) on *Schedule 4.4* have been issued or granted in accordance with applicable law and not in contravention with the articles or certificate of incorporation or bylaws of the relevant FAST Company.

(b) Immediately prior to the Effective Time, FACO will (i) own, beneficially and of record, 100% of the capital stock or other equity interests of each of the FAST Companies, free and clear of all liens, security interests, charges, encumbrances and other adverse claims and (ii) have full legal right, power and authority to sell, assign, transfer and convey the Indian Interests to Parent pursuant to this Agreement. At the Closing, FACO will transfer to Parent all of its right, title and interest in and to title to the Indian Interests, free and clear of all liens, security interests, charges, encumbrances and other adverse claims.

4.5 *Financial Statements.* *Schedule 4.5* contains copies of each of the FAST Financial Statements. Except as specifically disclosed therein and except as set forth in *Schedule 4.5*, the FAST Financial Statements have been prepared from, and in accordance with the books and records of the FAST Companies, were prepared in accordance with GAAP and fairly present in all material respects, subject in the case of interim financial statements to normal recurring year-end adjustments (the effect of which will not, individually or in the aggregate, be materially adverse to the FAST Companies and their Subsidiaries taken as a whole) and the absence of notes that, if presented, would not differ materially from those included in the financial statements of the FAST Companies and their respective Subsidiaries for the fiscal year ended December 31, 2001, the financial position of each of the FAST Companies, together with its respective Subsidiaries, if any, as of the dates thereof and the results of operations of each of the FAST Companies, together with its respective Subsidiaries, if any, for the periods presented therein. Since the FAST Balance Sheet Date, there has been no change in the assets or liabilities, or in the business or condition, financial or otherwise, or in the results of operations, of the FAST Companies and their Subsidiaries, taken as a whole, except for immaterial changes due to the normal operations of the FAST Companies' and their Subsidiaries' businesses in the Ordinary Course and changes contemplated by this Agreement.

4.6 *Books and Records.* The minute books of the FAST Companies and each of their Subsidiaries contain, in all material respects, accurate records of all meetings of, and corporate action taken by (including action taken by written consent) the shareholders and Boards of Directors of the FAST Companies and their respective Subsidiaries. Except as set forth on *Schedule 4.6*, none of the FAST Companies and their Subsidiaries has any material records, systems, controls, data or information recorded, stored, maintained, operated or otherwise wholly or partly dependent upon or held by any means (including any electronic, mechanical or photographic process, whether computerized or not) which (including all means of access thereto and therefrom) are not under the exclusive ownership and direct control of a FAST Company or a Subsidiary thereof.

4.7 *Title to Properties; Encumbrances.* Except (1) as set forth on *Schedule 4.7* (and except for property leased by a FAST Company or Subsidiary thereof, which, for the avoidance of doubt, is represented and warranted to in Section 4.9) and (2) for properties and assets reflected in the FAST Balance Sheets or acquired since the FAST Balance Sheet Date which have been sold or otherwise disposed of in the Ordinary Course, the FAST Companies and their respective Subsidiaries have good, valid and marketable title to (a) all of their respective properties and assets (real and personal, tangible and intangible), including all of the properties and assets reflected in the FAST Balance Sheets, except as indicated in the notes thereto, and (b) all of the properties and assets purchased by a FAST Company or a Subsidiary thereof since the FAST Balance Sheet Date; in each case subject to no encumbrance, lien, charge or other restriction of any kind or character, except for (i) liens reflected in the FAST Balance Sheets, (ii) liens consisting of zoning or planning restrictions, easements, permits and other restrictions or limitations on the use of real property or irregularities in title thereto, and other liens or other imperfections in title, if any, which do not, individually or in the aggregate, materially detract from the value of, or impair the use of, such property by such FAST Company or such Subsidiary in the operation of its business, (iii) liens for current taxes, assessments or governmental charges or levies on property not yet due and delinquent and (iv) liens described on *Schedule 4.7* (liens of the type described in clauses (i), (ii) and (iii) above are hereinafter sometimes referred to as "*FAST Permitted Liens*").

4.8 *Real Property.* No FAST Company or Subsidiary thereof owns, directly or indirectly, in whole or in part, any interest in any real property.

4.9 *Leases.* *Schedule 4.9* contains an accurate and complete list of each real and personal property lease for which total annual rent payments equal or exceed \$25,000 to which a FAST Company or any Subsidiary thereof is a party (as lessee or lessor). Each lease set forth on *Schedule 4.9* (or required to be set forth on *Schedule 4.9*) is in full force and effect; all rents and additional rents due by a FAST Company or a Subsidiary thereof to date on each such lease have been paid (other than any pass through expenses not yet invoiced to any FAST Company or Subsidiary thereof); in each case, the lessee has been in peaceable possession since the commencement of the original term of such lease and is not in default thereunder and no waiver, indulgence or

postponement of the lessee's obligations thereunder has been granted by the lessor; and there exists no event of default or event, occurrence, condition or act which, with the giving of notice, the lapse of time or the happening of any further event or condition, would become a default under such lease, except where such defaults would not, individually or in the aggregate, have a Material Adverse Effect on the FAST Companies, taken as a whole. The tangible personal property leased by the FAST Companies and their respective Subsidiaries is in a state of good maintenance and repair, reasonable wear and tear excepted, except where the state of such property would not, individually or in the aggregate, have a Material Adverse Effect on the FAST Companies, taken as a whole.

4.10 *Material Contracts.* Except as set forth on *Schedule 4.10*, none of the FAST Companies and their respective Subsidiaries is bound by (a) any agreement, contract or commitment relating to the employment of any Person (as hereinafter defined) by any FAST Company or any Subsidiary thereof or any bonus, deferred compensation, pension, profit sharing, stock option, employee stock purchase, retirement or other employee benefit plan (including any agreement under which an employee of a FAST Company or a Subsidiary thereof would be entitled to payment, vesting of rights or benefits or other compensation upon a change in control of such FAST Company or Subsidiary thereof), (b) any agreement, indenture or other instrument which contains restrictions with respect to payment of dividends or any other distribution in respect of its capital stock, (c) any agreement, contract or commitment relating to capital expenditures in excess of \$100,000 per individual item or \$250,000 in the aggregate, (d) any loan or advance to, or investment in, any Person or any agreement, contract or commitment relating to the making of any such loan, advance or investment, (e) any guarantee or other contingent liability in respect of any indebtedness or obligation of any Person other than a FAST Company or a Subsidiary thereof (other than the endorsement of negotiable instruments for collection in the Ordinary Course), (f) any management service, consulting or any other similar type contract, (g) any agreement, contract or commitment limiting the ability of any FAST Company to engage in any line of business or to compete with any Person or (h) any agreement, contract or commitment not entered into in the Ordinary Course which involves \$100,000 or more and is not cancelable without penalty within 30 days. Each contract or agreement set forth (or required to be set forth) on *Schedule 4.10* is in full force and effect. None of the FAST Companies and their respective Subsidiaries has violated any of the material terms or conditions of any contract or agreement (x) to which any FAST Company (or a Subsidiary thereof) and any customer that accounts for more than 2% of the total sales of the FAST Companies and their respective Subsidiaries, taken as a whole, are parties or (y) set forth (or required to be set forth) on *Schedule 4.10* in any material respect, and, to the best knowledge, information and belief of the FAST Companies, all of the material covenants to be performed by any other party thereto have been fully performed.

4.11 *Restrictive Documents.* Except as set forth on *Schedule 4.11*, none of the FAST Companies and their respective Subsidiaries is subject to, or a party to, any charter, bylaw, mortgage, lien, lease, license, permit, agreement, contract, instrument, law, rule, ordinance, regulation, order, judgment or decree, or any other restriction of any kind or character, which, by its own operation, and not by the breach or violation, as the case may be, thereof, (a) would materially restrict the ability of any FAST Company or any Subsidiary thereof to acquire any property or conduct business in any area or business line or (b) has or would reasonably be expected to have a Material Adverse Effect on the FAST Companies, taken as a whole.

All other proceedings in connection with the Mergers and the other transactions contemplated hereby, and all instruments, consents, waiver, approvals, endorsements and documents referred to hereunder or otherwise incident to such transactions, shall have been obtained and be reasonably satisfactory in form and substance to FACO and its counsel.

(g) *Resignation of Directors and Officers.* All of the directors of the Company and its Subsidiary and such officers of the Company and its Subsidiary as FACO shall designate in writing to the Company not less than five Business Days prior to the Closing Date shall have resigned effective as of the Closing Date and FACO shall have received written evidence thereof.

(h) *Tax Opinion.* FACO shall have received a written opinion from White & Case LLP, counsel to FACO, dated as of the Closing Date, in form and substance reasonably satisfactory to FACO, substantially to the effect that each of the Mergers other than the Company Merger will constitute a "reorganization" within the meaning of Section 368(a) of the Code.

7.3 *Conditions Precedent to Obligation of the Company.* The obligation of the Company to effect the Mergers is also subject to the satisfaction or waiver, at or prior to the Closing Date, of each of the following conditions:

(c) *Performance of Agreements.* All of the agreements of FACO to be performed prior to the Closing pursuant to the terms of this Agreement shall have been duly performed in all material respects.

(d) *Bankruptcy Proceedings.* No FAST Company shall have commenced a voluntary case concerning itself under Title 11 of the United States Code, as now or hereafter in effect, or any successor

(f) *Change In Law.* As of the Closing Date, no law, regulation, interpretation, opinion, order, judgment or decree of any kind (including any privacy, data protection, publicity, advertising or similar federal, state or local law) shall have been enacted, entered, promulgated, issued, amended or enforced by any court or Governmental Entity, and no change shall have occurred, which would reasonably be expected to materially and adversely affect the business, operations, assets, liabilities, financial condition or results of operations of the FAST Companies and their respective Subsidiaries, taken as a whole, except any such law, regulation, interpretation, opinion, order, judgment or decree that would affect the United States economy generally without disproportionately affecting the industries in which the FAST Companies and their respective Subsidiaries compete.

(g) *Standstill Agreement.* The standstill agreement in the form of *Exhibit G* shall have been executed and delivered by FACO and Parent as of the Closing Date.

SECTION 8

COVENANTS RELATING TO SECURITIES MATTERS

8.1 *Proxy Statement/Prospectus; Registration Statement.* As soon as practicable following the date of this Agreement, FACO and the Company shall jointly prepare and Parent shall file with the SEC, a registration statement on Form S-4 under the Securities Act (the “*Registration Statement*”) covering the Parent Class A Stock to be issued in the Company Merger which will include a proxy statement/prospectus (the “*Proxy Statement/Prospectus*”) describing, among other things, the transactions contemplated by this Agreement. Each of FACO and the Company shall also take any action (other than qualifying to do business in any jurisdiction in which it is not now so qualified) required to be taken under state blue sky or securities laws in connection with the issuance of shares of Parent Class A Stock necessary to fulfill the transaction contemplated by this Agreement. FACO and the Company shall each furnish the other all information concerning FACO, the FAST Companies and the Company and all such other information required for use in the Proxy Statement/Prospectus and each of FACO and the Company shall take such other action as the other may reasonably request in connection with the preparation of the Proxy Statement/Prospectus. Parent shall use all commercially reasonable efforts to have or to cause the Registration Statement to become effective as promptly as practicable and shall take all action required

under applicable federal or state securities laws in connection with the issuance of shares of Parent Class A Stock and shares of Parent Class B Stock in the Mergers (other than qualifying to do business in any jurisdiction in which Parent, any FAST Company or the Company is not now so qualified). If at any time prior to the Effective Time any event or information should be discovered by FACO or the Company or their respective Subsidiaries that should be set forth in an amendment to the Registration Statement or a supplement to the Proxy Statement/Prospectus, the Party discovering such event or information shall promptly inform the other Parties, and to the extent required by law, Parent will promptly file an amendment or supplement with the SEC and disseminate such amendment to the Company's shareholders.

8.2 *Listing.* FACO and the Company shall prepare and Parent shall submit to Nasdaq a listing application covering the shares of Parent Class A Stock to be issued in the Company Merger and shall use their respective best efforts to cause such shares to be approved for quotation on the Nasdaq National Market prior to the Effective Time, subject to official notice of issuance. Such listing application shall be submitted to Nasdaq promptly following the filing of the Registration Statement with the SEC. In the event that Nasdaq is unwilling to approve such listing application due to the dual-class voting structure reflected in the Parent Certificate of Incorporation attached as *Exhibit B*, (a) FACO and the Company shall revise the Parent Certificate of Incorporation to provide for Parent to have only one class of common stock with the rights currently afforded Parent Class A Stock in the form of the Parent Certificate of Incorporation attached as *Exhibit B*, (b) FACO and the Company shall seek approval from Nasdaq on such basis, (c) the shares of Parent capital stock issuable to FACO pursuant to this Agreement shall be shares of the single class of common stock of Parent in lieu of Parent Class B Stock (with no adjustment made to the number of shares), and (d) all references to "Parent Class A Stock" and "Parent Class B Stock" in this Agreement and all other agreements and documents referenced in this Agreement shall be deemed thereafter to read "Parent Common Stock," which shall be defined to mean "the Common Stock, par value \$0.001, of Parent."

SECTION 9

OTHER COVENANTS

9.1 *Shareholder Approval.*

(a) In order to consummate the Mergers, the Company, acting through its Board of Directors, shall, in accordance with applicable law, and subject to Section 6.4:

(i) furnish a copy of the Proxy Statement/Prospectus to each of its shareholders as promptly as practicable after the Registration Statement has become effective with the SEC; *provided, however*, that the Company shall not mail any Proxy Statement/Prospectus, or any amendment or supplement thereto, to which FACO reasonably objects;

(ii) promptly and duly call, give notice of, convene and hold a special meeting of its shareholders (the "*Company Shareholders Meeting*") for the purpose of voting upon this Agreement and the Mergers and the Company agrees that this Agreement and the Mergers shall be submitted at such Company Shareholders Meeting; *provided, however*, that the Company Shareholders Meeting shall not be held on a day earlier than the day that is twenty (20) Business Days after the Proxy Statement/Prospectus has been delivered to the shareholders of the Company; and

(iii) use its reasonable best efforts to obtain the necessary approval of the Mergers by its shareholders.

(b) FACO shall, and shall cause its Subsidiaries to, vote or cause to be voted all the shares of Company Common Stock owned of record by FACO or any Subsidiary thereof in favor of the approval of the Mergers and adoption of this Agreement. After the date hereof and prior to the termination of this Agreement, FACO shall not, and shall cause its Subsidiaries and affiliates not to, purchase, offer to purchase, or enter into any contract, agreement or understanding regarding the purchase of shares of Company Common Stock, except pursuant to the terms of this Agreement.

9.2 *HSR Act.* FACO and the Company shall each, in cooperation with the other, make the required filings in connection with the transactions contemplated by this Agreement under the HSR Act with the FTC and the Antitrust Division, and shall request early termination of the waiting period with respect to such filings. As promptly as practicable from time to time after the date of this Agreement, each Party shall make all such further filings and submissions, and take such further action as may be required in connection therewith (except that no Party shall be required to commit to any divestiture transaction, agree to sell or hold separate or agree to license to such Party's competitors any of its or its respective Subsidiaries' businesses, product lines, properties, data or assets, or agree to any changes or restrictions in the operation of such businesses, product lines, properties, data or assets), and shall furnish the other all information in its possession necessary therefor. FACO and the Company shall each notify the other immediately upon receiving any request for additional information with respect to such filings from either the Antitrust Division or the FTC, and the Party receiving the request shall use its reasonable best efforts to comply with such request as soon as possible. Neither such Party shall withdraw any such filing or submission without the written consent of the other.

9.3 *Returns.* Except as required by law and as approved in advance by FACO, the Company will, and will cause its Subsidiaries to, prepare all Returns in a manner that is consistent with the past practices of the Company or such Subsidiary, as the case may be, with respect to the treatment of items on such Returns, except to the extent that any inconsistency would not materially increase FACO's, the Company's or any of their respective Subsidiaries' liability for Taxes for any period.

9.4 *Directors and Officers Indemnification.*

(a) After the Effective Time, Parent will indemnify and hold harmless the present and former officers, directors, employees and agents of the Company and its Subsidiaries (each, an "*Indemnified Party*" and collectively, the "*Indemnified Parties*") in respect of acts or omissions occurring on or prior to the Effective Time to the extent provided under the Company's and its Subsidiaries' certificate of incorporation (or equivalent organizational documents) and bylaws or any indemnification agreement with the Company's and its Subsidiaries' officers and directors to which the Company and/or its Subsidiaries is a party, in each case in effect on the date hereof; *provided* that such indemnification shall be subject to any limitation imposed from time to time under applicable law.

(b) For six years after the Effective Time, Parent will use its reasonable best efforts to procure officers' and directors' liability insurance in respect of acts or omissions occurring on or prior to the Effective Time covering each Indemnified Party currently covered by the Company's and/or its Subsidiaries' officers' and directors' liability insurance policy on terms substantially similar to those of such policy in effect on the date hereof (the "*D&O Insurance*"), provided that FACO shall not be required to cause Parent to maintain the D&O Insurance with respect to a specific officer or director if the premium for obtaining the D&O Insurance exceeds 200% of the amount per annum the Company paid in its current fiscal year (the "*Premium Limit*"), which amount has been disclosed to FACO. If Parent is unable to obtain the D&O Insurance required by this Section, it shall obtain as much comparable insurance as possible for an annual premium equal to the Premium Limit. In the event Parent would be required to spend in excess of the Premium Limit per year to obtain the D&O Insurance required by this Section, Parent will notify the Indemnified Parties who would be the covered thereby and permit any such Indemnified Party to pay the excess amount over the Premium Limit that may be necessary to maintain such D&O Insurance covering such Indemnified Party.

(c) Without limitation of the foregoing, but subject to any limitation imposed from time to time under applicable law, in the event any Indemnified Party is or becomes involved in any action, proceeding or investigation in connection with any matter occurring prior to or at the Effective Time, including the transactions contemplated hereby, for which such Indemnified Party would be entitled to indemnification from Parent under Section 9.4(a), Parent will pay as incurred such Indemnified Party's reasonable fees and expenses of counsel selected by the Indemnified Party and reasonably acceptable to Parent (including the reasonable cost of any investigation and preparation and the reasonable cost of any appeal) incurred in connection therewith.

Table of Contents

Notwithstanding the foregoing, Parent shall not, in connection with any one action or proceeding for which it is obligated to indemnify the Indemnified Parties hereunder or separate but substantially similar actions or proceedings arising out of the same general allegations be liable for fees and expenses of more than one separate firm of attorneys (in addition to any reasonably necessary local counsel) at any time for all Indemnified Parties (except to the extent that one or more of the Indemnified Parties shall have an actual or potential conflict of interest that would make it reasonably advisable to retain separate counsel). Parent shall be entitled to participate in the defense of any such action or proceeding and counsel selected by any Indemnified Party shall, to the extent consistent with their professional responsibilities, cooperate with Parent and any counsel designated by Parent.

(d) The covenants contained in this Section 9.4 (i) shall survive the Closing, (ii) are intended to be for the benefit of, and shall be enforceable by, each of the Indemnified Parties and their respective heirs and legal representatives and (iii) after the Closing, may not be amended without the written consent of each of the Indemnified Parties or waived with respect to any Indemnified Party without the written consent of such Indemnified Party.

9.5 *Confidentiality Agreement.* The Parties agree that the Confidentiality Agreement shall be hereby amended to provide that any provision therein which in any manner would be inconsistent with this Agreement or the transactions contemplated hereby shall terminate as of the date hereof. The Parties further agree that the Confidentiality Agreement shall terminate as of the Effective Time.

9.6 *Takeover Statutes.* If any Takeover Statute is or may become applicable to the Mergers, each of FACO and the Company shall take such actions as are necessary so that the Mergers and the other transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated hereby and otherwise act to eliminate or minimize the effects of any Takeover Statute on the Mergers and such other transactions.

9.7 *Certain Benefits Relating to Acquisition Agreements.* From and after the Effective Time, in the event that FACO or any of its affiliates (other than Parent and its Subsidiaries) is permitted to reduce or offset against any payment obligations to third parties arising from or relating to any of the agreements by which FACO or its affiliates acquired the FAST Companies and their respective Subsidiaries from any third parties, whether by merger, purchase of shares of capital stock, purchase of assets or otherwise (the “*FAST Acquisition Agreements*”) (including offsets or reductions against promissory notes to third parties, which promissory notes reflect payment obligations of FACO or any of its affiliates pursuant to any of the FAST Acquisition Agreements), FACO shall, and shall cause its affiliates to, contribute an amount of cash equal to such reduction or offset to Parent at the time FACO or its affiliate recognizes such reduction or offset, which recognition will be subject, for the avoidance of doubt, to the timing of any such reduced or offset payment obligation.

9.8 *PRSI Settlement.* The Company agrees that if prior to the Closing it enters into or otherwise agrees to a settlement of any of its remaining obligations, contingent or otherwise pursuant to Sections 3.1 and 3.5 of the PRSI Merger Agreement (a “*PRSI Settlement*”), such PRSI Settlement will be effected solely by the issuance of Company Common Stock.

9.9 *Release of Claims Against FAST Companies.* At the Effective Time, FACO shall release in full each of the FAST Companies and their respective Subsidiaries from any liability or obligation owed by such FAST Company or Subsidiary thereof to FACO or any of FACO’s affiliates (other than a FAST Company or a Subsidiary thereof), excluding those obligations set forth on *Schedule 4.20*, obligations contemplated by this Agreement and direct charges or allocations for any 401(k) matching contribution, employee benefits (including medical insurance allocations and pension expenses), payroll processing, insurance premiums and related matters.

9.10 *Assumption of FAST Company Acquisition Indebtedness.* At the Effective Time, FACO shall assume all FAST Company Acquisition Indebtedness incurred prior to the Effective Time.

(b) During the two-year period commencing on the Closing Date, except to the extent that failure to comply with the following would not prevent the Company Merger from qualifying as a “reorganization” within the meaning of Section 368(a) of the Code:

(i) after the Effective Time, Parent shall not:

(A) liquidate the Company;

(B) merge the Company into another corporation;

(C) sell or otherwise dispose of any Company Common Stock acquired by Parent pursuant to this Agreement, except for transfers and successive transfers of stock described in Treasury Regulation Section 1.368-2(k) or transfers or successive transfers to one or more corporations controlled (within the meaning of Section 368(c) of the Code) in each transfer by the transferor corporation at the time of transfer; or

(D) cause the Company to sell or otherwise dispose of any of its assets or any of the assets of Company Merger Sub acquired in the Company Merger, except for (1) dispositions made in the Ordinary Course, (2) transfers and successive transfers of stock described in Treasury Regulation Section 1.368-2(k) or transfers or successive transfers to one or more corporations controlled (within the meaning of Section 368(c) of the Code) in each transfer by the transferor corporation at the time of transfer, (3) dispositions after which the Company would continue to hold, following the Effective Time, at least 90% of the fair market value of the net assets and at least 70% of the fair market value of gross assets it held immediately prior to the Effective Time and (4) transfers to partnerships that satisfy the provisions of Treasury Regulation Section 1.368-1(d)(4)(iii)(B);

(ii) Parent shall not cause the Company, after the Effective Time, to issue additional shares of stock that would result in Parent losing control of the Company within the meaning of Section 368(c) of the Code; and

(iii) except with respect to open-market purchases of Parent Class A Stock pursuant to a general stock repurchase program of Parent that has not been created or modified in connection with the Company Merger, following the Effective Time, neither Parent nor any Person related to Parent within the meaning of Treasury Regulation Sections 1.368-1(e)(3), (e)(4) and (e)(5) shall purchase, redeem or otherwise reacquire any Parent Class A Stock issued pursuant to this Agreement.

(d) Each of the Parties shall cooperate and use its reasonable best efforts in order for the Company to obtain the opinions of Latham & Watkins LLP described in Section 7.3(k). In connection therewith, both Parent (together with Company Merger Sub) and the Company shall deliver to such counsel representation letters, dated and executed as of the dates of such opinions, in substantially the form attached to this Agreement as *Exhibit I-1* and *Exhibit I-2*, respectively. In rendering such opinions, counsel shall be entitled to rely upon assumptions and representations reasonably satisfactory to such counsel, including representations set forth in such representation letters.

(e) Each of the Parties shall cooperate and use its reasonable best efforts in order for FACO to obtain the opinion of White & Case LLP described in Section 7.2(i). In rendering such opinions, counsel shall be entitled to rely upon assumptions and representations reasonably satisfactory to such counsel, including representations set forth in such representation letters.

(f) No provision of this Section 9.11 shall require any Party to amend this Agreement, waive any right or any breach of any representation, warranty or covenant contained herein, change the structure of any of the Mergers or otherwise modify the transactions contemplated by this Agreement.

9.12 *Trademark Assignments.* As soon as practicable following the Closing, FACO shall assign to Parent the trademarks listed as owned by FACO on Item 2 of Schedule 4.15(c).

The Company acknowledges that the agreement contained in this Section 10.2(b) is an integral part of the transactions contemplated by this Agreement, and that, without such agreement, FACO would not enter into this Agreement; accordingly, if the Company fails to promptly pay the amount due pursuant to this Section 10.2(b), the Company shall pay to FACO all costs and expenses (including attorneys' fees) in connection with collecting such amount, together with interest on the amount of the unpaid transaction expenses and termination fee at the prime rate in effect on the date such payment was required to be made as such rate is published in the Wall Street Journal.

Except for covenants and agreements which, by their terms, are to be performed after the Effective Time, none of the representations, warranties, covenants and agreements of the Parties in this Agreement shall survive the Effective Time, and thereafter no Party hereto and no Subsidiary, officer, director or employee of any such Party, or any Subsidiary of such Party, shall have any liability under this Agreement with respect to any such representation, warranty or agreement except for liabilities arising from intentional fraud, willful (tortious or illegal) misconduct or criminal acts.

SECTION 12

Board of Directors
US Search.com Inc.
5401 Beethoven Street
Los Angeles, CA 90066

Members of the Board:

We understand that US Search.com Inc (the “Company”) proposes to enter into an Agreement and Plan of Merger (the “Agreement”) with The First American Corporation (“FACO”) and Stockholm Seven Merger Corp., pursuant to which the Company and the subsidiaries (the “FAST Companies”) of FACO comprising FACO’s Screening Technologies division (known as “FAST”) will merge into a newly-formed company, First Advantage Corporation (“Parent”) and, upon the effectiveness of such merger, (i) each share of common stock of the Company will be converted into the right to receive 0.04 of a share of Parent Class A Common Stock (the “Exchange Ratio”), and (ii) the outstanding shares of capital stock of each of the FAST Companies shall be converted into the right to receive Parent Class B Stock in an amount equal to four times the number of shares of Parent Class A Stock to be issued in the Proposed Transaction, plus an additional amount of Parent Class B Stock based on adjustment factors described in the Agreement (the “Proposed Transaction”). The terms and conditions of the Proposed Transaction are set forth in more detail in the Agreement.

We have been requested by the Board of Directors of the Company to render our opinion with respect to the fairness, from a financial point of view, to the shareholders of the Company of the Exchange Ratio to be received by such shareholders in the Proposed Transaction. We have not been requested to opine as to, and our opinion does not in any manner address, the Company’s underlying business decision to proceed with or effect the Proposed Transaction.

In arriving at our opinion, we reviewed and analyzed: (1) the Agreement and the specific terms of the Proposed Transaction, (2) publicly available information concerning the Company that we believe to be relevant to our analysis, including the Company’s Annual Reports on Form 10-K for the fiscal years ended December 31, 2001 and 2000, and Quarterly Reports on Form 10-Q for the quarters ended March 31, 2002, June 30, 2002, and September 30, 2002, (3) financial and operating information with respect to the business, operations and prospects of the Company and FAST furnished to us by the Company and FAST, respectively, including unaudited historical financial statements for each of the FAST Companies for varying periods between January 1, 2000 and September 30, 2002 provided to us by FAST, and unaudited pro forma combined financial statements for the fiscal year ending December 31, 2001 and nine months ending September 30, 2002 (collectively the “FAST Unaudited Financials”) and the financial projections for the Company and each of the FAST Companies prepared by the managements of the Company and FAST, respectively, (4) a trading history of the Company’s common stock from June 25, 1999 to the present and a comparison of that trading history with those of other companies that we deemed relevant, (5) a comparison of the historical financial results and present financial condition of the Company and FAST with those of other companies that we deemed relevant, (6) a comparison of the financial terms of the Proposed Transaction with the financial terms of certain other transactions that we deemed relevant, (7) the relative contributions of the Company and FAST to the historical and future financial performance of the combined company on a pro forma basis, (8) the Company’s near term liquidity requirements and the ability of the Company to meet those requirements in the absence of the Proposed Transaction, (9) the results of our informal efforts to solicit interest from third parties with respect to an acquisition of the Company, and (10) the pro forma impact of the Proposed Transaction on the current and future financial position of the

Parent. In addition, we have had discussions with the management of the Company and FAST concerning their respective businesses, operations, assets, financial condition and prospects and have undertaken such other studies, analyses and investigations as we deemed appropriate.

In arriving at our opinion, we have assumed and relied upon the accuracy and completeness of the financial and other information used by us without assuming any responsibility for independent verification of such information and have further relied upon the assurances of management of the Company and FAST that they are not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the financial projections of the Company and FAST, upon advice of the Company, we have assumed that such projections have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company and FAST, respectively, as to the future financial performance of the Company and FAST. However, for the purpose of our analysis, we also have considered certain somewhat more conservative assumptions and estimates which resulted in certain adjustments to the projections of both the Company and FAST. We have discussed these adjusted projections with the management of the Company and they have agreed with the appropriateness of the use of such adjusted projections in performing our analysis. Upon the advice of the Company and FAST, we have assumed that the FAST Unaudited Financials materially reflect the financial performance of FAST and will be substantially similar to the results reflected in the audited financials for the FAST Companies. In arriving at our opinion, we have conducted only a limited physical inspection of the properties and facilities of the Company and FAST and have not made or obtained any evaluations or appraisals of the assets or liabilities of the Company and FAST. In addition, you have not authorized us to formally solicit, and we have not so solicited, any indications of interest from any third party with respect to the purchase of all or a part of the Company's business. Our opinion necessarily is based upon market, economic and other conditions as they exist on, and can be evaluated as of, the date of this letter.

In addition, we express no opinion as to the prices at which shares of Parent's common stock will trade following consummation of the Proposed Transaction, and this opinion should not be viewed as providing any assurance that the market value of the shares of Parent common stock after consummation of the Proposed Transaction will be in excess of the market value of such shares at any time prior to announcement or consummation of the Proposed Transaction.

Based upon and subject to the foregoing, we are of the opinion as of the date hereof that, from a financial point of view, the Exchange Ratio to be received by the shareholders of the Company is fair to such shareholders.

We have acted as financial advisor to the Company in connection with the Proposed Transaction and will receive a fee for our services which is contingent upon the consummation of the Proposed Transaction. In addition, the Company has agreed to indemnify us for certain liabilities that may arise out of the rendering of this opinion. In addition, with your consent, we are also acting as financial advisor to FACO in connection with the Proposed Transaction and will be paid a fee for such services which also is contingent upon the consummation of the Proposed Transaction. In the ordinary course of our business, we may trade in the equity securities of the Company and FACO for our own account and for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities.

This opinion is for the use and benefit of the Board of Directors of the Company and is rendered to the Board of Directors in connection with its consideration of the Proposed Transaction. This opinion is not intended to be and does not constitute a recommendation to any stockholder of the Company as to how such stockholder should vote with respect to the Proposed Transaction.

Very truly yours,

/s/ LEHMAN BROTHERS

(b) FACO hereby represents and warrants to Pequot as follows:

(i) *Power; Binding Agreement.* FACO has the corporate power and authority to enter into and perform all of its obligations under this Agreement. (b) *Specific Performance.* Each party hereto recognizes and agrees that if for any reason any of the provisions of this Agreement are not performed by any other party in accordance with their specific terms or are otherwise breached, immediate and irreparable harm or injury would be caused to non-breaching parties for which money damages would not be an adequate remedy. Accordingly, the parties agree that, in addition to any other available remedies, the non-breaching party shall be entitled to seek an injunction restraining any violation or threatened violation of the provisions of this Agreement.

(c) *Severability.* Any term or provision of this Agreement which is invalid or unenforceable in any jurisdiction shall, as to that jurisdiction, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions of this Agreement or affecting the validity or enforceability of any of the terms or provisions of this Agreement in any other jurisdiction. Without limiting the foregoing, with respect to any provision of this Agreement, if it is determined by a court of competent jurisdiction to be excessive as to duration or scope, it is the parties' intention that such provision nevertheless be enforced to the fullest extent that it may be enforced.

(d) *GOVERNING LAW.* THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE, REGARDLESS OF THE LAWS THAT MIGHT OTHERWISE GOVERN UNDER APPLICABLE PRINCIPLES OF CONFLICTS OF LAWS THEREOF.

1.2 *Construction.* The following rules shall apply to the construction of this Agreement unless the context requires otherwise: (a) the singular includes the plural, and the plural the singular; (b) words importing any gender include the other gender and the neuter gender; (c) references to statutes are to be construed as including all statutory provisions consolidating, and all regulations promulgated pursuant to, such statutes; (d) references to “writing” include printing, photocopy, typing, lithography and other means of reproducing words in a tangible visible form; (e) the words “including”, “includes” and “include” shall be deemed to be followed by the words “without limitation”; (f) references to the introductory paragraph, recitals or sections (or clauses or subdivisions of sections) are to those of this Agreement unless otherwise indicated; (g) references to agreements and other contractual instruments shall be deemed to include all subsequent amendments and other modifications to such instruments, but only to the extent that such amendments and other modifications are permitted or not prohibited by the terms of this Agreement; (h) section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose; and (i) references to Persons include their respective permitted successors and assigns.

SECTION 2.
REPRESENTATIONS AND WARRANTIES

Each of FACO, Pequot and the Company hereby represents and warrants with respect to itself only that:

- (a) it has the corporate or partnership power and authority to enter into this Agreement and to perform its obligations hereunder;
- (b) it has duly executed and delivered this Agreement;
- (c) this Agreement constitutes its valid and legally binding obligation, enforceable in accordance with the terms hereof except as may be limited by applicable bankruptcy, insolvency, reorganization, arrangement, moratorium or other similar laws, and subject to general equity principles and to limitations on availability of equitable relief, including specific performance;
- (d) neither the execution and the delivery of this Agreement, nor the consummation of the transactions contemplated hereby by it, will (i) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge, or other restriction of any government, governmental agency or court to which it is subject or any provision of its certificate or articles of incorporation, bylaws, partnership agreement or other organizational documents or (ii) conflict with, result in a breach of, constitute a default under, result in the acceleration of, create in any party the right to accelerate, terminate, modify, or cancel, or require any notice under any material agreement, contract, lease, license, instrument or other material arrangement to which it is a party or by which it is bound or to which any of its material assets is subject (or result in the imposition of any lien, security interest or other encumbrance upon any of its assets);
- (e) it need not give any notice to, make any filing with, or obtain any authorization, consent, or approval of any Person not already been obtained in order to consummate the transactions contemplated by this Agreement; and
- (f) with respect to the Company only, the Company has not filed any shelf registration statement under Rule 415 promulgated under the Securities Act for purposes of any public offering of securities of the Company, whether or not for sale for its own account, without having afforded Pequot an opportunity to include in such shelf registration statement all or part of the Registrable Securities in accordance with Section 4.2.

SECTION 3.
TAG-ALONG RIGHT

3.1 *General Restriction on Transfer.* Subject to Section 6.1, without first complying with the remaining provisions of this Section 3, FACO shall not, and shall not permit any of its Affiliates, directly or indirectly, to, Transfer any of the Shares then beneficially owned by it to any Person or group (within the meaning of Section 13(d) of the Exchange Act) that is not an Affiliate of FACO (such Person or group, a “*Third Party*”) in a transaction or series of related transactions occurring within the three-year period commencing on the Effective Date if, immediately after such Transfer, FACO and its Affiliates would not beneficially own at least 70% of the number of Shares issued to FACO and its Affiliates at Closing (the “*FACO Initial Securities*”) (a “*Tag-Along Sale*”).

3.2 *Notice of Sale.* If FACO or an Affiliate thereof shall desire to consummate a Tag-Along Sale, FACO shall first deliver to Pequot written notice of the desire to consummate such Tag-Along Sale (a “*Notice of Sale*”). The Notice of Sale shall set forth the identity of the Third Party for such Tag-Along Sale, FACO’s or its Affiliate’s desire to consummate such Tag-Along Sale, the identity and number of Shares FACO or such Affiliate proposes to Transfer (the “*Offered Shares*”), the purchase consideration per Offered Share (the “*Offer Price*”), the proposed date or dates of closing of such Tag-Along Sale and the other material terms and conditions upon which FACO or such Affiliate proposes to Transfer the Offered Shares.

[Table of Contents](#)

3.3 *Exercise of Tag-Along Right.* Upon receipt of a Notice of Sale, Pequot and its Affiliates shall have the right to elect to participate in the Tag-Along Sale by selling such number of Shares held by Pequot equal to the product of (a) a fraction, the numerator of which is the number of Offered Shares and the denominator of which is the total number of Shares then held by FACO and its Affiliates and (b) the total number of Shares then held by Pequot and its Affiliates (such Shares, “*Tag-Along Shares*”), at a price per share equal to the Offer Price, as part of the sale of the Offered Shares, and otherwise subject to the same material terms and conditions as described in the Notice of Sale (a “*Tag-Along Right*”); *provided, however*, if FACO or any of its Affiliates has sold any Shares to the Third Party within twelve (12) months of the date of the Notice of Sale or such sale is otherwise part of a series of related transactions, then, at Pequot’s written request as part of the notice referred to in the immediately following sentence, the number of Tag-Along Shares shall be calculated by treating such all such sales to which Pequot had not been granted a Tag-Along Right as a single transaction and the Offer Price shall be equal to the weighted average price per share in all such transactions. A Tag-Along Right shall be exercisable by the delivery by Pequot of written notice to FACO during the 30-day period (the “*Exercise Period*”) commencing on the date on which FACO shall have delivered the Notice of Sale to Pequot. If Pequot exercises its Tag-Along Right with respect to any Tag-Along Sale, then no later than the closing date for such Tag-Along Sale (which shall be no later than the date for such closing contemplated in the Notice of Sale), Pequot shall deliver to FACO or its designee any and all certificates representing the Tag-Along Shares, duly endorsed in blank or accompanied by written instruments of transfer duly executed by Pequot in blank, and otherwise subject to the material terms and conditions specified in the Notice of Sale, against payment of the Offer Price for each Tag-Along Share to Pequot by FACO or the Third Party purchasing the Offered Shares. For the avoidance of doubt, FACO shall not Transfer to such Third Party any Offered Shares unless simultaneously with such Transfer, FACO or the Third Party purchases from Pequot all of the Tag-Along Shares required to be purchased pursuant to this Section 3.3 at the Offer Price, and otherwise subject to the same material terms and conditions as the proposed Tag-Along Sale described in the Notice of Sale.

3.4 *Permitted Sales.* With respect to any proposed Tag-Along Sale subject to this Section 3, if (a) FACO has duly given a Notice of Sale to Pequot with respect to such Tag-Along Sale in accordance with Section 3.2 and (b) Pequot has not chosen to exercise its Tag-Along Right prior to the expiration of the Exercise Period, FACO shall have the right to sell to the Third Party the Offered Shares at a price per Offered Share not less than the Offer Price and on terms and conditions no more favorable to such Third Party than those offered hereunder to Pequot with respect to such Offered Shares; *provided, however*, that the closing of the Transfer shall occur not later than the earlier of (i) 60 days after the last date specified in the Notice of Sale and (ii) 90 days after the expiration of the Exercise Period.

SECTION 4. REGISTRATION RIGHTS

4.1 *Demand Registrations.* Subject to Section 6.1:

(a) At any time, and from time to time, Pequot shall have the right, by written notice delivered to the Company, to require the Company to register under the Securities Act (including, but not limited to, by means of a shelf registration under Rule 415 promulgated under the Securities Act) Registrable Securities having an aggregate offering price (before deducting of underwriting discounts and commissions) to the public in excess of \$5,000,000 (a “*Demand Notice*”). Within ten business days after the Company’s receipt of a Demand Notice, the Company shall give written notice thereof (a “*Piggyback Notice*”) to all other holders of securities of the Company (“*Piggyback Holders*”) to whom the Company has granted registration rights that are triggered by the Company’s receipt of a Demand Notice (“*Piggyback Rights*”), which Piggyback Notice shall state that the Piggyback Holders have the right, subject to the cutback described in Section 4.1(b) below, to register for resale all or a portion of their securities that are subject to Piggyback Rights (“*Piggyback Securities*”). Subject to the remainder of this Section 4.1, the Company shall effect, as expeditiously as reasonably possible, the registration under the Securities Act of all Registrable Securities that Pequot requests to be registered as well as (i) all Piggyback Securities as to which the Company has

received a written notice of exercise of Piggyback Rights and (ii) all securities of the Company that the Company desires to register (“*Company Securities*”).

(b) If Pequot intends to distribute the Registrable Securities covered by its request by means of an underwriting, Pequot shall so advise the Company as a part of its Demand Notice or any request made pursuant to Section 4.3. In such event, Pequot, all Piggyback Holders as to which the Company has received a written notice of exercise of Piggyback Rights and, if the Company desires to register securities, the Company shall enter into an underwriting agreement in customary form with an underwriter or underwriters selected for such underwriting by Pequot (which underwriter or underwriters shall be reasonably acceptable to the Company) but in no event shall any indemnity and/or contribution provisions therein provide that the indemnity and/or contribution of Pequot or any such Piggyback Holder exceed the net proceeds of the offering received by Pequot or such Piggyback Holder, as the case may be. Notwithstanding any other provision of this Section 4.1 or Section 4.3, if the underwriter advises the Company that marketing factors require a limitation of the number of securities to be underwritten (including Registrable Securities) then the Company shall so advise Pequot and all such Piggyback Holders, and the number of shares that may be included in the underwriting shall be allocated, first, to Pequot, second, to the Company, and third, on a pro rata basis to all such Piggyback Holders. Any Registrable Securities, Piggyback Securities and Company Securities excluded or withdrawn from such underwriting shall be withdrawn from the registration.

(c) The Company shall not be required to effect a registration pursuant to this Section 4.1:

(i) prior to the first anniversary of the date of this Agreement;

(ii) after the Company has effected at least two registrations pursuant to this Section 4.1, and such registrations have been declared or ordered effective;

(iii) if the Company shall furnish to Pequot a certificate signed by the President or Chief Executive Officer of the Company stating that in the good faith judgment of the Company’s Board of Directors, it would be seriously detrimental to the Company and its stockholders for such registration statement to be effected at such time, in which event the Company shall have the right to defer such filing for a period of not more than ninety (90) days after receipt of Pequot’s request; provided that such right to delay a request shall be exercised by the Company not more than once in any twelve (12) month period; or

(iv) if Pequot proposes to dispose of shares of Registrable Securities that may be registered on Form S-3 pursuant to a request made pursuant to Section 4.3 below.

4.2 *Piggyback Registrations.* Subject to Section 6.1:

(a) The Company shall notify Pequot in writing at least twenty (20) days prior to the filing of any registration statement (including any registration statement on Form S-1 or Form S-3 filed by the Company at any time, but excluding Special Registration Statements) under the Securities Act for purposes of a public offering of securities of the Company, whether or not for sale for its own account, and shall afford Pequot and its Affiliates an opportunity to include in such registration statement all or part of the Registrable Securities. If Pequot desires to include in any such registration statement all or any part of the Registrable Securities it shall, within twenty (20) days after the above-described notice from the Company, so notify the Company in writing. Such notice shall state the intended method of disposition of the Registrable Securities by Pequot. If Pequot decides not to include all of the Registrable Securities in any registration statement thereafter filed by the Company, Pequot shall nevertheless continue to have the right to include any Registrable Securities in any subsequent registration statement or registration statements as may be filed by the Company with respect to offerings of its securities, all upon the terms and conditions set forth herein.

(b) If the registration statement under which the Company gives notice under this Section 4.2 is for an underwritten offering, the Company shall so advise Pequot. In such event, Pequot’s right to be included in a registration pursuant to this Section 4.2 shall be conditioned upon Pequot’s participation in such

underwriting and the inclusion of the Registrable Securities in the underwriting to the extent provided herein. If Pequot proposes to distribute Registrable Securities through such underwriting, Pequot shall enter into an underwriting agreement in customary form with the underwriter or underwriters selected for such underwriting by the Company but in no event shall any indemnity and/or contribution provisions therein provide that the indemnity and/or contribution of Pequot exceed the net proceeds from the offering received by Pequot. Notwithstanding any other provision of this Agreement, if the underwriter determines in good faith that marketing factors require a limitation of the number of shares to be underwritten, the number of shares that may be included in the underwriting shall be allocated, first, to the Company, second, to Pequot, and third, to any stockholder of the Company (other than Pequot) on a pro rata basis. Such reduction (i) shall not reduce the securities being offered by the Company for its own account to be included in the registration and underwriting and (ii) may result in the number of Registrable Securities being reduced to zero, if necessary. If Pequot disapproves of the terms of any such underwriting, Pequot may elect to withdraw therefrom by written notice to the Company and the underwriter, delivered at least ten (10) business days prior to the effective date of the registration statement. Any Registrable Securities excluded or withdrawn from such underwriting shall be excluded and withdrawn from the registration.

(c) The Company shall have the right to terminate or withdraw any registration initiated by it for its own account under this Section 4.2 prior to the effectiveness of such registration whether or not Pequot has elected to include securities in such registration. The registration expenses of such withdrawn registration shall be borne by the Company in accordance with Section 4.5.

4.3 *Form S-3 Registrations.* Subject to Section 6.1, the Company shall use its reasonable best efforts to become and remain eligible to register offerings of securities on Form S-3 or its successor form ("*Form S-3*"). Subject to Section 6.1 and at all times during which the Company is qualified for the use of Form S-3, upon Pequot's written request or requests from time to time (without limit as to number and including by means of a shelf registration under Rule 415 promulgated under the Securities Act), the Company shall register the Registrable Securities on Form S-3 (which request shall be in writing and shall state the number of Registrable Securities to be registered and the intended method of disposition of Registrable Securities); *provided, however*, that the Company shall not be required to effect more than two such registrations during any twelve-month period, and such registrations on Form S-3 have been declared or ordered effective and have remained effective until the earlier of (x) 30 days after the date of effectiveness and (y) the date all Registrable Securities registered thereunder have been sold. Notwithstanding the foregoing:

(a) the Company shall not be required to effect a registration pursuant to this Section 4.3 within 120 days of the effective date of any other registration pursuant to this Section 4;

(b) the Company shall not be required to effect a registration pursuant to this Section 4 unless Pequot or an Affiliate thereof proposes to dispose of Registrable Securities having an anticipated aggregate price to the public (net of underwriting discounts and expenses of sale, if any) of at least \$2,000,000; and

(c) the Company shall have the right to defer filing a registration statement pursuant to this Section 4.3 for a period of not more than 90 days following the requested filing date if the Company furnishes to Pequot a certificate signed by the President or Chief Executive Officer of the Company stating that in the good faith judgment of the Company's Board of Directors it would be seriously detrimental to the Company and its stockholders for a registration statement to be filed at the time requested; *provided, however*, that the Company may not utilize this right more than once in any twelve-month period.

Subject to the foregoing, First Advantage will use its reasonable best efforts to promptly effect the registration of all Registrable Securities on Form S-3 to the extent requested by Pequot hereunder.

4.4 *Expenses of Registration.* All expenses incurred in connection with any registration pursuant to this Section 4 shall be borne by the Company except as follows:

(a) The Company shall not be required to pay underwriters' fees, discounts, commissions or transfer taxes relating to the Registrable Securities registered thereunder; and

(b) The Company shall be required to pay fees of only a single special counsel of Pequot and its Affiliates and only up to \$25,000.

All expenses of any registered offering specified in clause (a) above shall be borne by Pequot *pro rata* on the basis of the number of Registrable Securities registered pursuant hereto.

4.5 *Registration Procedures.* In the case of each registration effected by the Company pursuant to this Section 4, the Company will keep Pequot advised in writing as to the initiation of registration, qualification and compliance and as to the completion thereof. Except as otherwise provided in Section 4.4, at its expense the Company will:

(a) Prepare and file with the SEC a registration statement with respect to the offering of such Registrable Securities and use its reasonable best efforts to cause such registration statement to become effective, and upon Pequot's reasonable request, keep such registration statement effective for up to 120 days, or until such earlier time at which Pequot or its Affiliates shall have completed the distribution related thereto.

(b) Prepare and file with the SEC such amendments and supplements to such registration statement and the prospectus used in connection with such registration statement as may be necessary to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement for up to 30 days.

(c) Furnish to Pequot, without charge, such numbers of copies of the prospectus, including a preliminary prospectus, in conformity with the requirements of the Securities Act, and such other documents as Pequot may reasonably request in order to facilitate the disposition of Registrable Securities covered by such registration statement.

(d) Use its reasonable best efforts to register and qualify the securities covered by such registration statement under such other securities or "blue sky" laws of such jurisdictions as shall be reasonably requested by Pequot; *provided* that neither the Company nor any Affiliate thereof shall be required in connection therewith or as a condition thereto to qualify to do business or to file a general consent to service of process in any such states or jurisdictions, unless the Company is already subject to service in such jurisdiction and except as may be required by the Securities Act.

(e) Notify Pequot (i) when such registration statement, or any post-effective amendment thereto, shall have become effective, (ii) of the issuance by the SEC or any other federal or state governmental authority of any stop order suspending the effectiveness of such registration statement or the initiation of proceedings for that purpose and (iii) at any time when a prospectus relating thereto is required to be delivered under the Securities Act or upon the happening of any event as a result of which the prospectus included in such registration statement, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

(f) In the case of any underwritten public offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the managing underwriter of such offering.

(g) Cause all Registrable Securities registered under an effective registration statement in accordance with this Section 4 to be listed on the Nasdaq National Market System or on a national securities exchange at all times during which shares of the Company's common stock are so listed.

(h) In the case of any underwritten public offering, furnish the underwriters with a "comfort" letter from the independent public accountants who have issued an audit report on the Company's financial statements included in the registration statement, dated the effective date of the registration statement and the date of the closing under the underwriting agreement, signed by such accountants and covering such matters as are customarily covered in accountant's letters delivered to the underwriters in underwritten public offerings of securities.

- (i) Use its reasonable best efforts to take all other steps necessary to effect the registration of such Registrable Securities contemplated hereby.

4.6 *Indemnification.*

(a) If any of Pequot's Registrable Securities are registered under this Section 4, the Company will indemnify and hold harmless Pequot, each of its officers, directors and partners, and each underwriter, broker or dealer of offerings effected pursuant to this Agreement, if any, against all claims, losses, expenses, damages and liabilities (or actions in respect thereto), including any of the foregoing incurred in settlement of any litigation, commenced or threatened, arising out of or based on any untrue statement (or alleged untrue statement) of a material fact contained in any registration statement, prospectus, offering circular or other document incident to any such registration, or based on any omission to state therein a material fact required to be stated therein or necessary to make the statement therein not misleading, or any violation by the Company of the Securities Act, the Exchange Act or any state securities law applicable to the Company or any rule or regulation promulgated under the Securities Act, the Exchange Act or any such state law and relating to action or inaction required of the Company in connection with any such registration; *provided, however*, that the indemnity agreement contained in this Section 4.6(a) shall not apply to amounts paid in settlement of any such claim, loss, damage, liability or action if such settlement is effected without the consent of the Company (which consent shall not be unreasonably withheld); *provided further*, that the Company will not be liable in any such case to the extent that any such claim, loss, damage or liability arises out of or is based on any untrue statement or omission based upon information furnished to the Company by Pequot or any of its Affiliates in writing expressly for use therein.

(b) Pequot will, as to each registration in which Registrable Securities are registered hereunder, indemnify and hold harmless the Company, each of its directors, officers and partners and each person who Controls the Company, against all claims, losses, expenses, damages and liabilities (or actions in respect thereof) arising out of or based on any untrue statement of a material fact contained in any such registration statement, prospectus, offering circular or other document, or any omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse the Company, and such directors, officers, partners and persons who Control the Company for any legal or any other expenses incurred in connection with investigating, defending or settling any such claim, loss, damage, liability or action, in each case only to the extent that such untrue statement or omission is made in such registration statement, prospectus, offering circular or other document in reliance upon information furnished to the Company by Pequot or any of its Affiliates in writing expressly for use therein; *provided, however*, that indemnity agreement contained in this Section 4.6(b) shall not apply to amounts paid in settlement of any such claim, loss, damage, liability or action if such settlement is effected without the consent of Pequot (which consent shall not be unreasonably withheld); *provided, further*, that in no case shall Pequot and its Affiliates be liable under this Section 4.6(b) for any amounts in excess of the net proceeds of the Registrable Securities received by Pequot and its Affiliates in such offering.

(c) Each Party entitled to indemnification under this Section 4.6 (the "*Indemnified Party*") shall give written notice to the Party required to provide indemnification (the "*Indemnifying Party*") promptly after such Indemnified Party has actual knowledge of any claim as to which indemnity may be sought, and shall permit the Indemnifying Party to assume the defense of any such claim or any litigation resulting therefrom; *provided, however*, that counsel for the Indemnifying Party proposed to conduct the defense of such claim or litigation shall be approved by the Indemnified Party (whose approval shall not be unreasonably withheld), and the Indemnified Party may participate in such defense at such Indemnified Party's election and expense; *provided further*, that the failure of any Indemnified Party to give notice as provided herein shall not relieve the Indemnifying Party of its obligations hereunder, unless and to the extent that such failure resulted in material prejudice to the Indemnifying Party; and *provided further*, that an Indemnified Party shall have the right to retain one separate counsel, with the fees and expenses of such counsel to be paid by the Indemnifying Party, if representation of such Indemnified Party by the counsel retained by the Indemnifying Party would be inappropriate due to a conflict of interests between such Indemnified Party

Table of Contents

and any other Person represented by counsel for the Indemnifying Party in such proceeding. No Indemnifying Party, in the defense of any such claim or litigation, shall, except with the consent of the Indemnified Party, consent to entry of any judgment or enter into any settlement which does not include as an unconditional term thereof the giving by the claimant or plaintiff to all Indemnified Parties of a release from all liability in respect to such claim or litigation or includes as a term thereof the giving to the claimant or plaintiff of any non-monetary remedies affecting any of the Indemnified Parties.

If the indemnification provided for in this Section 4.6 is held by a court of competent jurisdiction to be unavailable to an Indemnified Party with respect to any loss, liability, claim, damage or expense referred to therein, then the Indemnifying Party, in lieu of indemnifying such Indemnified Party hereunder, shall contribute to the amount paid or payable by such Indemnified Party as a result of such loss, liability, claim, damage or expense in such proportion as is appropriate to reflect the relative fault of the Indemnifying Party on the one hand and of the Indemnified Party on the other in connection with the statement or omission that resulted in such loss, liability, claim, damage or expense as well as any other relevant equitable consideration. The relative fault of the Indemnifying Party and of the Indemnified Party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission to state a material fact relates to information supplied by the Indemnifying Party or by the Indemnified Party and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

(d) The obligations of the Parties under this Section 4.6 shall survive the completion of any offering of Registrable Securities in a registration statement under this Section 4.

4.7 *Information by Pequot and Affiliates.* In connection with, and as a condition precedent to, any registration under this Section 4, Pequot and/or its Affiliates shall promptly furnish in writing to the Company such information regarding it and the distribution proposed by it as the Company may reasonably request and as shall be required in connection with any registration, qualification or compliance referred to herein.

4.8 *Rule 144 Reporting.* With a view to making available to Pequot and its Affiliates the benefits of certain rules and regulations of the SEC which may permit the sale of Registrable Securities held by Pequot and its Affiliates to the public without registration under this Section 4, the Company agrees at all times to use its reasonable best efforts to (a) make and keep public information available, as those terms are understood and defined in Rule 144 promulgated under the Securities Act and (b) file with the SEC in a timely manner all reports and other documents required of the Company under the Securities Act and the Exchange Act.

4.9 *Black-Out Periods.* Notwithstanding anything in this Agreement to the contrary, the Board of Directors of the Company may, in its sole discretion, impose black-out periods during which no sales may be made under any registration hereunder so long as such blackout is applicable generally to sales of stock by all directors and officers of the Company and any other registration rights agreement related to the Company's common stock.

4.10 *"Market Stand-Off" Agreement; Agreement to Furnish Information.*

(a) Pequot hereby agrees that it shall not publicly sell, publicly transfer, make any short sale of, grant any option for the purchase of, or enter into any hedging or similar transaction with the same economic effect as a public sale, any common stock (or other securities) of the Company held by Pequot (other than those included in the registration) for a period specified by the representative of the underwriters of common stock (or other securities) of the Company not to exceed ninety (90) days following the effective date of a registration statement of the Company filed under the Securities Act; *provided* that, all officers and directors of the Company and holders of at least one percent (1%) of the Company's voting securities and all other persons with registration rights (whether or not pursuant to this Agreement) are bound by and enter into substantially similar agreements and no such agreement is waived.

(b) Pequot agrees to execute and deliver such other agreements as may be reasonably requested by the Company or the underwriter which are consistent with the foregoing or which are necessary to give

further effect thereto. In addition, if requested by the Company or the representative of the underwriters of common stock (or other securities) of the Company, Pequot shall provide, within ten (10) days of such request, such information as may be required by the Company or such representative in connection with the completion of any public offering of the Company's securities pursuant to a registration statement filed under the Securities Act. The obligations described in this Section 4.10 shall not apply to a registration relating solely to employee benefit plans on Form S-1 or Form S-8 or similar forms that may be promulgated in the future, or a registration relating solely to a transaction on Form S-4, or similar forms that may be promulgated in the future, under Rule 145 promulgated under the Securities Act. Pequot agrees that any transferee of any shares of Registrable Securities shall be bound by this Section 4.10.

4.11 *Exclusive Registration Rights.* Pequot agrees, for itself and its Affiliates, that the registration rights granted to Pequot pursuant to this Section 4 shall be, at and as of the Effective Time, the sole and exclusive registration rights for the Registrable Securities and that such registration rights supersede in their entirety any registration rights previously granted by US SEARCH.com Inc. or any predecessor with respect to the Registrable Securities ("*Prior Registration Rights*"). To the extent that any agreement containing Prior Registration Rights remains in full force and effect at the Effective Time (as such term is defined in the Merger Agreement), Pequot irrevocably and unconditionally agrees, for itself and its Affiliates, not to exercise any such Prior Registration Rights. US SEARCH.com Inc. is hereby expressly made a third party beneficiary of Pequot's agreements contained in this Section 4.11.

SECTION 5. BOARD OF DIRECTORS.

5.1 *Designation and Election of Director.* Subject to Section 6.1, FACO shall vote, and cause each of its Affiliates to vote, as many of the Shares as are now or hereafter directly or indirectly owned (of record or beneficially) by FACO and its Affiliates, or otherwise take such action, as is necessary to (a) ensure that the size of the board of directors of Parent (the "*Board*") shall be no more than 10 directors and (b) cause the election to the Board of one representative designated in writing by Pequot, who shall initially be Lawrence D. Lenihan, Jr.; *provided, however*, that FACO and its Affiliates shall not be required to vote their Shares in favor of any such representative if (i) such representative is an officer, director or employee of a Person, that is, directly or through its subsidiaries, materially engaged in an individual background screening business that competes with the individual background screening business owned by the Company and its subsidiaries or (ii) such representative is or has been the subject of any of the matters described in Rule 262(b) promulgated under the Securities Act.

5.2 *Vacancies.* In the event that any representative designated by Pequot under Section 5.1 for any reason ceases to serve as a member of the Board during his or her term of office or is not elected to the Board pursuant to Section 5.1 above, FACO shall take such actions as are necessary to vote or cause to be voted as many of the Shares held by FACO and its Affiliates as is necessary to cause the resulting vacancy to be filled by a representative designated by Pequot as provided in Section 5.1.

5.3 *Removals.* In the event that Pequot desires to remove any representative designated by Pequot under Section 5.1 as a member of the Board during his or her term of office, with or without cause, the Company and FACO shall take such actions as are necessary to remove such representative from the Board and the resulting vacancy filled in accordance with Section 5.2. Subject to the preceding sentence, FACO will not, and will cause its Affiliates not to, vote or cause to be voted any of its Shares to direct the vote for the removal of any representative designated by Pequot under Section 5.1; *provided* that FACO or an Affiliate thereof may so effect the removal of any such representative if at the time of such removal (i) such representative is an officer, director or employee of a Person, that is, directly or through its subsidiaries, materially engaged in an individual background screening business that competes with the individual background screening business owned by the Company and its subsidiaries or (ii) such representative is or has been the subject of any of the matters described in Rule 262(b) promulgated under the Securities Act.

No waiver by any Party of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, shall be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence. Notwithstanding anything to the contrary contained herein, FACO shall not amend, or cause the Company to amend, any of the provisions of this Agreement or terminate this Agreement unless (a) the holders of a majority of the shares of Company Common Stock then outstanding (calculated without reference to any Shares held by FACO and its Affiliates) approve a proposal submitted by the Company's board of directors authorizing such amendment or (b) a majority of Disinterested Directors shall approve a resolution authorizing such amendment or termination.

6.9 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction.

The Company will, and will cause its Affiliates to, use its reasonable best efforts (but without out-of-pocket costs or expense) to obtain or assist First American in obtaining such protective order or other remedy.

5.9. Legal Enforceability. Any provision of this Agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without affecting the validity or enforceability of the remaining provisions hereof. Any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. If any provision of this Agreement is so broad as to be unenforceable, the provision shall be interpreted to be only so broad as is enforceable.

5.10. Capacity. Each of the Parties hereto acknowledges and agrees that First American and each of its Affiliates is acting solely as an agent of the Company in rendering the First American Services hereunder and nothing herein contained, express or implied, is intended to create any other relationship, whether as principal or otherwise.

Item 20. Indemnification of Directors and Officers.

The Delaware General Corporation Law (the “DGCL”) provides for the power to indemnify any directors, officers, employees and agents and to purchase and maintain insurance with respect to liability arising out of their capacity or status as directors, officers, employees and agents. The indemnification provisions are not exclusive of any other rights to which directors and officers may be entitled under a corporation’s certificate of incorporation or bylaws, any agreement, a vote of stockholders or otherwise.

The Registrant’s certificate of incorporation provides that its directors will not be personally liable to the Registrant or its stockholders for damages for breach of any duty owed to the Registrant or its stockholders except for liability:

- for any breach of the director’s duty of loyalty to the Registrant or its stockholders;
- for any acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- under section 174 of the DGCL regarding negligent or wilful unlawful payment of dividends and stock redemption; or
- for any transaction from which a director derived an improper personal benefit.

The Bylaws of the Registrant provide that:

- subject to applicable law and certain qualifications, each person who was or is made a party or is threatened to be made a party to or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a “proceeding”), by reason of the fact that he or she is or was a director or officer of the Registrant or is or was serving at the request of the Registrant as a director or officer of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans (hereinafter an “indemnitee”), whether the basis of such proceeding is alleged action in an official capacity as a director or officer or in any other capacity while serving as a director or officer, shall be indemnified and held harmless by the Registrant to the fullest extent permitted by the DGCL (but, in the case of any future amendment to the DGCL, only to the extent that such amendment permits the Registrant to provide broader indemnification rights than permitted prior thereto), against all expense, liability and loss (including attorneys’ fees, judgments, fines, excise taxes or penalties and amounts paid or to be paid in settlement) reasonably incurred or suffered by such indemnitee in connection therewith, and such indemnification shall continue as to an indemnitee who has ceased to be a director or officer, and shall inure to the benefit of the indemnitee’s heirs, executors and administrators. The right to indemnification described in this paragraph is a contract right and, to the extent not prohibited by applicable law, includes the right to be paid by the Registrant the expenses incurred in defending any such proceeding in advance of its final disposition (hereinafter an “advancement of expenses”); provided, however, that, if the DGCL so requires, an advancement of expenses incurred by an indemnitee in his or her capacity as a director or officer shall be made only upon delivery to the Registrant of an undertaking, by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that such indemnitee is not entitled to be indemnified for such expenses.
- the Registrant is permitted to secure insurance on behalf of any director, officer, employee or agent of the Registrant or another business entity for any expense, liability or loss, regardless of whether the DGCL would permit indemnification.

Table of Contents

Pursuant to the Agreement and Plan of Merger, dated December 13, 2002, among the Registrant, US SEARCH.com Inc. and the other parties thereto, the Registrant has agreed to indemnify and hold harmless the then present and former officers, directors, employees and agents of US SEARCH and its subsidiaries (each, an "Indemnified Party") in respect of acts or omissions occurring on or prior to the effective time of the mergers contemplated thereby to the extent provided under US SEARCH's and its subsidiaries' certificates of incorporation (or equivalent organizational documents) and bylaws or any indemnification agreement with US SEARCH's and its subsidiaries' officers and directors to which US SEARCH and/or its subsidiaries is a party, in each case in effect on the date of the merger agreement; provided that such indemnification shall be subject to any limitation imposed from time to time under applicable law. The Registrant also agreed under the merger agreement that for a period of six years after the effective time of the mergers, the Registrant will use its reasonable best efforts to procure officers' and directors' liability insurance in respect of acts or omissions occurring on or prior to the effective time of the mergers covering each Indemnified Party currently covered by US SEARCH's and/or its subsidiaries' officers' and directors' liability insurance policy on terms substantially similar to those of such policy in effect on the date of the merger agreement (the "D&O Insurance"), provided that the Registrant shall not be required to maintain the D&O Insurance with respect to a specific officer or director if the premium for obtaining the D&O Insurance exceeds 200% of the amount per annum US SEARCH paid in fiscal year 2002 (the "Premium Limit"). If the Registrant is unable to obtain the D&O Insurance, it will obtain as much comparable insurance as possible for an annual premium equal to the Premium Limit. In the event the Registrant would be required to spend in excess of the Premium Limit per year to obtain the D&O Insurance, the Registrant will notify each Indemnified Party who would be covered thereby and permit any such Indemnified Party to pay the excess amount over the Premium Limit that may be necessary to maintain such D&O Insurance covering such Indemnified Party.

Present and future directors and officers of the Registrant are covered by a policy of liability insurance obtained by First American which insures against the cost of defense, settlement or payment of a judgment under certain circumstances.

Item 22. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during the period in which offers or sales are being made, a post-effective amendment to this Registration Statement to:

(a) include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(b) reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement; and

(2) That, for purposes of determining any liability under the Securities Act of 1933, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial BONA FIDE offering thereof.

(c) include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

(3) That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this Registration Statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.

(4) That every prospectus: (i) that is filed pursuant to paragraph (3) immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the Registration Statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new Registration Statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial BONA FIDE offering thereof.

(5) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions described in Item 20 above, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities

(other than payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(6) To respond to requests for information that is incorporated by reference into this prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the Registration Statement through the date of responding to the request.

(7) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the Registration Statement when it became effective.

4. Offering Periods.

The Plan shall be implemented by consecutive monthly Offering Periods with the first offering period commencing on the Initial Trading Date, or on such other date as the Board shall determine, and continuing thereafter until terminated in accordance with Section 19 hereof. The Board shall have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without stockholder approval if such change is announced at least five (5) days prior to the scheduled beginning of the first Offering Period to be affected thereafter.

5. Participation.

(a) An eligible Employee may become a participant in the Plan by completing an enrollment form designated by the Board, on or before the date designated by the Board.

(b) Payroll deductions for a participant shall commence on the first payroll following the first day of the Offering Period and shall end on the last payroll in the Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof.

6. Payroll Deductions.

(a) At the time a participant files his or her enrollment agreement, he or she shall elect to have payroll deductions made on each pay day during the Offering Period in an amount not exceeding fifteen percent (15%) of the Compensation which he or she receives on each pay day during the Offering Period. Payroll deductions may be permitted on the basis of flat dollar

contributions, or a percentage of compensation (in whole percentages only), as determined by the Board.

(b) All payroll deductions made for a participant shall be credited to his or her account under the Plan. A participant may not make any additional payments into such account.

(c) A participant may discontinue his or her participation in the Plan as provided in Section 10 hereof, or may increase or decrease the rate of his or her payroll deductions by completing or filing with the Company a new enrollment form authorizing a change in payroll deduction rate. The Board may, in its discretion, limit the number of participation rate changes during any Offering Period. The change in rate shall be effective with the first full payroll period following the administrative deadline established by the Company. A participant's enrollment form shall remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

(d) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b) hereof, a participant's payroll deductions may be refunded to the participant, or decreased to zero percent (0%), at any time.

(e) At the time the option is exercised, in whole or in part, or at the time some or all of the Company's Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's federal, state, or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company may, but shall not be obligated to, withhold from the participant's compensation the amount necessary for the Company to meet applicable withholding obligations, including any withholding required to make available to the Company any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Employee.

7. Grant of Option.

On the first day of each Offering Period, each eligible Employee participating in such Offering Period shall be granted an option to purchase on the Exercise Date of such Offering Period (at the applicable Purchase Price) up to a number of shares of the Company's Common Stock determined by dividing such Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Employee's account as of the Exercise Date by the applicable Purchase Price; provided that such purchase shall be subject to the limitations set forth in Sections 3(b) and 13 hereof. Exercise of the option shall occur as provided in Section 8 hereof, unless the participant has withdrawn pursuant to Section 10 hereof. The option shall expire on the last day of the Offering Period.

8. Exercise of Option.

Unless a participant withdraws from the Plan as provided in Section 10 hereof, his or her option for the purchase of shares shall be exercised automatically on the Exercise Date, and the

maximum number of shares subject to option shall be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. Shares purchased shall be full or fractional shares as determined by the Board. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her. If the Board determines that only full shares of Common Stock may be purchased under the Plan, any payroll deductions accumulated in a participant's account under the Plan that are not sufficient to purchase a full share shall be retained in such account for the subsequent Offering Period, subject to earlier withdrawal by the participant as provided in Section 10. Any other monies remaining in a participant's account under the Plan after the Exercise Date of an Offering Period shall be returned to the participant, or, in the case of the participant's death, to the person or persons entitled thereto, in cash.

9. Delivery.

As promptly as practicable after each Exercise Date on which a purchase of shares occurs, the Company shall arrange the delivery to each participant, as appropriate, of the shares purchased upon exercise of his or her option.

10. Withdrawal.

(a) A participant may withdraw from the Plan at any time by giving notice to the Company on the form designated by the Board, on or before the date designated by the Board. If a participant withdraws from the Plan, payroll deductions shall not resume at the beginning of the succeeding Offering Period unless the participant delivers to the Company a new enrollment form as provided in Section 5.

(b) A participant's withdrawal from the Plan shall not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

(c) In the event a participant withdraws from the Plan prior to an Exercise Date, any payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant.

11. Termination of Employment.

Upon a participant's ceasing to be an Employee for any reason, he or she shall be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to exercise the option shall be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto and such participant's option shall be automatically terminated.

12. *Interest.*

No interest shall accrue on the payroll deductions of a participant in the Plan.

13. *Stock.*

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 18 hereof, the maximum number of shares of the Company's Common Stock which shall be made available for sale under the Plan shall be one million (1,000,000) shares. If, on a given Exercise Date, the number of shares with respect to which options are to be exercised exceeds the number of shares then available under the Plan, the Company shall make a pro rata allocation of the shares remaining available for purchase in as uniform a manner as shall be practicable and as it shall determine to be equitable.

(b) The participant shall have no interest or voting right in shares covered by his option until such option has been exercised.

(c) Shares to be delivered to a participant under the Plan shall be registered in the name of the participant.

14. *Administration.*

The Plan shall be administered by the Board or a committee appointed by the Board. The Board or its committee shall have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. In the event that a committee is appointed by the Board, a decision of the committee regarding the Plan shall have the same effect as a decision by the Board. Every finding, decision and determination made by the Board or its committee shall, to the full extent permitted by law, be final and binding upon all parties.

15. *Transferability.*

Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

16. *Use of Funds.*

All payroll deductions received or held by the Company under the Plan may be used by the Company for any corporate purpose, and the Company shall not be obligated to segregate such payroll deductions.

17. *Reports.*

Individual accounts shall be maintained for each participant in the Plan. Statements of account shall be given to participating Employees at least annually, which statements shall set forth the amounts of payroll deductions, the Purchase Price, the number of shares purchased and the remaining cash balance, if any.

18. *Adjustments Upon Changes in Capitalization, Dissolution, Liquidation, Merger or Asset Sale.*

(a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the Reserves, the maximum number of shares each participant may purchase per Offering Period (pursuant to Section 7), as well as the price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Exercise Date (for purposes of this paragraph only, the "New Exercise Date"), and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Board. The New Exercise Date shall be before the date of the Company's proposed dissolution or liquidation. The Board shall notify each participant, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) *Merger or Asset Sale.* In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, the Offering Period then in progress

shall be shortened by setting a new Exercise Date (for purposes of this paragraph only, the "New Exercise Date"). The New Exercise Date shall be before the date of the Company's proposed sale or merger. The Board shall notify each participant, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option shall be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

19. Amendment or Termination.

(a) The Board of Directors of the Company may at any time and for any reason terminate or amend the Plan. Except as provided in Section 18, no such termination shall affect options previously granted, provided that an Offering Period may be terminated by the Board of Directors on any Exercise Date if the Board determines that the termination of the Offering Period or the Plan is in the best interests of the Company and its stockholders. Except as provided in Section 18 and Section 19, no amendment may make any change in any option theretofore granted which adversely affects the rights of any participant. To the extent necessary to comply with Section 423 of the Code (or any other applicable law, regulation or stock exchange rule), the Company shall obtain shareholder approval in such a manner and to such a degree as required.

(b) Without stockholder consent and without regard to whether any participant rights may be considered to have been "adversely affected," the Board (or its committee) shall be entitled to add or delete Designated Subsidiaries to be eligible to participate in the Plan, change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Board (or its committee) determines in its sole discretion advisable which are consistent with the Plan.

(c) The Plan may not be amended in any way which would cause options issued under the Plan to fail to meet the requirements of Section 423 of the Code.

20. Notices.

All notices or other communications by a participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. *Conditions Upon Issuance of Shares.*

(a) *Securities Law Requirements.* Shares shall not be issued with respect to an option unless the exercise of such option and the issuance and delivery of such shares pursuant thereto shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, the rules and regulations promulgated thereunder, and the requirements of any stock exchange upon which the shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) *Holding Period after Exercise of Option.* Shares issued as a result of the exercise of an option under this Plan will be subject to a holding period of one (1) year from the date of exercise. During this holding period, the shares may not be sold or transferred by the Employee. The Board, at its sole discretion, may change or eliminate this holding period.

22. *Term of Plan.*

The Plan shall become effective on the Initial Trading Date, subject to approval by the stockholder of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 19 hereof.

23. *Governing Law.*

This Plan shall be governed by the laws of the State of Delaware.

24. *No Enlargement of Employee Rights.*

Nothing contained in this Plan shall be deemed to give any Employee the right to be retained in the employ of the Company or any Designated Subsidiary, or to interfere with the right of the Company or Designated Subsidiary to discharge any Employee at any time.

25. *Rules for Foreign Jurisdictions.*

The Board may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures. Without limiting the generality of the foregoing, the Board is specifically authorized to adopt rules and procedures regarding handling of payroll deductions, payment of interest, conversion of local currency, payroll tax, withholding procedures and handling of stock certificates which vary with local requirements.

The Board may also adopt sub-plans applicable to particular Designated Subsidiaries or locations, which sub-plans may be designed to be outside the scope of Code section 423. The rules of such sub-plans may take precedence over other provisions of this Plan, with the exception of Section 13, but unless otherwise superseded by the terms of such sub-plan, the provisions of this Plan shall govern the operation of such sub-plan.
